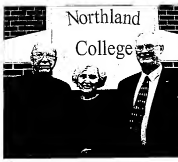
Swensons donate home

(Continued from Page 1)
who also happened to be named Marjorie. They now reside in Edina.



Attorney Paul Ihle, who is handling these affairs for the Swensons, said the Swensons have made many, many contributions to the community. He praised Swenson, saying it would be nice to have more Lowell Swensons in the community.

"We wish to leave something to this wonderful community that can be used to advance education in whatever direction the college chooses," said Lowell. "We believe in the growth and strengths evident at Northland, and that the use of our home will advance these strengths and be an investment in the enlightenment of students, and hence, in the community."

The Swensons did not place any restrictions on the future use of the property, and are placing their trust in the college to use it to benefit the college and community.

Thursday, Dr. Gunderson said the home could be developed into an interpretive center, serving the tourism industry and the college as an educational resource. Other possibilities mentioned Thursday included a conference center, fine arts center or other multi-purpose functions. Dr. Gunderson said he plans to form a broad-based committee of citizens in the region to assist the college in determining the best use of this beautiful and valuable property. He added that they will also meet with neighbors so that the college does not do anything that would not have their full support.

The Swensons have begun making arrangements for the deed transfer to the State of Minnesota, the Minnesota State Colleges and Universities and Northland Community and Technical College. The Swensons said it will take some time for them to remove their personal affects. The transfer may not be entirely complete until next spring or summer.

Lowell and Marjarie Swanson were honored guests at Northland Community and Technical College on Thursday. Dr. Orley Gunderson (right) announced that the Swensons had donated their home in Thief River Falls to the college.

Youth hunt creates many memories

(Continued from Page 1)
three children over to his dad's home. Mike said his dad was just as excited and admitted to the children he didn't shoot his first goose until he was 25 years old.

John Williams, area wildlife manager in Thief River Falls, still has a youngster who qualifies to participate in the youth hunt, and he seems every much as excited about the event as the children who participate in the program. "I can't say enough about how excellent the day is," said Williams.

The only regret Williams has is that they didn't have a youth hunt day when he was a kid.

Williams and Telander said most hunters are supportive of youth hunt day. Both said they have heard some complaints that the youth day scares away the ducks and geese, making it more difficult for adults when the regular season opens. Neither take much stock in the complaint because they haven't seen much evidence of that.

Williams and Telander said they weren't aware of any mishaps or problems on Youth Waterfowl Day. In fact, ever since the program started they haven't had any problems.

At Thief Lake, Telander said some of the youth and adults stayed in the campground. About one-third of the hunters who visit Thief Lake Wildlife Refuge during the year are from the seven-county metropolitan area. Telander explained that some of these hunters grew up in the area and are willing to travel long distances because of long-standing hunting traditions.

On Youth Waterfowl day, the bag limit is the same as in the regular season: a six duck bag limit, which may not include more than four mallards (only two of which may be females), three scaup, two wood ducks, two redheads, one black duck and one pintail. The canvasback season is closed. One Canada goose could be taken.

Game checks. Opening weekend of the regular season Williams said wildlife officials counted about 2.4 ducks per hunter, which made this opening weekend one of the best openers in a long time. One in three hunters also bagged a goose.

The weekend of October 5 and 6, wildlife officials reported that the average had dropped to about two ducks per hunter, and about one in 10 hunters bagged a goose.

Don't be in a hurry to sign up for new Farm program

Don't be in a hurry to sign up for the new Farm Program, says an economist with the University of Minnesota Extension Service. "Changes are still being made in the program, so patience is likely to be the best strategy in the short run," says Kevin Klair. "If you sign up early, you may not have access to all the pertinent information, and you could need to change your sign-up later."

The U.S. Department of Agriculture announced a major change to the new Farm Program on Oct. 2 regarding the calculation for oilseed acres. The average oilseed acres planted from 1998 to 2001 will now simply be added to existing crop base acres. This will increase the eligible oilseed base for producers who raised 100 percent corn one year and 100 percent soybeans the following year. It may also increase the eligible oilseed base for producers of alfalfa and other non-program crops.

"This change will allow many producers to add more oilseed base acres than the original calculation allowed," says Klair. "Therefore, all producers should rerun the Farm Program software to determine their best sign-up option."

Unless you are short on cash flow and need the government payments immediately, waiting until November or December to sign up may be a good strategy, says Klair. "Waiting until the dust has settled and the program is more stable will save you time, and therefore, money," he adds.

Klair says if you want to sign up for cash flow purposes, remember that you will only receive an additional two cents per bushel for corn and six cents per bushel for wheat over what has already been paid for 2002. Soybeans, however, do have a 44-cent payment upon sign-up. For those who do sign up, U.S.D.A. says payments should begin to arrive in late October.

WE'RE PROUD OF YOU, LYDYA!

City council reviews $1.2 million street improvement plan

Fosston - The Fosston City Council reviewed preliminary recommendations for street improvements made by city engineer, Dave Kildahl, at the meeting Monday, October 14.

The three to four year plan proposed by Kildahl is estimated at $1.2 million.

In his review, Kildahl noted six streets that would be reconstructed: 3rd Street Southeast between Inderlee and Hillestad; Stephens Boulevard adjacent to Thompson Field; Inderlee between Hillegoss and Second Street Southeast; Hillestad between Second Street Northeast and Granum; and First Street Northeast.

The city council decided to review the plan and prioritize the street projects. Some work may begin this year. - *The 13 Towns of Fosston, October 22, 2002*

Voter approval needed for Warroad School District proposal

Warroad - The Warroad School District 690 proposes to upgrade, better and retrofit the current school district P-K-12 facilities to address various health and safety issues, building maintenance, repair and upkeep, building and grounds projects, transportation purchases and technology upgrades. The cost of the proposed projects and upgrades total $2.61 million.

The school board members of the Warroad School District are asking for voter approval to sell bonds in an amount not to exceed $2.61 million. The projects have received a favorable review and comment from the Minnesota Department of Children, Families and Learning, therefore a simple majority is required for the passage of the proposed bond referendum. - *Warroad Pioneer, October 23, 2002*

Sports programs hurt by declining enrollment

Karlstad - Janna Hjelseth, Athletic Director at Tri-County School, led a discussion at the school board meeting on October 14 concerning the volleyball program and the girls and boys basketball programs at the junior high level. Due to the decreasing student enrollment at Tri-County (there are 287 students in grades K-12 this year, compared to a high of 429 students in 1992), there are less students participating in those sports.

Hjelseth stated, "There are a couple of options to discuss; one is to combine the existing two teams into one, and the second option would be to retain the existing two teams and invite the sixth grade students to participate in the junior high program when low numbers dictate the need."

After further discussion, a motion was made and carried to keep the programs with two teams and invite the sixth graders to participate in the seventh grade games. - *North Star News of Karlstad, October, by Ardis Hanson*

Election 2002
Who are these people?

Who's running for election? Who are these people? Unfortunately, this is a question many ask as they approach their polling places. By then, it's too late to become an informed voter, so The Times has asked the candidates to help us tell you - the voters - who they are and why they're running for office.

This edition of the Northern Watch contains the candidate profiles for individuals running for state senator and representative. The profiles were written by the candidates to give our readers an idea of who they are and the issues they support.

State Senete, District 1

LeRoy Stumpf

Lyle Kenner

I want to thank The Times for giving the candidates the opportunity to talk to the public through its paper. It's a great public service. Thank you.

My name is LeRoy Stumpf. I live in Thief River Falls with my wife, Carol, and our daughter, Christina. Our eldest daughter, Jeny, lives in St. Paul and works at the Academic Health Center at the University of Minnesota. Our son, Tom, lives in Fargo, N.D., and works for Microsoft Incorporated. We have a farm between Thief River Falls and Plummer.

I currently serve as the state senator for Senate District 1. After re-districting, the new Senate District 1 includes the counties of Kittson, Marshall, Pennington, Red Lake and most of Polk County.

I was first elected to the Minnesota Senate in 1982. Over the years, I have served on many different committees. My current responsibility is to chair the E-12 Education Finance Committee. I am also a member of the Governmental Operations and Veterans; Environment and Natural Resource; Taxes and Tax Law and Rules and Administration Committees.

Along with my committee assignments, I have authored many legislative proposals for our local area and others with statewide significance. Some of the most controversial legislation that I authored was changing or modifying state agency regulations impacting our area, such as the Wetlands Regulations Reform Act, the Septic System Regulations Reforms, Consolidated Conservation Land Act and the Gray Wolf Management Act. I also authored flood disaster

(Continued on Page 12)

First of all, I would like to say thank you to The Times for all of the candidates being able to communicate to the public in this format.

I'm Lyle Kenner, a candidate for the Minnesota State Senate District 1. By profession, I am a veterinarian, who has served Thief River Falls and the surrounding area for 22 years. My business is Northern Veterinary Service. I have also been a commercial beef cattle producer for 29 years. My wife, Peggy, and I have five children, four of whom have graduated from Lincoln High School. (Our youngest son is in the tenth grade.) I am a 1973 graduate of Roseau High School. I attended the University of North Dakota for pre-veterinary medicine and, subsequently, the University of Minnesota College of Veterinary Medicine, graduating in 1980. While in veterinary school, I represented the College of Veterinary Medicine at the St. Paul Board of Colleges. I'm a member of First Baptist Church in Thief River Falls and have served in various positions, including chairman for six years. Peggy and I were selected to represent Pennington County for the 1995-1996 Agassiz Emerging Leadership Program.

There are three specific areas of focus in my campaign: education, land use and property rights and taxes.

K-12 education has become a primary responsibility of state government. A few years ago, the Profile of Learning curriculum was mandated for all public schools. Initially, one survey showed 85 percent

(Continued on Page 12)

State Representative, District 1A

Mark Borsheim

Maxine Penas

Hello, my name is Mark Borsheim. I'm currently the mayor of Thief River Falls. I have served as mayor for the last five years. This year, I am seeking your support for the Minnesota House of Representatives, District 1A. With the state facing a budget shortfall of about $3 billion, we are all concerned about how the next legislature will deal with issues affecting our communities. As mayor of Thief River Falls, I am convinced that, more than ever, we need stronger representation at the State Capitol, which is why I am running for House District 1A. Now, it's time for some straight talk about this election, consider this:

In spite of the $900 million that House Republicans and the governor spent reducing local property taxes, many owners of farms, homes and small businesses in our district saw property tax bill increases.

In the 2001 property tax reform plan, House Republicans and the governor spent $88 million a year taking over local property tax levies that fund transit programs. Of that money, 96 percent is being spent on mass transit programs in the Twin Cities metropolitan area, and our taxpayers receive no benefit from this tax giveaway. We should not be compelled to pay for metro transit relief, given that township homestead and agriculture credit aid and local government aid funding have been eliminated!

I would have opposed giving tax breaks to the wealthiest taxpayers in the state, since it helped aggravate the state budget deficit. And I will certainly

(Continued on Page 11)

For 56 years (with the exception of college), I have lived in northwestern Minnesota. I graduated from Badger High School and the College of St. Benedict with a Bachelor of Arts degree in Biology and Chemistry. I have been married to my husband, Albert, for 33 years; we have three children, Mary, Dan and Sam, and one granddaughter, Hannah. I enjoy cooking, sewing, farm work, hunting, fishing and picking morel mushrooms.

For 31 years, I taught science classes in Middle River, Greenbush and at the Greenbush site when Greenbush and Middle River consolidated. My husband works for Polaris Industries at Roseau, and together, we farm in rural Badger.

I have always had an interest in the political process. Three years ago, I retired from teaching, and the opportunity to run for the House of Representatives became available. I decided I would now have the time to devote to this office, should I get elected. The past two years of serving the people of District 1A have been a full-time job, but a very rewarding one.

During my first term in the House of Representatives, I have learned about issues that affect the people of the area firsthand, and I have been involved with resolving some of those issues. Constituent service is the most important part of representing the individuals of the district.

Priority issues for the upcoming session will be: Addressing the budget deficit, Education funding, Flood relief, Transportation - roads and bridges, and

(Continued on Page 11)

Stete Representative, District 1B

Bernie Lieder

Lonn Kiel

I was married until my wife passed away recently. We are the parents of three children. I have lived in Crookston since 1951. I worked as the Polk County Highway Engineer until I was elected to the Minnesota House of Representatives beginning in 1985. Prior to working in Polk County, I worked for Wright County at Buffalo, Minn. I am a registered professional engineer, retired, and received my engineering education at the University of Illinois and Purdue University. I spent three years and one month in the U.S. Army as a combat infantryman.

In conjunction with my work as county engineer, I served as state president of the County Engineers and also served as president of the National Association of County Engineers and on the Board of Directors of the National Association of Counties. As County Engineer, I was County Road Advisor to the Federal Highway Administration for FHWA Region 5, comprised of the states of Illinois, Indiana, Ohio, Michigan, Wisconsin and Minnesota.

Prior to being elected to the House, I was appointed by Governor Al Quie to serve as a public member on the Transportation Study Board. During the Perpich administration, I chaired a Transportation Board comprised of public members and also chaired a legislative and public member study commission on the relocation and site selection of the Major Metropolitan Airport. I also chaired a legislative and public member "Growe Commission," which studied election reform. Every one of these boards was

(Continued on Page 12)

I'm Lonn Kiel. I greatly appreciate the opportunity to disseminate who I am to the public.

I was born on January 21, 1953 to Lyle and Eileen Kiel, who farmed six miles south of Crookston. I am from a family with five sisters, and as my dad said, "I was a long time coming." I worked hard with my father on our family farm, and I learned responsibility at an early age.

I graduated from Crookston Central High School in 1971, went to North Dakota State University and then returned home to work on the farm and attend the University of Minnesota, Crookston in the off season to gain knowledge regarding agriculture. In 1977, I married Debra Perry, and we now have four children, Katie, 24, Christian, 22, Stephanie, 20, and Alexander, 14.

My hobbies include gardening, hunting and fishing, and I love to weld iron into constructive and usable "innovations." Although, I will admit, some of my projects are not always usable for what I had first intended.

The issues that concern me and that I would like to address are rural economic development, education, and healthcare. These are my priorities.

Rural economic development - The packages that exist now are not doing enough to stimulate rural economies to the extent that our young want to remain here or return to the area after encountering new experiences at school, away from home. No one notices a trickle, but everyone reacts to floods and this gravitational pull on our young continues to worsen. We

(Continued on Page 12)

Recently, University of Minnesota - Crookston Chancellor Don Sargeant and Northland Community and Technical College President Orley Gunderson signed an articulation agreement pertaining to NCTC's manufacturing certificate programs, and UMC's bachelor of manufacturing program.

UMC and NCTC sign agreement

University of Minnesota - Crookston (UMC) and Northland Community and Technical College (NCTC) formally signed an articulation agreement Thursday in Thief River Falls. The agreement paves the way for students who complete certificate programs through Custom Training and Continuing Education at NCTC to advance to bachelor degree courses through UMC.

Custom Training and Continuing Education at NCTC offers five certificate programs. Four of the certificate programs – lean manufacturing/continuing improvement, plastic injection molding, production and inventory management and manufacturing principles – can lead to an associate of science degree with an emphasis in manufacturing. Additional general education credits are needed in addition to the certificate program requirements. The certificate programs are, and have been, employer driven. Currently, a number of area industries are participating in training programs through Custom Training and Continuing Education. The articulation agreement recognizes that this program is being joined with the bachelor of manufacturing management degree offered by UMC, which is also employer driven. Specifically, the agreement signed Thursday will facilitate credit transfer and provide a smooth transition from NCTC's related Manufacturing A.S. degree and certificate programs to the UMC bachelor of manufacturing management degree program.

UMC has been offering the program for five years, and last spring graduated five students of the program offered on-site at Marvin Windows.

The UMC program is designed to meet the needs of those already in the workplace and of two-year graduates who want to continue their education at the bachelor's

Disability Employment Awareness Month

Local ODC creates many opportunities

by Jenny Nicholson
Reporter

This month, the President of the United States asks all Americans to recognize the achievements of workers with disabilities as October is once again declared National Disability Employment Awareness Month.

The Occupational Development Center in Thief River Falls is a vocational rehabilitation company that is committed to opening the doors of opportunity for those who have vocational limitations. Their mission is to provide services to enhance the lives of these people so that they may be successful at seeking, obtaining and retaining employment commensurate with their abilities and to operate work environments for those who are unlikely to obtain market-based employment.

In simpler terms, the ODC works with individuals with disabilities and the chronically unemployed to give them the training and job skills they need to find employment.

At ODC, consumers can choose from different programs depending on their vocational limitations, whether it be in their north plant, manufacturing crews, their in-facility programs or employment with a local business. They also have a number of subcontracting jobs with several local businesses.

In all of their programs, ODC conducts assessments of their consumers to match them with appropriate jobs. If the consumer chooses to work at a local business, ODC also works closely with the employer with follow-up services to ensure employee/employer compatibility.

Tammy Haugen, ODC's director of marketing, says, "One of our goals is to place the consumers with a company, and hopefully one day, they won't need our services."

Last year, the Northwest Job Connection was formed with the help of a grant. They work closely with the ODC, the Adult Mental Health Initiative of Pennington and Roseau Counties and Rehabilitation Services to provide job placement assistance to individuals with mental illness. Northwest Job Connection serves those in Pennington and Roseau Counties. They are currently going into their second year and, so far, have successfully helped 13 people find

(Continued on Page 12)

Joan Johnson works in the kitchen of Denny's Pizza. Through vocational rehabilitation programs of the Thief River Falls ODC, Joan has found a job that suits her needs and her employer's.

Intruder caught at RLF Legion

Red Lake Falls - The Red Lake County Sheriff's Department answered an alarm call at the American Legion Club in Red Lake Falls, Sunday, October 20, at 4:10 a.m. Deputies responded to the alarm at 4:11 a.m. and secured the building. They took an intruder into custody without incident.

The intruder, identified as Russell Siebert, Red Lake Falls, had gained entry through a back window. He was transported to the Tri-County Correctional Center and booked on third degree burglary, possession of burglary tools, theft and criminal damage to property. - *Red Lake Falls Gazette, October 23, 2002*

SOUPÇON

Sherry LaCoursiere

Try some recipes for making old-fashioned apple treats this weekend – I bet your family will love them.

Here's a favorite comfort food from a long time ago:

GRAMMA'S APPLE BREAD PUDDING

Pudding:
4 cups soft bread crumbs
1/4 cup raisins
2 cups peeled and sliced apples
1 cup brown sugar
1-3/4 cups milk
1/4 cup margarine or butter
1 teaspoon cinnamon
1/2 teaspoon vanilla
2 eggs, beaten

Vanilla Sauce:
1/4 cup white sugar
1/4 cup brown sugar
1/2 cup milk
1/2 cup margarine or butter
1 teaspoon vanilla

Preheat oven to 350 degrees. Grease 7x11 inch baking dish.

To make pudding, in large bowl, combine bread, raisins and apples. In small saucepan, over medium heat, combine brown sugar, milk and butter. Cook and stir until butter is melted. Pour over bread mixture in bowl.

In small bowl, combine cinnamon, vanilla and eggs. Pour bread mixture into prepared dish and pour egg mixture over top. Bake in preheated oven 40 to 50 minutes, until center is set and apples are tender. Serve with warm vanilla sauce.

To make vanilla sauce, combine sugar, brown sugar, milk and butter in saucepan over medium heat. Bring to a boil, then remove from heat and stir in vanilla.

Ever heard of this one? It was popular a long time ago- sliced apples are layered with brown sugar and bread crumbs and topped with applesauce:

APPLE BROWN BETTY
2 cups dry bread crumbs
1 cup brown sugar
1 teaspoon ground cinnamon, divided
1/4 teaspoon ground cloves
10 cups sliced tart apples
1/3 cup melted butter
1/3 cup applesauce
1-1/2 teaspoons white sugar

Preheat oven to 350 degrees.

In small bowl, combine bread crumbs, brown sugar, 1/2 teaspoon of the cinnamon and the cloves. Place half of the sliced apples in 9x13 inch pan. Top with half of the bread crumb mixture, then repeat layers. Pour melted butter over all and cover with applesauce.

Combine remaining cinnamon with white sugar and sprinkle over top.

Bake in preheated oven for 1 hour, until apples are tender and mixture is bubbly.

Apple fritters are deep fried rings of apple and simply delicious:

APPLE FRITTERS
2 cups flour
1/4 cup white sugar
1 tablespoon baking powder
1/2 teaspoon nutmeg
1 teaspoon salt
2 eggs
1 cup milk
2 quarts oil for deep frying
4 large apples, peeled and cored
1/2 cup powdered sugar for dusting

In medium bowl, mix flour, sugar, baking powder, nutmeg and salt.

In separate bowl, beat eggs and milk. Stir milk mixture into flour mixture until smooth.

Heat oil to 375 degrees in deep fryer or heavy bottomed pot or skillet.

Slice apples into 1/2 inch rings. Dip slices in batter and fry, a few at a time, turning once, until golden. Drain on paper towels.

Dust with confectioner's sugar after cooled.

You've heard of them, but never tasted them? Here's the recipe – try them – they're easy and fun to serve for a delicious, warm, autumn dessert:

APPLE DUMPLINGS
1 (16 ounce) can refrigerated flaky biscuit dough
4 apples, peeled, cored and halved
1 cup white sugar
1 cup water
1/2 cup butter, melted
2 teaspoons vanilla
1/2 teaspoon ground cinnamon

Preheat oven to 350 degrees.

Butter 7x11 inch baking dish.

Separate biscuit dough into 8 pieces. Flatten each piece of dough into a circle. Wrap one biscuit around each apple half and place, seam side down, in pan.

In small bowl, combine sugar, water, melted butter and vanilla. Pour mixture over dumplings in pan. Sprinkle with cinnamon.

Bake 35-40 minutes, until golden. Serve hot.

And this is for those who are watching their diets or for anybody who just wants a delicious bread to serve with a cup of coffee or tea or a glass of milk:

APPLE PIE BREAD
Leave the peel on the apples for added taste and texture.
3 cups flour
1 cup white sugar
4 teaspoons baking powder
1 teaspoon salt
1 teaspoon cinnamon
1 teaspoon cloves
1 1/2 cups milk
1 egg
2 tablespoons oil
1-1/2 cups diced apples

Preheat oven to 350 degrees and lightly grease a 9x5 inch loaf pan.

In large bowl, combine flour, sugar, baking powder, salt, cinnamon and cloves.

In separate bowl, mix milk, egg and oil until blended. Stir milk mixture into flour mixture. Fold in apple. Pour into prepared pan.

Bake in preheated oven for 1 hour and 20 minutes, until loaf springs back when touched lightly in center. Cool in pan for 10 minutes before removing to rack to cool completely.

Recipe makes 12 servings. Each serving contains 231 calories, 4.8 g protein, 298 mg sodium, 20 mg chol, 44.9 g carb, 1.4 g fiber.

DEATH NOTICES

Vera Pyle, 98

Scottsbluff, Neb. - Vera Viola Pyle, 98, of Gering, Neb., died on Wednesday, September 18, 2002 at Beverly Health Care in Scottsbluff, Neb.

Funeral services were held on Friday, September 20 at Central Church of Christ in Gering, Neb. with Rev. Victor McPeak officiating. Interment was in West Lawn Cemetery in Gering, Neb. A memorial has been established to the Central Church of Christ.

A complete obituary will appear in the next edition of *The Times*.

Val Marchildon, 83

Duluth - Val F. Marchildon, 83, formerly of Red Lake Falls, died on Monday, October 21, 2002 at his home in Duluth.

Funeral services were held on Friday, October 25 at St. Michael's Catholic Church in Duluth. Interment will be in Red Lake Falls at a later date.

A complete obituary will appear in the next edition of *The Times*.

Gagner re-elected to chair Red Lake Co. Affordable Housing Advisory Committee

At the annual meeting held in Red Lake Falls on October 17, Clarence R. Gagner was re-elected to a fourth term as chairman of the Red Lake County Affordable Housing Advisory Committee.

In the three years this program has been in effect, it has assisted with the construction of new homes and the purchase of existing homes for many residents of Red Lake County and its municipalities. This has been accomplished because of a positive grants program and willingness of interested investors from the county.

A third round (phase III) application to assist families with affordable housing was received recently to assist with affordable housing in Red Lake, Norman and Marshall counties-all a part of the NW Multi-County Housing Authority.

"Working with local investors we have proven that affordable housing can become a reality for our area of northwestern Minnesota," said Gagner. "It is exciting to know we can make a difference by working together and believing in families with a vision for the future of Greater Minnesota."

If interested in a new home or the purchase of an existing home and being part of the positive economic future of our area, we invite you to attend the housing forum planned for Saturday, November 2 from 9:00 a.m. to noon at the Red Lake Falls Community Hall.

Brady graduates from basic training

Army Pvt. Jonathan E. Brady has graduated from basic infantry training at Fort Benning, Columbus, Ga.

During the eight weeks of training, the soldier received training in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, physical fitness, first aid and Army history, core values and traditions. Additional training included development of basic combat skills and battlefield operations and tactics; and using various weapons and weapons defenses available to the infantry crewman.

Brady is the son of Cynthia Knutson of Oslo and Frank Brady of Amherst, N.H.

Roseau County Historical Society to receive grant

The Roseau County Historical Society has been chosen to receive a two-year general operating federal grant from the Institute of Museum and Library Services.

On September 24, IMLS announced, "More than 800 museums, both large and small, from anthropological to zoological, applied for this year's General Operating Support grant competition. Museums that qualify for a General Operating Support grant demonstrate outstanding performance in all areas of museum operations."

179 museums nationwide received the honor. Other museums in Minnesota receiving General Operating grants include Beltrami Historical Society, the Minnesota Zoo, Stearns County Historical Society and the Walker Art Center.

One of the educational programs the Roseau County Historical Society sponsored in the spring of 2002 was a Native American art seminar taught by Robert and Jackie Kakaygeesick to Roseau Elementary fourth grade students.

Berry receives Army Achievement Medal

Army Specialist David C. Berry has been decorated with the Army Achievement Medal.

The medal is awarded to members of the U.S. Armed Forces, who while serving in any capacity with the Army in a noncombat area, have distinguished themselves by meritorious service or achievement.

He is the son of Yvette Berry of Warroad.

The specialist is a 1999 graduate of Warroad High School.

Re-elect **LeRoy Stumpf**

District 1 State Senator
• Proven Leadership •

- A strong record supporting our families and communities.
- A strong record supporting education and early childhood programs.
- A strong record supporting our seniors and healthcare.
- A strong record supporting business development and agriculture.

Keep Minnesota Moving Forward
Re-elect LeRoy Stumpf

Paid for by the Stumpf Volunteer Committee, Anne Jaeger, Treasurer, Plummer, MN 56748.

Don't balance the budget on MY back!

Mark Borsheim will do whatever it takes to protect education.

WE CAN DO A BETTER JOB!

Our state faces over a $2 billion budget deficit. Tough choices will need to be made. Mark Borsheim will not balance the budget at the expense of our children.

Mark will work for:

- Equity in education so that all our kids get a quality education.
- Accountability in our school system to ensure our resources are spent wisely.
- Smaller class sizes.
- Teacher support and training that helps students receive a quality education.

Fighting for every child.

Elect Mark Borsheim
Minnesota House of Representatives
District 1A

Koochiching County Man Puts Northern Plains States At Ease With Wintry Forecast

Pine Lake, MN: A local Koochiching County fisherman and hunter set aside the doubts and concerns of all northwoods residents recently by predicting a colder and snowier than average winter this year. Klaus Kletermayer, a sometimes motivated and occasionally successful outdoors type spoke with great assurance concerning the meteorological potential of the next four to five months, last Tuesday, as he drank a cup of coffee and smoked a Marlboro in Dison's Café.

"It's not going to be a pleasant winter," Kletermayer mumbled coolly, exhaling a cloud of smoke through his nostrils and slurping noisily at his overheated coffee. "We could get a lot of snow, too."

Buoyed by the self-confident air of the remarks, several other Café patrons actually stood and cheered, obviously relieved to have finally received definitive information as to their winter possibilities.

"We were growing tired and irritable in not knowing," farmer Stevie Johnson smiled. "Now I can prepare for sure, for a winter that's going to be tough. If it wasn't for Klaus, I'd be losing sleep and procrastinating my duties with the cattle and basically just worrying without good reason. A huge weight's been lifted off my shoulders."

When asked to explain their unflappable confidence in Kletermayer's seemingly casual predictions, other locals were quick to point out the failings of the more commonly accepted prognosticative systems.

"What else can you put your faith in?" asked one thoughtfully exuberant woman as she waved her red flannel socks over her head in celebration. "The Weather Channel can't get a prediction right on a 72 hour forecast, much less a six month stretch, so they're out right from the start. Besides, all their female meteorologists are pregnant all the time, which shows that they're really not thinking too much about the weather, if you know what I mean."

"Then there's the National Weather Service, but they're scared of their own shadow when it comes to the long term stuff. They'll give you odds right in with the forecast like 52 percent or 55 percent potential for accuracy. Heck, with confidence like that, you might as well give me a coin to flip."

"And then you've got those bimbos at The Farmer's Almanac giving us totally vague weather predictions based on some big secret system, like it's voodoo or something. If their forecasts were any more fuzzy and unclear, they'd have to be labeled a horoscope. Secret system my butt! I've got more confidence in that Pennsylvanian rodent than I do somebody who's looking under a cow's tail for info on the weather."

"But with Klaus Kletermayer, you've got somebody you can believe in. He's arrogant and opinionated, for sure, but what's wrong with that. At least he's not giving us any of that 'straddle the fence' 55 percent crap. And you know he's not pregnant. And a lot of the times he's even right about the weather! I'll take Klaus' assessment over the rest of those goofballs' any day."

The numbers on Klaus are tough to come by. When asked about his success rate as to the annual fall to winter predictions, Klaus assured us that he was nearly 100 percent correct.

"Of course there was that one time when I said it was going to be a tough winter and it didn't seem too tough, so we could argue that one, but otherwise I've been pretty much right on."

It seems that Kletermayer's prophetic talents extend beyond the realm of long-term weather patterns. He annually picks, with little problems at all, the best four teams in the college football ranks at the end of the regular season, despite the fact that BCS officials seem to struggle mightily to reach the same conclusions, despite being given identical empirical evidence. He also claims shrewd insight into the female psyche, and is willing to share that information for little more than the price of a good cup of coffee and the occasional helpful flick of a Bic lighter. When asked about the source of his uncanny vision, Kletermayer was understandably evasive.

"I didn't crawl out from underneath any old rock just yesterday, you know."

Choral Works Concert set for October 29

More than 100 vocal performers from the area will take to the Lincoln High School stage at 7:30 p.m. on Oct. 29. Masterworks Chorale, a community-based vocal group led by Linda Samuelson, Northland's music director; the Northland High School Honor Choir, made up of over 80 top choral students from the area; and, the Northland Chamber Choir.

Teresa Ashworth, director of choral activities at the Fergus Falls Community College (FFCC), is this year's Northland High School Honor Choir guest clinician. At FFCC, she directs the Concert Choir, the Voice Ensemble, and the FFCC Chamber chorale. She earned her bachelor of fine arts degree in music education from the University of South Dakota and her masters degree of education with a music emphasis at North Dakota State University. She is a member of MMEA, ACDA and has served as Northwest District chair for both organizations as well as assistant director of MMEA All-State Choir. Prior to her assignment at FFCC, Teresa was director of choral music at Fergus Falls High School and has been a music educator in Sioux Falls, S.D., and Chicago, Ill.

The music for the concert contains a number of pieces from other countries such as Ecuador, South Africa, Italy and Tibet. Along with these worldly music pieces are several other selections that demonstrate the vocal abilities of these three vocal groups and the multiple instrumentalists that accompany them.

Preceding this concert is a day of rehearsal for the High School Honor Choir. Their full day of rehearsing will culminate at the Choral Works Concert.

Catherine Hagen is the Northland ensemble accompanist and will be accompanying all of the vocal groups at the evening concert.

The Masterworks Chorale and Chamber Choir have been rehearsing since August 22. Both groups are non-auditioned groups taking their membership from the college and community. The Chamber Choir is offered every semester at Northland and it rehearses from noon to 12:50 p.m. Monday, Wednesday and Friday. The Masterworks Chorale rehearses only once a week for nine weeks to prepare for this final concert. The Chorale is offered only occasionally by the college. There are high hopes to make this a major performance opportunity for the Thief River Falls community as well as the surrounding area. If you have an interest in being part of this group in the future, or in becoming a member of the Northland Chamber Choir, please contact Linda Samuelson, director of music at Northland Community and Technical College.

Admission for the Choral Works Concert is $3 for adults and $2 for students.

EDITORIAL OPINIONS

Dave Hill, *Editor*

Editorial opinion published under this heading is intended to stimulate thinking and discussion among our readers. Unless specified otherwise, the editorials are written by Editor Dave Hill and do not represent opinion of other staff members. Opinions in items from other publications may not coincide with the editor's own views but are offered for their general interest.

This election will have an impact on our future

One newspaper editorial referred to it as campaigning by press release.

If you think you're getting tired of all the advertisements on the television, and constant telephone campaign calls, try working in the media.

As soon as I arrive at work each day a pile of faxes, most of them "new releases" from politicians are dumped in my in box. Next come "news releases" in the mail that are mostly duplicates of the faxes; then, when I open my e-mail folder, I find even more duplicates and some new "news releases." It has been like that since August.

Ninety-nine point nine percent of these "news releases" end up in the trash. While we recognize the importance of reaching the voter, quite frequently there's very little of value in these "news releases," and frankly, there are better ways to reach the voters.

I enjoyed the political forum held at Lincoln High School for candidates vying for the office of Secretary of State. It was a great opportunity for students and adults.

I also attended the political forum sponsored by Thief River Falls Radio and the Thief River Falls Chamber of Commerce. It was interesting and informative. Unfortunately, there were so few spectators at the event that each candidate could have gone home with a spectator and given them a more in-depth interview. "Take a Candidate Home" – I like that idea.

I'll also probably attend the public forum for legislative candidates at 7 p.m. on Monday, Oct. 28, at NCTC.

Thief River Falls Radio and The Times also sponsor candidate profiles. Our profiles began last week. In addition to providing background information, we've encouraged the candidates to address issues.

Many, many candidates have stopped in town to visit with media representatives and stop and visit with citizens at local cafes and other gathering places. Dan Stevens, candidate for Congress stopped by The Times at least three times. Other candidates who have stopped by here, or at other businesses include: Norm Coleman, Paul Wellstone, Tim Penny, Tim Pawlenty, Pat Awada (candidate for State Auditor), Collin Peterson, the candidates for secretary of state – Dean Alger, Buck Humphrey, Mary Kiffmeyer, and Andrew Koebrick; and of course, the familiar local candidates – LeRoy Stumpf, Lyle Kenner, Maxine Penas, Mark Borsheim, Bernie Lieder, Lonn Kiel, Rod Skoe, Steve Booth and Mark Edevold. Whew! At times our door seems to be revolving so fast it appears to be set on spin cycle. "Spin cycle," I like that term because it seems to describe a lot of the "news releases" we've been getting lately.

Of course there's another option open to candidates – advertising. Just for a switch, perhaps they could advertise something they'd do for the state, instead of what their opposition hasn't done for the state.

POLICIES

Letters To The Editor: The staff of the *Northern Watch* encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in *Northern Watch* exclusively, letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

LETTERS

To the Editor:

It has been nine weeks since our son Cody was killed. It seems as if time really doesn't heal and the reality of him never coming home is starting to set in. So much has happened since his death – things most families would keep private. But Cody was in the public eye, and we feel some of his readers would like to know how he continues to live on.

The morning of his death we made the most difficult two decisions a parent can ever make. First, we had to give our permission to turn off life support. The next was a decision Cody, himself, had made for us. When he passed his drivers test and received his license to drive, he marked the X to become an organ donor. He jokingly wondered what would be left to donate when he died at age 100. Little did we know Scott and I would have to carry out his wishes. We asked to speak to a Red Cross supervisor while we were still at the hospital that morning. We needed to give permission to help Cody help others right away. We didn't want to take the chance that we might change our minds. In Cody's case, we had 24 hours. But as his parents and knowing him as well as we did, we knew we would regret not carrying out our duty to Cody. Due to the severity of his injuries, Cody was only able to donate his heart ventricles, the covering of his heart, bones to be used for orthopedic surgery for the elderly, skin for burn victims and his eyes. We were recently notified that his eyes were successfully transplanted, one in Germany, the other in Switzerland. Our son is seeing Europe. What stories he could write about now! We were able to send information about Cody to the recipients through the Red Cross. Due to privacy issues, we had to eliminate our last name and city we live in. The recipients of his donations can contact the Red Cross for our name and address in response to Cody's generosity. We sent letters we received from his readers, editorials from people after his death and his articles. We want the recipients to see how and why Cody lived. As for his eyes, we hope the two people who are now seeing for the first time see things the way he did. We are overwhelmed to know that through his donation, he has helped over 40 people. Five were victims of 9/11 and one was a four-year-old girl burned in a house fire. The Red Cross is sending us ages and cities of the people Cody helped.

It is a bittersweet thought for us as Cody's parents to know that we will never see our son as we knew him, but we also know that he continues to live on through others. We, too, are trying to live with no regrets, just as our son did. It is a decision I am so glad we made together as Cody wanted. If any of you are ever confronted with this very difficult decision, know that you have the peace of mind that your loved one's life can be a legacy through organ and tissue donation.

As many of you may already know, Cody's book is to be released around Thanksgiving. Every article he ever wrote will be in the book along with pictures and his unpublished thoughts. Many of his articles were not in the paper handed out at his funeral. Every penny of the proceeds of the book is going towards an ongoing scholarship to benefit another writer such as Cody. Writing helped him blossom into the wonderful guy he was, and each of us can help other young writers with this scholorship. We, as Cody's family, encourage you to reserve your copy by calling the Tribune at 218-782-2275 or e-mail rolly@wiktel.com.

Sincerely,
Scott and Cindy Brandon
and families

MN Trade Office to hold two exporting seminars

The Minnesota Trade Office (MTO) is offering two seminars in Crookston on October 31. The seminars are designed to assist area companies and individuals interested in selling manufactured goods and professional services in foreign markets.

"The Export Process: An Introduction to Exporting" provides the export fundamentals that every company and individual should know as they consider the business potential and pitfalls of going global. The program is ideal for those taking on new international marketing responsibilities at work. It is also well suited for economic development professionals, business advisers and consultants who want to learn more about doing business abroad.

The seminar will be held Thursday, October 31 from 8:30 a.m. to noon in Room 4 of Hill Hall on the University of Minnesota, Crookston campus. The $50 fee includes materials and a light breakfast.

"The International Market Research" seminar teaches participants how to find market data crucial to making sound exporting decisions. Participants learn such research basics as where and how to gather background data on any country's economy, market regulations, product standards and cultural aspects.

Participants also learn how to navigate an exhaustive array of print, electronic and online resources that help researchers cut through data clutter and find answers faster. The seminar also teaches participants to ask the right questions and provides a methodical framework for conducting market research.

The second seminar will be held Thursday, October 31 from 1:30 to 3:30 p.m. in Room 4 of Hill Hall on the University of Minnesota, Crookston campus. The $50 fee includes materials and refreshments.

Participants may take both seminars for $95.

Thousands of small and midsize businesses throughout Minnesota are enjoying the benefits of selling in the international marketplace. Research shows that companies that export are generally more profitable, stable, pay higher salaries and offer better benefits than their non-exporting counterparts.

A division of the state Department of Trade and Economic Development, the MTO is the state agency focused on increasing state export sales in foreign markets. The MTO promotes international trade by providing export information, export education, export training and one-on-one counseling to Minnesota companies that wish to sell manufactured goods, professional services and agricultural commodities in the international marketplace.

Students in Emily Story's three- to five-year-old classical dance class strike a pose. Thief River Falls Community Education offers the classes. For more information, contact Community Education at 681-8711, ext. 243.

Community Ed. offers classical dance classes

A student skips along with her teacher. Standing in a circle, a group stretches with their teacher. Each Tuesday night for the past three weeks, a group of 3- to 5-year-old students have been learning classical dance.

Dance instructor Emily Story has been teaching classical dance in Thief River Falls for the past four years. Each Tuesday night, she teaches four classical dance classes for various age groups. In the class, students learn tap, jazz, creative movement and French terminology.

The classes are offered by Community Education. Classes are one hour each Tuesday for 24 weeks. (The classes are split into two 12-week sessions.) The students just completed their third week of classes. However, Community Education is hoping more students will enroll in the classes.

On October 29, Community Education will have Bring a Friend Day for its classical dance classes. Dance students can bring friends to the class for free, or others interested in classical dance can try a class for free. This month's classes are held in Challenger Elementary School's Gym 4, but the majority of the classes are held in the Lincoln High School Cafeteria. Depending on the student's age, students are divided into a particular class. Classes are as follows:

- 3 to 5 years - 3:30-4:30 p.m.
- 6 to 8 years- 4:40-5:40 p.m.
- 9 to 12 years - 5:50-6:50 p.m.
- 13 years and older - 7-8 p.m.

If parents are interested in enrolling their children, each 12-week session costs $90. Late registrations are pro-rated. Students who participate in both sessions are eligible to participate in a dance recital in April.

For general questions about the class, contact Emily Story at (218) 386-1288. To register and receive a class schedule, contact Community Education at 681-8711, ext. 243.

Berge Family to present concert at Silverton Lutheran

The Berge Family from Bemidji will present a concert at Silverton Lutheran Church on Sunday, October 27 at 7 p.m.

The Berge Family is a family band whose music consists of bluegrass and old-time gospel, original songs, instrumentals and vocal four-part harmony. Their goal is to provide music that brings hope, truth and encouragement to those who listen.

Lunch will be served and a free-will offering will be taken. Silverton is located four miles east of Thief River Falls on Highway 1 and one mile north.

Northland extends winning streak...

Pioneers cap a 5-0 season in division

Northland completed the most successful regular season in the 27-year history of its intercollegiate football program Thursday with a chilly 48-28 Minnesota Community College Conference win over Itasca at the Thief River Falls Multi-Events Center.

It was the eighth straight victory for the Pioneers following a season-opening loss at the hands of Rochester. They had already broken the school record for wins in a season the previous week when a 35-21 conquest of Mesabi Range clinched a Northern Division title tie. The win over the Vikings capped a 5-0 campaign against divisional foes and an outright championship.

All that adds up to a home field advantage for a first round MCCC state playoff game Saturday, Nov. 2, against Southern Division runner-up Ridgewater. The other semifinal that day will find Southern Division champion Rochester hosting Northern Division runner-up Hibbing.

Winners advance to the state championship game Sunday, Nov. 10, at St. Cloud State University.

While they finished with the desired results, the regular season finale didn't exactly go as planned for the Pioneers, admitted head coach Guy Finstrom. Itasca brought just a single win into the game and fell behind 20-7 when Jon Swanson capped a 10-play, 68-yard drive with a 2-yard touchdown run 1:58 into the second quarter.

However, the Vikings refused to wave the white flag, and the Pioneers were caught looking ahead to the playoffs, acknowledged Finstrom after watching his team head into halftime trailing 21-20. "We slept for a little while there," he confessed. "It was tough to get them fired up for Itasca when they were already thinking about Ridgewater."

The coaches spent intermission reminding the team about the job at hand, explained Finstrom. "We told them we weren't proud of what they did in the first half," he said, "but we told them not to get down on themselves. We told them to be a team and not to start getting on each other."

Apparently the message wasn't clear. The Vikings' Dan Mell took the second carry of the second half 51 yards to the Northland 4-yard line, and two snaps later Darrell Gordon dove into the end zone. A Hector Santellanes conversion kick stretched the visitors' lead to 28-20.

Northland's initial second half possession went nowhere, but the turnaround came on a 52-yard Chris Bachmeier punt that carried to the Itasca 5-yard line.

Moments later, Itasca quarterback Mike Dagel was wrapped up in the end zone by Bachmeier and Arick Broden for a safety.

The Pioneers then converted the ensuing kickoff into a 7-play, 44-yard touchdown drive that put them back on top when Justin Skjerven went across the middle to find Ronnie Purvis for a 22-yard touchdown pass, and Nick Kamiecrzak followed with the conversion kick.

Lady Luck added fuel to the fire when the subsequent Northland kickoff caromed off one of the Itasca front wall blockers and into the arms of Bachmeier. Rules wouldn't allow his long return stand, but the Pioneers did gain possession at the Northland 47, and nine plays later Skjerven tossed a screen pass to Brian Harris, who did a nifty bit of open field running on a 19-yard touchdown for a 35-28 spread with 1:55 left in the third quarter.

"The (Bachmeier) punt was the big play," pointed out Finstrom. "That was a tremendous momentum thing."

Skjerven, who was 10-for-16 passing for 189 yards, came up with his fourth touchdown toss of the night when he put the ball into the end zone, where Antione Vance went up for the catch and a 41-28 cushion with 6:43 to play.

Swanson capped off the comeback by scoring on a 6-yard run with 1:38 on the clock.

"The kids showed a lot of character coming back like they did," said Finstrom.

Northland had opened the game with a Ben Myers fumble recover at midfield that was turned into a nine-play scoring drive ending with a 20-yard Skjerven pass to a stretched-out Patrick Cash in the end zone 6:46 into the first quarter.

A 33-yard Skjerven-to-Harris completion set up a 2-yard Dustin Kittelson touchdown with 2:41 remaining in the opening quarter.

Moments later Itasca gave a glimpse of what was to come when a long throw on a halfback option pass from Mell to Donnie Diaz went for a 61-yard touchdown.

After falling behind 20-7, Itasca was back in the game when Matt Tylor grabbed a Northland fumble in mid-air and stepped into the end zone on a 4-yard return with 8:37 to play in the first half.

Another Northland fumble, this one recovered by Gabe Swency at the Northland 14, led to a 1-yard quarterback sneak touchdown by Dagel with just 64 seconds on the first half clock. Santellanes' kick sent the Vikings into the break ahead 21-20.

Skjerven's passing was complemented by a 157-yard rushing effort by Chris Restad as the Pioneers outgained the Vikings 466-220 in total yards.

Northland running back Antione Vance ran out of the grasp of Itasca tackler Matt Tylor for a first quarter gain during Thursday's college football game played at the Multi-Events Center. The Pioneers finished a perfect 5-0 season in the Minnesota Community College Conference with a 48-28 win.

Stacia Kalinoski will run in AA state meet

A tenth place finish Thursday in the girls portion of the Section 8AA high school cross country meet earned Thief River Falls senior Stacia Kalinoski a state meet berth.

Top two teams and top 10 individual runners earned trips to the 2002 state cross country championships Saturday, Nov. 2, at St. Olaf College in Northfield. Kalinoski grabbed one of those spots with a finishing kick that beat Audree Goodew of Brainerd for the final position, 16:07.53 to 16:07.85.

"Stacia ran her heart out and had a spectacular come-from-behind finish to catch the Brainerd girl," reported Thief River Falls coach Greg Ueland. "It will be fun to see what she has to offer at state."

Moorhead and Brainerd finished 1-2 in the girls team standings. Individual winner was Brenn Carey of Big Lake. Thief River Falls ran 13th in a 15-team field, but Ueland was pleased with the Prowlers' efforts. "It was a very good performance by our girls," he said. "They ran relaxed, but were focused."

It was an Alexandria-Moorhead finish atop the boys standings. The race was won by Ben Klungtvedt of Moorhead.

The Thief River Falls boys trailed the field. Senior Nathan Browning was the top finisher for the Prowlers in 55th place.

"Nathan capped a wonderful career full of effort and dedication," offered Ueland. "He will no doubt succeed at whatever he does in his life."

Section 8AA Girls

■ Team totals - Moorhead 61, Brainerd 104, Big Lake 119, Fergus Falls 119, Rocori 164, Sartell-St. Stephen 179, Bemidji 194, Little Falls 231, Alexandria 231, Sauk Rapids-Rice 231, Monticello 235, Detroit Lakes 300, Thief River Falls 320, St. Cloud Tech 379, St. Cloud Apollo 403.

Mustangs advance

Top-seeded Red Lake County Central moved into the Sub-Section 31A high school volleyball tournament finals with a 15-4, 15-5, 15-4 Thursday win over East Grand Forks Sacred Heart.

The Mustangs took a 22-5 record into the Friday title match.

Second half of the Sub-Section 31A semifinal doubleheader played at Northland Community and Technical College saw No. 3-seeded Red Lake Falls eliminate two-time defending champion Goodridge/Grygla-Gatzke 17-15, 4-15, 15-10, 15-10. The No. 2-seeded Wolverines ended the year 13-12.

Badger/Greenbush-Middle River also saw its season end Thursday when No. 1-seeded Lake of the Woods swept the No. 4-seeded Gators 15-1, 15-5, 15-1 in the Sub-Section 32AA semifinals at Baudette. The Gators went 12-14.

Sub-Section 31A Volleyball

■ Semifinals Thursday, Oct. 24 - (at NCTC) Red Lake County Central def. East Grand Forks Sacred Heart 15-4, 15-5, 15-4; Red Lake Falls def. Goodridge/Grygla-Gatzke 17-15, 4-15, 15-10, 15-6.
■ Championship Friday, Oct. 25 - (at Warren). Red Lake County Central vs. Red Lake Falls, 8 p.m.

Sub-Section 32A Volleyball

■ Semifinals Thursday, Oct. 24 - (at NCTC) Kittson Central def. Kittson County North 15-3, 15-0, 15-11; Tri-County def. Stephen-Argyle 15-12, 15-7, 7-15, 7-15, 17-15.
■ Championship Friday, Oct. 25 - (at Warren). Kittson Central vs. Tri-County, 9:30 p.m.

Sub-Section 32AA Volleyball

■ Semifinals Thursday, Oct. 24 - (at Baudette) Lake of the Woods def. Badger/Greenbush-Middle River 15-1, 15-5, 15-1. Roseau def. Warroad 15-5, 15-8, 15-12.
■ Championship Friday, Oct. 25 - Lake of the Woods vs. Roseau.

Rocori ends Prowlers' season

■ Spartans win Section 8AAAA football game 35-14

Thief River Falls hasn't had much success against St. Cloud area teams when it comes to high school football playoff time. Tuesday, Rocori registered its second straight Section 8AAAA playoff win over the Prowlers, whose season ended for a fifth year in a row at the hands of a Granite City metropolitan foe. This time it was by a decisive 35-14 margin.

The current string of Thief River Falls playoff frustrations began with a 40-33 overtime loss to Sauk Rapids-Rice in the 1998 quarterfinals. That was followed by a 35-21 quarterfinal setback administered by Sartell-St. Stephen in 1999, a 13-12 semifinal defeat at the hands of Sauk Rapids-Rice in 2000, and last year's 27-18 Rocori semifinal victory.

Thief River Falls finished the year 3-6. That's the fewest number of wins for the Prowlers since a 3-6 campaign in 1990.

The 35 points scored by the Spartans were the most given up by the Prowlers this fall. After falling behind 20-0, the No. 6-seeded visitors tried to make a game of it. But they simply couldn't keep third-seeded Rocori out of the end zone.

Jason Tuthill put the Prowlers on the board with a 24-yard third quarter run. But a third Alex Kofoed touchdown pass of the night, this one a 30-yarder to Mike Burtzel, rebuilt the 20-point spread.

The Prowlers cut the Spartans' lead to 28-14 when Josh Langlie and Joe Field hooked up on a 22-yard touchdown pass to close out the third quarter.

A defensive stop and another offensive push could have made it interesting. Those plans were shattered, however, when Burtzel returned the ensuing kickoff to the Thief River Falls 25-yard line. Four plays later Blake Theisen scored from four yards out to seal the outcome.

Rocori improved to 6-3 with the win. Kofoed, who is considering scholarship offers from Northwestern, Wyoming, Montana, Penn and Yale, was 10-for-14 passing for 199 yards and the three touchdowns. Ben Johnson caught five passes for 109 yards. Theisen carried the ball 12 times for 83 yards.

The Prowlers were led by Dane Kjono with 83 yards on 16 rushing attempts. Langlie was 5-for-11 passing for 52 yards.

In other first round Section 8AAAA games Tuesday, No. 2-seeded Detroit Lakes Lakes handled No. 7 Little Falls 48-20 and No. 5-seeded Sauk Rapids-Rice knocked off No. 4 Sartell-St. Stephen 30-21. Top-seeded Fergus Falls received an opening night bye.

Section 8AAAA Football

■ Quarterfinals Tuesday, Oct. 22 - Rocori 35, Thief River Falls 14; Detroit Lakes 48, Little Falls 20, Sauk Rapids-Rice 30, Sartell-St. Stephen 21.
■ Semifinals Saturday, Oct. 26 - Rocori at Detroit Lakes, 7 p.m.; Sauk Rapids-Rice at Fergus Falls, 7 p.m.
■ Championship Thursday, Oct. 31 - Fargodome, 9 p.m.*

Scoring

	1	2	3	4	T
Thief River Falls	0	0	14	0	14
Rocori	7	13	8	7	35

Rocori - Blake Theisen, 27-yard run, Zach Reif kick.
Rocori - Mike Burtzel, 14-yard pass from Alex Kofoed. Reif kick.
Rocori - Ben Johnson, 14-yard pass from Kofoed, kick failed.
TRF - Jason Tuthill, 24-yard run, Christian Priebus kick.
Rocori - Burtzel, 30-yard pass from Kofoed. Kofoed run.
TRF - Joe Field, 22-yard pass from Josh Langlie; Priebus kick.
Rocori - Theisen, 4-yard run, Reif kick.

Individuals

■ Rushing (TRF) Dane Kjono 16-83, Jason Tuthill 15-63, Jeremy Anderson 10-34, Josh Langlie 3-0, Aaron Bendickson 1(-)3, (Rocori) Blake Theisen 12-83, Joey Howe 9-65, Alex Kofoed 3-13, Matt Toren 2-7, Kasey Dronfie 2-0.
■ Passing - (TRF) Josh Langlie 5-for-11, 52 yards, 0 interceptions, (Rocori) Alex Kofoed 10-for-14, 199 yards, 1 interception.
■ Receiving - (TRF) Joe Field 3-44, William Fornay 1-7, Kyle Gerardy 1-1; (Rocori) Ben Johnson 5-10, Mike Burtzel 2-44, Quanlon Lind 2-19, Eric Decker 1-27.

Swim title stays in Warroad

Warroad won its own invitational girls high school swim title Tuesday by a 425-364 margin over runner-up Thief River Falls.

Grand Forks Red River and Grand Forks Central finished third and fourth, respectively, with 264 and 260 points.

Freshman Allyson Helling led the Prowlers with first place finishes in diving and the 100-yard freestyle. Teammate April Peterson, an eighth grader, won the 100 backstroke.

The Prowlers also came up with a win in the 200 freestyle relay race.

It was the second-to-the-last outing on the 2002 regular season schedule for the Prowlers, who swam in the North Border Conference meet Friday at Fosston.

Section 8A swimming and diving championships will be held Nov. 8-9 at Detroit Lakes.

Warroad Invitational

200 medley relay - 1. Red River (Courtney Haug, Erin Pederson, Michelle Omdahl, Whitney Dickson), 2:03.07, 2. TRF, 2:04.29, 3. Warroad, 2:05.62.

April Peterson, TRF, 2:16.05. Other TRF places - 11. Carli Cota, 2:20.00; 14. Katie Pribula, 2:21.42.

200 I.M. - 1. Amy Anderson, Central, 2:16.16; 2. Katy Rau, Central, 2:30.00, 3. Erin Pederson, RR, 2:30.72, 4. Savanna Hellett, Warroad, 2:31.47, 5. Michelle Johnson, TRF, 2:37.75, 6. Tiffany Sorenson, TRF, 2:38.52. Other TRF places - 11. Danielle Sorvig, 2:42.12, 14. Trista Curry, 2:50.10.

50 freestyle - 1. Ashley Marvin, Warroad, 26.46, 2. Brittany Haviland, TRF, 26.80, 3. (tie) Angela Marvin, Warroad, and Rebecca Bahnmiller, Warroad, 27.26, 5. Whitney Dickson, RR, 27.94, 6. Jenna Dillon, TRF, 27.97. Other TRF places - 7. Ashley Meunier, 29.25, 16. Danielle Meunier, 32.54.

Diving - 1. Allyson Helling, TRF, 157.50, 2. Christy Rybak, Warroad, 132.25, 3. Kristin Ripplinger, Warroad, 122.55; 4. Casey Hamlin, Warroad, 113.30, 5. Rachel Ann Tretter, Central, 80.20, 6. Amy Vain, RR, 61.30.

100 butterfly - 1. Amber Marvin, Warroad, 1:03.68; 2. Savanna Hellett, Warroad, 1:06.44; 3. Brittany Haviland, TRF, 1:07.31; 4. Michelle Anderson, Central, 1:06.97, 5. Hannah Whitehead, Central, 1:09.67, 6. Tevia Reeas, TRF, 1:13.57. Other TRF places - 11. Kendra Mooney, 1:15.71; 13. Jenny Heeton, 1:21.96.

100 freestyle - 1. Allyson Helling, TRF, 56.88, 2. Ashley Marvin, Warroad, 57.05, 3. Amy Anderson, Central, 57.47; 4. Cami Hendrickson, TRF, 57.75, 5. Courtney Haug, Red River, 59.73, 6. Angela Marvin, Warroad, 1:00.50. Other TRF places - 10. Danielle Sorvig, 1:03.44, 11. Jenna Dillon, 1:04.76.

500 freestyle - 1. Michelle Omdahl, RR, 5:25.90, 2. Stephanie Marvin, Warroad, 5:52.35, 3. Katy Rau, Central, 5:55.02; 4. Amanda Bolstad, Warroad, 5:57.97; 5. Savannah Schue, Warroad, 6:00.92, 6. Carli Cota, TRF, 6:11.22. Other TRF places - 7. Michelle Johnson, 6:11.51, 8. Katie Pribula, 6:16.91, 11. Ashley Meunier, 6:39.71.

200 freestyle relay - 1. TRF, 1:40.45, 2. Red River, 1:47.20, 3. Warroad, 1:47.00.

100 backstroke - 1. April Peterson, TRF, 1:09.21, 2. Rebecca Bahnmiller, Warroad, 1:10.44; 3. Tevia Reeas, TRF, 1:10.00, 4. Courtney Johnson, Central, 1:13.00; 5. Michelle Anderson, Central, 1:14.07, 6. Breanna Koivu, Warroad, 1:14.20. Other TRF places - 7. Kendra Mooney, 1:16.09, 12. Stephanie Liden, TRF, 1:22.70.

100 breaststroke - 1. Krysten Powell, Warroad, 1:17.47, 2. Tiffany Sorenson, TRF, 1:19.34, 3. Hillarie O'Loughlin, Warroad, 1:20.95, 4. Rachel Anderson, Central, 1:21.85, 5. Casey Engelstad, TRF, 1:22.05, 6. Elizabeth Fristad, RR, 1:22.96. Other TRF places - 10. Jennifer Holand, 1:29.53, 12. Trista Curry, 1:30.10.

400 freestyle relay - 1. Warroad (Amber Marvin, Angela Marvin, Amanda Bolstad, Ashley Marvin), 2:58.23; 2. Central, 4:04.91, 3. TRF, 4:10.02, 4. Red River, 4:11.01, 5. Warroad, 4:27.45, 6. Warroad, 4:47.

Kickers decide Eagles-Gators game

All the scoring – what little there was – came on field goals Tuesday as Red Lake Falls edged visiting Badger/Greenbush-Middle River 6-3 in a Section 8A high school football playoff quarterfinal game Tuesday.

The No. 3-seeded Eagles won it on a 21-yard placement by Matt Largis as time expired. Largis had kicked a 30-yarder to tie it in the third quarter.

Only points scored by the No. 6-seeded Gators was produced by a 31-yard Dane Hanson field goal in the first quarter.

Rest of the game belonged to the defenses. The Gators mustered just 110 yards of offense; the Eagles finished with 227.

Red Lake Falls takes a 6-3 record into the semifinals today (Saturday) against No. 2-seeded Warren-Alvarado-Oslo. Top seeded Fosston hosts No. 4 Mahnomen, a 41-12 Tuesday winner over Fertile-Beltrami, in the other semifinal match-up. Fosston drew a first round bye.

Championship game will be played Friday, Nov. 1, at the Alerus Center in Grand Forks, N.D. Kickoff is scheduled for 8 p.m.

Badger/Greenbush-Middle River finished the year 2-7.

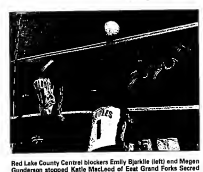
Section 8A Football

■ Quarterfinals Tuesday, Oct. 22 - Red Lake Falls 6, Badger/Greenbush-Middle River 3; Mahnomen 42, Fertile-Beltrami 12; Warren-Alvarado-Oslo 27, Lake Park-Audubon 6.
■ Semifinals Saturday, Oct. 26 - Mahnomen at Fosston, 6 p.m.; Red Lake Falls at Warren-Alvarado-Oslo, 6 p.m.
■ Championship Friday, Nov. 1 - Alerus Center, 6 p.m.

Scoring

	1	2	3	4	T
B/G-Middle River	3	0	0	0	3
Red Lake Falls	0	0	3	3	6

B/G-MR - Dane Henson, 31-yard field goal.
RLF - Matt Largis, 30-yard field goal.
RLF - Matt Largis, 21-yard field goal.



Section 8 Nine-Man semifinals today

Semifinals winners today (Saturday) will move on to the 2002 Section 8 Nine-Man high school football playoffs championship game Friday, Nov. 1, at the Alerus Center in Grand Forks, N.D.

The semifinal draw features No. 4-seeded Marshall County Central vs. 1. Stephen-Argyle, and No. 2-seeded NorthStar vs. No. 3 Kittson Central.

Section 8A Nine-Man Football

■ Semifinals Saturday, Oct. 26 - Kittson Central at NorthStar, 1 p.m.; Marshall County Central at Stephen-Argyle, 7 p.m.
■ Championship Friday, Nov. 1 - Alerus Center, 8 p.m.

Red Lake County Central blockers Emily Bjerklie (left) and Megan Gunderson stopped Katie MacLeod of East Grand Forks Sacred Heart on this play at the net in Thursday's Sub-Section 31A high school volleyball tournament semifinal match played at Northland Community and Technical College. The Mustangs beat the Eagles 15-4, 15-5, 15-4.

COVENANT CHURCH HOSTING A SINGSPIRATION OCTOBER 27TH
The Evangelical Covenant Church of Thief River Falls invites you to share in an old-fashioned singspiration on
Sunday, October 27th
3:00 p.m.
Songs will be taken from the "brown" Covenant Hymnal, reminiscent of the Covenant heritage. Helen Dahlstrom will be at the organ, and Marion Brodin at the piano; with Rodney Brodin as the song-leader. Many favorite songs have been chosen for the congregation to sing; as well as Quartet, Trio, Duet and Solo selections. Refreshments will be served following the singing.
Come and share in the blessing.

NCTC Honor Choir Festival to be held October 29

More than 80 local high school students will gather on October 29 at the NCTC Auditorium as part of the Northland High School Honor Choir. This will be the tenth annual vocal festival hosted by the NCTC Music Department.

Students are nominated by their high school choral directors to take part in the event. The students will come prepared and rehearse for over three hours with the guest clinician. Then they will present what they accomplished at the Choral Works Concert. The concert will be held at the Lincoln High School Auditorium on October 29 at 7:30 p.m. Admission is $3 for adults and $2 for students.

Schools attending this year's high school festival and their directors include Badger High School - Sara Ellenson; Clearbrook-Gonvick High School - Linda Lindom; Fisher High School - Mary Jane Kurpius-Brock; Goodridge School - Kathryn Nordine; Grygla-Gatzke High School - Gene Lunsetter; Heritage Christian School - Leslie Widner; Lake of the Woods School - Kathi Berggren; Lancaster High School - Evan Hanson; Red Lake County Central - Nancy Pearson; Tri-County High School - Kathy Englund and Win-E-Mac - Charity Salmonson.

The pieces scheduled for the concert are *I Will Praise Thee, O Lord*, written by Knut Nystedt, an a cappella choral setting of Psalm 9.1, 2; *Buffalo Gals*, arranged by Bob Chilcott; *O My Luve's Like a Red, Red Rose* by Rene Clausen and a Buddhist mantra called *Gate, Gate* by Brian Tate. The rehearsal accompanist for the performance is Catherine Hagen, who will also be accompanying the other two performance groups at the evening's concert on October 29 at 7:30 p.m.

The festival will begin at 9 a.m. It will include a master class in which four high school students will have the opportunity to work one-on-one with guest clinician Teresa Ashworth. The students will be bringing pieces that they have been working on for Fall Solo Contest and get suggestions from the guest clinician for improvement.

There will also be a vocal workshop with NCTC Vocal Music Instructor Vanessa Anderson. That workshop will run throughout the day. Students who wish to have some additional personal attention will have the opportunity to work with Anderson on prepared pieces as well. However, the largest part of the day will consist of the Honors Choir rehearsals under the direction of Ashworth.

For more information, contact Linda Samuelson at the NCTC Music Department at 681-0733.

Public forum on Monday at NCTC

A Public Forum for Legislative Candidates, an event sponsored by the Thief River Falls Association of University Women and area Early Childhood Education programs, will be held at 7 p.m. on Monday, Oct. 28, in room 201 at Northland Community and Technical College. Residents are invited to come and meet the candidates for election. Invited guests include District 1 Senate candidates LeRoy Stumpf and Lyle Kenner, District 1A House of Representative candidates Maxine Penas and Mark Borsheim; and District 1B House of Representative candidates Bernie Lieder and Lonn Kiel.

ELECT LYLE KENNER
Minnesota State Senate District 1
LAND USE AND PROPERTY RIGHTS
• State agencies have become excessively involved in regulations of land use. The rights and freedoms of property ownership need to be restored.
• Public land use should be based on common sense, good science, and the needs of the general public.

SPECIFICALLY...
1. Small and medium farms should not have to document and defend themselves from MPCA regulations. There is no scientific evidence that these farms are significant sources of pollution.
2. The building maintenance, and repair of public roads should be exempt from wetlands regulation. This would save the taxpayers real money and relieve some of the bureaucratic headaches that transportation officials have to deal with.

Election 2002
Who are these people?

State Representative, District 1A

Mark Borsheim,
Candidate for State Representative, District 1A

(Continued from Page 1)
oppose any effort to put the burden of balancing the state's budget on the backs of Greater Minnesota taxpayers.

Last year, 183 school districts were forced to ask their voters to approve excess levy referendums because they were underfunded by the legislature. Many more school districts, including some of our own, will have to try to pass levy referendums this year.

I will do my best to represent our corner of the state. I have lived here my whole life, along with my wife, Sherry, and son, Gavin. I am a hunter and outdoor enthusiast who understands the love of the outdoors. I enjoy fishing and working on my old cars. We love northwest Minnesota and will do whatever it takes to protect our way of life up here.

I have been an honest, hard working individual. I have done a lot in Thief River Falls. I have held the line on taxes, fought for economic development and even went to Washington, D.C. to fight for our rural post offices. I will take our views to St. Paul, and, unlike my opponent, I won't use 90 percent of my vote supporting the suburban lawmakers.

If you have any questions, please feel free to call me. I encourage you to be informed about what you are voting for, so take the time and ask someone who knows about these issues. Ask your school board members, city council officers, township officers and county board representatives. They know what's going on and will give it to you straight. I need your support to get to St. Paul. Let's all get out and vote November 5.

Thank you to the publisher of this fine paper for allowing us to put our thoughts in print for you to read. It is a great service to our taxpayers.

Maxine Penas,
Candidate for Minnesota House of Representatives, District 1A

(Continued from Page 1)
Health care concerns

I believe in local control: solutions are usually best made at the source of the problem. There is no need for the state to micromanage people. I am pro-life and believe in family values. The people of northwest Minnesota value honesty, common sense, hard work and speaking openly. If elected, I will serve the people with those same values.

Maxine Penas responds to Borsheim's claims

The following italicized sentences are excerpts of Minnesota State Representative hopeful Mark Borsheim's candidate profile. Since he mentioned his opponent, Maxine Penas, in his profile, The Times gave Penas the opportunity to respond. Following the italicized excerpts are Penas' responses.

In spite of the $900 million that House Republicans and the governor spent reducing local property taxes, many owners of farms, homes and small businesses in our district saw property tax bill increases.

According to Penas, the property tax reform bill was approved in the House by a vote of 117 to 16 with 48 Democrats voting in favor of the bill. She said, "All of these Democrats took credit for the tax relief after the session was over, so it's unfair for them to now place blame on Republicans and Governor Ventura for any unforeseen problems with the tax bill." Penas also noted that the legislature worked together to fix the new tax law to help those who had been harmed.

We should not be compelled to pay for metro transit relief, given that township homestead and agriculture credit aid and local government aid funding have been eliminated!

Penas said, "As part of the 2001 property tax reform, the state paid the cost of the general education levy, the state-mandate portion of your local property taxes. As a tradeoff for this, the legislature cut some local government funding. However, in most cases, the tradeoff worked out in favor of cities and counties with a net result of more local government aid." She continued that Local Government Aid (LGA) has not been eliminated. Penas stated, "In fact, protecting LGA funding was one of our top priorities this year as we worked to balance the budget."

I would have opposed giving tax breaks to the wealthiest taxpayers in the state, since it helped aggravate the state budget deficit.

Penas said she was not in office at that time. She said, "However, when the legislature cut income taxes in 1999 and 2000, the highest income tax brackets actually received the smallest tax rate cut."

Last year, 183 school districts were forced to ask their voters to approve excess levy referendums because they were underfunded by the legislature. Many more school districts, including some of our own, will have to try to pass levy referendums this year.

Penas responded, "For the 2001-2002 budget cycle, Minnesota schools actually received more funding from the state than they have ever before. During the 2002 session, after the budget deficit was announced, I joined other legislators in successfully fighting to balance the budget without taking any of this funding away from schools." She said Minneapolis and St. Paul school districts receive more state funding. However, she noted the legislature is making progress in correcting this, and she "will continue to work for equitable education funding for our students."

I will take our views to St. Paul, and, unlike my opponent, I won't use 90 percent of my vote supporting the suburban lawmakers.

Penas replied, "I don't have any idea how Mr. Borsheim derived this statistic, but it is ridiculous. As your representative, I have always placed first priority on protecting the interests of northwestern Minnesota, and, if re-elected, I will continue to do so."

UMC and NCTC sign agreement

(Continued from Page 1)
level. The curriculum includes management, technology, and some job-specific courses customized to learner needs.

According to a press release from UMC, current students, graduate, and faculty of NCTC manufacturing programs will be eligible for credit evaluation under the terms of this agreement.

Chad Coauette, director of the Custom Training and Continuing Education program at NCTC, said they have been working on the articulation agreement for over two years. Coauette said it has been a long journey, but a personally rewarding one. He also believes it will benefit the region's employers because it provides them with opportunities never available before.

Chris Robberts, UMC's program manager for the D.M.M. degree, is excited about the development of his program and the chance to work with NCTC. He says, "The University of Minnesota serves the people of the state, who, as taxpayers, share in its ownership. It benefits all when we collaborate with other colleges, utilizing the strengths of each organization and making programs available to as many people as possible."

UMC Chancellor Don Sargeant said he was pleased that UMC had been selected to be a part of this partnership.

His sentiment was echoed by Dr. Orley Gunderson, who also thanked those involved. Gunderson noted that the program fits with the vision of the MnSCU Chancellor, and will provide many opportunities for employees and employers throughout the region.

Election 2002
Who are these people?
State Senate, District 1

LeRoy Stumpf,
Candidate for State Senate
District 1

(Continued from Page 1)
relief legislation in the 1997 and 2002 special sessions, which has had a great impact on our area.

I have worked to maintain strong funding for schools in our area. Currently, each school district in the state receives the same base funding of $4001 for its students. It also receives additional funding based on factors like the sparsity of the district, number of special education and non-english speaking students and concentration of poverty in the district. I also worked for the K-12 debt service equalization program. This law has allowed many poorer school districts to offer better programs and have quality buildings. As chair of the E-12 Education Finance Committee, I have had the opportunity to support our school districts, colleges and university campuses that are so important in greater Minnesota.

Tax cuts and rebate checks have dominated the last several sessions. The legislature has given back $500 million in property tax rebates in 1997 and $500 million in 1998. In 1999, Minnesotans received $1.3 billion in sales tax rebates. In 2000, Minnesota taxpayers received $640 million in sales tax rebates. In 2001, both the income and property taxes were cut by about $1 billion. So, over the last five years, including rebates and permanent tax reductions, it amounts to over $10.3 billion. For many people, as much fun as it was to get those refund checks, a larger reserve that the Senate unsuccessfully sought would have prevented some painful budget decisions later.

In 2001, Minnesota had a $2 billion deficit. This was resolved by using all the state's reserves, shifting state payments and cutting programs. This was not the most responsible way to balance the deficit, and that's why I voted against it. Next session, the state again faces a sizable budget deficit ($3 billion). The governor and legislators will have to cooperatively work to satisfy the deficit and give new direction to the state economy. I want to be sure whatever happens will be fair for us. When we look at the growth of government in Minnesota over the last 10 years and adjust it for population and inflation, state government grew at an annual rate of 1.8 percent per year. This is less than the national average of 2.4 percent growth.

When I look ahead, I see some big challenges facing us. The most visible one is the most difficult one to address and that is to build a strong rural economy for our farmers and businesses. The farm economy doesn't lend much stability for farmers to keep farming, especially when there are natural disasters. At the state level, we have lowered the farm property taxes by eliminating farm property from school operating levies. This is one small way that will help the farmers' cash flow. To help our businesses, we can assist our employers with well-trained workers, good roads and adequate community infrastructure. That will help them be competitive and grow.

If re-elected, there are several things I want to work on. First, I want to see if there is a way to develop a funding formula that recognizes the higher cost of educating students in a smaller school. This is important with so many of our rural schools facing declining enrollments. There is a research report by the Rural Policy and Development Board that supports this theory. Second, I would work hard to develop our natural resources to encourage more tourism and recreation in northwestern Minnesota. We need to develop a network of multiple-use trails that connects our communities, parks and other points of interest. In other words, we need to become more recreation-minded to become an attraction for outdoor enthusiasts. Finally, one of the most important challenges is to continue the recovery efforts for those affected by the 2002 flood. With state help, we can be more assured of a stronger northwest Minnesota economy.

I want to take this opportunity to thank the constituents of State Senate District 1 for allowing me to represent them as their state senator in St. Paul. You have put your trust in me, and I have worked hard to represent your concerns and interests with a strong voice. I would greatly appreciate your vote and support in the upcoming election on November 5. Thank you.

Lyle Kenner,
Candidate for State Senate,
District 1

(Continued from Page 1)
of the teachers opposed to it. As time has proven, these teachers were correct at the very beginning. It has little educational content. It wastes student time. It frustrates teachers, and in some significant ways, it offends parents. I would work hard to repeal the "Profile." There has, for a long time, been complaints about a lack of funds for education in rural communities. So, why under DFL leadership does Minneapolis have approximately $19,000 per pupil and Thief River Falls $6,000? It seems to me this funding needs to be leveled out. I personally have had the benefit of a good public school education, and I believe it is important that today's students also get a good well-rounded education. It is essential for children to be challenged to learn good reading, math, history and science skills. These things will prepare them for adult life.

Concerning property rights, we have various regulations that are adverse to agriculture, particularly animal agriculture. And there are recommendations that are worse yet. I would work very hard to head off what is in the planning stage and also to eliminate the bad regulations now in place.

There is also a debate over how public lands under Department of Natural Resources control are to be used. I believe local people should have more say in how to use our public lands. In general, they should have accessible trails for snowmobiles, ATVs, horses and hikers. These are real issues about freedom. Farmers need to be able to use their land as they see best. The public needs to be able to utilize public lands in a reasonable way. Common sense and good science are key ingredients in dealing with these issues.

With regard to taxes, we are one of the highest taxed states in the whole U.S. We have twice the tax burden of South Dakota, and taxes about 50 percent higher than North Dakota. During the 1990s, we had state government growing at a rate of over 10 percent per year, but our paychecks were not. Therefore, the incumbents of that time set up a collision course which is now upon us. There is a real budget deficit, which has to be dealt with. I believe my experience in business and everyday problem solving in veterinary medicine will help in getting the taxpayer a balanced solution.

As a state senator, I would also hold basic constitutional rights in high esteem. We must protect our freedom of speech, the right to bear arms and the right to life.

I would like to close with one example of bad legislation on the books. Do you know that as a parent in the state of Minnesota, you cannot access your child's medical records that involve pregnancy, sexually transmitted diseases, drug abuse or alcohol abuse without your child's written consent. On March 25, 2002, there was a vote on an amendment to repeal this bad statute. *My opponent voted against it.** I would have voted for it, for the parents. Who cares more about the child than the parents? Who is going to be there 24 hours a day, seven days a week, except the parents?

If elected as your state senator, I will be a true advocate for northwestern Minnesota and our values. I will listen, evaluate and make the best decisions that I can. I have enjoyed the many conversations with various people during this campaign, and I sincerely appreciate their encouragement and support. Please remember to vote on November 5.

*LeRoy Stumpf, who is Kenner's opponent, said he believes in a parent's right to be involved in their child's medical decisions. He said he voted against the amendment because it would have probably faced a constitutional challenge due to the way the amendment was handled. According to Stumpf, the amendment was added to a bill designated to address the state's budget problems, and the courts have ruled that legislative bills should be limited to a single topic.

State Representative, District 1B

Bernie Lieder,
State Representative candidate
for District 1B

(Continued from Page 1)
was functional for two years, while the Metropolitan Airports study was four years. In addition to these boards and commissions, I served as Chair of the Transportation Finance Division while the DFL had the House majority. During the Ventura administration, I'm serving on the Minnesota Rural Health Commission, comprised of public members and two House of Representative members. All the commissions and boards are in addition to normal legislative committee assignments.

I made mention of the leadership positions I have held to indicate the level of my experience in the public and private sectors. It is unusual for one legislator to serve on that number of boards or commissions and much less usual to be the chairperson.

Minnesota will have a new governor in 2003. I believe I have the knowledge and experience to serve and represent the men, women and families of District 1B as they want to be represented. The legislature deferred many, very important issues for next year. Minnesota's schools are still in trouble. Tuition at our colleges and universities is still skyrocketing. Our roads, bridges and transit systems are not meeting our needs. We still haven't addressed problems in our health care system. Health care access, affordable insurance and prescription drugs, especially for our seniors, is in need of legislative action. Our budget woes continue, and after depleting the budget reserve this year, our margin for dealing with an economic downturn is further reduced. Finding answers to those issues will be at the top of my priority list.

We should not balance the state budget on the backs of middle- and low-income families, children or the working poor. We must not increase property taxes in rural Minnesota to finance property tax relief for the rich in the Twin Cities suburbs. We must not use a budget crisis as an excuse not to invest in our children or care for our elderly. I will continue to fight for state policies that are balanced between strategic investments and reasonable tax relief; above all, I will be a good steward of the public purse.

Lonn Kiel,
Candidate for State Senate,
District 1B

(Continued from Page 1)
need to place incentives in District 1B, such as low interest loans and tax breaks for both individuals and businesses. We need to tap into our creative skills to attract and retain businesses and people.

Education - Teachers are the hub of reform, and we need to insure they have the backing and resources to educate our children to the best of their ability. I am hearing two different messages from the teachers and the teacher's union. They are saying, "How dare the unions 'cookie cut' every educator's wants and needs that relate to every classroom setting." It's not only them, but in every other aspect, legislators and bureaucrats in St. Paul push "assembly line" policies and mandates that stifle the creative qualities of everyone in their own respective environment.

Healthcare - Today, this is a very serious issue nationwide and in our area as well. Regarding healthcare, we are in "meltdown" mode. Businesses are dropping employee benefits or raising deductibles at alarming rates, to the extent that many are without decent healthcare benefits. I think this issue is one of the most difficult challenges for the American people and legislators. We must take notice of the daunting task set before us and address this overwhelming issue, for the state of Minnesota cannot solve all every problem for every person.

These issues are not easily resolved, and it is going to mean a give and take for everyone. We can resolve these problems....no, we MUST!

I thank The Times for being a conduit to express my views.

Local ODC creates many opportunities

(Continued from Page 1)
employment.

Thief River Falls' ODC has built an outstanding reputation of helping people with vocational limitations find jobs in its 31 years of business. Last year, in northern Minnesota, ODC served over 900 consumers with job placement and vocational training. The Thief River Falls division worked with 134 consumers in all aspects of their programs.

Although ODC has several long-standing relationships with local businesses, they are always looking to build relationships with other businesses. "The challenge is getting past some of the stigmas," Haugen says. Businesses may be skeptical about hiring individuals with vocational limitations, but ODC says they are an important and largely untapped resource for employers. Another one of ODC's goals, according to Haugen, is "fostering open-mindedness."

While October is designated as National Disability Employment Awareness Month, ODC is continually working toward recognition for employees with disabilities. Throughout the year they give presentations to various community clubs, send out flyers and have business advisory committees whose main focus are on educating area business-people about their mission and goals.

To learn more about creating opportunities for individuals with disabilities, contact the ODC at (218) 681-6830.

Daylight-saving time ends Sunday

Remember to set your clocks back an hour when you go to bed Saturday evening. Daylight-saving time ends on Sunday, Oct. 27.

A federal law, administered by the U.S. Transportation Dept., specifies that daylight time applies from 2 a.m. on the first Sunday of April until 2 a.m. on the last Sunday of October in areas that do not specifically exempt themselves.

MFU to sponsor getaway

The Minnesota Farmers Union (MFU) is inviting area residents to participate in a three day getaway to the Twin Cities.

Participants will depart from the MFU - Thief River Falls main office at 6 a.m. and the Cenex C-Store in Brooks at 6:30 a.m. on November 13. The group will return around 8 p.m. on November 15. Participants will stay at the Radisson Roseville in St. Paul.

Some of the items on the agenda include a tour of the *Minneapolis Star Tribune*, Metrodome, Cenex lube plant and distribution center, State Capitol and Minneapolis-St. Paul area.

The group will attend the play "Triple Expresso" at the Music Box Theatre. Since it opened three years ago, the play has been selling attendance records.

The total cost for the getaway is $95 per person, which includes transportation, lodging, tours, tickets and all meals, except for breakfast. Reservations will be accepted on a first come, first served basis. The tour can accommodate 42 people.

The registration deadline is October 28. At the time of registration, designate whether a smoking or non-smoking room is wanted. Trip fees will be collected during the trip.

If interested, call one of the following for reservations or further information: the Red Lake County Cooperative at 698-4271; the Oklee Farmers Cooperative Elevator Association at 796-5125 or the Farmers Union Oil Cooperative of Thief River Falls at 681-3512.

Business Opportunities

NOTICE TO READERS
While work-at-home advertising is often legitimate, we advise readers to fully investigate the background of any company before paying a fee. If an offer sounds "too good to be true," it probably is. Proceed with caution if you are asked to send money or in calling 900 numbers. All phone numbers prefixed by "900" are charged to the caller on a per minute per call basis. Remember, if you have any doubts, investigate.

Back to campaigning

Coleman campaign visits NW Minnesota

by David Hill
Editor

Followed by a large collection of camera-toting reporters at Digi-Key in Thief River Falls Wednesday, Norm Coleman got back to the job of running for U.S. Senator from Minnesota.

After the suspension of campaign activities due to the death of Senator Paul Wellstone, the Coleman campaign came out Wednesday to face the chilly pall cast on the campaign by the partisan politics that burst forth during a memorial service Tuesday night for Wellstone, and a Star Tribune story that morning that put Coleman behind in the polls. One of his first stops back on the campaign trail was in Thief River Falls where Coleman supporters gave Coleman a warm welcome.

Over 200 avid supporters of Coleman, many waving "Norm Coleman U.S. Senate" campaign signs, filled a conference room at Digi-Key. Many of these supporters said they were there to show their support because they were upset by the shameful partisan politics at the memorial service for Wellstone the night before. They said they felt that their good-faith effort to set aside partisan politics to honor the memory of the man, Paul Wellstone, had been thrown back in their face.

They weren't the only individuals in the audience, however. One individual said he came because he wanted to show his support for the man who had provided some valuable assistance to him in the past.

Myrtle Vagle of Karlstad said she came to see the man who stood

(Continued on Page 12)

Norm Coleman stopped at Digi-Key in Thief River Falls on Wednesday to rally supporters.

WATCH AROUND THE REGION

April Schelnoha

County officials' salary rate increase approved

Oklee - Red Lake County Commissioners met on Tuesday morning, Oct. 22, 2002 at the courthouse in Red Lake Falls.

A salary increase for all Red Lake County (RLC) elected officials was discussed. Commissioner Nielson felt the board should "set an example" for the county. "We should hold our increase at zero percent," he said. (At the present time, the rate of compensation paid to RLC commissioners is $8,800 annually, plus per diem and mileage.)

A motion was presented by Nielson not to increase the compensation for the RLC Board of Commissioners. In a vote, the motion was defeated three to two, with Nielson and Larson voting yea and Haglund, Oakland and Weiss opposed.

Immediately, Haglund motioned that all elected officials of RLC receive a $0.50 hourly rate increase. The motion passed. - *Oklee Herald, October 31, 2002*

Deer hunt for persons with disabilities held at Rydell Refuge

Erskine - An early deer hunt for persons with disabilities was held October 18-20 at the Rydell National Wildlife, situated southwest of Erskine. This year, 16 hunters participated coming from Minnesota, North Dakota and South Dakota in the three day hunting event.

The adrenaline rush was on high for the hunters, being able to get out and be a part of nature once again. There were a total of 12 deer harvested with 10 of those being taken on the first day, according to Refuge Manager Rick Julian. He also noted that four of the other hunters had shot opportunities, but missed out on the big game. Everyone involved in the hunt had a great time.

The hunt was facilitated and sponsored by OPTIONS - a resource center for independent living in East Grand Forks. They provided specialized equipment allowing the hunters access to the outdoors. They also provided dinner and breakfast for the hunters and helpers. Many of the volunteers who were there to assist with the hunt activities were recruited by OPTIONS as well. - *Erskine Echo, October 31, 2002*

Roseau County 4-H Hippology Team are national champs

Roseau - What a time for the Oopher 4-H Hippology Team of Allison Dahlgren, Grace Dahlgren, Amy Erickson and Sara Foss to win their first ever hippology title.

Don't bother looking up hippology in the dictionary. It probably won't be there. Just think of hippodrome, an arena for equestrian shows.

During last Friday evening's award ceremonies at the Ohio State Fairgrounds in Columbus, Ohio, the Roseau County 4-H Hippology wasn't expecting any miracles.

Oh, they had put on a fine show during Friday's competition, in which each of the ladies judged 16 horses apiece.

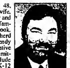
But they had never taken top honors before, not even at this year's state fair competition, where they earned fourth place honors and the right to compete in the nationals. - *Roseau Times-Region, October 26, 2002, by Jeff Olsen*

Election 2002
Who are these people?

Who's running for election? Who are these people? Unfortunately, this is a question many ask as they approach their polling places. By then, it's too late to become an informed voter, so The Times/Northern Watch staff has asked the candidates to help us tell you - the voters - who they are and why they're running for office.

This edition of the Northern Watch will focus on candidates campaigning for the District 2 Minnesota Senate seat, area school district and city elections, and provide voters with maps and information about polling times. As always, we encourage you to get out and vote on Tuesday, Nov. 5.

Candidates for District 2 State Senator



Steven Booth

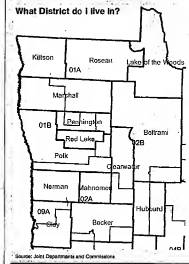
I was born and raised on the family farm, number four of six children. My mother still resides on the farm in Tracy, Minn. I have been married for 30 years to Jerri Ann. She is the daughter of Mavis and the late Gus Clemenson of Bemidji. We have two children, Gus, 28, and Chelsea, 24. Gus is the pastor of Warroad Community Church, and Chelsea works at the First National Bank in Bemidji.

I attended Bemidji State University and graduated from Southwest State University. I retired from the United States Marine Corps with the rank of Major and moved back home to the Bemidji area. We now reside on our farm in Clearwater County. I have been a school teacher, coach, police officer, farmer and am a one-third owner and manager of CBS Fitness in Bemidji. I was elected twice as the Beltrami County Commissioner for District 1.

My priorities in life are God, family and country. Helping others has always been the greatest source of my personal self worth. I believe integrity is the most important attribute a person must possess to be a positive example for all people. I am not afraid to tell the truth or make difficult decisions. The path God has chosen for me has demanded a life of integrity, discipline, responsibility and caring

(Continued on Page 10)

Rod Skoe



I am Rod Skoe, age 48, father and farmer. My wife, Sarah, our children, Mary and Patrick, and I live on the family farm north of Clearbrook. We attend Good Shepherd Lutheran Church. I currently serve as State Representative for District 2B. My committee assignments include Education Policy, K-12 Finance, Agriculture Policy and Environment Policy Committee. I am a former Clearwater County Commissioner, Clearbrook/Gonvick School Board director, Agassiz Ambassador for Clearwater County and a graduate of the Blandin Community Leadership Program.

I farm north of Clearbrook; previously, I logged with my father in Kelliher. I graduated from Kelliher High School in 1972 and from Augsburg College in 1977. I have lived all my life, except when attending college, in State Senate District 2. I am seeking election to the Minnesota State Senate representing District 2.

I have been honored to represent the residents of District 2B the past four years in St. Paul. I have enjoyed meeting and visiting with many people at town meetings and other events over the past four years. As I have brought your issues to the legislature, the resulting debate, discussion and legislative

Who's running for school district seats?

by April Schelnoha
Reporter

On November 5, area voters will be going to the polls to decide who will be serving on their school boards. Some voters will see a multitude of school board candidates on the ballot, and others will see barely any candidates at all.

In the **Thief River Falls School District, ISD 564**, four seats are up for grabs. Incumbents Barb Kalinoski, Mike Spears and Randy Twistol are running for reelection. Jon Lindgren is also on the ballot.

In the **Goodridge School District, ISD 561**, four candidates are running for three positions. Candidates include Stephanie Heaton, incumbent Rodney Hoffman, John Lovly and incumbent Joe Philipp.

In the **Grygla-Gatzke School District, ISD 447**, three positions are on the ballot. Karla Byklum, incumbent Nicolette McMillin and incumbent Lee Sundberg are running for election.

In the **Marshall County School District, ISD 441**, three seats are up for grabs. All three

Kids go to the polls on Tuesday too

by Kate Levinson
High School Intern for The Times

For those who say kids don't count, the Kids Voting program disagrees. That is why, for the first time in Thief River Falls, students in grades K-12 will have an opportunity to vote in the November 5 election.

Although the results of Kids Voting are separate from regular election results, Carol Ihle, curriculum coordinator for School District 564, says that the kids voting process will be as much like the adults' as possible.

On Election Day, Kids Voting areas will be set up at all city and rural voting precincts from 3 p.m. to 8 p.m. Most will be equipped with two Rotary volunteers to assist young voters.

Kindergarten though eighth-grade students, who must be accompanied by an adult, and high school students will follow posted instructions on how to cast their votes. They will be required to sign in with their name and grade before receiving a ballot which includes photos of all candidates. After they vote, their ballots will go into a separate Kids Voting box.

Ihle says the results will be counted Tuesday night by Lincoln High School National Honor Society members and released to the press on Wednesday. They will also be given to government officials by Kids Voting. "Of course the votes won't count for the actual election," Ihle said, "but they will show candidates what students think of them."

Increasing voter turnout is one of Kids Voting's major goals. "Hopefully kids will want to vote and take their parents along," said Ihle.

Other goals of the program include helping kids understand the voting process and preparing them to be informed voters as adults.

As anxious as Ihle and other Kids Voting coordinators are, students in the community are excited to have their opinions heard.

"Kids should get a chance to have a voice in the election, too," said Margaret Miller, a freshman at Lincoln. "And we get ten extra credit points in Civics from Mr. Nordine if we vote!"

Mike Nordine isn't the only teacher who has integrated Kids Voting into his class. In fact,

(Continued on Page 13)

Candidates fill area city election ballots

"Who's running for office?" is a common question being asked by area residents. And despite the fact that billboard advertisements are popping up all over the landscape, it's still difficult to keep track of who's running for what office, especially city offices.

In **Goodridge**, city residents will be voting for one individual to fill a two-year term on the city council, two four-year terms on the council, and the mayor, a two-year term. Randy Lee Henrickson is running for the two-year term on the council. Alan Kiesow and Judy A. Jones are running for two four-year terms on the council. Robert Homme is running for mayor.

In **Greenbush**, residents will have an opportunity to select two individuals from a field of five candidates running for two four-year terms on the city council. The candidates include: Mark Brazier, Lavern Emery, Martin Enoksen, Jon Foss, and Erika "Teke" Spilde. Dwight Hasson, incumbent, is running unopposed for mayor, which is a two-year term. Residents will also vote on whether to construct a new water treatment plant.

In **Grygla**, residents will select from two candidates running for the two-year mayorial term on the council. The candidates are Kelly Klein and Roy Nordby. Residents also will select two candidates from three running for two four-year terms on the council. The candidates are Bob Thompson, Paul Johnson and David Dunrud.

In **Karlstad**, one position on the council remains unfilled. Nick Amb is running for the other four-year term on the council. Dale Nelson is running for mayor, which in Karlstad is a four-year term.

Lake Bronson has a problem. Nobody filed for Mayor. Two individuals, Jimann Cozzen and Joyce Storeby, filed for the two four-year terms on the council that will be on the election ballot.

In **Middle River**, three individuals are vying for two four-year terms on the city council. The candidates include Lynn Brazier, Art Moen, and Melissa Nelson. Mark Stromsodt is running unopposed for the office of mayor.

In **Newfolden**, four individuals are vying for two four-year terms on the city council. The candidates include Marcel Douglas, Tammy Hansen, Jerry Swaser, and Lori Warne. James Sethre is running for a two-year term as mayor.

In **Red Lake Falls**, four individuals are vying for two four-year terms on the city council. Running

Date rape speaker to make presentation at NCTC Nov. 12

On November 12, Northland Community and Technical College (NCTC) will present Katie Koestner, an outspoken date rape survivor and sexual assault prevention advocate, in a powerful presentation about her experience about date rape.

A Campus Outreach Services presenter, Koestner has shared her story with the nation, appearing on the cover of TIME magazine and speaking out against a crime of silence. She collaborated with HBO to create the Lifestories Docudrama, "No Visible Bruises: The Katie Koestner Story." Her activities as an advocate extend to working for the passage of federal sexual assault legislation.

Accompanying Koester on her trip to Thief River Falls is fellow Campus Outreach Services speaker Tom Santore. Santore's presentation "Dear Lisa" tells the story of his daughter who was murdered by her ex-boyfriend. His presentation helps students recognize patterns of abuse and unhealthy dating relationships. He has appeared on the Montel Williams Show and on the Oprah Winfrey Show as a "father who has kept his daughter's spirit alive."

"Ms. Koestner presented at our college two and a half years ago, and her story is a powerful and important one," said Kelsy Blowers, director of the New Venture Center at NCTC, which is sponsoring the presentation.

According to statistics, date rape is the most common form of rape with one in four girls expected to fall victim to rape or attempted rape before they reach age 25 and three out of five rapes occurring before a woman reaches age 18. Rape is also the most seriously under-reported crime. It is estimated that as many as 10 rapes occur for every rape reported to the police or hospital.

The "No/Yes" and "Dear Lisa" presentations will take place from 10 a.m. - 12 p.m. in the theater on the main NCTC campus on November 12. Both presentations are free and open to the public.

DAVID KUDUK THINKS... IT'S YOUR COURT!
• Does it seem that the courts only care about criminals?
• Should you spend all day in court for a five minute hearing?
• Should the court calendar be filled with foolish lawsuits?
• Should you wait months to get to court!
• Do you feel excluded from the system that is supposed to protect you?
It's Time for a CHANGE!

Experience: 30 years practicing law
Administrative Law Judge
District Court Referee
Mediator/Arbitrator
Law School Professor
Character: Honorably Discharged Captain, US Army
Married 32 years – two adult daughters
Active in community concerns

SOUPÇON

Sherry LaCoursiere
email: lacourse@mncable.net

Maybe you remember this recipe from a long time ago – It still a hearty dish to fill up hungry tummies:

HUNGRY BOYS CASSEROLE
1-1/2 pounds ground beef
1 cup chopped celery
1/2 cup chopped onion
1/2 cup chopped green pepper
1 garlic clove, minced
1 (6 ounce) can tomato paste
3/4 cup water
1 teaspoon paprika
1/2 teaspoon salt
1 (16 ounce) can pork and beans, undrained
1 (15 ounce) can garbanzo beans, drained (or lima beans)
Biscuits:
1-1/2 cups flour
2 teaspoons baking powder
1/2 teaspoon salt
1/4 cup butter or margarine
1/2 to 3/4 cup milk
2 tablespoons sliced stuffed green olives
1 tablespoon slivered almonds

In large skillet, combine ground beef, celery, onion, green pepper and garlic. Cook over medium high heat until beef is cooked thoroughly and vegetables are tender. Drain. Reduce heat to low.

Stir in tomato paste, water, paprika and 1/2 teaspoon salt. Add both kinds of beans and simmer while preparing biscuits.

Heat oven to 425 degrees. In large bowl, combine flour, baking powder and 1/2 teaspoon salt. Mix well.

Using pastry blender or fork, cut in margarine until mixture resembles coarse crumbs. Gradually stir in enough milk until mixture leaves sides of bowl and forms a soft, moist dough.

On floured surface, gently knead dough 8 times. Roll dough to 1/4 inch thickness and cut with floured 2 1/2 inch doughnut cutter, reserving all center holes. Reroll to cut additional biscuits.

Reserve 1/2 cup of hot meat mixture. Pour remaining mixture into ungreased 9x13 inch (3 quart) baking dish. Arrange biscuits without centers over hot meat mixture.

Stir olives and almonds into reserved meat mixture and spoon into center of each biscuit. Top each with a center hole.

Bake at 425 degrees for 15-25 minutes, until biscuits are golden brown.

(Nutritional Information: Recipe serves 8. Each serving contains 470 calories, 23 g protein, 44 g carb, 22 g fat and 1000 mg sodium.)

Serve your hearty casserole with some tangy slaw:

TANGY TEXAS SLAW
4 cups shredded green cabbage
1 cup shredded red cabbage
1/4 cup chopped red onion
2 jalapeno chiles, seeded and finely chopped
2 tablespoons chopped fresh cilantro
1 (11 ounce) can whole kernel corn with red and green peppers
4 ounces (1 cup) shredded cheddar cheese
Fresh cilantro sprigs
Dressing:
1 cup purchased ranch salad dressing
1 tablespoon fresh lime juice
1 teaspoon cumin

In large bowl, combine all salad ingredients except cilantro sprigs. Mix well.

In small bowl, combine all dressing ingredients, blending well. Pour over salad and toss to coat. Serve immediately or refrigerate until serving time. When serving, garnish with cilantro

(Nutritional Information: Recipe serves 8 with 1 cup servings each. Each serving contains 240 calories, 5 g protein, 12 g carb, 19 g fat and 410 mg sodium.)

With the great apples available now, make this delicious cake for dessert:

CARAMEL APPLE CAKE
Cake:
1-3/4 cups flour
1-1/2 cups packed brown sugar
1/2 teaspoon salt
1/2 teaspoon baking powder
1/2 teaspoon soda
1-1/2 teaspoons cinnamon
1 teaspoon vanilla
3/4 cup butter or margarine, softened
3 eggs
1-1/2 cups (2-3 medium) finely chopped, peeled apples
1/2 to 1 cup chopped nuts
1/2 cup raisins, if desired
Frosting:
2 cups powdered sugar
1/4 teaspoon cinnamon
1/4 cup butter or margarine, melted
1/2 teaspoon vanilla
4-5 teaspoons milk

Heat oven to 350 degrees. Grease and flour 9x13 inch pan.

In large bowl, combine cake ingredients: flour, brown sugar, salt, baking powder, soda, cinnamon, vanilla, butter and eggs. Beat at minutes at medium speed.

Stir in apples, nuts and raisins. Pour into prepared pan.

Bake at 350 degrees for 30-40 minutes or until toothpick inserted in center comes out clean. Cool completely before frosting.

To prepare frosting, blend all frosting ingredients, adding enough milk to make desired spreading consistency. Spread over cooled cake. Cake serves 15 people.

(Dietary Information. Each serving is 300 calories, 4 g protein, 56 g carb, 18 g fat, 280 mg sodium.)

This would be a tasty hot fruit drink to serve with your hearty dinner on a cold fall evening:

ROSY CITRUS DRINK
2 cups cranberry juice
1 cup unsweetened grapefruit juice
1 cup orange juice
1/2 cup sugar
1/4 teaspoon ground allspice
Apple slices and cinnamon sticks, if desired

In saucepan, combine juices, sugar and allspice. Bring to a boil. Serve in mugs, garnished with apple slices and cinnamon, if desired. Serves 4.

Course for divorcing parents to be held November 8-9

The next session of "Parents Forever," a course for divorcing parents, is scheduled for November 8 and 9. The Friday evening class is 6-8 p.m. The Saturday sessions run from 8 a.m. to 3:30 p.m. Classes are held at the Northwest Service Cooperative.

When a mother and father divorce, it is a major life change for all members of the family. Each family member's emotional, psychological, physical and financial well-being are impacted. Children are often affected for years to come by decisions made by their parents during the divorce process. The course helps provide divorcing couples, or those contemplating divorce, with information that will help them make decisions that minimize the stress of this transition time.

Topics included in the class series are: Impact of Divorce on Adults, Impact of Divorce on Children, Money Issues in Divorce, Legal Issues and Role of Mediation and Pathways to a New Life. Cost of the course is $45, which includes books. This course provides the requirements for divorcing couples, as mandated by the state court system. This is the final series of classes for 2002; five class series will be set for 2003.

For more information or to register for the course, call Glenice Johnson at the Pennington County Extension Office, 683-7030.

Alzheimer's support group to meet in Warren

A support group for family and friends who provide care and/or support to elderly persons or those with Alzheimer's disease will meet on Monday, November 4 from 10 to 11:30 a.m. at the Summerfield Apartments Community Room in Warren.

Individuals with a loved one in a nursing home or at home are encouraged to attend.

NWRDC receives money for emergency housing needs

Minnesota Housing Finance Agency has awarded $750,000 to the Northwest Regional Development Commission for emergency housing needs related to the 2002 floods. Assistance is available in eight counties: Kittson, Mahnomen, Marshall, Norman, Pennington, Polk, Red Lake and Roseau. Assistance is related to income and available for single-family and mobile home owners. Homes can be located in rural areas or in town.

The Northwest Regional Development Commission immediately needs to hear from anyone without drinking water, furnace and/or any other health and safety issues. For more information, call 1-800-646-2240.

DEATHS

Genevieve Ring, 83

Thief River Falls - Genevieve Ring, 83, died on Thursday, October 31, 2002 at Pioneer Memorial Home in Erskine.

Funeral services will be held at 2 p.m. on Sunday, November 3 at Johnson-Green Funeral Home in Thief River Falls with Rev. David Perde officiating. Interment will be in Geneva Cemetery in Alexandria on Monday, November 4.

Visitation will be held on Sunday, November 3 from 10 a.m. to 2 p.m. at the funeral home.

A complete obituary will appear in the next edition of *The Times*.

Graveside services to be held for Val Marchildon

Graveside services for Val Marchildon, who died on Monday, October 21 in Duluth, will be held at 1 p.m. on Saturday, November 9 in St. Mary's Catholic Cemetery in Red Lake Falls.

ELECT Lyle Kenner
For Minnesota State Senate District 1

PARENTS RIGHTS DENIED
PARENTS' PROBLEM:
Presently under Minnesota law health care providers (your family doctor) are prohibited from giving parents information about their minor child's health if it concerns pregnancy, venereal disease, alcohol, or drug abuse, unless that child gives written consent.
SOLUTION:
On March 25, 2002 (Senate Journal page 5919) there was an amendment to repeal this bad law.
SENATOR PROBLEM:
My opponent, the incumbent Senator Stumpf, voted against the amendment. He voted to keep the parents in the dark.
SENATOR SOLUTION:
I'm Lyle Kenner. As your State Senator I would vote for the amendment, for the parents. This concerns minor children. It is the parent's natural right and responsibility to know about their health.
PARENTS REALLY DO CARE!
Paid for by Kenner for State Senate, P.O. Box 89, Thief River Falls, MN 56701, 218-681-2893

Have You Thought About Your Will Lately?
From the birth of a child to a struggle with illness, numerous life events cause us to consider the impact our own mortality will have on loved ones. In response, many people turn to writing a will as a way of ensuring assets ultimately pass to their heirs.
Is a will enough to protect what's most important to you?
Please join us as our panel of experts explore this and other common estate planning issues, including:
• Trusts vs. wills: Is one better for you?
• Protecting loved ones if you become ill
• Deciding when and how your assets are distributed
• Paying estate taxes, the mortgage and other bills
This one-hour program is free, but seating is limited. To reserve your seat or for more information, please call or stop by today. If you are unable to attend, please contact our office for other viewing options.

A BOLD LOOK AT BEDTIME.

The day ends with a ritual. You wash. You brush. You reflect on the ability of some things to get better with age. Like the beautifully sculpted lines of Kohler's Revival® faucet, with a style as graceful as the turn-of-the-century era that inspired it. If bedtime doesn't look inspired, if bedtime doesn't look this timeless in your bathroom, look to our Kohler® Registered Show-room and expert design staff, before another evening goes by.

EDITORIAL OPINIONS

Dave Hill, *Editor*

Editorial opinion published under this heading is intended to stimulate thinking and discussion among our readers. Unless specified otherwise, the editorials are written by Editor Dave Hill and do not represent opinion of other staff members. Opinions in items from other publications may not coincide with the editor's own views but are offered for their general interest.

Get out and vote on Tuesday

For the past couple of weeks staff at *The Times/Northern Watch* have been focusing on the upcoming election – writing, editing, preparing candidate profiles, and designing future efforts. It was and is our desire to provide our audience with as much information about the candidates and issues as possible. We hope you have taken the opportunity, from whatever medium, to become informed voters.

This is a critical election. Decisions voters make on Tuesday will affect us for years to come. As a result of this election, there will be changes in the budget, taxes, K-12 funding, transportation, local government aid, and a whole host of other subject areas. It will affect us all. So, we appeal to you to get out and vote on Tuesday. If less than convinced by our appeal, get out and vote as a way to express joy for the fact that the campaign advertising will now cease.

Memorial service/rally may hurt Democrats

I was pleased that candidates suspended their campaigns, if only for a few days, in respect for Sen. Paul Wellstone and everyone killed in that airplane crash. In the last couple of days, people have been bending my ear, however, about the "shameless" way Democrats turned the memorial service into a political rally.

It may be the best advertising for Republicans this political season. Democratic party leaders will certainly know whether a serious mistake was made by the end of the day Tuesday.

POLICIES

Letters To The Editor: The staff of the *Northern Watch* encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in *Northern Watch* exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

LETTERS

TRF candidates spar over comments

To the Editor:

I would like to rebut some of the statements made in the candidate profiles that appeared in the Oct. 30 edition of The Times. First, all the numbers I used in my campaign came from the city administrator's office. Since 1990, the city has bonded $5.1 million for the water treatment plant, bonded $1 million for wastewater, and bonded $1 million for special assessments, not counting the Depot Debt. You do the math.

Joshua Whitlow, candidate for Thief River Falls mayor, stated, "I don't believe owning a business for 20 years or being born and raised here makes your opinion or ideas anymore important than any other taxpayer in Thief River Falls." Dale and I never said it did. Our ideas or opinions, are not more important. This was only background information on the candidates.

He also stated that he punched a time-clock and worked at least 40 hours a week. For most independent business owners, this is only half a weeks worth of work.

Sincerely,
Jerry Unruh
candidate for TRF mayor

Josh Whitlow responded that it was his intention to remind everyone that everybody's opinions and ideas are equal. He said his comments about work were intended to let people know that he understands what it's like to work for someone else and earn an hourly wage.

Candidates giving us lip service on Social Security

To the Editor:

Much is being said about Social Security in this election campaign. Candidates give us much lip service and give us the impression they will do much to preserve and protect it. Do their votes prove their good intentions? Some say that it is unwise and even dangerous to let any individual invest some of it. Then why is it fine for them (congressmen) to invest their own retirement and those of other government employees?

If they cared so much about preserving Society Security I would think the least they could do would be to vote for the Lock Box bill and put it off limits for congress to spend.

The United States House of Representatives voted 407 to 2 in favor of the "Lock Box."

The United States Senate defeated the "Lock Box" bill 43 to 54 (July 10, 2001).

The 40 plus 3 votes for the "Lock Box" bill definitely proves that it was not a bi-partisan vote.

We need to know how our incumbents vote so we will not be falsely swayed by election-time politics. Minnesota Senators did not choose to support the "Lock Box" bill.

Sincerely,
Alvin Nygard
Thief River Falls

Borsheim responds to comments by Penas

To the Editor:

Hello again, I am Mark Borsheim and, I was in shocked when I read my opponents response to my points in the article introducing myself. I am running for the Minnesota House, and I am willing to stand on my record as Mayor of Thief River Falls. I wasn't trying to blame any one, I was only pointing out the issues that made me decide to run for office. I didn't try to twist or misrepresent things, only tell you how I saw it as Mayor of a northwest Minnesota city. I will try to explain them more, point by point.

First Point: In spite of the $900 million that House Republicans and the governor spent reducing local property taxes, many owners of farms, homes and small businesses in our district saw property tax bill increases.

My opponent said that I was "unfair" to blame Republicans and the Governor. Let me tell you my personal experience with this. The Speaker of the House, Rep. Sviggum a Republican was in Thief River Falls telling us that we saw on average a 20 percent reduction on our property taxes. I tried to tell him that this was untrue, and I had to ask him the question again, and he still insisted that we saw a 20 percent reduction. He was so out of touch with northwest Minnesota, and lacked an understanding of property values in Thief River Falls, and northwest Minnesota.

In the 2001 property tax reform plan, House Republicans and the governor spent $88 million a year taking over local property tax levies that fund transit programs. 96 percent of that money is being spent on mass transit programs in the Twin Cities metropolitan area, and our taxpayers receive no benefit from this tax give-away. We should not be compelled to pay for metro transit relief, given that township HACA and LGA funding has been eliminated!

Despite my opponent's claims, townships lost, and the metro area won. Just ask your township officers, they will tell you the whole story.

I would have opposed giving tax breaks to the wealthiest taxpayers in the state since it helped aggravate the state budget deficit. And I will certainly oppose any effort to put the burden of balancing the state' budget on the backs of Greater Minnesota taxpayers.

My opponent claims, she was not in "office" when the legislature cut income taxes. The biggest one was in the 1999 – 2000 session. Another income tax cut was done while she was in office. I will certainly oppose any effort to put the burden of balancing the state' budget on the backs of Greater Minnesota taxpayers.

Last year, 183 school districts were forced to ask their voter to approve excess levy referendums because they were under funded by the legislature. Many more school districts, including some of our own, will have to try to pass levy referendums this year.

My opponent responded, "for the 2001-2002 budget cycle, Minnesota schools actually received more funding from the state than they have ever before." Well of course they did, It was the first time the state took over the funding of Minnesota schools. The bottom line is our schools and teachers receive less than the metro schools. I think it's not fair, and the fact that 183 districts had levy referendums tells us that they were under funded.

I will take our views to St. Paul, and unlike my opponent, I won't use 90 percent of my vote supporting the suburban lawmakers.

My opponent replied, "I don't know how Mr. Borsheim arrived at this statistic, but it is ridiculous". Well I'll tell you how I arrived at it; I took her voting record and compared it to other lawmakers from the metro area and the Speaker of the House. In the Speakers case, she voted with him 92 percent of the time in her first year and over 88 percent of the time the second year. I don't think his priorities are northwest Minnesota's. You can look up their records yourself if you wish.

Once again I tell you that my priorities are northwest Minnesota, not the metro area, and I will stand on my record as Mayor. At the end of the day the only thing that matters is the results, not the promises. I encourage you to talk to the people, who know, not just believe what you read and hear in political ads. Talk to your school board, your city council, county board, and township officers; ask them if this is the straight talk. Then the next thing to do is chose your candidate and vote November 5th.

Get ready for winter during Winter Hazard Awareness Week

November 4-8 marks Minnesota's Winter Hazard Awareness Week 2002. The event serves as a reminder that this is the time of year when Minnesotans need to prepare their homes, vehicles and families for a safe winter season.

Anyone who has resided in Minnesota for 12 consecutive months already knows that winter happens sooner or later, and we have to be ready for cold and snow. Winter Hazard Awareness Week provides a perfect time for people to have cars winterized, check home heating appliances and install carbon monoxide detectors in their homes. It is important to review safe winter driving skills, put together a winter survival kit for each car and dress appropriately for outdoor activities to avoid frostbite and hypothermia. We also need to understand the winter storm watches, warnings and advisories issued by the National Weather Service.

A new source of information this year is the Minnesota Department of Transportation (MnDOT) "511" service. With the slogan "Dial Up or Log On," the people at Mn/DOT encourage Minnesotans to prepare for travel by checking the road conditions in which they will be driving. By dialing 5-1-1 from anywhere in the state, callers can interact verbally with the computerized service by saying the name of the town or region they are interested in and giving spoken instructions for the information they want. They are also asked to provide feedback to help MnDOT improve the service. There is also a "Help with 5-1-1" request available in case the system confuses you.

Visitors can also log on to www.dot.state.mn.us and click on the "511 Traveler Info" icon on the upper right side of the screen. Users are asked to select any area of Minnesota - or the entire state - for a road condition overview. Information includes road closures, construction zones, accidents and dangerous weather conditions.

Specific hints on getting ready for winter appear on the Minnesota Department of Public Safety's Division of Emergency Management Web site at www.dem.state.mn.us. There are simple things that can be done, such as keeping car gas tanks full, checking your home for carbon monoxide and radon, clearing fire hydrants of snow and setting time limits for children's outdoor play.

The Minnesota Department of Public Safety's Division of Emergency Management sponsors Winter Hazard Awareness Week in partnership with five other state agencies: the American Red Cross, the Minnesota Safety Council, the Insurance Federation of Minnesota, the Minnesota State Fire Chiefs' Association and the National Weather Service.

Pheasant dinner to be held for veterans

The 61st Annual Pheasant Dinner for Hospitalized Veterans will take place on November 11 at the U.S. Department of Veterans Affairs Medical and Regional Office Center in Fargo, N.D.

Started in 1941, this program has become the largest game dinner in America. Sponsored by the Veterans of Foreign Wars and Auxiliary, American Legion and Auxiliary and the Sportsmen Clubs, hospitalized veterans receive a pheasant and wild rice dinner on Veterans Day. All pheasants and wild rice are donated to the VA Medical and Regional Office Center.

In conjunction with Veterans Day, the AMVETS Post 7, Fargo, will hold a program at 2 p.m. in the Third Floor Lounge.

This annual event demonstrates the community still remembers and cares for the hospitalized veterans.

First Aid class to be held November 14

A First Aid class will be held Thursday, November 14, at 1 p.m. at the Middle River Community Center. The Middle River - Thief Lake Living At Home/Block Nurse Program is sponsoring the class. The class is free and open to any program volunteers, as well as the general public.

Some of the topics covered will be burns, frostbite, broken bones, splinting and seizures. Heart attacks, strokes and diabetes will be briefly discussed. In addition, accessing the EMS system will be talked about. Coffee and cookies will be served.

Members of the Thief River Falls girls high school tennis team who were named the 2002 Class AA tennis academic state champions, were recognized during the Prowlers' annual awards banquet. The group included, front row from left, Erin Steve, Kate Levinson, Stacia Kalinoski, Kara Larson; back row, Kelsey Christenson, Rebecca Delmore, Elise Paterson, Katie Schommer, Maggie Stock and Eryn Clow. Paterson, a junior, is the only underclassmen in the group. All of the seniors pictured received individual awards as members of the all-academic team. The Prowlers won the award with a 3.949 average accumulated GPA.

Special award winners during the 2002 Thief River Falls girls high school tennis banquet were, front from left, Maggie Stock, most doubles points; and Elise Paterson, Rookie of the Year; back row, Eryn Clow, most valuable player, most singles wins; Rebecca Delmore, most improved; Kelsey Christensen, Prowler Award; and Ashley Leister, captain-elect of the 2003 Prowlers.

Banquet closes season...

TRF tennis squad is academic state champion in 2002

Recognition of Thief River Falls' Class AA academic state championship team highlighted the Prowlers' 2002 high school girls tennis banquet Monday.

It's the first-ever state academic title for the Prowlers, who have won the award at the sectional level the past eight years.

Thief River Falls girls who formed the academic honor squad included seniors Erin Steva, Kate Levinson, Stacia Kalinoski, Kara Larson, Kelsey Christensen, Rebecca Delmore, Katie Schommer, Maggie Stock and Eryn Clow, along with junior Elise Peterson. Together, they had an average accumulative grade point average of 3.949.

Clow was named the Prowlers' most valuable player this fall. Delmore was selected as the most improved player; Christensen was presented with the Prowler Award; and Peterson was chosen Rookie of the Year.

Additional honors went to Clow for leading the team in singles wins, and to Stock for most doubles victories.

Freshman Ashley Leister was named captain of the 2003 Prowlers.

The senior-dominated Prowlers were 12-4 in dual meet competition this fall. Three of those four losses came at the hands of an unbeaten Bemidji team, including a 5-2 decision in the North Sub-Section 8AA team tournament finals.

Clow (singles) and Larson-Kalinoski (doubles) advanced to the Section 8AA individual tournament.

"At the beginning of the season, we set a very clear goal, and that was to be competing for the section title at the end of the season," said Thief River Falls coach Troy Hanestad. "To attain this goal, improvement had to be a priority in everything that our players did during the season. We challenged our girls to risk failure in every practice and in every match. Our players responded, and I feel that each of them did everything we asked in our attempt to achieve our team goal."

The Prowlers were a title contender by year's end, according to Hanestad "In the sub-section final against Bemidji, I thought our kids played the best tennis they were capable of on that day," he said. "They were beaten by a better team."

Hanestad had special praise for his seniors. "We graduate nine very special seniors who have meant so much to me personally, and to our program," he said. "All nine of our seniors possessed the ideal qualities that I would list for a Prowler tennis player, and all of them represented our program with the highest level of class. They are a group of players who were so committed, that many times our practices would go beyond our scheduled time and they still wanted to continue."

Clow and Stock are planning to play tennis at Minnesota State University-Moorhead next year, according to Hanestad, who added that four others have also expressed an interest in playing at the college level. "I feel very honored to have had the opportunity to know and coach these girls for the past five years," he said.

The 2003 Prowlers will obviously have a different look, pointed out Hanestad. "Next year is a season of opportunity for our junior varsity and middle school players," he said. "We will have many spots to fill in our varsity line-up, and the girls who are willing to work the hardest in the off-season will reap the benefits."

It will be a challenge, but Hanestad isn't backing down. "While evaluating our program and our season, it is obvious that after five years of coaching, our program has yet to reach its full potential," he offered. "Changes and additions will be made next season in an attempt to take our program and players to the next level. I see a lot of potential in our junior varsity and middle school programs. The key factor for all of these players will be their level of commitment, and their attitude. Our goal will stay the same: at the end of next season, we want to be competing for the section title."

Mustangs swept by Greyhounds

Losses to Fosston started and ended the 2002 high school volleyball season for Red Lake County Central.

The defending Class A state champion Greyhounds out-scored the Mustangs 45-7 Thursday en route to a 15-4, 15-3, 15-0 Section 8A tournament semifinal sweep at the University of Minnesota-Crookston.

Red Lake County Central began its schedule with a 15-0, 15-11, 15-2 loss to Fosston back on Aug. 30.

Coached by Nancy Gray, the Sub-Section 31A champion Mustangs finished the year 23-6 overall.

(Continued on Page 9)

North Border Conference volleyball players picked

North Border Conference coaches have named their 2002 all-conference high school volleyball team.

Three Prowlers named football all-conference

Three Thief River Falls players were chosen as all-conference picks when North Border Conference high school football coaches announced post-season awards this week.

The Prowlers' Dane Kjono, an offensive back/defensive back, was one of just three players who earned all-conference recognition on both sides of the ball.

His was joined on the all-conference list by teammates Preston Johnson and Darrin Momerak, a pair of offensive linemen.

In addition to Kjono, the all-conference two-way players were Chris Norby, an offensive lineman/defensive lineman from Grand Rapids, and Tyler Ledyard, a receiver/defensive lineman from Duluth Central.

The 27 all-conference spots were filled by seniors, with the exception of Duluth Denfeld receiver Matt Lien and Hibbing linebacker Jake Tumbloom, a pair of juniors.

North Country All-Conference

■ Offensive linemen - (Duluth East) Ryan Ready; (Duluth Central) Ryan Hanna; (Grand Rapids) Chris Norby, Kyle Curtiss; (Thief River Falls) Preston Johnson, Darrin Momerak; (Hibbing) Kyle Collier.

■ Receivers - (Duluth Denfeld) Matt Lien (Duluth Central) Tyler Ledyard

■ Offensive backs/quarterback - (Duluth Denfeld) Steve Mueller; (Duluth East) Chris Siljendahl, (Grand Rapids) Nik Dimich (Thief River Falls) Dane Kjono; (Hibbing) Eli Tintor; (Cloquet) Steve Johnson.

■ Defensive linemen - (Duluth East) Tim Wheeler, Tom Knutson; (Duluth Central) Tyler Ledyard, (Grand Rapids) Chris Norby; (Hibbing) Danny Tomassoni.

■ Linebackers - (Cloquet) Eric Nimmo; (Grand Rapids) Brian Maturi, (Hibbing) Jake Tumbloom.

■ Defensive backs - (Duluth East) Pete Homstad, (Grand Rapids) Casey Litchke, (Thief River Falls) Dane Kjono, (Hibbing) Scott Kleffman

Donny Schatz will address NOPA race banquet in TRF

World of Outlaws driver and Indy/NASCAR hopeful Donny Schatz will be the featured speaker during the 2002 Northern Organized Promoters Alliance (NOPA) awards banquet Saturday, Nov. 23, at the Best Western Inn of Thief River Falls.

Schatz was named the World of Outlaws Rookie of the Year in 1997. Coming off a banner season, he has emerged as one of the top WoO sprint car circuit drivers.

After wrapping up this year's World of Outlaws dirt track season Nov. 9-10, Schatz will be heading west to try his hand at the Silver Crown asphalt program, a series that has graduated the likes of Jeff Gordon and Tony Stewart into the major leagues of motorsports.

The banquet will honor the top drivers from NOPA, an organization that includes six area tracks – Greenbush Race Park, Marshall County Speedway in Warren, the Rocket Speedway in Hallock, Bemidji Speedway, River Cities Speedway in Grand Forks, N.D., and Victory Lanes Speedway in Winnipeg, Man.

The 7 p.m. banquet is open to the general public, with tickets available on a first-serve basis. Tickets are priced at $15 per couple in advance, or $20 at the door.

Banquet registration and ticket information is available on the NOPA Web site at www.noparacing.com.

TRF Racing Association has awards banquet for Marshall Co. Speedway

Plaques were presented to the top three drivers in each class when the Thief River Falls Racing Association held its 2002 awards banquet for the Marshall County Speedway Oct. 18.

The event was held at the Elks Club in Thief River Falls.

Race officials gave appreciation plaques to Fred Nicholls, LeRoy Vonasek, the Warren Fire Department and the Warren Ambulance Service.

Driver Award Winners

■ Wissota Modifieds - 1. Kevin Sexton, 2. Ryan Fike, 3. Davey Riopelle

■ Wissota Super Stocks - 1. John Halvorson, 2. Rod Peterson, 3. Scott Brown

■ NOPA Street Stocks - 1. Doug VanMill, 2. Stan Olson, 3. Sheldon Peterson.

■ NOPA Pure Stocks - 1. Ron Ranstrom, 2. Trevor Bonitt, 3. Charles Johnson.

Mustangs lose 3-0 match

(Continued from Page 8)

Kittson Central came from behind to beat Ada-Borup in the second half of Thursday's semifinal doubleheader, 9-15, 5-15, 15-12, 15-9, 15-9.

The Greyhounds and Wolfpack meet in the Section 8A title match tonight (Saturday) at 7 p.m. at UMC.

At Northland Community and Technical College Thursday, Roseau was a 15-5, 15-4, 16-14 winner over Clearbrook-Gonvick in in a Section 8AA semifinal match.

The Rams and Dilworth-Glyndon-Felton meet tonight at 7 in Perham for a state tournament berth. The Rebels defeated Frazee 15-2, 15-6, 15-7 in a Thursday semifinal match at Perham.

RLCC vs. Fosston Scoring

■ Kills - (RLCC) Michelle Halvorson 9, Emily Bjerklie 5, (Fosston) Kelly Roysland 21, Shelly Francis 9.

■ Assists - (RLCC) Maureen Munt 10, Michelle Halvorson 7, (Fosston) Kala Dommer 28.

■ Aces - (RLCC) none, (Fosston) Shelly Francis 4, Sara Lucken 1, Kala Dommer 1.

Agassiz open to deer hunting

The 2002 firearms deer hunting season at Agassiz National Wildlife Refuge will be held Nov. 9-17, in accordance with Minnesota Department of Natural Resources and federal regulations.

Zone 2 Antlerless Area 203 consists of Agassiz and the Elm Lake, Eckvoll and Mud Lac Wildlife Management Areas.

Within Agassiz, pre-season scouting will be allowed Friday, Nov. 8, from 8 a.m. to 3 p.m. Gates will be closed at 3:30 that afternoon. A new refuge deer hunting brochure has been written and is available at the office, or at the two kiosks located along Marshall County Road 7 and the headquarters kiosk.

Deer hunting regulation signs with a map of Antlerless Area 203 are also placed at six locations on the refuge showing open roads and listing hunting regulations.

Hunters are reminded that construction of, or hunting from permanently-constructed tree stands is illegal. Portable stands are legal and can be placed at any height, but cannot be left overnight to save a spot.

Casting spotlights or vehicle lights from a public road onto the refuge is considered spotlighting, and is illegal at all times on the refuge.

Camping is not permitted on the refuge, but camp sites are available on adjacent state wildlife management areas.

During the deer hunting season, the refuge will open at 5:30 a.m. and close as soon as possible after legal shooting hours end. Gated roads will be closed after all hunters have left. Other refuge roads, trails and dikes will be restricted to foot traffic, bicycles and non-motorized carrying devices for transporting deer.

Non-motorized water craft may be used on ditches and pools. The use of snowmobiles, three and four-wheelers, trail bikes and other off-road motorized vehicles is prohibited on the refuge. For information on use of those machines on state wildlife management areas during the firearms deer season, see the DNR 2002 hunting regulations.

Except for two closed areas around the headquarters and maintenance center building, the entire refuge will be open to deer hunting. Closed area signs are clearly marked on refuge hunting leaflets. Entrance into these areas is not permitted. If a wounded deer travels into a closed area, refuge personnel must be contacted before the deer can be pursued.

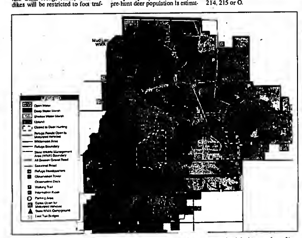
Any hunter who is permanently or temporarily physically challenged and wants to use the accessible deer hunting platform needs to contact refuge personnel at headquarters before or during the season.

Aerial deer surveys completed Feb. 28, 2002, estimated the refuge area deer population to be approximately 1,600 – some 450 more than estimated in 2001. Mild winter conditions over the last four years resulted in a high survival rate. During that time, many does produced twin fawns, helping the recovery of the deer population. The spring pre-fawn deer density for 2002 was 12 deer per square mile. This is slightly below the management objective level of 13.5 to 16.5 deer per square mile. For 2002, the pre-hunt deer population is estimated to be 2,000 within the 131 square miles of Antlerless Area 203.

Four-hundred antlerless permits were available in the area for 2002. All 115 applicants received an antlerless permit. An additional 78 deer management permits were issued to applicants who checked the bonus box on their application. A total of 196 antlerless permits were issued for Antlerless Area 203.

Four years previous to 2001, bucks only were allowed to be harvested in Antlerless Area 203. In 2001, a total of 84 bucks and nine antlerless deer were harvested. There were 58 bucks taken in 2000. Deer harvest average for the past ten years is 281, and for the past five years is 52.

Deer taken in Permit Area 203 must be registered in Zone 2. There is no check station at the refuge headquarters, but there is at least one in most nearby towns.



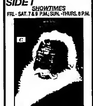
Hunter safety is always of special concern. Hunters need to be aware of others in the area to prevent shooting accidents.

The potential for hypothermia and heart attack also exists. Check ice conditions before attempting to cross any water areas. Most ditches in the area have five to eight feet of water.

First aid rescue equipment is on hand at refuge headquarters. If assistance is needed, contact refuge personnel at the headquarters.

All hunting accidents on Agassiz National Refuge must be reported immediately at headquarters.

Questions about deer hunting on the refugee can be answered by calling 218-449-4114, extensions 211, 214, 215 or O.



Agassiz National Wildlife Refuge will be open to the public for the 2002 Minnesota DNR firearms deer hunting season, scheduled to run from Nov. 9-17.

Candidates for District 2 State Senator

Steven Booth,
Candidate for State Senator,
District 2

(Continued from Page 1)
for my fellow human being. Recognizing these attributes, people in the community asked if I would run for the senate.

Government needs to let you keep more of what you earn. You can spend your money on your behalf better than the government can.

You can take care of your neighbor more effectively and efficiently than the government can.

Government needs to operate the way we do in our homes, businesses and farms. When we have to, we eliminate the nonessential expenses.

Why are some saying your taxes must go up because of deficits when the state lottery is allowed to spend millions advertising?

Some want to form more inefficient levels of government bureaucracy to care for seniors, yet continue to tax our seniors' retirement pensions and have them pay property taxes.

Having served our country, I assure you I will be steadfast in ensuring your right to bear arms.

When America's farmers make money, everybody else does. Why are we importing what our farmers want to produce?

As your senator, I will be duty bound to use my life experiences to represent you with integrity, the way you want to be represented. I will make decisions that empower the people instead of the government and be a person of accountability.

Rod Skoe
State Representative candidate for District 2

(Continued from Page 1)
process have been interesting and challenging. I have worked hard to bring a "Northern Minnesota" perspective to the legislative process. I have worked to show the legislature the effect that policies and legislation would have on the residents of this area. As your voice in St. Paul, I worked for a balanced policy that reflected our area's concerns. I would continue this as your senator for District 2.

Minnesota is a great state. Some of the reasons for this is because of our state's willingness to invest in education. We also have great natural resources. We care for our elderly and other vulnerable adults and have invested in the infrastructure of our state. Back in 2000-2001 when the state had large surpluses, the House of Representatives and Governor Ventura overreacted and passed unsustainable tax cuts that caused Minnesota to have a deficit in 2002. This deficit has been compounded by the tragic events of September 11, 2001 and the resulting weakening of our economy. But let us learn from history and not overreact again. We should not dismantle what has made Minnesota such a livable state. Let us continue to educate our children well and invest in our state. We also need to continue to care for our parents and other elderly adults. Let us know that our economy will bounce back and that we should not dismantle what makes us a great state just to get through a few tough years. We need to balance revenue with spending. We need to make change in small increments and not have huge swings to the state budget. This will require a balanced approach to the budget that will continue to move Minnesota forward. I believe I can accomplish this.

My priority issues are, and always have been, tied to improving our communities. Communities that have schools with children, parents and staff. Communities that count on many different businesses to provide economic vitality. Communities that have churches and service organizations providing social fabric for us. Communities that have health care provided by local doctors, clinics, dentists, pharmacies and nursing homes. I have worked to balance all aspects of our community with infrastructure development and a fair tax policy. Educating our children, maintaining a strong economy in rural Minnesota and keeping our quality health care system accessible and affordable for all Minnesotans are my priorities. With your support, I would continue to work to accomplish these goals.

This is a very important election. Re-districting has occurred, and this election will determine the direction of the state of Minnesota for the next decade. Learn all you can about the candidates, make an informed choice and vote this November 5.

Who's running for school district seats?

(Continued from Page 1)
incumbents are running again, and they are not facing any opposition. Candidates include Mark Carlson, Judy Duray and Marlene Rokke.

In the **Oklee School District, ISD 627,** three positions are on the ballot. One incumbent, John Melby, has filed papers to run. No one is running for the other two seats.

In the **Plummer School District, ISD 628,** six candidates are on the ballot for three positions. Candidates are incumbent Tony Gerardy, Greg Holmes, Mark Lee, incumbent Joe McMullen, Renee Plante and Dean Torkelson.

In the **Red Lake Falls School District, ISD 630,** five candidates are hoping to win one of the four positions on the ballot. Candidates are Deb Harms, incumbent John [illegible] Wes [illegible] incumbent Gary Thibert and Brian Vatthauer.

In the **Roseau School District, ISD 682,** three positions are on the ballot. One incumbent is running for reelection. Candidates include Myron Dieter, Tiffany Kennedy, Stuart McFarlane, Bill Petersen, Dan Timmersman and incumbent Larry Vatnsdahl.

In the **Tri-County School District, ISD 2358,** four positions are on the ballot. Two incumbents are running for reelection, and neither is facing opposition. No one is running for the other two positions. The two candidates are Daniel Langehaug and Corey Wikstrom.

In the **Warren-Alvarado-Oslo School District, ISD 2176,** four positions are on the ballot. All four incumbents are running for reelection. Candidates include Keith Abrahamson, incumbent Phillip David Awes, incumbent Kenneth Dagoberg, Carole Demars, Paul H. Olson, Karouan Balvik-Porter, incumbent Jody Pulkrabek, incumbent Mark Saunders and Loren Zutz.

Two school districts, the **Greenbush-Middle River School District, ISD 2683,** and the **Warroad School District, ISD 690,** do not have elections this election season. Those school districts have elections every other year.

Hunting For Numbers

When I get confused or concerned on particular life subjects, I turn to math. It's a safe and predictable direction to go when times get tough. If I'm out fishing, for instance, and someone else aboard manages to catch the first walleye, I reassure a fragile ego that my catching of the second fish is a far greater accomplishment, having pulled the quarry from a diminished pool of potential targets. Anyone could catch a fish if there are one billion of them out there, but only a superior angler could succeed when the population has dwindled to a meager 999,999,999. Or when I argue with my wife about some earthshaking dilemma like who forgot to turn off the garage light. Of course my odds of winning such a heated family debate are about one in ten thousand, but a loss suggests that I've taken another inexorable step towards that elusive and inevitable victory. Only a few thousand more to go.

And as we approach the 2002 deer firearms season, statewide concerns about Chronic Wasting Disease certainly concern and confuse me. Once again I turn to the haven of math.

The facts and figures are available virtually everywhere out there. In newspapers and magazines. On the television, the radio, and the internet. I won't try and rehash here what has already been done adequately and extensively. If you're still asking specific questions, most of the answers are easily available. The one big gap in the information chain remains, however, and therein lies the crux of the discussion. How does CWD fit into the human picture? And with mere days left before the opening of what should be an historically successful deer season, it doesn't seem likely that question will be definitively answered by the time I eat my next venison burger.

I find significant comfort in the numbers.

Consider first that no scientific path has been found from CWD in deer to related diseases in humans. Does that mean it's impossible for a transmission to occur? No, though the odds are already piling up in your favor. One in a thousand? One in a million? There's probably no tangible number to apply here, though the chances of you being lucky enough to earn a spot as "patient zero" are pretty darn slim. If you're concerned about the probability at this level, you'd better start buying more lottery tickets.

Now factor in the notion that a wild deer with CWD has yet to be found in Minnesota. Oh, sure, a case is coming. That's an inevitability given the fact some have already been identified in Wisconsin. However, with a million deer in the state and a clean, to date, track record on that herd, what are the odds that you're going to pop that first one. A million to one? And you've got to multiply that "gamble" with the one from the paragraph above, getting a number so astronomically high that most college level calculators can't hold all the zeros. Still concerned? Best not raise your hand in class when there's a lightning storm in South Dakota!

Now, with the odds fairly heavily weighted in our favor, let's throw a little more influence this way. Let's avoid those parts of the deer where the CWD prions are actually located. This year I'm not going to eat the spinal cord. Nor do I think I'm going to barbecue up any lymph nodes this fall. And despite the fact that I probably need them, the brains are going to miss the dinner table, as well. I know these are extreme measures, but odds are odds and we're tilting them as much as we can.

And, still, even though the numbers might suggest that your CWD exposure probability is now 2 gazillion to 1, the math also demands that that tiny possibility of contact exists. If it was 2 gazillion to 0, we wouldn't be talking math any longer, we'd be talking a perfect world. And if the numbers still don't digest well, I don't think venison will be on your fall menu.

But then neither should be the inherently dangerous process of hunting in the first place. Or crossing the street. Or attending a hockey game. Or blowing your nose.

And if by some horribly freaky mathematical coincidence, you are number one on the CWD list, take comfort in the notion that you can always move up here with me, where spongefying brain tissue doesn't seem to hinder day to day existence too much.

Lost Bay Drive at Agassiz will close for season Nov. 4

Lost Bay Habitat Drive and Maakstad Hiking Trail at Agassiz National Wildlife Refuge will close Monday, Nov. 4, and remain closed until spring of 2003.

Visitors may continue to observe wildlife along Marshall County Road 7, which bisects the southern portion of the refuge, and along other roads bordering the refuge.

Some of the resident wildlife species that can be observed and heard, or leave signs of their presence during the winter months include moose, deer, otter, fisher, common ravens, black-billed magpies, downy and hairy woodpeckers, white-breasted nuthatches and ruffed grouse.

Deer can usually be observed in the headquarters area during morning or evening hours when they are most active. Visitors are encouraged to stop at the refuge office to observe birds visiting feeders, and to report wildlife sightings to refuge personnel.

Officials hope everyone who visited the refuge during the summer months enjoyed the plant species making up each habitat type, and the wildlife species living in each of those habitats, along the drive and hiking trail. The drive will open again approximately May 1, 2003.

The U.S. Fish and Wildlife Service is the principal federal agency responsible for conserving, protecting and enhancing fish, wildlife and plants and their habitats for the continuing benefit of the American people. The Service manages the 94 million acre National Wildlife Refuge System, which encompasses more than 535 national wildlife refuges, thousands of small wetlands, and other special management areas. It also operates 70 national fish hatcheries, 64 fishery resource offices and 78 ecological services field stations.

The agency enforces federal wildlife laws, administers the Endangered Species Act, manages migratory bird populations, restores nationally significant fisheries, conserves and restores wildlife habitat such as wetlands, and helps foreign governments with their conservation efforts. It also oversees the federal aid program that distributes hundreds of millions of dollars in excise taxes on fishing and hunting equipment to state fish and wildlife agencies.

We want to thank everyone who came to help us celebrate our 50th Wedding Anniversary and for all the beautiful cards, gifts and flowers. Special thanks to our family for the party. It meant so much to us!
May God Bless You All!

Ward Map and Polling Places for TRF

On November 5, city polls will be open from 7 a.m. - 8 p.m. Polling places are: First Ward -Heritage Community Center, 301 Fourth Street East, 681-2793; Second Ward -Zion Lutheran Church, 505 Main Avenue North, 681-3296; Third Ward -National Guard Armory, 250 Emil Street, 681-4332; Fourth Ward -Ole Engelstad Park Shelter, 125 Crocker Avenue North, 681-7498; Fifth Ward -Redeemer Lutheran Church, 1300 Nora Street East, 681-3390.

Candidates fill area city election ballots

(Continued from Page 1)
for the at-large office on the council are Kevin Brevik, Wayne Hanson, Kevin Harmoning, and Robert Philion. In addition, Joyce Kalbakdalen, an incumbent, is running unopposed for a four-year term in ward one. Allen Ducharme, an incumbent, is running for the two-year term as mayor.

In **Roseau**, three individuals are vying for two four-year terms on the city council. The candidates are Terry Hanson, Pat Novacek, and Mary Ross. Jeff Pelowski, an incumbent, is running unopposed for the two-year term as mayor.

In **Strandquist**, three individuals are vying for two four-year terms on the council. The candidates in this race are Harold Donaldson, Loyal Lefrooth, and Terry Szklarski. Sara Ombler is running unopposed for a four-year term as treasurer.

Residents in **Thief River Falls** will have to make choices for several offices. Jerry Unruh, Dale Wennberg, and Joshua Whitlow are running for Mayor. Victor Braun and Harriet Worker are running for third ward alderman; and Elvera Cullen, Steve "Beaver" Nordhagen, Jarrod Wilde and Tom Williams are all running for the one Alderman at large position. Two other four year terms will also be on the ballot but the incumbents, Glen Kajewski in ward one, and Terrence BlackLance in ward five, are unopposed.

In **Warren**, three individuals are vying for two four-year terms in ward one. The candidates are Dave Conely, Gary Peterson, and Paul Westman. In ward two, Rob Kilner, the Incumbent, is running unopposed for a four-year term. Richard Nelson, an incumbent, is running for a two-year term as mayor.

In **Warroad**, Mayor Bob Marvin is running for the two-year term as mayor. Kevin Thompson and Lorii Wong are running for the two four-year terms on the city council.

In **Viking**, Wayne Peters is running for the two-year term as mayor. Mike Distel is running for the four-year term as clerk. Ardelle Anderson is running for the four-year term on the city council.

Thanks to all who remembered our 50th Anniversary with calls, cards and gifts - especially Reiner Church congregation for the surprise luncheon, cake and gift. How we enjoyed and appreciate your friendship!
Earland & Helen Halvorson

Coleman campaign visits area

(Continued from Page 1)
for the strong platform she supported.

Whatever their reason for being at Digi-Key that morning, Coleman reached out to all of these supporters with a message that touched on rural values – hard work and optimism.

He identified with them by saying he's profoundly optimistic about the future. And, he stated that "This isn't about party. This is about someone who will work tirelessly – put their heart, put their soul and do everything they can to make a difference."

Standing in front of a sign plastered with "Coleman means jobs," Coleman said he would work hard to create jobs.

But Coleman opened his speech by acknowledging that this was a tough time in politics.

As with all tragedies, he said, there comes a time, however, when it's time to go back to work. "You have to move forward, and you do that by going back to work."

Now is a good time to prune oak trees

Pruning oak trees is one of those things you do not want to put off until next spring. Every year, oak wilt kills large numbers of oak trees in Minnesota.

Late fall and winter - from November through March - is the safest time to prune oak trees to avoid oak wilt disease. And now is also a good time to prune most other trees, according to forestry specialists with the University of Minnesota Extension Service (UMES). You can find more information on oak wilt, pruning and other tree care tips at www.cnr.umn.edu/FR/extension.

For details on oak wilt, see the UMES publication "Oak Wilt in Minnesota." It is also available from county offices of the UMES, and for a nominal charge, you can order it by calling 1-800-876-8636. Ask for item 03174.

Another publication from the U.S. Department of Agriculture Forest Service gives you even more details. It is called "How to Identify, Prevent and Control Oak Wilt." You can find it at www.na.fs.fed.us/spfo/oakwilt.

Kids go to the polls on Tuesday too

(Continued from Page 1)
Challenger Elementary, Franklin Middle School and Lincoln High School are all using the Kids Voting curriculum, says Ihle.

In Betty Carlson's second-grade class, students had been studying voting for the last two weeks, leading up to a school-wide vote on a new piece of playground equipment. Students said they practiced voting on things like their favorite color and whether or not they like broccoli.

The class also focused on the privilege of voting. "I like being free to vote," said Hunter Balmer. "It wouldn't be fair if I could vote for only one guy like they do in other countries."

Most of Carlson's students agree that it is important to get kids involved in the election process. "It's good to get kids to vote when they're younger so they know how when they're older," said Kylie Lehrer.

"You don't have to vote the same way as someone else," said Alyssu Evenson, touching on another voting lesson. "You can vote however you want."

Although many Thief River Falls students are planning to take part in the election, some are unsure. Eryn Clow, a senior at Lincoln, said she probably won't vote. "I've never been able to vote before," she said. "So I haven't kept up the candidates. I don't want to vote on people when I'm not sure of their platforms."

Whether they will vote or not, many students are anxious to see the results. "I want to see who our leaders would be if we chose them," said Andrea Stenson, a Lincoln senior.

From students and parents to those organizing the event, Kids Voting is raising excitement in Thief River Falls. For some, it is due to its unprecedented nature. To others, it is a chance for kids to be heard. Nick Olson, a senior at Lincoln, said, "Kids' opinions matter, too. Just because we're not 18 doesn't mean we don't matter."

On Tuesday evening when kids leave the polls proudly displaying their "I Voted" stickers, they will hopefully feel as if they count. Because, to candidates, the media and the community, they do.

Knetter graduates from basic combat training

Army National Guard Pvt. Ashley L. Knetter has graduated from basic combat training at Fort Jackson, Columbia, S.C.

During the nine weeks of training, Knetter studied the Army mission and received instruction and practice in drill and ceremony; marching; rifle marksmanship; armed and unarmed combat; map reading; field tactics; military courtesy; military justice system; physical fitness and basic first aid. She also received special training in human relations and instruction in Army history, tradition and core values.

She is the daughter of Perry Knetter of Roseau and Rita Dix of Rudolph, Wis.

Jesmes bring dream home to Thief River Falls

by Jenny Nicholson
Reporter

When Eddie and Michele Jesme decided they were going to move, they considered many options. After seeing a neighbor's home that had been custom-built, the Jesmes were sold.

They were told about the company that built the house called W. Giesbrecht Homes from St. Anne, Manitoba. The Jesmes traveled to Manitoba to visit with Wilbert Giesbrecht, the designer. Michele says when they walked into his show house, their jaws dropped at the wonderful design they saw. They fell in love with Mr. Giesbrecht's designs. After talking with him for a while and discussing design options for their home, the Jesmes knew they were about to get exactly what they've always wanted - their dream home.

Mr. Giesbrecht, a former teacher, has spent the last 24 years designing and building homes for people all over the Manitoba and northern Minnesota area. With no formal training in architecture design, he had decided to work with a friend in building a house. Before the house was finished, it had been sold.

Mr. Giesbrecht says, "I just kept on going from there."

At first, he designed homes only part-time, but soon he had turned it into a lucrative, full-time job. With the help of a few family members and local builders and contractors, W. Giesbrecht Homes can turn out about 10-12 homes a year.

Since the homes are built in Canada, the American dollar can be stretched a bit farther when it comes to budgeting the home's expenses.

Michele says the great thing about working with Mr. Giesbrecht was that when they wanted to make changes to the design, he didn't start raising the prices on them.

"He said it all evens out at the end," she said.

Including the cost of moving the house from Canada, the Jesmes say they think they got the best deal possible. Michele says customer satisfaction is a big priority to Mr. Giesbrecht and they couldn't be more pleased with his work.

Mr. Giesbrecht says he's perfectly happy to continue doing exactly what he's doing now.

"It's obvious he loves what he does," Eddie says.

Eddie, Michele and their four children, currently residing in Middle River, purchased a lot on Riverbend Trail in Thief River Falls for their new house. Michele says they've been thinking about moving to Thief River Falls for a while now. With the Jesmes two oldest daughters, 13-year-old Amanda and 10-year-old Kassondra, busy with school activities, the drive to Thief River Falls was getting to be a bit much.

While Michele plans to open a daycare in the lower level of their new house, the two youngest children, three-year-old Brody and one-year-old Marisa will stay at home with Mom. Eddie will continue working as an over-the-road semi-truck driver. Michele also hopes to have time to decorate for the holidays, and, hopefully, be able to showcase the house in this year's holiday tour of homes in the Thief River Falls area.

Since the house was put on its foundation, the Jesme family has waited patiently for the electricians and plumbers to finish up with the last details; and they continue to pinch themselves as they move into their dream home.

Eddie and Michele Jesme's new house was placed on its foundation on Riverbend Trail in Thief River Falls two weeks ago by Reimer Building Movers of Manitoba as Fynboh Construction of Thief River Falls finished building the walls for the basement. The Jesmes had been looking for a house builder for some time when they heard about W. Giesbrecht Homes of St. Anne, Manitoba. Wilbert Giesbrecht considered the Jesmes' ideas for the house and designed what Michele calls their "dream home."

Near Greenbush: Newer three bedroom, two bath dual wide on 3 acres just outside of Greenbush. Mature trees surround the house. 24 x 36 garage. $79,900.

Near Warren: Very nice three bedroom rambler just off Highway 1 east of Warren. This quality-built home has 1900 sq. ft. of gracious living on the main floor and a finished basement. Oak woodwork and cabinetry. Fireplace. Sitting on 5+ acres the property also includes a 40 x 60 quonset, a 40 x 60 pole barn, a 36 x 60 quonset and a 38 x 48 insulated shop. A lot of real estate for $162,500.

In Argyle: Cozy two bedroom home with new roof and vinyl siding. Lots of work has been done inside too. Partially finished basement. Spacious lot, double garage. All for just $32,500.

In Oklee: Two bedroom all-on-one-level home with nice space. 16 x 24 garage. $29,900.

In Gatzke: Perfect hunting lodge or remodel for single family dwelling! This former 30 x 60 store building was built in 1984. It sits on a 84 x 200 lot right in Gatzke. Steel siding and shingled roof. Combination electric and wood furnace in addition to electric floor heat. Central Air. Excellent condition! Very near state land. Lots of possibilities here! $45,000

In Newfolden: Lovely turn-of-the-century home with beautiful original woodwork throughout. Open stairway to the 4-5 bedrooms on the second level. Or use the servant's stairway just off the kitchen. Excellent condition. Garage. Huge yard with great trees. Check it out! $64,900.

In Holt: You need to see this one! So much work has been done here in the last three years. New seamless steel siding, new shingles, three bedrooms, two full baths. Very nice home. 28 x 42 cement slab is there for your garage. Nearly two acres right in town. $71,500.

Near Newfolden: On 15 acres just a short distance from town sits this four bedroom, two bath home. The home is in the process of being remodeled and some building materials will be left with the house. Good Space, inside and out! Just $47,500.

NOTICE TO READERS
While work-at-home advertising is often legitimate, we advise readers to fully investigate the background of any company before paying a fee. If an offer sounds "too good to be true," it probably is. Proceed with caution if you are asked to send money or in calling 900 numbers. All phone numbers prefixed by "900" are charged to the caller on a per minute per call basis. Remember, if you have any doubts, investigate.

Notices

Advertisement for Bid

The City Council of the City of Thief River Falls, Minnesota will accept sealed bids for a prime contract for furnishing all labor, materials, tools, equipment and services necessary for the construction of a warehouse addition including a loading dock to Falls Liquor. Bid opening shall be in the City Council Chambers, City Hall, 405 East 3rd Street, Thief River Falls, MN at 10:00 a.m. (local time) on November 5, 2002 at which time and place all bids will be opened and read publicly.

Bidding requirements, drawings and specifications may be examined by interested bidders at the City of TRF, Falls Liquor, or at the office of the Architect, RRA, Inc., Richard Rude Architectural, 4111 Technology Dr NW, Suite 201, Bemidji, Minnesota, or the following Builders Exchanges Mpls, St. Paul, St. Cloud, Duluth, Grand Forks, Fargo-Moorhead, The Dodge Corporation and the Construction Bulletin.

Contract Bidders may obtain one complete set of drawings and specifications from the office of the Architect upon making a deposit in the form of a check in the amount of $50.00 payable to the RRA, Inc. (order set by calling Janet at 218-751-5316). The full deposit will be returned to the planholders who return the documents in good condition, suitable for re-use within ten (10) days after receipt of bids.

All electrical work shown on the project bid documents shall be completed by the Owner. General Contractor shall coordinate this work.

It shall be the Bidders responsibility to make inquiry as to addenda issued.

A Certified check or bank draft, payable to the order of City of Thief River Falls, TRF, Minnesota negotiable U.S. Government Bonds (at par value) or satisfactory Bid Bond executed by the Bidder and an acceptable surety in an amount of five percent (5%) of the total bid shall be submitted with each bid.

Contractors must take affirmative action to ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin.

The successful Bidder will be required to furnish and pay for a satisfactory performance bond or bonds for the full amount of contracts as awarded.

The City of Thief River Falls, TRF, Minnesota reserves the right to reject any or all bids or to waive any informalities in the bidding. No bid shall be withdrawn for period of thirty (30) day subsequent to the opening of bids without the consent of the Owner City of Thief River Falls.

KEEPING WATCH AROUND THE REGION

April Schelnoha

Willie O'Ree, Soul on Ice

Warroad - "I really am delighted about being here," said Willie O'Ree to Mr. Tveit's class of Warroad Middle School fifth graders.

On Tuesday, October 22, O'Ree, known as the first black man to ever play in the National Hockey League (NHL) traveled to Warroad, "Hockey Town USA," to share his personal story, stress education and encourage young ethnic kids to play hockey.

It was on January 17, 1998, during ceremonies before the NHL All-Star game, the NHL honored O'Ree for his pioneering efforts and named him the director of youth hockey development for the NHL/USA Hockey Diversity Task Force.

"We're going to reach out and get into the neighborhoods where these ethnic kids and families live," O'Ree said. "Our job is to help these kids along, help them with their skills and other life skills, to make sure they're heading in the right direction. Hopefully, I can make a difference, and we'll see more minority players get into the NHL." - *Warroad Pioneer, November 6, 2002*

Plummer's new fire house

Oklee - "We used to have a training officer," Assistant Fire Chief Roy Holmes remarked. "Now the assistant chief does it."

Holmes explained that for the past month the members of Plummer's fire brigade have been going through a series of drills. The training is focused mainly on hazardous material, or as they call it, HazMat.

The hall was built by contractors from Hanson Construction of Thief River Falls. It can be argued that the new fire hall was huge. Huge, perhaps for a small town like Plummer, but if asked, any of the twenty volunteer firefighters who ... the building would say it ... not big enough. "We still ... more room," is the general ... sensus. And even as large as ... building appears ... with two pumpers, two grass fire pickups and a First Responder rig ... inside, along with all the other essential gear there is little room for waste.

The idea for a new hall began back in 1991 when Council Member Jim Kelley made the first motion to contract the new fire station. It has been an uphill climb all the way. But along with Plummer Mayor John Helley, Sr., and council members Keith Demarais, Lynn Gallant, Anne Jaeger, Roy Quick and City Clerk Deb DuChamp, eleven years later, the new hall was officially dedicated September 27, 2002. - *Oklee Herald, November 7, 2002*

Concert features GMR and MCC musicians

Middle River - Students and directors from Greenbush/Middle River (GMR) and Marshall County Central High Schools presented the joint concert "Common Ground" on October 29, 2002, at the GMR High School gym.

Dedicated to the memory of their mother, Senora Elseth (December 2, 1992 - October 15, 2002), GMR and MCC directors Deland Elseth and Sheila Nelson presented concerts featuring the combined talents of musicians from the two schools at Newfolden on October 28 and at Greenbush on October 29.

"Our mother never missed a concert," they said in tribute to her. - *New River Record, November 6, 2002*

Voters select officeholders

Area residents had a wide array of candidates to select from this year due to redistricting. The larger districts that were a result of redistricting presented voters with choices at the polls that they have never had to make.

Instead of having to chose among candidates running for Senate District 1, and Representative Districts 1A and 1B, many residents also had to select from candidates vying for Senate District 2, and Representative from District 2B.

In addition, because of the redistricting, it's difficult to describe any of the candidates as incumbents. Although, the individuals who were holding office or "officeholders," before the election were selected by voters in the region to return to the State Capitol.

Of the Minnesota state seats up for election, area voters selected four Democratic-Farmer-Labor candidates and two Republican candidates for office.

In State Representative District 1A, Republican Maxine Penas defeated DFLer Mark Borsheim with 9,912 votes to 5,083 votes, respectively. Penas won all precincts in that district.

Doug Lindgren was the other Republican to win a Minnesota state seat for the area. Lindgren, who won two of the five precincts in State Representative District 2B, defeated DFLer Mark Edevold. Lindgren received 7,745 votes, and Edevold received 7,302 votes.

In State Senate District 1, incumbent LeRoy Stumpf (DFL) received 19,144 votes to Republican Lyle Kenner's 10,845 votes. Stumpf defeated Kenner in all precincts for State Senate District 1. This was not the first time Kenner and Stumpf ran against each other. In 2000, Stumpf defeated Kenner with 17,601 votes to 10,470 votes, respectively. (Another condidate,

Write-in candidates add interest to elections

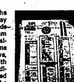
by David Hill
Editor

Election results from area city elections have been tallied and it appears that write-in candidates played an important role in a number of elections.

In **Karlstad**, there were two open seats on the city council, but only one individual, Nick Amb, filed for office. In the election, Amb received 266 votes, and write-in condidate Pete Kautzman, III, received 69 write-in votes. In the race for mayor, Dale Nelson was unopposed and received 268 votes.

In **Lake Bronson**, no one had filed for the office of mayor. When the votes were totaled, leading the list of 14 write-in candidates, was Cammie Taylor, who received 40 votes. In the race for city council, there were two candidates listed on the ballot, Joyce Storeby, who received 92 votes, and Jimann Cozzen, who received 83 votes. There were 17 write-in votes cast in this election contest.

In **Strandquist**, three candidates, Terry Szklarski, Loyal Lefrooth, and Harold Donoldson, filed for the two open city council seats. While Terry Szklorski received the most votes with 32, a write-in candidate, Russell Grandstrand, received the second highest total with 27. Lefrooth received 18 votes, and Donaldson 16. The four-year treasurer's term will be filled by Saro Ombler, who received 35 votes.



In **Greenbush**, Scott Waage narrowly lost the race for mayor as a write-in candidate against Dwight Hasson. Hasson won with 174 votes, and Waage received 171 votes.

In the race for city council, five candidates were vying for two four-year terms. Lavem Emery received 193 votes, Jon Foss received 146 votes, Martin Enoksen received 93 votes, Erikn "Take" Spilde received 91 votes, and Mark Brazier received 74 votes. Dale Wicklond, a write-in candidate, received 75 votes. Write-in votes were received for 11 more individuals.

Voters were also asked to vote on whether they wanted a new water treatment facility. Voters approved the measure 245 to 133.

There were interesting races

(Continued on Page 7)

Youth went to the polls Tuesday thanks to the Kids Voting program and received ballots, like the one pictured above, complete with photos of all candidates. They voted on many of the same races as the official election.

Kids Voting event in TRF brings over 1,000 youth to polls

by Kate Levinson
LHS Intern
and David Hill
Editor

Nearly half of the students eligible to vote in the Kids Voting program in School District 564 and St. Bernard's School, voted on Kid's Voting ballots in the general election Tuesday.

According to Carol Ihle, curriculum coordinator for School District 564, there were 2,240 eligible student voters. A total of 1,072 voted.

"I'm thrilled that we broke 1,000," said Cal Lindberg, social studies teacher at Lincoln High School. Lindberg added that it was fun to see volunteers helping kindergartners and first-graders.

Tuesday night, some of the students helping to organize the event spent several hours in the School District Service Center in Thief River Falls counting those votes. Lindberg said he appreciated the hard work that students put into making Kids Voting a success. "They took care of everything, from promoting the program on the daily announcements, to counting the votes," he said.

Students said the results of the election were not surprising. "We voted on all the candidates the day before in Mr. Nordine's class," said Ben Clark, a junior at Lincoln. "Most of the winners in our election were the same as those in the Kids Voting one."

Results

In the race for U.S. Senator, students gave the nod to Norm Coleman with 538 votes. Walter Mondale received 300 votes, Jim Moore 119, Ray Tricomo 43, and Miro Kovatchevich 10.

In the race for U.S. Representative, District 7, Collin Peterson received 603 votes to the 357 filed for Don Stevens.

In the race for Governor of Minnesota, 366 students voted for Tim Pawlenty, 323 for Roger Moe, 103 for Tim Penny, 85 for Booker Hodges, 69 for Kari Sachs, 67 for Ken Pentel, and 4 for Lawrence Aeshlimon.

In the race for Minnesota Senator from District 1, 498 students voted for Lyle Kenner, and 463 for LeRoy Stumpf, the incumbent.

In the race for Minnesota State Representative, District 1A, Maxine Penas received 483 votes, and Mark Borsheim 357.

In the race for Minnesota State Representative, District 1B, Lonn Kiel received 139 votes, and Bernie Lieder 64.

During the election season, area high school students were able to participate in and observe a debate between candidates vying for the office of Secretary of State. At the time, a poll of students at the event indicated that Andrew Koebrick of the Green Party had done the best during that debate. Tuesday, Mary Kiffmeyer, the

National Honor Society members counted 1,072 votes from the first-ever Kids Voting event in Thief River Falls Tuesday evening at the District Service Center. Pictured are, front row (left to right): Megan Bettin, Erin Steve, Kate Levinson, Rebecca Delmore, Moriah West and Ashley Morkrid; back row (left to right): Nick Bjerken, Joanne Brunkhorst, Kara Larson and Kriste Brenna.

Nine votes separate TRF candidates for Alderman-at-large

Wennberg is new mayor of TRF

by April Schelnoha
Reporter

On Election Day, voters chose some familiar faces to represent them. Despite some opposition, the Thief River Falls City Council will virtually remain intact. Council Member Elvero Cullen narrowly avoided defeat to win re-election to the alderman-at-large position. Council Member Dale Wennberg defeated two opponents to become mayor.

Nine votes separated Cullen from Steve "Beaver" Nordhagen. Cullen had 1,058 votes, and Nordhagen received 1,049 votes. The other alderman-at-large candidates, Tom Williams and Jarrod Wilde, had 731 votes and 205 votes, respectively.

In the mayoral race, Wennberg defeated Jerry Unruh and Josh Whitlow. Wennberg received 2,208 votes, while Unruh had 523 votes, and Whitlow had 376 votes.

Wennberg, who has been a City Council member for many years, vacated his Third Ward seat to run for mayor. In the Third Ward contest, Harriet Worker received 279 votes to Victor Braun's 209 votes.

The two council members running unopposed, Olen Kojewski and Terry BlackLance, had 491 and 673 votes, respectively.

SOUPÇON

Sherry LaCoursiere
email: lacours@mncable.net

If you have some pumpkin left from Halloween, here is the perfect use for it. If not, many of the recipes utilize canned pumpkin, and it's so cheap nowadays.

Moist, flavorful bars with that super cream cheese frosting are just the thing for a snack – it makes a big panful so you can share with friends:

PUMPKIN BARS
4 eggs
1 2/3 cup white sugar
1 cup oil
1 (15 ounce) can pumpkin
2 cups flour
2 teaspoons baking powder
1 teaspoon soda
2 teaspoons cinnamon
1 teaspoon salt
Frosting:
1 (3 ounce) package cream cheese, softened
1/2 cup butter, softened
1 teaspoon vanilla
2 cups powdered sugar

Preheat oven to 350 degrees.

In medium bowl, mix eggs, sugar, oil and pumpkin with mixer until light and fluffy.

Sift flour, baking powder, soda, cinnamon and salt. Stir into the pumpkin mixture until thoroughly combined.

Spread batter into ungreased 10x15 jelly roll pan. Bake 25-30 minutes. Cool before frosting.

To make frosting, Cream cheese and butter. Stir in vanilla and then add powdered sugar a little at a time, beating smooth.

Here's an old-fashioned pumpkin bread that makes a great snack too. The recipe makes 3 breads, so you can eat one and freeze one and share one with a friend:

DOWNEAST MAINE PUMPKIN BREAD
1 (15 ounce) can pumpkin
4 eggs
1 cup oil
2/3 cup water
3 cups sugar
3-1/2 cups flour
2 teaspoons soda
1-1/2 teaspoons salt
1 teaspoon cinnamon
1 teaspoon nutmeg
1/2 teaspoon cloves
1/4 teaspoon ginger

Preheat oven to 350 degrees. Grease and flour 3 loaf pans.

In large bowl, mix pumpkin, eggs, oil, water and sugar until well blended.

In another bowl, whisk flour, soda, salt, cinnamon, nutmeg, cloves and ginger. Stir dry ingredients into the pumpkin mixture just until well blended.

Place in prepared pans and bake for about 50 minutes until toothpick inserted in center comes out clean.

Here's another pumpkin bread that the kids will love – it has chocolate chips in it – it freezes well and also makes 3 loaves:

CHOCOLATE CHIP PUMPKIN BREAD
3 cups sugar
1 (15 ounce) can pumpkin
1 cup oil
2/3 cup water
4 eggs
3-1/2 cups flour
1 tablespoon cinnamon
1 tablespoon nutmeg
2 teaspoons soda
1-1/2 teaspoons salt
1 cup miniature chocolate chips
1/2 cup chopped walnuts, if desired

Preheat oven to 350 degrees. Grease and flour 3 pound-size coffee cans or 3 loaf pans.

In large bowl, combine sugar, pumpkin, oil, water and eggs. Beat until smooth. Blend in flour, cinnamon, nutmeg, soda and salt. Fold in chips and nuts. Fill cans 1/2 to 3/4 full.

Bake for 1 hour or until a knife comes out clean.

This creamy pumpkin soup is easy to make and very tasty. Sugar pumpkins are best for cooking and baking and the smaller the pumpkin, the more tender it is:

PUMPKIN SOUP
6 cups chicken stock
1-1/2 teaspoons salt
3-1/2 cups fresh or frozen pumpkin
1 teaspoon fresh parsley
1 cup chopped onion
1/2 teaspoon chopped fresh thyme
1 clove garlic, minced
1/2 cup heavy whipping cream
5 whole black peppercorns
Fresh parsley

Chop herbs. Cut pumpkin into 1/2 inch cubes.

Heat stock, salt, pumpkin, onion, thyme, garlic and peppercorns. Bring to a boil, then reduce heat to low. Simmer 30 minutes, uncovered.

Puree in blender, return to pan and bring to boil again. Reduce heat to low and simmer for another 30 minutes, uncovered.

Stir in cream, pour into bowls and garnish with fresh parsley.

Use fresh or canned pumpkin to make this soup delicious – this recipe also gives dietary information:

PUMPKIN SOUP
2 teaspoons olive oil
1/2 cup chopped onion
2 celery stalks, chopped
2 garlic cloves, minced
1 teaspoon peeled, minced fresh ginger
2 teaspoons sugar
1/4 teaspoon ground nutmeg
Pinch of cinnamon
Salt and pepper to taste
1 (14.5 ounce) can pumpkin
1 potato, peeled and cut into 1 inch cubes
4 cups vegetable or fat free, reduced sodium chicken broth
1/4 cup nonfat sour cream
2 green onions chopped

In large pot, heat oil over medium high heat. Add onion, celery, garlic, ginger and sugar and cook 4 minutes, until tender. Add nutmeg and cinnamon. Season with salt and pepper to taste.

Add pumpkin, potato and broth. Bring to a boil. Reduce heat to medium low, partially cover and simmer 20 minutes, until potato and pumpkin are tender.

Top each serving with sour cream and green onions.

Recipe makes 6 servings. Each serving is 89 calories, 2 g total fat (1 g saturated), 16 g carb, 4 g protein, 2 g dietary fiber, 409 mg sodium.

Plummer Legion to host Veterans Day program

Rydell National Wildlife Refuge announces closure

Rydell National Wildlife Refuge will be closed November 16 and 17 for its Youth Deer Hunt.

"ABOUT YOUR EYES"
DR. CHRIS BORGEN
OPTOMETRIST

BLOOD PRESSURE CAN AFFECT VISION
You may not know this, but blood pressure can affect your vision. Double vision, spots and blurred images may be the first signs of high blood pressure. When an eye examination reveals narrowed, thickened or constricted blood vessels, fluid leakage, hemorrhaging or retinal degeneration, hypertension (another word for high blood pressure) is generally one of our considerations. In fact, doctors sometimes can determine the severity and duration of hypertension through an eye exam.
Hypertension can cause damage to the small vessels inside the retina. When high blood pressure remains uncontrolled, the consequences can include retinal damage and vision loss.
If you are having double vision, spots or blurred images, make an appointment for an eye examination. True, the problem may be strictly a visual one, however, if it is being caused by high blood pressure, it is imperative that you be aware of it.
In the interest of better vision

DEATH NOTICES

Paul Schmitz, 45

Red Lake Falls - Paul Anthony Schmitz, 45, died on Tuesday, November 5, 2002 at his home in rural Red Lake Falls.

Mass of Christian Burial was held on Friday, November 8 at St. Joseph Catholic Church in Red Lake Falls with Rev. Tim Bushy officiating.

A complete obituary will appear in the next edition of *The Times*.

Goodridge to host blood drive Nov. 14

United Blood Services will conduct a blood drive at St. Ann's Catholic Church in Goodridge from 7:30 a.m. to noon on Thursday, November 14.

Many of you might be wondering, who needs blood or blood donors? "People do!" says Rhonda Ellefson, community relations representative of United Blood Services, Fargo, N.D. "As many as 90 percent of all people who live to age 72 will need blood or blood products during their lives."

Blood is needed for many surgeries, for patients being treated for leukemia or other cancers, or for a mother experiencing a difficult delivery.

While most of us will receive blood, only a few donate it. Less than 10 percent of this area's population donates blood.

According to Ellefson, more people would donate if only they knew the importance of blood. Doctors use blood for only one reason: to sustain life. Without blood, the life of the patient would be endangered. Giving blood is one of the most important acts of service you can ever do.

Some people believe they can wait until they know someone needs blood before they donate. Years ago, this was true. Blood was collected only as it was needed, but it was often transfused before some very important tests could be run. United Blood Services collects blood every day so that it is available every day to meet patients' needs. Before your donation is usable for a patient, it must be fully tested, which takes more than six hours.

Ellefson thinks the main reason people don't donate blood is because no one has asked them. "Please, consider yourself asked," Ellefson says, extending a personal invitation to all Goodridge to donate at the Nov. 14 blood drive.

Anyone interested in making an appointment to donate may contact Sylvia Wiseth at 378-4117 or Frances Aandal at 681-4893.

Tri-County High School to present Finders Creepers November 21-23

Karlstad's Tri-County High School Drama Department will present *Finders Creepers*, a three-act comedy written by Donald Payton, as its fall production. Performances are scheduled for November 21, 22 and 23 (Thursday, Friday and Saturday) at 8 p.m. Admission will be $2 for all children through grade 6, $3 for grades 7-12 and $4 for adults.

The two heroes in this comedy are Hercules Nelson and Wilbur Maxwell, absolute bosom buddies who are invited to Hercules' Uncle Bob's for a fun weekend in the city. Unknown to the "fearless" heroes, Uncle Bob has just begun a new career as a mortician, and a funeral is scheduled for Monday. The "corpse" is the famous and very wealthy Mr. Jason Quigley who not only turns out to be very much alive but is allowed to wander the funeral home at will under the guise that he is deceased. Mr. Quigley, believing his "death" was really attempted murder, operates under this pretense as the plan to trap the culprits. One by one the characters in the play discover the real truth about Quigley, but it's Hercules and Wilbur who save the day.

Finders Creepers is directed by Robert Gust with production assistant Kay Bostrom. Cast members include Evan Grondstand, Wilbur Maxwell; Zachary Westberg, Hercules Nelson; Danielle Langehaug, Celeste Nelson; Katy Larson, Nina Quigley; Brittany Stusynski, Frankie Nelson; Amanda Hanson, Mary Nelson; Erich Schaffhauser, Bob Nelson; Krystal Bengtson, Granny; Kyle Wikstrom, Jason Quigley; Brady Swanson, Dr. Brown; Katherine Grandstand, Madeline Quigley; Derek Stusynski, Harry Schuster; Emma Halverson, Daphne; Marc Szklarski, Claude; and Ross Prosser, Henry. Also involved with the production are Daniella Knight, student director; Szklarski and Brady Swanson, co-stage managers; Bobbie Przybylski, lights; Jamie Graff, sound; Tanner Lofstrom and Anthony Oistad, set crew; and Szklarski, Swanson, Katherine Grandstand and Westberg, set construction.

Finders Creepers is produced by special arrangement with Heuer Publishing Company of Cedar Rapids, Iowa.

Holiday fair will be held on Nov. 16

Plans are underway for the 26th Annual Holiday Fair which will be held on Saturday, November 16, 2002 from 9 a.m. to 4 p.m. at the City Auditorium in Thief River Falls.

Exhibitors come from throughout Minnesota and North Dakota. Holiday shoppers will find a wide assortment of gifts ideas, home accessories, wildlife prints, baskets and Norwegian Rosemalling.

Profits from the booth rental will be given to the Ralph Engelstad Arena.

Educating an Oblivious Generation

One of the great joys of the deer-hunting experience comes when a parent is able to pass years of acquired knowledge and tradition on to the next generation. The actual shooting of an animal begins to pale in the bright light of the big picture as the warm-fuzzy notions of sharing and bonding take over. Communication becomes easy, once again, as a wide-eyed young teenager reverts to the parentally dependent mode that so distinctly marked their early years on this earth. So it was with great anticipation that I witnessed my daughter's acquisition of a firearm's safety certificate and her entrance into the hunting coterie this past year. After a lengthy period of a predictably distant early teenage relationship, we were soon to be speaking a common language again – the language of the deer-hunter.

"I don't have to wash in doe urine do I? That's disgusting! Do hunters really do that? Don't they understand that it makes them smell gross? Why not at least wash in something that smells like apples or corn or something. Then at least they could go out to dinner or a movie during the season. If I have to wash in doe urine, I'm not going hunting."

I explained that some hunters liked to wash with a no-scent soap, but that it wasn't a necessity. The doe urine was for deer trails and areas around the deer stand to attract bucks. I began to feel the slightest hints of perspiration under my arms as the subject of males and females and attraction was touched on. This was a topic, at least in the case of my daughter, I'd tiptoed around delicately, reserving the more "specific" questions as the the birds and bees for the wiles of my wife to explain.

"Fair enough," she said, "but why do they call it a stand if I'm supposed to be sitting in it? Shouldn't I be standing in a stand or sitting in a sit? The logic isn't there!" Or maybe, in your case, Dad, they should just call it a 'sleep' and get rid of any of the confusion."

I caught the slightest twinkle in her eye and was grateful on two counts. First, that she wasn't being completely serious about her protests and second, that the conversation had taken a detour from the male-female aspects of the hunt. Lacking her youthful grasp of the apparent humor at hand, I deadpanned my way through a weak explanation of "stand" hunting versus "stalking" and "driving."

"Oh, I see," she nodded a little too dramatically, "and I always thought when you were talking stalking and driving we were reliving the time you put the pickup into the neighbor's corn field. Anyway, I want to shoot a buck. No does or fawns."

Before I could stop myself, I launched headlong into a discussion of how that might depend more on the rut than on her particular hunting skills. It was too late, the male-female thing had been broached again.

"Tell me about this rut thing you keep referring to," she said.

I offered my best fatherly description of the rut, diplomatically touching on as much as I felt was necessary for hunting while avoiding any in-depth discussion that might approach the delicate. In other words, I was brief and evasive.

"Okay, but I'm still a little confused. You complain all year long to Mom that you're in a rut and want it to change. Then along comes deer hunting and all of a sudden this rut is the finest happening in the land. Isn't it good when people are in the rut, too? And how about that 'heat' deal you just talked about? Three months ago you swore about the heat every night. "Heat and humidity." "If the mosquitoes don't get you, the heat will. On and on. Now it's November and everything about heat is good. If a doe's in heat she's the goose who laid the golden egg. Well, what is it? Like you always say, Dad, you can't have it both ways."

After painful seconds of searching, I spied the twinkle in her eye again, and was relieved to realize that I was simply being baited again. She wasn't looking so much for explanation as she was trying to lure her know-it-all father into a chat where perhaps he didn't know so much. My relief, however, was quickly replaced by an ominous sense of concern. Where, I wondered, had she acquired the ability to take the lead in our traditional father-daughter discussions? Wasn't I supposed to be the adult? They don't teach that in gun-safety class, do they?

"Hey, I'll be driving a car in just a couple of years," she offered, perhaps in response to my befuddled silence. "You should start teaching me about driving pretty soon."

"Well," I said, trying my best to sound knowledgeable and in charge, "let's just get through hunting season first."

Hallock accounting firm expands practice

The Hallock accounting firm of Oahl, Hatton, Muir & Reese, Ltd. has recently expanded its practice by acquiring the Stephen accounting firm of Nelson & Nelson, CPAs. The new Stephen offices of Oahl, Hatton, Muir & Reese, Ltd. are in the Nyland building located on Fifth Street. The new offices are fully staffed all year. Services offered by the firm include business and individual income tax planning and preparation, payroll and accounting work, estate and business succession planning and small business and governmental auditing.

Everyone Is Welcome!

Thank You

We would like to thank NWMC staff, Dakota Clinic Physicians and staff, area businesses and the surrounding communities for their generous donations of time, food, auction items and support for the Panek-Smith benefit auction. We would also like to thank the following auctioneers for their time and services: Maryel Anderson, Dale Svendsgaard and Jason Rominski. We are so thankful to live in, and work with such a caring, thoughtful and giving community.

Sincerely,

EDITORIAL OPINIONS

Dave Hill, Editor

Editorial opinion published under this heading is intended to stimulate thinking and discussion among our readers. Unless specified otherwise, the editorials are written by Editor Dave Hill and do not represent opinion of other staff members. Opinions in items from other publications may not coincide with the editor's own views but are offered for their general interest.

Spending and negative ads go overboard this election

Have we ever seen this much mud-slinging in the political arena? National media has had its focus on politics in North Dakota, South Dakota and Minnesota for the past couple of weeks. I would think that these three states would hardly be critical in the grand scheme of things. Like Toucan Sam, I think the national news media ended up on the prairies of the Midwest by following the money trail.

In a recent story, NBC's Tom Brokaw, a South Dakota native, expressed surprise at the reports. If I heard the report correctly, by election day, the national parties spent $14 million to reach 520,000 South Dakota voters. That's about $30 per vote.

I doubt that there are 520,000 voters in South Dakota. The total population of the state, according to the Census Bureau, which is never wrong, is around 756,600. So, the cost per vote is probably higher than $30 per vote. Either CBS or ABC, I can't remember which, said it was more like $79 per vote. I don't think that's correct either.

I don't know what's too much, but it seems to me that the amount of money that was spent by the national parties in this election stepped over the line.

But then again, what price is too high for a position of power? Should campaign spending be limited? Is big money ruining politics? Is big money taking the election away from the people?

Let's also look at some of the rhetoric. It's just as intelligent. When Sen. Wellstone was killed we received an e-mail from a reader who wondered whether it was a deliberate act. A column written by Nicholas Kristof reported that a representative of Citizens for Legitimate Government said President Bush was an, "Usurping lying weasel." Boy, that will get people to change their votes.

To balance things a little, Kristof noted that, "nothing made conservatives look sillier than the way they excoriated Bill and Hillary Clinton as traitors and even murderers."

While I'm sure there was intelligent discourse somewhere during this campaign, such vitriolic examples of idiocy, didn't do anyone or this year's campaign any good.

I had a discussion with a couple of gentlemen about some of my concerns the other day. My thought was that negative campaigning had gone overboard and they agreed.

But if we were forced to look for a silver lining, I suppose it might be that all the negative campaigning forced people to reassess their political views and to reestablish ties with political parties.

In the past several years interest in party politics has been declining noticeably. Fewer and fewer people have been turning out for party caucuses and other party functions. Then there was the birth of a third party, which I think was due in part to a feeling of detachment from the main parties. Personally, I think this third party, the Independence Party, has little identity other than the fact that it seems to be a safe harbor for individuals switching parties, those seeking to gain political momentum, and those who promote a centrist philosophy. Regardless of my attempt to force an identity on this party, in recent years the party candidates, who identified themselves as "ordinary citizens conducting a 'grassroots campaign,'" struck a chord with Minnesotans. My point is that voters may have felt disenfranchised and therefore "became independents," or members of other parties, because they couldn't see, didn't want to see, and/or didn't care what issues separated the major parties.

It's my theory that the negative campaigning that has been going on may have provided voters with a political/philosophical identity, and thus a party to call their own.

POLICIES

Letters To The Editor: The staff of the *Northern Watch* encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in *Northern Watch* exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

LETTERS

To the Editor:

In this day of technology and space it's hard to believe our mail service. I sent my granddaughter a Halloween card on Oct. 28. She received my card on Nov. 4 and she lives only four blocks from me. It took eight days to get there.

Now get this: I sent my son and daughter-in-law an anniversary card Sept. 21. It took 11 days to get to Lancaster. I could drive there in one hour and 15 minutes.

Now get this one: I sent a letter to my grandson in Warroad. That letter was sent to Indianapolis, Ind., and probably went sight-seeing, but found its way to Warroad 10 days later.

Now when I mail a letter I always sign Gene Autry's song, "Happy trails to you."

This weekend I'm sending all my Christmas cards and I hope they reach their destination by 2003.

Sincerely,
Elayne Sandahl
Thief River Falls

To the Editor:

I'm writing today to thank the people of Senate District 1 for getting out and voting on Tuesday. A trip to the voting booth is an example of our government at work on the most basic level, and we should all be proud for playing a part in the process.

I am excited and energized by the fact that a majority of you voted to send me back to the State Capitol to keep working on your behalf. Your support is greatly appreciated, and I am honored to have this vote of confidence.

As has always been the case during my time in the State Legislature, my door is always open to the people of northwestern Minnesota. I strongly encourage you to write, call, e-mail or visit if there are issues or concerns where I may be of some help. Thank you once again, and I look forward to working for you in St. Paul.

Sincerely,
LeRoy Stumpf
State Senator, District 1

To the Editor:

The Pennington County Community Support Program would like to take this opportunity to express gratitude to the VFW Post 2793, Red Lake Electric Operation Round Up, and the United Way for their recent donations to our program. Our program provides a variety of services to the mentally ill adults in our community. These donations allow our group to participate in social activities such as a summer day trip and a Christmas Party. These activities are very important to the members' psychosocial well-being and surely increase their quality of life. We feel very fortunate to have such a supportive community.

Sincerely,
Vicki Heckman
Supervisor, Pennington County
Community Support Program

American Education Week

To the Editor:

November 17-23 will mark the 81st annual observance of American Education Week— a time for recognizing our public schools and the relationships between students, teachers, and parents. Some school districts celebrate this even the previous or following week depending on local school activities and schedules.

The theme of this year's celebration, "Making Public Schools Great for Every Child!" reflects our combined commitment to all students. The interaction between children, parents and teachers must be fully understood. If the partnership between patents and teachers is strong, the child's chances of success are limitless.

We recognize that today's teachers do more than teach basic skills. Teachers nurture and inspire children. They help students learn essential skills not always measured in testing, such as critical thinking, conflict resolution, cooperation and problem solving. These are skills to help each student throughout life.

However, we all know that no school is without needs as they strive to help children succeed. There are always programs and services needing support or improvement. Regional cooperation and working together brings efficiencies and additional resources to the local schools. The Northwest Service Cooperative, ECSU, a regional training and service partner of the 40 school districts located within the northwestern 12 county area of greater Minnesota, takes this moment to thank all teachers, school boards, support staff members, and administrators for all your talents and energies in helping the children learn and develop. As team members of the educational process, we strive to assist you in this very important process!

The Northwest Service Cooperative encourages all parents to visit your child's classroom and learn for yourself how you and the teacher can work together. If you do not have children enrolled in school, please consider visiting your nearest public school and see today's educators in action. Consider asking how you can contribute to a child's success!

Sincerely,
Jerry Nesland
Executive Director
Northwest Service Cooperative

Write-in candidates add interest to elections

(Continued from Page 1)

throughout the region too.

In Grygla, two individuals filed for the office of mayor, Kelly Klein won with 87 votes Roy Norby received 18 votes.

Three individuals filed for the two four-year terms on the council. Patty Johnson received 92 votes, Bob Thompson 61, and David Dunrad 41.

In **Middle River**, Mark Stromstad was elected to the office of mayor with 107 votes.

In the race for two city council seats, Art Moen and Melissa Nelson each received 77 votes. Lynn Brazier received 67 votes.

In Newfolden, James Sethre was elected to the office of mayor. He received 130 votes. In the race for city council, four candidates filed for two four-year terms. Lori Wame and Tammy Hanson were elected to the offices with 78 and 74 votes respectively. Marcel Douglas received 64 votes, and Jerry Swaser received 56 votes.

In **Goodridge**, Robert Homme was elected to the office of mayor with 26 votes. In the race for city council, there was one two-year term, which was won by Randy Henrickson with 29 votes, and two four-year terms, which were won by Judy Jones with 25 votes, and Alan Kiesow with 21 votes.

In **Oklee**, three candidates were running for the office of mayor. Emily Bernier recieved 107 votes, George Burthwick, 84 votes, and Nicole Dudychu, 10 votes.

Three candidates filed for two four-year terms on the city council. Kim Vettleson received 171 votes, Darby Tronvedt, 118, and Tom Smith, 77 votes.

In **Red Lake Falls** Allen Ducharme was elected to the office of mayor with 554 votes. In the race for ward one city council, Joyce Kulbakdalen received 172 votes. Four candidates filed for the two four-year at-large offices on the ballot. Kevin Harmoning received 337 votes, Robert Philion 313, Wayne Hanson 230, and Kevin Brevik 195 votes.

In **Roseau** Jeff Pelowski was elected to the office of mayor with 960 votes. Three people filed for the two four-year terms on the city council. Mary Ross received 654 votes, Terry Hanson received 562 votes, and Pat Novacek received 558 votes.

In **Warren**, Richard Nelson, who ran unopposed for the office of mayor, received 715 votes.

Three individuals filed for two four-year terms in ward one. Paul Westman received 291 votes, Dave Conely 235 votes, and Gary Peterson 226 votes. Robert Kliner, who ran unopposed for the ward two seat, received 330 votes.

In **Warroad**, Bob Marvin was elected to the office of mayor with 444 votes. Two candidates filed for the two seats on the council. Kevin Thompson received 404 votes, and Lorri Wong received 339 votes.

Voters select officeholders

(Continued from Page 1)

Jual Carlson, received 1,147 votes in that race.)

Rod Skoe (DFL) defeated Republican Steve Booth in all precincts in State Senate District 2. Skoe had 17,749 votes, and Booth had 12,881 votes.

For State Representative District 1B, Bernie Lieder (DFL) defeated Republican Lonn Kiel. Lieder, who received 8,207 votes, won all precincts in the district. Kiel had 6,788 votes.

Kids Voting event in TRF brings over 1,000 youth to polls

(Continued from Page 1)

incumbent, received the most votes with 347. Buck Humphrey, the DFL candidate, received 252 votes. Koebrick received 188 votes, and Alger 74 votes.

Moriah West, a Lincoln junior, was surprised by Kiffmeyer's reelection. "I was especially surprised that Lincoln students voted for her. I didn't think she was very popular after the debate."

In the race for Attorney General, students voted in favor of Tom Kelly rather than the incumbent Mike Hatch. Vote totals indicate that 482 students voted for Tom Kelly, 204 for Mike Hatch, and 96 for Dale Nathan.

In the race for State Auditor, 388 students voted for Patricia Awada, 166 for Carol Johnson, 165 for Dave Hutcheson, and 133 for Dave Berger.

City Election Results

In the race for Mayor, Dale Wennberg received 292 votes, Joshua Whitlow 179, and Jerry Unruh 140.

In the race for Alderman-at-large, Steve Nordhagen received 183 votes, Elvera Cullen 124, Tom Williams 97, and Jarrod Wilde 76.

In the race for third ward alderman, Harriet Worker received 62 votes, and Victor Braun 34.

After the election, most students said they had a good first experience with voting. "We need to start kids early, so they're comfortable voting when it's time," Lindberg said.

Many students labeled the experience as "fun and interesting." Lindberg agrees. "Kids Voting did a great job providing a fun and educational experience that will prepare students to be involved and informed future citizens."

THANK YOU
Thank you for your support and your votes in the election. A special thank you to those who helped in any way in my campaign. Your help was greatly appreciated.

MCCC state football playoff finals...

Division champions will match offenses

■ Northland vs. Rochester

Rochester and Northland, a combined 19-1 for the season, will square off Sunday in the 2002 Minnesota Community College Conference state football playoff championship game at St. Cloud State University. Kickoff at Selke Field is scheduled for 1 p.m.

The 10-0 Southern Division champion Yellowjackets, a perennial MCCC contender, are in familiar territory. The 9-1 Northern Division champion Pioneers are making their first-ever title game appearance. Rochester beat Northland 38-2 in the 2002 season opener, but it was a 3-2 game at halftime. The Pioneers have won nine straight since then.

Northland out-scored Ridgewater 46-40 and Rochester beat Hibbing 28-7 in the Nov. 2 state semifinals.

"This has been a wild ride," said second-year Northland head coach Guy Finstrom. "We need to keep our momentum up in the post-season, and stay focused on the strategies that have gotten us this far."

The title game matches two high-powered offenses. The Yellowjackets average 44.3 points per game. And despite picking up just a safety in the opener, the Pioneers are scoring an average of 36.8 points per game.

During the regular season, the Rochester offense produced an average of 447.8 yards per game; Northland 434.4. The Yellowjackets' average includes 227 rushing yards and 175 passing yards per game; the Pioneers' numbers were 264 rushing yards and 126 passing yards per game.

Rochester is led by quarterback Brandon Huewe, who has thrown for 1,628 yards (79/154) and 18 touchdowns. He has been intercepted eight times.

The Yellowjackets' top running backs are Kentrell Nealy, who has rushed for 931 yards and 18 touchdowns, and Quentin Bowen with 734 yards and five touchdowns. Dereck Willis has a modest 17 receptions to his credit, but they are good for 762 yards – an average of 44.8 yards per catch – and 10 touchdowns.

Northland quarterback Justin Skjerven has completed 77 of 156 passes for 1,461 yards and 18 touchdowns. He has been intercepted only six times.

Tight end Brian Harris has caught

■ South Carolina - Ronnie Pervis, Bennettsville; Joshua Kendle, Swansea.

■ Coaching staff - Guy Finstrom, head coach; Sean Husat, offensive coordinator; Dan Zubich, offensive backs; Terry Wiseth, defensive coordinator; Eric Melcher, defensive line; Gerry Hanson, defensive backs.

Cross country awards were presented to Thief River Falls boys and girls at the Prowlers' 2002 team banquet. Special recognition went to, front from left, Heather Bjerken, girls most improved; Chelsey Helgeland, girls Coaches Award; middle, Joel Lunsetter, boys most improved; Jeremy Sich, boys junior high most valuable; Brooke Rundell, girls junior high most valuable; back, Erin Steva, girls co-most dedicated; Stacia Kalinoski, girls most valuable and co-most dedicated; Nathan Browning, boys most valuable and co-most dedicated; Jon Walrath, boys Coaches Award; and Evan Jones, boys co-most dedicated.

TRF runners receive awards

Most valuable honors went to Nathan Browning and Stacia Kalinoski during the 2002 Thief River Falls boys and girls high school cross country team awards banquet Monday.

Sharing recognition as the Prowlers' most dedicated runners were Browning/Evan Jones and Kalinoski/Erin Steva.

Joel Lunsetter and Heather Bjerken were selected as most improved. Jon Walrath and Chelsey Helgeland were presented with the Coaches Award.

Most valuable junior high runners were Jeremy Sich and Brooke Rundell.

Boys earning athletic letters this fall were Colt Bergeron, Tanner Harlow, Jesse Sich, Jeremy Sich, Browning, Walrath, Jones and Lunsetter.

Girls who were 2002 cross country letter letter winners include Nichole Gryskiewicz, Jade Kilen, Kathryn Walrath, Kalinoski, Steva, Helgeland, Bjerken and Rundell.

"This was a great year for me, personally," said rookie head coach Greg Ueland. "I really enjoyed working with all of my athletes. I am so thankful for the help and support of the parents, media, activities office and the other coaches, who have been so great to me. I really look forward to building on this year to help enhance the program."

Browning, the No. 1 runner for the boys, and Kalinoski, a Class AA girls state meet qualifier, head the list of graduating seniors on this year's squad.

"We had some awesome seniors with incredible leadership abilities," noted Ueland. "Nathan Browning is such an incredible student-athlete, who will be greatly missed for his tremendous work ethic, positive attitude and leadership abilities. Stacia Kalinoski is an awesome competitor with incredible mental toughness, who strives to be better each time she runs."

Despite the impending graduation losses, Ueland is optimistic as he looks ahead to the 2003 season, saying the Prowlers have "incredible talent" in grades 6-9. "The future of the program is incredibly bright," he offered. "Our junior high boys captured team titles at Roseau, Warroad, Tri-County and East Grand Forks, while our girls won the Thief River Falls meet."

The potential is there, acknowledged Ueland, but success at the varsity level isn't guaranteed. "As a team, they need to develop more confidence and mental toughness to help them become even stronger," he said.

Ben Worker is part of hockey all-star series

Ben Worker, a goalie from Thief River Falls, was selected to play in the High School Elite Hockey National Invitational Tournament this weekend in New Hope.

The tournament is designed for top high school-aged players from Minnesota, Michigan, Wisconsin, Illinois, Pittsburgh, the Rocky Mountain region and Shattuck-St. Mary's of Faribault. It's the culmination of the first season for the Upper Midwest High School Elite League.

Established primarily as an option outside of Junior A hockey and the development program at Ann Arbor, Mich., the Elite organization offered skaters a chance to play 24 regular season weekend league games prior to joining their high school teams.

Participation was by invitation/try-out. Only players nominated by high school coaches were considered.

The Upper Midwest High School Elite League featured five Minnesota teams, a combination Minnesota-North Dakota squad and Team Wisconsin. The league schedule was complemented with games against Shattuck, Thunder Bay, Ont., Michigan All-Stars and the Capital Centre Pride from Lansing, Mich.

Worker, a 2002-03 Lincoln High School senior, was a member of the Minnesota North squad. Teams played three games each weekend September through early-November. Games were played in the Twin Cities area, Grand Rapids

Tuesday hockey game...

TRF girls start 2002-03 winter sports season

Thief River Falls coach Tim Magnusson confirms what is common knowledge when he talks about the upcoming 2002-03 girls high school hockey season. The Prowlers' success, he said, will depend largely upon the skills of Steph Hoard.

A senior who will do double-duty at both forward and defense, Hoard has been the focal point of the Thief River Falls program since its inception in 1999-2000. She scored 40 goals and picked up 23 assists for a 63-point season as a junior. That boosts her career totals to 120 goals, 52 assists and 172 points in 66 games.

"As Steph goes, we go," acknowledged Magnusson. "We're a little thin in numbers, but as long as we have Steph, we should be competitive."

Magnusson and the Prowlers will start the year Tuesday at Warroad with just 13 varsity players, and seven of them are sophomores and freshmen.

"We're going to have to grow up fast," admitted Magnusson. But he isn't discounting the Prowlers' chances in Section 4A this winter. "We don't have a lot of numbers, but about half of of kids do have a lot of varsity experience," he noted.

Hoard and Kallie Kezar are the only seniors on the squad. The juniors on hand include Jamie Dahlen, Kendra Mooney, Lisa Wigand and Alicia Bradshaw. Dahlen was second on the Prowlers' scoring charts last year with 15 points.

Sophomore Trudy Erickson is the lone goalie on the roster. She shared playing time a year ago, but was the Prowlers' tournament starter, finishing with a 7-8 won-loss record, a 3.0 goals-against average and a 90 percent save figure.

Rest of the team includes sophomore Angie Blom, along with freshmen Chasity Johnson, Kjelsey Loeffler, D.D. Rambeck, Val Meyers and Meagan Snyder.

Dahlen, Wigand and Loeffler will see extended ice time in a three-player defensive rotation, although Hoard will join them, as needed, on the blue line.

The Thief River Falls program has been consistent, if nothing else, since being added to the Lincoln High School sports line-up. The Prowlers finished with a first-year 11-10-1 record in 1999-2000, went 12-11 in 2000-01 and wound up 12-13 last winter.

Magnusson and Troy Hanestad served as co-head coaches during the first two years. Hanestad then stepped down, leaving the duties to Magnusson.

Thief River Falls will make its 2002-03 home debut Thursday vs. Park Rapids/Nevis/Menahga. Game time is 7 p.m. in the Huck Olson Memorial Civic Center.

Tyler Fitzel – a competitive golfer

by Mike Lundgren
Sports Editor

Following a desire to play competitive golf, Tyler Fitzel of Thief River Falls took his game to the national level this year as a member of the American Amateur Golf Tour.

A St. Paul native who is a third-year Thief River Falls resident, Fitzel bemoaned the fact that short-stop tournaments once a fixture at most area courses had been dropped as golfers expressed a preference for a less-competitive scramble format.

Fitzel, however, still had a competitive fire to feed. And he found a way to do that after spotting an ad in a golf publication.

The largest such program in the nation, AAGT sponsored tours based in 21 cities across the United States and Canada this year. Fitzel was part of the first-year Minneapolis Tour that offered 11 weekend tournaments, conducted mostly on top-of-the-line courses in the metropolitan area. He golfed in 10 of them from a schedule that stretched from early-May to late-October.

Other 2002 AAGT Tour cities were Akron, Ohio; Atlanta, Ga.; Detroit; Cincinnati; Cleveland; Colorado Springs, Colo.; Columbus, Ohio; Denver; Fort Lauderdale, Fla.; Fort Myers, Fla.; Indianapolis; Jacksonville, Fla.; Orlando, Fla.; Phoenix; Pinehurst, N.C.; Pittsburgh; Riverside County, Calif.; San Diego; South Orange County, Calif.; and Tampa, Fla. The tour will expand to 36 cities in 2003.

Players are placed into flights, based upon their handicap or scoring averages. Golfers earn weekly

Tyler Fitzel

ment points with top-10 flight play finishes. Regular season leaders in the flight points standings earn spots in the National Tour Championship played Oct. 19-20 at Legend Trail in Scottsdale, Ariz., where more than 200 golfers competed in eight tournament flights.

Top two flight finishers from each AAGT Tour at the National Championship were invited to represent their city in the 36-hole Sir Elford Cup team event at the Famous Grayhawk Golf Course in Scottsdale.

A Lincoln High School instructor, a volunteer assistant coach in boys hockey, an assistant boys golf coach, and director of the youth program at the Thief River Golf Club, Fitzel earned the right to golf in both Phoenix-area tournaments.

Carrying an 83 average, Fitzel finished second among a group of 20 golfers listed in the Minneapolis Tour B Flight point standings.

Fitzel was the top Minneapolis golfer, and the fifth place finisher overall, in the national tournament B Flight with a 77-77–154.

Golfing in the Sir Elford Cup – styled after the international Ryder Cup – Fitzel finished 17th overall in a field of 250 entries on an individual-score basis.

Twelve teams took part in the Cup competition, won by Team Tampa. Team Minneapolis finished sixth.

As amateurs the AAGT golfers do not receive cash awards. However, they are eligible to win prizes, gift certificates, golf vacations, golf apparel, golf equipment, memorabilia, etc.

Fitzel was more than satisfied with his Minneapolis Tour experiences, and looks forward to another season of competitive golf in 2003. He offers to share program information with others who might be interested in following his footsteps. "They are very well-run tournaments," he said. "It's a first-class operation."

Cost-wise, Fitzel estimates the 2002 Minneapolis Tour season cost him about $1,000. Participation in the National Tour Championship and the Sir Elford Cup added about $600 to the expense account.

TRF ARENA SCHEDULES

Huck Olson Memorial Civic Center

■ Saturday, Nov. 9 - closed

Worker is selected for all-star hockey series

(Continued from Page 8)

and Duluth.

This weekend's eight-team tournament line-up includes Minnesota Red and Minnesota White all-star squads, a combination Minnesota-Rocky Mountain all-star team, Shattuck, Michigan Ice Dogs, Team Illinois, Team Wisconsin and the Pittsburgh Hornets.

College, Junior A and professional league scouts were expected to be on hand for the Friday-through-Sunday tournament.

Former University of Minnesota player and St. Paul Vulcans coach Kevin Hartzell (who led the regular season league champion Northeast team), along with former Gopher and NHL star Reed League (who directed the second place Southwest roster) were named to head the Minnesota White and Red tournament teams. Minnesota coaches Rick Beekfeld (Northwest), Craig Sarner (Southeast) and Pat Forte (North) formed a three-man unit in charge of the Rocky Mountain-Minnesota tournament entry.

Northland in title game

(Continued from Page 8)

40 passes for 822 yards (19.5 average) and 10 touchdowns. Antione Vance and Chris Restad are the Pioneers' top backs with 943 and 866 yards, respectively. Vance has scored 14 touchdowns; Restad six.

Win or lose, the best season in Northland football history will continue for another week. The Pioneers have accepted a bid to play North Dakota State College of Science in the National Junior College Athletic Association Graphic Edge/Sigler Printing Bowl Sunday, Nov. 17. The game will be played at the UNI Dome on the University of Northern Iowa campus in Cedar Falls.

The Pioneers vs. Wildcats match-up is scheduled for a noon kickoff, and is the first half of a what is a bowl doubleheader designed for the top two regular season finishers in the Iowa Community College Football Conference – Iowa Central and NDSCS.

Cuban study tour meeting Nov. 13

A meeting to explain the details of a nine-day study tour of Cuba next spring will be held at 4:30 p.m. on November 13 at Minnesota State University, Moorhead. The meeting will be held in Room 218 of the campus student union at the university. The trip is sponsored by the Minnesota State University Languages and Cultures Department.

The tour is expected to leave May 19 and will include tours of Miami's Little Havana, and the university's Casa Bacardi to explore Cuban history. Participants will also visit with rum factory workers, American journalists and high school students in Havana, Cuba. Other highlights range from a tour of a crocodile-breeding farm to a tour of the site of the Bay of Pigs invasion.

The tour, which will cost an estimated $2,300, is open to students and the public. It may be taken for a one-credit class in Spanish culture, history and geography, or an independent study in history. Included is round-trip airfare, some meals, all bilingual tours and eight overnight hotel accommodations.

James Weckler from the Languages and Cultures department, and Dieter Beminger from the History department are coordinating the tour.

For details, contact James Weckler at (218) 236-4060, or e-mail him at weckler@mnstate.edu.

Lincoln High School will perform "A Christmas Carol," based on Charles Dickens' novel, on November 15 and 16. On both nights, the play will be performed in the Lincoln High School Auditorium at 7 p.m. Connie Stock is directing the play. Tickets will be available at the door.

TRF Public Library to offer Children's Literature Online workshop

Where are all the lists of wonderful books for the different age groups of children? What books will grab kids' attention? Are there any books that might get my teenager to read? Answers to these questions and more lie right at your fingertips - as close as your Internet keyboard and will be explored in a workshop called Children's Literature Online.

The Thief River Falls Public Library will offer the Children's Literature Online workshop on November 21 at 7 p.m. in the library's computer lab. It is offered free of charge to the first 10 people who sign up. You may call in to register for the workshop during library hours. Any other interested people are asked to put their names on a waiting list. In order for the workshop to be held, at least 5 people must be registered. The last time to register is November 18 at 8 p.m. If you are interested but unable to make the workshop, extra copies of the bibliography of children's literature and young adult literature web sites will be available for pick up.

Children's Literature Online will explore the myriad of web sites that give you access to great children's books. While many of the ideas are familiar (such as the Caldecott and Newberry sites), others (such as the teen reading sites) will probably be new. How to utilize statewide catalogs to seek out additional children's literature as well as some wonderful interactive sites will also be explored. Handouts will feature some sites that have been recommended by librarians and educators. There will be a brief lecture, but ample time will be provided to allow workshop participants to explore the sites themselves and see where they can find answers that they have been seeking about children's literature.

This workshop is offered free of charge, and refreshments will be provided.

For more information, please contact the Thief River Falls Public Library by mail at P.O. Box 674 in Thief River Falls, by phone at 681-4325 or by e-mail at trfcire@northernlights.lib.mn.us.

Rural Futures recognizes Sharon Bring

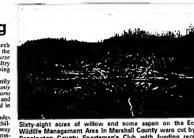
Sharon Bring will be recognized for making a positive impact on rural Minnesota during the Minnesota Rural Futures annual banquet on Monday evening, Nov. 18, at the Thunderbird Hotel, Bloomington. She is one of seven award winners to be honored. Commissioner of Agriculture Gene Hugoson will be on hand to present the awards.

Bring has lived on a farm all her life near Thief River Falls. She was the oldest of six children. She learned how to drive tractor on a "D" John Deere at the age of seven and started raking hay by age eight.

Bring went to a technical school after high school, then worked at a local bank for six years. She married a dairy and grain farmer and helped with chores and drove tractor on a regular basis. She operates and income tax preparation business with e-filing out of her home.

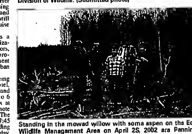
She is currently on her sixth year as County Commissioner for Marshall County and on numerous county committees, including the *Living at Home Block Nurse Program*, Area Agency on Aging, Transportation Advisory Committee, County Park Committee and Association of Minnesota Counties Extension Committees.

Bring has been a 4-H leader for over 20 years, where all of her children were actively involved in various projects. She has also been involved with the county homemaker program, county agribusiness committee and numerous church committees and Sunday School teaching.



Her current volunteer work includes: Treasurer of Church Cemetery Fund, Vice Chair of the local *Living at Home/Block Nurse Program*, in charge of the poultry barn at the County Fair and helping with the 4-H program.

Honors for Bring and her family have included: *Marshall County Honor Dairyman* in 1991, *Farm Wife of the Year* award in 1995 and *Farm Family of the Year* award in 1996.



Bring's family now includes five children and three grandchildren. Her husband passed away over two years ago, but she continues to operate the family farm with her son. She has truly acquired a love of the land and doesn't mind spending all day on the tractor. Her favorite field jobs are combining and cultivating. With the ups and downs of farming, Bring still believes it is the best place to raise a family.

Minnesota Rural Futures is a non-profit, non-partisan organization of women-farmers, educators, executives, lawmakers-who promote leadership and involvement in agriculture in rural and urban Minnesota.

The annual banquet is being held at the Thunderbird Hotel, Bloomington. Registration and Social Hour run from 5 p.m. to 6 p.m. The banquet meal begins at 6:15 p.m. There will be a keynote speaker form 7:15-7:45 p.m. The award recognition begins at 7:45 p.m. Persons interested in attending need to pre-register by Wednesday, November 13. Cost is $20. To register, call Tammy at 507-549-3119 or email her at tsonna@gotocrystal.net.

Sixty-eight acres of willow and some aspen on the Eckvoll Wildlife Management Area in Marshall County were cut by the Pennington County Sportsman's Club with funding received through the Minnesota Heritage Enhancement Grant program administered by the Minnesota Department of Natural Resources Division of Wildlife. (Submitted photo)

Standing in the mowed willow with some aspen on the Eckvoll Wildlife Management Area on April 25, 2002 are Pennington County Sportman's Club members, from left to right, Allen Paulson, Gary Tischer, Valerie Jorstad, Carl Peterson and Jim Counter. Money for the project was received from the Minnesota Enhancement Fund. (Photo by Brent Waale, Pennington County Sportsman's Club member.)

Pennington County Sportsmen's Club Receives $6,000 Minnesota Heritage Enhancement Grant

The Pennington County Sportsmen's Club, Thief River Falls, applied for and received a $6,000 Heritage Enhancement Grant.

Working cooperatively with the Thief River Falls Minnesota Department of Natural Resources Wildlife Office the Sportmen's Club outlined several willow areas with some aspen to be rotary mowed on the Eckvoll State Wildlife Management Area located in Marshall County. Location of mowing is near the east end of the wildlife management area west and north of the Judicial Ditch 11 campground. Roger Berg Brushing Service from Wannaska, was contracted by the Sportsmen's Club to complete the rotary mowing. Due to the early melting of snow pack in February and little snow received after February, rotary mowing began on March 5 and was completed on March 12, 2002. Mowing was completed on 68 acres.

Willows selected for mowing were mostly old and at their peak height. They were mowed off at a height of 15 inches from ground level. Purpose of mowing the tall willows is to stimulate new willow growth that will be more accessible for food to deer, moose, snowshoe hares and other wildlife.

The grant money was obligated under the new law passed recently by the State Legislature and signed into law by the governor. It provides $2 million over the next two years to administer and provide grants to local outdoor sports clubs for habitat improvement projects on state wildlife management area lands. The law was part of the Environment and Natural Resources Finance Omnibus Bill passed by the 2001 legislature and is a one-time appropriation. The funding source for the new law is the "Heritage Enhancement Fund" which includes revenues from the Minnesota State Lottery. The "Grants Program" is administered through the Minnesota Department of Natural Resources Division of Wildlife and directed by the Grants Specialist in the St. Paul Office.

Dahlin celebrates 50 years of employment with Forsbergs Inc.

Usually when there is a surprise party at Forsbergs Inc., employee Winton Dahlin hears whispers about it. This time, though, Dahlin heard nothing. After all, it was a surprise party celebrating his 50 years at the company.

Prior to starting at Forsbergs Inc., Dahlin farmed for five years. His job at Forsbergs Inc. was his first outside job.

On October 13, 1952, Dahlin started at Forsbergs Inc. as a painter. For 38 years, he worked in that capacity at the company. For the past 12 years, he has worked in the stockroom.

At some point in his tenure at Forsbergs Inc., Dahlin got into the habit of making coffee for his co-workers. He arrives at work more than three hours early and brews the coffee by 4 a.m. It has become such a habit that Dahlin does not remember how it started.

After he has finished making the coffee, Dahlin prepares for the start of his workday. He completes paperwork, files it and lines up orders.

In his 50 years with the company, the 72-year-old Dahlin has seen some changes. "When I started there, there were probably 12 people in the shop - in the production area - not counting the office," said Dahlin. "Now, there are probably more than double that."

Dahlin has also witnessed changes in the company's ownership. Since he began working at the company, its ownership has changed three times. When Dahlin began his employment with the company, Art and Clarence Forsberg owned the company. Then Ervin Forsberg bought the company, and then Ames Grisanti purchased the company from Ervin Forsberg.

Dahlin said, "They're very good bosses. They treat the workers real good, and that means a lot."

In addition to being a loyal employee, Dahlin has been dutiful in other areas of his life. He was married for 49 years, a Boy Scout leader for 31 years and a Sunday School teacher at Trinity Lutheran Church for a time. However, he stopped doing service activities because he thought others should have the opportunity to serve.

It is hard for Dahlin to imagine not working at Forsbergs Inc. Dahlin said, "I don't know what I'd do after I'd retire."

His late wife had her own take on his work situation. Dahlin said, "Like my wife told me one time, I'll be there till they carry me out."

Winton Dahlin (center), who recently celebrated 50 years with Forsbergs Inc., is congratulated by Ames Grisanti (left) and Tom Goddard (right) of Forsbergs Inc.

Farm Bureau names "Friends of Agriculture"

The Minnesota Farm Bureau Federation recently announced the naming of Representative Maxine Penas (R-Badger) and Senator LeRoy Stumpf (DFL-Thief River Falls) as "Friends of Agriculture." The legislators were designated as a "Friend of Agriculture" by the state's largest farm organization for their dedication to issues affecting Minnesota agriculture and the rural economy during the 2001 and 2002 Minnesota legislative sessions.

"Roll call votes on issues of importance to Minnesota agriculture were the primary criteria used to identify 'Friends of Agriculture'," explained NW Regional Farm Bureau President Buddy Erickson. A few of these issues included supporting agricultural research, agricultural-based renewable energy programs and passage of the state's first bio-diesel bill.

Erickson said, "It's more important than ever that farmers recognize those legislators who have a clear understanding of agriculture and a commitment to the future. Rep. Penas and Senator Stumpf have demonstrated that kind of leadership and deserve our thanks for sharing the Farm Bureau's commitment to Minnesota's most important industry - agriculture."

Nelson graduates from AIT course

Army National Guard Pfc. Havie M. Nelson has graduated from the automated logistical specialist advanced individual training (AIT) course at Fort Lee, Petersburg, Va.

Nelson was trained to establish and maintain stock records and other documents, such as inventory, material control, accounting and support reports, automated and manual accounting records; review and verify bills of lading, contracts, and purchase orders; repair and construct shipping crates for equipment and supplies; and perform prescribed loads and shop stock lists in manual and automated supply applications.

She is the daughter of Danny B. and Belle A. Nelson of Warroad.

The private is a 2000 graduate of Warroad High School.

Army National Guard to deploy to Bosnia

More than 1,000 Minnesotans are preparing for the largest deployment of Minnesota Army National Guard since the Korean War and the 34th Infantry Division's largest deployment overseas since World War II. That announcement this week, stated that the Minnesota Guard will be responsible for NATO peacekeeping operations in northern Bosnia from October 2003 to April 2004, where NATO has maintained a presence since 1996.

The 1,100 deploying soldiers are from around the state, but the three units providing the bulk of troops are Headquarters and Headquarters Company, 34th Infantry Division (based in Rosemount) with approximately 200 soldiers; 2nd Battalion, 136th Infantry (based in Moorhead) with approximately 450 soldiers and 2nd Battalion, 194th Armor (based in Duluth) with approximately 250 soldiers. Company B (Detachment 1), 2nd Brigade of the 136th Infantry Division, based in Thief River Falls, is also being deployed.

"This mission is ideally suited for the Army National Guard because it involves two key areas we specialize in – community assistance and homeland defense," said Maj. Gen. Larry Shellito, 34th Infantry Division commander. "Our soldiers have a tremendous amount of experience in dealing with communities, governmental and non-governmental agencies. Our primary purpose will be to maintain the peace through our presence. Ultimately, a safe and secure environment is the responsibility of the citizens of Bosnia, the country's leaders, and local police."

The Army's reliance on the National Guard has steadily increased over the last 10 years. Since 1996, this rotation in Bosnia is the fifth out of 14 total rotations led by a National Guard division.

The soldiers have already started specific training, such as cultural and language studies, learning to conduct presence patrols, maneuvering military vehicles on Bosnia's narrow roads and identifying and reacting to potential hazards like landmines.

The deploying Minnesota Army National Guard soldiers make up 11 percent of the state's total strength. The remaining 89 percent will be available to provide continued assistance to the state and nation as necessary.

Arctic Cat's racing department will hold its 11th Annual Team Arctic Racing Seminar this weekend. The event, which is expected to attract over 900 participants, will be held at Northland Community and Technical College.

KEEPING WATCH AROUND THE REGION

April Scheinoha

School board begins process of making trims for next year

Warren - Members of the Warren/Alvarado/Oslo School Board heard a presentation from Superintendent Kenneth Henry on projected student enrollments and budgets at their meeting Thursday night.

The meeting, which normally would have been held on Monday, was held on Thursday, so the results of last Tuesday's school board election could be canvassed by the state deadline.

Henry said his projections show a decline of about 25 students per year for the next three years, based on the school census, and assumes a similar drop in the next few years following that. To project expenses, he assumed a three percent annual escalator, but he held projected revenues at their present level in the absence, at least for now, of any indication the state will increase its support of education.

A figure of $400,000 as a target for cuts in the 2003-2004 budget was proposed by Henry. He said it is now up to the board to consider the administration proposal, then set its own firm target for next year's budget reductions. He believes the board will discuss reductions at its December meeting, propose specific cuts in January and finalize its budget reductions at the February meeting. - *Warren Sheaf, November 13, 2002*

New DNR facility to be built on western edge of city

Warroad - The Minnesota Department of Natural Resources (DNR) plans on building a new facility in 2003, sited on the western edge of the city of Warroad. The DNR is finalizing their space requirements prior to the next DNR/city meeting to be held on Tuesday, December 17.

At this point, both a separate DNR facility and/or potential wing on the future Warroad Public Safety Facility are being considered. - *Warroad Pioneer, November 13, 2002*

The Arvid Barbers: They fought World War II together

Roseau - Arvid Barber is in the history books, but you will never spot his name or any of his buddies who fought, froze and died in their fight against the Germans all the way up the boot of Italy.

Barber is 86 now, but he has plenty of spunk.

"I'm kicking pretty good," he said earlier this week.

Right alongside of him was the love of his life, Geraldine, whom he calls Dean, and they have been married for over 60 years.

Make no mistake about it.

He did the fighting, seeing extended action in Italy, beginning in early 1944 and ending in the spring of 1945.

But he couldn't have done it without Dean.

She kept him going in this war, just through her many letters. - *Roseau Times-Region, November 9, 2002, by Jeff Olsen*

Baby Blanket Retreat benefits many people

by April Scheinoha
Reporter

With group names like the All-Nighters, Croup Group, Rattlers, Pacifiers and Comforters, one would assume they were working on something that involved babies. On November 9, five Family Advocacy Program (FAP) participants and 27 Thief River Falls Quilters Guild (TRFQG) members worked together to create 18 baby quilts.

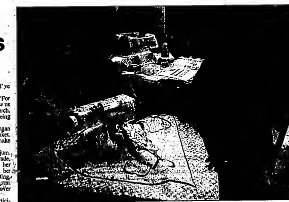
As a result of the Baby Blanket Retreat, each FAP participant was able to take home a baby blanket of their own. The rest of the day was spent sewing baby quilts for the FAP and the Violence Intervention Project.

The retreat was rewarding for all participants. FAP participant Melissa Dagen said, "I like it. I think this was a good opportunity."

TRFQG member Deb Winjum agreed, "I think it's a great experience."

FAP participant Bobbi Jo Rose concurred, "I'm 21, and I've never sewn. I've never ironed. I've learned a lot today."

In addition, Rose noted, "For someone to take the time to show us how to do this and enjoy it so much, it makes me feel comfortable being here."



Prior to the retreat, neither Dagen or Rose had ever made a blanket. Now, both women plan to make more homemade items.

That does not surprise Winjum. In the past, she taught third grade, and she taught the quilting to her students. Now, two years later, her former students are still quilting. Winjum said, "It was such a great learning experience. It carries over for sure."

Besides teaching the FAP participants the art of quilting, the retreat had other benefits. FAP Family Advocate Jill Johnson said, "This is just a really nice place to connect and provide mentorship and to teach them a skill." Johnson also acknowledged the event gave FAP participants resources in the community.

The FAP is a Community Education service available to pregnant and parenting teens and those 20-24 years old. It helps them with such things as daycare assistance, graduation completion, college transitioning, job placement and financial assistance. There are 25 active participants in the FAP.

The TRFQG, which has 63 members, is a nonprofit organization dedicated to promoting the tradition and art of quilting.

Thief River Falls Quilters Guild (TRFQG) member Mary Follett (left) and Family Advocacy Program (FAP) participant Liza Mehrkens work together on a baby blanket. The TRFQG and FAP participated in the Baby Blanket Retreat recently. The two groups made baby blankets for the FAP and the Violence Intervention Project.

Northwest Airlines donates DC-9 to NCTC

Dr. Orley D. Gunderson, president of Northland Community and Technical College (NCTC), recently announced that Northwest Airlines is donating a fully operational Douglas DC-9 passenger aircraft to college's Aviation Maintenance Technology program.

Northwest Airlines pilots were expected to fly the DC-9 into the Thief River Falls Regional Airport late Friday. College faculty, staff and students, as well as numerous public officials were expected to be on hand for the aircraft's arrival.

Gunderson said, "This will be an invaluable teaching tool. We will be able to perform year-round training. Northwest Airlines currently has 169 DC-9 series aircraft in service, so the integration of a working DC-9 into our aviation program will be a tremendous asset for our job-bound students and for Northwest."

Bob Benner, director of state and local affairs at Northwest Airlines, said, "Minnesota is the home of Northwest Airlines, and we are proud to make this investment in our community and in the future employees of the aviation industry. Our partnership is with Northland College is a model of the type of winning partnerships between industry and educational institutions so critical to the development of a competitive workforce."

The DC-9 -10 series being donated holds 78 passengers and took its last regular scheduled, passenger flight Friday morning. Although the aircraft will be completely operational, it will not be flown again once it arrives in Thief River Falls.

The Northwest DC-9 will join Northland's fleet of more than 30 aircraft, including an operational Boeing 727-200, a Boeing 727-100 donated by Northwest in 1991, three additional Douglas DC-9s and a variety of twin- and single-engine planes and helicopters. The aviation program is one of the top in the United States because of the variety of aircraft it has and state-of-the-art facilities and instruction.

Gunderson began the process of procuring the aircraft approximately one year ago. NCTC and Northwest Airlines have had an educational partnership lasting more than three decades.

Once the aircraft arrives, it will be positioned in the Swenson Hangar of the airport campus. The aircraft will be incorporated into instruction in all courses in the Aviation Maintenance Technology program.

Ron Braaten, director of the NCTC aviation program, is excited about the educational opportunities this gift presents. "Our students will be able to train for a career with the exact technology that is being used in the aviation maintenance field today. They will be able to develop skills to graduate from Northland and be ready for the job market," Braaten said.

Currently, the aviation program has 100 enrolled students. Many students complete their diplomas in Aviation Maintenance Technology at NCTC and continue their studies in Aviation Management or other areas at accredited four-year institutions. The majority of graduates complete their studies and enter the workforce, most recently with corporate airlines, which have seen steady growth in hiring.

Jon Hovde shares Vietnam stories to...Make a Difference

by Jenny Nicholson
Reporter

Goosebumps mixed with pride and awe last Tuesday at the Elks Lodge as members crowded the dining room to pay homage to our nation's veterans. A video depicting images of America, along with the song "Proud To Be An American," brought many to near tears as they sang along. Five veterans, Roy Jorgenson, Harvey Ness, Robert [illegible] and [illegible] Yonke, were honored for their years of service.

The real highlight of the evening was the guest speaker, Jon Hovde. As a resident of Fertile, his strong ties to the area seemed to give his speech an even greater sense of personality. Hovde has spoken at numerous schools, conventions and meetings with the hope that his story will inspire and motivate others to make a difference in the lives of others.

It was January 8, 1968 at 7 a.m. Hovde was driving his armored personnel carrier through the jungles of Cu Chi, Vietnam when a mine struck the vehicle, blowing the engine half a football field away.

Hovde had served with the 25th Infantry Division, the Tomahawks, in Vietnam since October 1967, until that day when his world was literally blown to pieces. His left [illegible] severed from his body, his right foot was crushed, he had a fractured skull, and his remaining limbs required a total of over 370 wire stitches.

The medic, who had retrieved him from the burning tank, tried to get a pulse from his left arm. Not knowing the limb was completely severed, he found no pulse and declared Hovde dead. Hovde was brought to the Army hospital where he remained unconscious for six days.

Waking up to the incredible pain, Hovde's first thoughts were, "Let me die, just let me die." He figured he would be better off dead, than to remain in his current situation.

It was then that a chaplain came to visit him. He told Hovde about the mail that was pouring in from his hometown of Fertile. He asked the chaplain to read two letters, one from his mother and one from his girlfriend.

His mother's letter read, "Jonny, we love you, please come home." She also mentioned how they would rearrange the house, so he would have accessible sleeping accommodations. He knew in an instant that his parents really wanted him there because his father would have never agreed to such rearranging in any

(Continued on Page 9)

Jon Hovde, a Vietnam veteran, spoke at the Elks Club on Tuesday evening. Hovde lost an arm and a leg, suffered numerous other injuries and was pronounced dead twice while in Vietnam. He made a miraculous recovery and has dedicated his life to making a difference and inspiring people to do the same. Hovde has a book coming out soon called "Wings On Fire."

Thank You

We would like to thank NWMC staff, Dakota Clinic Physicians and staff, area businesses and the surrounding communities for their generous donations of time, food, auction items and support for the Panek-Smith benefit auction. We would also like to thank the following auctioneers for their time and services: Maryel Anderson, Dale Svendsgaard and Jason Rominski. We are so thankful to live in, and work with such a caring, thoughtful and giving community.

Sincerely,
Tim, Tawnya Panek

SOUPÇON

Sherry LaCoursiere
email: lacours@mncable.net

Here are pre-Thanksgiving recipes for you, some that you can make ahead and freeze for the big day.

Make your own cranberry sauce this year – in the oven. So much better than canned – and tasty with brandy:

BAKED CRANBERRY SAUCE
4 cups fresh cranberries
2 cups white sugar
1/3 cup brandy

Preheat oven to 300 degrees. In baking dish, mix cranberries and sugar. Bake 1 hour in preheated oven, stirring often. Before serving, mix in brandy.

This sounds like a wonderful hors d'oeurve to serve to your guests before the big feast – have it on hand, along with crackers or a special bread. It keeps well in the refrigerator for up to 3 weeks.:

BLUE CHEESE, PORT AND WALNUT SPREAD
1 pound blue cheese
1/2 cup unsalted butter, softened
1/3 cup port wine
1-1/2 cups chopped walnuts

In food processor, blend cheese, butter and port until mixture is smooth. Place in bowl and add walnuts. Chill in crock or pretty bowl ready for serving.

If your family just doesn't like cranberries, try this tart and tasty cranberry dish with that turkey dinner. They won't even notice the cranberries in this one – and it's so pretty:

RUBY RED LAYERED SALAD
1 (3 ounce) package raspberry gelatin
2 cups boiling water
1 (10 ounce) package frozen raspberries
1 pint sour cream
1 (3 ounce) package cherry gelatin
1 (8 ounce) can crushed pineapple, drained
1 (16 ounce) can whole cranberry sauce

Dissolve raspberry gelatin in 1 cup hot water. Add frozen raspberries and stir until well mixed. Pour into glass bowl. Refrigerate until almost firm, 30 to 60 minutes.

Spread sour cream over raspberry gelatin. Refrigerate.

Dissolve cherry gelatin in 1 cup hot water. Stir in crushed pineapple and cranberry sauce. Chill until partly set, about 20-40 minutes.

Spoon cherry gelatin over sour cream layer. Chill until firm, another hour or two.

Oh, make your own crescent rolls this year. These can be made ahead and frozen too. (This dough is also great for cinnamon or other sweet rolls):

SWEET DINNER ROLLS
1/2 cup warm water (110 degrees)
1/2 cup warm milk
1 egg
1/3 cup butter, softened
1/3 cup white sugar
1 teaspoon salt
3 3/4 cups flour
1 (.25 ounce) package active dry yeast
1/4 cup butter, softened

Place water, milk, egg, 1/3 cup butter, sugar, salt, flour and yeast in pan of bread machine in order recommended. Select dough/knead cycle and press start.

When cycle finishes, turn dough out on lightly floured surface. Divide dough in half and roll each half into 12 inch circle.

Spread each circle with 1/4 cup softened butter. Cut each circle into 8 wedges, then roll wedges starting at wide end, rolling gently but tightly.

Place point side down on ungreased cookie sheet. Cover with clean kitchen towel and place in warm place. Let rise 1 hour.

Meanwhile preheat oven to 400 degrees. After rising, bake rolls in preheated oven 10-15 minutes, until golden.

Here's a pumpkin treat that will really impress your guests – this recipe serves 10 with generous helpings:

PUMPKIN CAKE ROLL WITH CREAM CHEESE FILLING
1/4 cup powdered sugar (to sprinkle on towel)
3/4 cup flour
1/2 teaspoon baking powder
1/2 teaspoon soda
1/2 teaspoon cinnamon
1/2 teaspoon cloves
1/4 teaspoon salt
3 large eggs
1 cup sugar
2/3 cup canned pumpkin puree
1 cup walnuts, chopped (optional)
1 (8 ounce) package cream cheese
1 cup powdered sugar, sifted
6 tablespoons butter, softened
1 teaspoon vanilla
1/4 cup powdered sugar (for top)

Preheat oven to 375 degrees. Grease 10x15 inch jelly roll pan and line with waxed paper. Grease and flour paper. Sprinkle towel with powdered sugar.

Combine flour, baking powder, soda, cinnamon, cloves and salt in small bowl.

Beat eggs and sugar in large bowl until they are thick. Beat in pumpkin. Stir in flour mixture and spread evenly in prepared pan. Sprinkle with nuts, if desired.

Bake 13-15 minutes or until top of cake springs back when touched. Immediately loosen and turn cake onto sugared towel. Carefully peel off paper. Roll up cake and towel together, starting at narrow end. Cool on wire rack.

Beat cream cheese, powdered sugar, butter and vanilla in small mixer bowl until smooth. Leave at room temperature so it spreads easily.

Carefully unroll cake. Remove towel. Spread cream cheese mixture over cake. Reroll cake. Wrap in plastic wrap and refrigerate at least 1 hour. (Also can freeze for serving at a later date at this time.) Sprinkle with 1/4 cup of powdered sugar before serving.

These tasty treats will also be a delicious finale to your Thanksgiving feast, but they'll taste even better this weekend. I made them last weekend and my daughter, who is crazy about pecan pie, loved them. Leaving the pecans in halves like I did will make them hard to cut neatly (whoops!):

PECAN PIE BARS
3 cups flour
1/2 cup white sugar
1/2 teaspoon salt
1 cup butter
4 eggs
1 1/2 cups light corn syrup
1 1/2 cups white sugar
3 tablespoons melted butter
1-1/2 teaspoons vanilla
2-1/2 cups chopped pecans

Preheat oven to 350 degrees. Lightly grease a 10x15 inch jelly roll pan.

In large bowl, stir flour, 1/2 cup sugar and salt. Cut in 1 cup of butter until mixture resembles coarse crumbs. Sprinkle evenly in prepared pan and press in firmly. Press up the sides a bit to contain the filling.

While crust bakes, prepare filling. In large bowl mix eggs, corn syrup, 1 1/2 cups sugar, 3 tablespoons butter and vanilla. Stir in pecans. Spread filling over crust as soon as it comes out of the oven.

Bake 25 minutes, until set. Allow to cool completely on wire rack before cutting.

(I made half a recipe and used a 9x13 inch pan. I would recommend using a somewhat smaller pan than that for a half recipe, maybe 9x7. Remember to cut heat by 25 degrees if you use a glass pan).

Holiday results in change to Watch deadlines

Thanksgiving will result in one less day for staff to prepare the November 30 edition of the Northern Watch. As a result, deadlines for classified and display advertisements have been moved up so that staff will have adequate time to prepare them for publication.

To get a classified advertisement in the November 30 edition of the Northern Watch, your information must be to The Times/Northern Watch office by 3 p.m. on Tuesday, November 26.

To get a display advertisement in the November 30 edition of the Northern Watch, your information must be to The Times/Northern Watch office by 3:30 p.m. on Tuesday, November 26.

For more information, contact our offices at 681-4450.

Calendar parking went into effect Friday

On Friday, November 15, calendar parking went into effect for the city of Thief River Falls. On Mondays, Wednesdays and Fridays from 6 - 9 a.m., there will be no parking on avenues (north and south). On Tuesdays, Thursdays and Saturdays from 6 - 9 a.m., there will be no parking on streets (east and west). The restriction remains in effect until March 15, unless there is a snowstorm.

All vehicles parked on the streets when snow removal is in progress are subject to towing at the owner's expense. The parking restriction gives the City Street Department time to finish plowing.

The Shop and Falls Radiator Service will be handling the towing of vehicles. The towing fee is $40. Beginning on the second day, there will be a $10 daily storage fee. Vehicles will be taken to either Brouse's shop or Falls Radiator Service.

The Shop, which is owned by Jeff Brouse, is located at 703 Atlantic Ave. Brouse can be reached at 681-8531. Falls Radiator Service is located at 17249 US Hwy. 59 NE. At Falls Radiator Service, contact Greg Dally. He can be reached at 681-2277.

DEATH NOTICES

Anna Nyland, 96

Thief River Falls - Anna Nyland, 96, formerly of Gully, died on Monday, November 11 at Oakland Park Nursing Home in Thief River Falls.

Funeral services were held on Friday, November 15 at Lund Lutheran Church in Gully with Rev. Michael Sietto officiating. Interment was held in Lund Lutheran Cemetery in Gully.

A complete obituary will appear in the next edition of *The Times.*

Dale Adolphson, 79

Warren - Dale Adolphson, 79, died on Sunday, November 10, 2002 at the North Valley Health Center in Warren.

Funeral services were held on Friday, November 15 at the St. Rose of Lima Catholic Church in Argyle with Rev. Gary LaMoine officiating.

A complete obituary will appear in the next edition of *The Times.*

Blanche Waterworth, 72

Newfolden - Blanche Waterworth, 72, died on Wednesday, November 13, 2002 at her home in rural Newfolden.

Funeral services will be held at 10:30 a.m. on Monday, November 18 at Bethlehem Lutheran Church in Newfolden with Rev. John Jorgensen officiating.

Visitation will be held from 5 to 8 p.m. on Sunday, November 17 at Johnson-Green Funeral Home in Thief River Falls with a 7 p.m. prayer service. Visitation will also be held for one hour prior to services at the church on Monday.

A complete obituary will appear in the next edition of *The Times.*

Gordon Johnson, 89

Blaine - Gordon Johnson, 89, formerly of Thief River Falls, died on Tuesday, November 12, 2002 at Hennepin County Medical Center in Minneapolis.

Funeral services will be held at 1 p.m. on Saturday, November 16 (today) at the Johnson-Green Funeral Home in Thief River Falls with Rev. Tim Bauer officiating.

A complete obituary will appear in the next edition of *The Times.*

Goodridge releases honor roll

Five students made the "A" Honor Roll at Goodridge School for the first quarter of the 2002-2003 school year.

The five students include: Andrew Hanson and Gus Rustan in the 12th grade; Mandy Kuske and Kacey Anderson in the 11th grade; and, Adelle Prestebak in the seventh grade.

Students on the "B" Honor Roll include the following:

Grade 12 – Lacey Hoffman, Christine Johnson, Cole Halvorson, Eliza Skibicki, Bethony Tharaldson, Kjell Johnsrud, Megan Marquis, and Timothy Ireland;

Grade 11 – Peter Nelson, Aaron Swanson, Elroy Johnsrud, Ashley Stavnes, Jena Hougen, David Frederick, and Jonathan Miller;

Grade 10 – Elizabeth Nelson, Danielle Frazer, and Tyler Downs;

Grade 9 – Sara Rindahl, Brittany Hanson, Marie Dahlen, Josh Tharaldson, and Ashley Kenner;

Grade 8 – Kasey Dahlen, Crista Boulain, Stephanie Drongstveit, Nick Mickelson, and Jenna Wellman;

Grade 7 – Justin Wiseth, Otto Rubischko, Cole Dahlen, Tiffany Hanson and Brittney Forsberg.

Composting project holds public information meeting

by Howard Person
University of Minnesota Extension Service

The Black Gold manure composting project will hold a public meeting to discuss progress made toward markets and business development using composted livestock manure from farmers in northwest Minnesota. The meeting is scheduled Tuesday, November 26 at 9:30 a.m., Meeting Room C at the Best Western Motel in Thief River Falls.

At the meeting, Neil Doty of Doty and Associates will discuss the market potential for composted manure products and a brief description of a proposed business plan for a farmer organization to produce the material.

Jerome Burkel of Burkel Grain in Greenbush has been producing compost with an in-vessel system since April 2002. He will discuss the progress being made in composting manure, as well as some of the challenges he has faced with the project. University of Minnesota Extension Director Howard Person will discuss test results and preliminary plot work using the compost this first year, and the meeting will conclude with a discussion of new economic development strategies through the new farm bill by Kathy Coyle, USDA Rural Development Specialist from Detroit Lakes.

The Black Gold composting project was started as an effort toward economic development in northwest Minnesota by creating both new business ventures in the area and an additional income source for farmers participating in the project. The project began in the fall of 2001, with initial compost testing and development starting in April 2002. Support for the project is being provided by the Northwest Regional Development Commission, Pembino Trail RC& D, University of Minnesota Extension Service, USDA Rural Development, Burkel Grain, area livestock producers and the Northwest Minnesota Foundation.

County Dairy associations to meet in TRF

Dairy producers in Pennington, Red Lake, and Marshall counties are invited to the American Dairy Association (ADA) Annual Meeting Monday, Dec. 9, at the Best Western in Thief River Falls. The meeting, which will be held in conjunction with the Minnesota Milk Producers Association Dairy Producers Forum that begins at 10 a.m., will provide an update for producers on their dairy checkoff and local promotion efforts.

"The dairy checkoff is engaged in exciting new ways of communicating with consumers about dairy," said Sherry Newell, Midwest Dairy Association Industry relations manager. "Producers attending the meeting will get a broad update on their promotion program and learn about new research revealing how consumers respond to information about dairy and dairy farmers."

Checkoff information will be presented during lunch and during a breakout session immediately following the lunch hour. Luncheon speakers include Mike Hergert, Red River Valley Farm Network, with additional comments from Midwest Dairy Association board members Dan Grunhovd, Gary, and Gary Bergan, Hawley.

Local ADA organization business will conclude the forum. The meeting and dinner are complimentary for dairy producers.

Other breakout topics being presented by the Minnesota Milk Producers Association during the event include "Earning Greater Returns by Improving Herd Management," "Sharpening Marketing Skills for Success," and "Capturing Milk Quality Premiums." Producer panels are featured in each breakout session. MMPA will also invite producer input during a pre-lunch session called "Growth and Prosperity – Identifying Issues for 2003."

Dairy producers who want more information, or who wish to register for the event may call Midwest Dairy Association at 1-800-338-5160, or Minnesota Milk Producers Association at 1-877-577-0741.

Unemployment rete in MN drops slightly

Minnesota Department of Economic Security Commissioner Earl Wilson has announced that Minnesota's seasonally adjusted unemployment rate for October was 3.9 percent. The October rate was down one-tenth percent from last month but the same as October of last year.

Nonfarm employment grew by a seasonally adjusted one-tenth percent in October, the highest monthly growth rate since July. All sectors, except construction and government, showed small improvements or held steady for a total addition of 1,900 jobs.

The state's unadjusted unemployment rate was 3.5 percent in October, up by one-tenth percent from a year ago.

"Unemployment in Minnesota may be in the process of stabilizing," said Governor Jesse Ventura, "but the state continues to face many challenges."

Residential Energy Code training set for early December

In early December, Residential Energy Code training will be held in Roseau and Karlstad. The training will occur at the Four Seasons Senior Citizen Center, Roseau, at 8 a.m. on December 3. In Karlstad, the training will be held at the Eagles Club at 9 a.m. on December 4.

Among other items, the course will cover applicability, exempt buildings and an energy code requirement summary. This course has approval pending by the Minnesota Commissioner of Commerce for continued education credit in Energy Code Education.

The training will last for three hours, and registration is required. To register, call Bev at 681-8005 ext. 110 by November 29.

Mn/DOT launches snowplowing safety campaign

The Minnesota Department of Transportation (Mn/DOT) recently launched its winter 2002-2003 safety campaign with the theme "Stay Back, Stay Alive." With an average of 42 snow events in Minnesota every year, winter safety is one of the Mn/DOT's largest public service campaigns.

Mn/DOT Acting Commissioner Doug Weiszhaar said, "The number one thing motorists can do to increase safety is to slow down and give snowplow drivers plenty of room to get the job done as quickly as possible." There is an average of 110 crashes involving snowplows every year in Minnesota, injuring an average of 10 people annually.

Mn/DOT's State Maintenance Engineer Mark Wikelius said, "Snowplows weigh 17 times more than the average car, and most injuries in collisions with snowplows are to the drivers of the smaller vehicles." Wikelius noted that most crashes can be avoided if drivers give themselves more time to react. Mn/DOT recommends drivers follow these safety steps when driving this winter:

- Turn on your headlights.
- Turn off your cruise control.
- Slow down. Drivers should allow at least five car lengths between their vehicles and a snowplow.
- Snowplows travel much slower than the posted speeds, and the driver's field of vision is severely restricted.
- Stay behind the snowplow. The road behind a snowplow will be safer to drive on. In addition, snowplows turn and exit frequently and often without warning.
- Never drive into a snow cloud.
- Test the road surface frequently. Black ice is invisible and may be present in some areas, but not others.

The 84 hour Nursing Assistant/Home Health Aid Class will be offered through Pioneer Memorial Care Center Foundation.
Classes are schedule to start the evening of Monday, November 25th. Classes will be held at the Embassy Center in Fosston.
For a complete class schedule and more information please contact: Jeannette Ste. Marie at 687-2365.

Two injured in Plummer crash

On November 14 at 9:20 a.m., the Minnesota State Patrol received a report of an accident at the intersection of Red Lake County 1 and Highway 59 in Plummer. Lee Roy Hanson of Plummer, was driving on Red Lake County 1 failed to yield to traffic on Highway 59. He collided with Barbara Ann Paulson of Bemidji, who was northbound on Highway 59. Both drivers were taken to Northwest Medical Center for injuries. Both vehicles, Hanson's 1999 Pontiac and Paulson's 2002 Buick Rendezvous, were totalled.

RLF Christmas Tour of Homes held on Dec. 1

The Eighth Annual Red Lake Falls Christmas Tour of Homes will be held on Sunday, Dec. 1, from 3 to 7 p.m. This event and the Love Light Service will raise funds for Hillcrest Nursing Home.

There are five stops on this year's tour, four at area homes, and one at Sunview Center. The tour includes stops at the Cindy and Ray Scott residence at 815 Broadway Northeast; the Donna and Doug Purath residence at 502 Main Street; the Sunview Center and Senior Homes at 209 International Drive; the Deb and Kevin Amiot residence, 4.5 miles west on County Road 11; and the Addie Beyer residence. To get to the Addie Beyer residence, take County Road 11, 8.4 miles to County Road 3, then 6.4 miles to County Road 13 at Dorothy, then one mile east on County Road 13.

A $6 ticket, which allows the purchaser to complete the tour, may be obtained at any of the stops on the tour.

Raffle tickets for $1 are also available at stops on the tour. The raffle prize is a fully decorated four-foot artificial Christmas Tree. The theme of the tree this year is "Christmas Tea." It is decorated with tiny glass cups and saucers, Christmas tea bags, ruby and gold beaded rope garland, and golden icicles. There is also a tablecloth and napkins, a tree skirt and a miniature poinsettia tea set. The tree may be viewed at Park Place Mall in the large window near Brent's Food Pride. The tree will be given away the Love Light Service held at 7 p.m. on Wednesday, Dec. 4, at Hillcrest Nursing Home. Tickets may be purchased from any Hillcrest auxiliary member, at the HEAD-Quarters in Park Place Mall, or the day of the Tour at the stops on the tour.

The Christmas Tour of Homes and the Love Light Service are sponsored by the Hillcrest Nursing Home Auxiliary and proceeds will be used to purchase an Apollo Whirlpool Bathing System, a $16,000 project.

EDITORIAL OPINIONS

Dave Hill, *Editor*

Editorial opinion published under this heading is intended to stimulate thinking and discussion among our readers. Unless specified otherwise, the editorials are written by Editor Dave Hill and do not represent opinion of other staff members. Opinions in items from other publications may not coincide with the editor's own views but are offered for their general interest.

Write-in votes tend to generate many questions

Residents took advantage of the opportunity to add their own candidate(s) to the list of official candidates on the ballots during this latest election. The write-ins certainly added interest and filled empty slots on many ballots in northwestern Minnesota. The presence of write-ins, however, raises many questions.

In Pennington County, over 80 names appear on the roster of write-in candidates. I'm told that's not an unusual number. I'm told that the only thing different this year was the fact that there weren't as many odd write-in votes, such as for Mickey Mouse, Donald Duck, or even some real life movie or music stars.

Of course, there were a few. In Pennington County, Tiny Tim received a vote for county attorney. And is the "Michael Jackson" who received one vote for appeals court, the same Michael Jackson who is the pop music star?

The presence of write-in votes on the ballots certainly raises some interesting questions. For example, how do we know who the voter meant to cast a vote for? In Pennington County, again, Sharon LaCoursiere received two votes for county auditor and 19 for county recorder, but we know who Sharon is because she works in the county recorders office and writes a column for The Times.

But what if we were to believe the story that claimed Thief River Falls is populated with the most Norwegians in the United States, how would we identify who, for example, is Jeff Olson? A quick look at the Qwest Dex telephone book for Thief River Falls shows that there are over 100 Olsons. And in fact, there are three Jeff Olsons.

And of course, what happens if a write-in candidate wins, and the name of the candidate is a common name, like Jeff Olson? How do we know which one won? I put a call in to the Minnesota Secretary of State, office of elections, and posed these questions but haven't received any answers yet.

None of this answers why a voter decided to write-in their own candidate. Is it because they don't know who the candidates are, say for example, a judicial office seated in a far distant office? Is it because they know the candidate and feel strongly that another individual would be better suited to the office?

In a small community where it's likely that everyone knows who everyone else is, it's possible that positions on a city council, for example, may be unfilled as the deadline for filing for office passes. I suppose it's quite possible that voters may decide who to vote for while at church or the local cafe the week or day before the election. Baring an advertising campaign by voters, or by a potential write-in candidate, however, we may never know the reason or reasons why a voter decided to add their candidate's name for office to the roster by writing-in their name. LaCoursiere had no idea people were going to put write-in her name until the day before the election.

Minnesota law requires that every effort be made to accurately count all votes on a ballot. So while we ponder so many questions and wait for answers, county auditors across the state continue to record and count all write-in ballots cast in official elections. If you're interested, that information is public information and you can ask to see the roster too.

Don't get snowplowed

Wednesday morning I was awakened by a distinct noise. Without looking out the window, I knew it had snowed during the night and that state snowplows were out clearing the roads.

You'd think that the because snowplows weigh 17 times more than the average car, that people would tend to avoid getting in situations that would put them at odds against a snowplow. But, according to the Minnesota Department of Transportation, there is an average of 110 crashes involving snowplows every year, injuring an average of 10 people annually.

That fact alone answers why the Minnesota Department of Transportation feels it's necessary to conduct a snowplowing safety campaign every year. Recently, they launched the 2002-2003 winter safety campaign with the theme "Stay Back, Stay Alive." It's good advice.

Judging by the number of cars that went in the ditch Wednesday morning, it's also necessary to remind motorists of how to drive on snow-packed roads again. Some of the same advice for driving on snow-packed roads also applies to driving near snowplows. Because it was our first "major" snow event of the season, I'll repeat the advice offered by the Minnesota Department of Transportation: slow down and give snowplow drivers plenty of room, turn on your headlights, turn off your cruise control, stay behind the snowplow, never drive into a snow cloud, cautiously test road surface frequently for black ice.

For information on weather-related road conditions, construction and congestion in Minnesota, travelers can call 511 on telephones (not available on Verizon) or by logging on to www.511mn.org.

Drive safely.

POLICIES

Letters To The Editor: The staff of the *Northern Watch* encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in *Northern Watch* exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Northland Honor Band Festival and Autumn Musicale scheduled for November 21

On November 21, at the Northland Community and Technical College (NCTC) Auditorium, 79 local high school students will come together as part of the Northland High School Honor Band. This is an annual festival hosted by the NCTC Music Department.

Each year, students are nominated by their high school band directors to take place in the event. The schools attending this year's high school festival, and their directors, are Badger Public School – Lisa Erickson; Bagley HS – Anna Larson; Clearbrook-Gonvick HS – Erin Otto, Goodridge School – Kathryn Nordine; Greenbush/Middle River HS – Deland Elseth; Lincoln HS – Bruce Fell; Marshall County Central – Sheila Nelson; and Warren/Alvarado/Oslo HS – Joan Peterson.

The High School Honor Band will rehearse as a group at the NCTC Auditorium on Thursday, November 21 from 1-5 p.m. with guest conductor Robert Levy. The Community Band will also rehearse on November 21 with Levy from 5-6 p.m. Following the rehearsals, a pizza party with Levy will be held at 6 p.m. in the NCTC Cafeteria. The day will conclude with the Autumn Musicale concert at 7:30 p.m. in the NCTC Fine Arts Auditorium.

Levy is the director of the Wind Ensemble and instructor of High Brass at Lawrence University in Appleton, Wis. As guest conductor and clinician, Levy has worked with high school and college bands; wind ensembles; wind and brass chamber groups; and jazz ensembles for district and All-State Festivals. A frequent guest conductor and clinician, he has conducted and performed throughout the United States, Canada, Australia, China, Portugal, Haiti and Jamaica. In addition, he has served as guest artist and on the faculty for many summer music festivals and camps, including Interlochen, Empire Brass Symposium at Tanglewood, Red Lodge (Montana), Tidewater Music Festival (Maryland), Blue Lake Fine Arts Camp (Michigan), Encore/Coda (Maine), Haiti and numerous others. In 1991, he was guest artist-in-residence at the Western Academy of Performing Arts in Australia, conducting the Conservatorium Wind Ensemble in an all American music concert. In 2001, he was guest conductor at three conservatories in Beijing and Xian in China.

Levy is a member of the College Band Directors National Association, the World Association for Symphonic Bands and Wind Ensembles, the National Band Association, the International Trumpet Guild and the Wisconsin Alliance of Composers. He holds degrees from the Ithaca College School of Music and the University of North Texas. Levy has also studied conducting with Gunther Schuller.

The culmination of the day's work will be presented to the public at the Autumn Musicale Concert, which will take place in the NCTC Fine Arts Auditorium on November 21 at 7:30 p.m. Admission is $3.00 for adults and $2.00 for students and senior citizens.

For more information, contact Linda Samuelson at the NCTC Music Department, (218) 681-0733.

Pennington County Humane Society to meet

The Pennington County Humane Society will meet at 6 p.m. on Monday, November 18 in the meeting room of the C'Mon Inn in Thief River Falls.

Anyone interested in becoming involved in the humane society is welcome and encouraged to attend.

THE LYON'S SHARE

Tim Lyon

Is It Just Me?

The paranoia has always been there. For as long as I've deer hunted, anyway. It just seems to get exaggerated later in the season when even the smells and sounds of potential quarry disappear from the area I hunt during daylight shooting hours, only to be overrun with sign by the following morning. Who wouldn't suspect a grander scheme when confronted with a 4 p.m. landscape more devoid of life than a moon crater that miraculously transforms itself into a hotbed of activity sometime between then and the following sunrise. Faced with reports of booming deer populations statewide and hunting prospects as good as they've been in the history of the firearms season, I'm not yet convinced that tangible beasts of that name actually exist, having seen none through the crosshairs of my scope. Rather, when faced with the overwhelming evidence that greets me each morning on the hike out to the deer stand, I become increasingly persuaded that a huge hoax is being undertaken on my behalf. Deer are akin to the little green men of Irish folklore, a far-fetched excuse for the cruel antics of some mischievously-minded greater power. It's either that, or the creature I hunt each November is a far more advanced being than I suspect.

Consider the evidence. Deer tracks line the path to my elevated stand. A recent snow dispels any possibility that they were made in the distant past. This is truly encouraging fresh sign.

Yet those tracks do not simply meander their way across the swamp, they converge with other trails at the base of my stand where the scattered snow shows evidence of a hastily extinguished fire. Traces of carbon-blackened willow have been tossed randomly through the brush, though their presence is unmistakable. Tracks are thick and a half dozen pronounced depressions in the snow suggest that large warm bodies reclined themselves for a lengthy period around the fire area.

I can feel the paranoia sliding its way up the back of my neck.

As I begin my climb the 12 feet skyward, strange markings on the steps grab my attention. A closer inspection of the rungs up show sharp-edged hoof outlines in the snowy depressions left by my boots last evening. There's no such thing as deer, I begin to intone under my breath, trying hard to maintain a positive grip on the big picture.

Reaching the platform at the top, it's obvious I was not the last one up here. The five gallon pail that serves as my seat has been tossed off and into the brush. The limbs and branches are bent and broken in very similar fashion to the mock deer rub I'd established further back along the trail. The wood deck has been roughly scraped and pawed. The eye-watering stench of buck urine is strong enough to assure me that not a surface in the stand hasn't been liberally sprayed. All the subtle components of bona-fide deer sign have been lobbed together forming an exaggerated parody of the real thing.

My breathing becomes labored and I force the air through my mouth to overcome panic and hyperventilation. I must be reading too much into this.

I climb down from my stand to retrieve the wayward five-gallon pail, conjuring up reassuring explanations about wind and raccoons. There's got to be some logic here. It's at the base of my stand that I find the wrapper from the Snickers bar that I keep stored in the stand in case of hunger emergencies. The candy bar itself is gone and on the inside of the paper I noticed some writing. The standard, apologetic phrases "Not a Winner. Please Try again." that come on every "Million dollar candy bar sweepstakes" wrapper these days have been crossed out and replaced with new wording. The letters are scrawled in blockish, Kindergarten fashion and the spelling suggests less than an elementary education. Their meaning, however, is imminently decipherable. "U ar a Loozer. Plezse Dont Try Agin."

I arrive back at the truck an hour later. I do my best to corral the ungatherable cloud of paranoia that now envelops my every step in the woods. My buddies are already on the roadside and as good hunting partners they ask the customary questions.

"See anything?"

"No actual deer," I reply, "but a lot of good sign."

Snowmobile club in Plummer holds meeting Nov. 23

The Plummer Snowmobile Club will hold its Sixth Annual Membership/Landowner Appreciation Night on Saturday, Nov. 23, at the American Legion Club in Plummer.

Social hour starts at 6:30 p.m., with a turkey and ham supper to follow at 7:30 p.m. A dance will follow at 9 p.m.

Membership dues are $23 per single, and $25 per family. New members are welcome.

For more information, contact Barb Schmitz at 218-465-4512.

CORRECTION

In a recent edition of The Times, a picture of the annual Lions Halloween Carnival identified several volunteer members of the Lions Club who were assisting with that event. One of the volunteers was identified as Earl Gibson. It was not Earl Gibson, but Fred Dallman. The Times regrets the error and any embarrassment it may have caused.

TRF girls win 7-1 in hockey home opener

Six Prowlers scored goals Thursday as Thief River Falls beat Park Rapids/Menahga/Nevis 7-1 in girls high school hockey at the Huck Olson Memorial Civic Center.

It was the second game of the week and the 2002-03 home opener for the Prowlers, who were shut out by Warroad 4-0 Tuesday.

Steph Hoard had a pair of goals for the winners, while Kendra Mooney, Jamie Dahlen, Chasity Johnson, Kallie Kezar and DD Rambeck scored single goals. Three assists for Dahlen and two by Hoard gave those two skaters four-point nights.

"We got a little offense," noted Thief River Falls coach Tim Magnusson, "and it was nice to see the scoring spread around like that."

It was a 1-1 draw after one period. A puck centered out front found its way into the Panthers' net off the stick of Johnson 1:50 into the game, but the only other goal in the first 15 minutes was scored by the visitor's Jackie Cumber, who tapped in a power play rebound at 11:58.

The Prowlers scored on their first two shots of the second period to gain control.

Dahlen started it when she slipped the puck under goalie Kristen Harsha on a breakaway with just 39 seconds gone, and a Hoard slap shot off the left wing sailed into the net at 1:21.

Mooney's long floater from the slot area found the net at 6:55; Rambeck's shot from the face-off circle to the right of Harsha hit the crossbar and dropped behind the goal line at 7:34; and Hoard set up Kezar for an easy close-in tap at 9:10 for a 6-1 spread.

"We didn't play very well in the first period, and the girls knew it," explained Magnusson. "I didn't have to say very much. I just told them to play a little harder. And they did. We did a much better job in the defensive zone."

Hoard completed the scoring when she got a step behind the defense on a rush that ended with a shot over Harsha at 13:58 of the third period.

Thief River Falls goalie Trudy Erickson stopped 30 shots. Harsha finished with 16 saves.

Scoring

First period - TRF, Chasity Johnson (Steph Hoard), 1:50; P/M/N, Jackie Cumber (Andrea Eskola-LaRae Goeden), 11:58.

Second period - TRF, Jamie Dahlen (un.), :39; TRF, Hoard (Kallie Kezar-Dahlen), 1:21; TRF, Kendra Mooney (Dahlen), 6:55; TRF, DD Rambeck (Mooney), 7:34; TRF, Kezar (Hoard), 9:10.

Third period - TRF, Hoard (Dahlen-Rambeck), 13:58.

Goalie saves - TRF, Trudy Erickson 13-9-8—30; P/M/N, Kristen Harsha 6-5-5—16.

Saturday, Nov. 23

■ Basketball - NCTC women at McHenry (Ill.) Invitational.

Northland part of bowl line-up

Sunday's noon kickoff for the Northland Community and Technical College vs. North Dakota State College of Science football game at the UNI-Dome in Cedar Falls, Iowa, will mark the debut of The Graphic Edge Bowl presented by AT&T Wireless.

But the post-season National Junior College Athletic Association bowl has a history – under different sponsorship.

First played in 1978, the match-up of two-year schools was formerly known as the RC Cola Bowl. It then became the Pepsi-Cola Bowl, and the past two years was billed as the Pepsi-Cola/Sigler Printing Bowl.

However, Pepsi-Cola did not renew its contract with bowl officials. Sigler Printing and Publishing continues to be involved in the operation as producers of the game programs.

Sponsorship now comes from Graphic Edge, one of the midwest's largest full-service screen-printing and embroidery organizations, along with AT&T Wireless, a leading provider of advanced wireless voice and data service.

Sponsorship results in media coverage, advertising and marketing opportunities, on-site exposure via signage, name use on bowl information provided through the internet and hospitality opportunities. In addition, their names are displayed on official bowl merchandise.

Billed officially as, "The Graphic Edge Bowl presented by AT&T Wireless," it's really a two-for-one deal for the sponsors. Immediately after the Pioneers-Wildcats match-up, the unique bowl doubleheader will have Grand Rapids (Mich.) Community College playing Iowa Central Community College at 3 p.m.

Graphic Edge Bowl presented by AT&T Wireless

■ Date - Sunday, Nov. 17.

■ Location - UNI-Dome, University of Northern Iowa, Cedar Falls

■ Match-ups - Northland Community and Technical College (Thief River Falls, Minn.) vs. North Dakota State College of Science (Wahpeton, N.D.), noon; Grand Rapids Community College (Grand Rapids, Mich.) vs. Iowa Central Community College (Fort Dodge, Iowa), 3 p.m.

■ Records - Northland 9-2, Iowa Central 8-2, Grand Rapids 8-2, NDSCS 5-5.

■ National Junior College Athletic Association rankings - 11, Northland; 13, Iowa Central; 18, Grand Rapids.

The bowl arrangement was developed through an arrangement with the Iowa Community College Athletic Conference, a five-team league that sends its top two regular season finishers to the post-season affair held on the University of Northern Iowa campus located in the Cedar Falls/Waterloo (population 128,000) metro area.

Two at-large picks join the ICCAC tandem for the bowl twin-bill.

Iowa Central won the ICCAC pennant this fall with a 7-1 league record. The Fort Dodge school was 8-2 overall. Wahpeton-based NDSCS (5-3, 5-5), the only non-Iowa team in the group, and North Iowa Area from Mason City (5-3, 7-3) shared second place, followed by Ellsworth (3-5, 3-6) and Waldorf of Forest City (0-8, 0-10).

The fourth team in the Sunday bowl line-up, Grand Rapids Community College, is lone Michigan school in an otherwise all Illinois N4C Conference. The league was won by a Joliet team that is ranked No. 3 nationally with an 8-0 conference record and 10-0 overall mark. Grand Rapids (6-2, 8-2) was second in the league standings, followed by Harper from Palatine (3-5, 5-5), Rock Valley from Rockford (2-6, 3-7) and the College of DuPage from Glen Ellyn (1-7, 2-8).

Northland will take a 9-2 record to Iowa. The Pioneers won the Minnesota Community College Conference Northern Division with a 5-0 record, beat Ridgewater 46-40 in the MCCC state playoff semifinals, then fell to Rochester, the nation's No. 5-ranked team, 24-14 in the state championship game.

Rochester beat NDSCS 51-14 during the regular season.

Sunday will mark the first-ever bowl appearance for the Pioneers, and their first meeting with the Wildcats.

The Pioneers left Thief River Falls Friday morning. They scheduled a practice on the artificial turf at Winona State University before crossing the border. They will return home immediately after the game.

Northland coach Guy Finstrom said the team was eager to be a bowl participant, and expected to see a top-quality opponent in NDSCS. "This is an exciting opportunity, and you can feel the team's energy," he said. "Wahpeton is a tough team, and we're going to have to play some of our best ball."

Northland/NDSCS Season Results

■ Northland Community and Technical College - lost to Rochester 38-2; def. Central Lakes 35-13; def. Minnesota West 34-28; def. Rainy River 56-43; def. Fergus Falls 44-30; def. Hibbing 33-9; def. Vermilion 35-16; def. Mesabi Range 35-21; def. Itasca 48-28; def. Ridgewater (MCCC semifinals) 46-40; lost to Rochester (MCCC finals) 24-14.

■ North Dakota State College of Science - def. Ellsworth 28-7; lost to Iowa Central 19-17; lost to North Iowa Area 3-2; def. Waldorf 12-6; lost to Rochester 51-14; def. Ellsworth 34-17; lost to Iowa Central 13-10 (overtime); def. North Iowa Area 17-14; def. Waldorf College 22-9; lost to College of DuPage 21-7.

Guy Finstrom presented Coach of the Year award

Guy Finstrom

Guy Finstrom, head football coach at Northland Community and Technical College has been named Northern Division Coach of the Year in the Minnesota Community College Conference.

A Buxton, N.D., native who received his bachelor's degree from Mayville (N.D.) State and his master's degree from Bemidji State, Finstrom taught and coached for 18 years at Southwest State before joining the faculty at Northland in the fall of 2000.

Finstrom came to Northland as head baseball coach and assistant football coach, along with his teaching assignments in the health and physical education departments.

He became the Pioneers' head football coach in 2001, when the team finished 5-5. This fall, Northland won the MCCC Northern Division title with a 5-0 record, reached the state playoff finals and received an invitation to play in The Graphic Edge Bowl presented by AT&T Wireless.

Northland carries a 9-2 overall record into their first-ever bowl appearance Sunday against the North Dakota State College of Science at the UNI-Dome in Cedar Falls, Iowa. That's the most wins in the history of the football program at Northland. The Pioneers' only losses have come at the hands of Rochester – 38-2 in the season-opening MCCC Kickoff Classic and 24-14 in the state championship game.

With a two-year record of 14-7, Finstrom is already the winningest football coach in school history.

"Guy is a dedicated coach, well-deserving of this award," said Deb Jacobson, Northland athletics director. "He works tirelessly, reviewing tape, studying opponents and working on strategy. He is well-respected in the division, by his assistant coaches and by the students. We are proud of the team and of Guy's success."

Finstrom is the seventh coach to lead the Northland football team, following Chet Engelman (1976-77), Irv Smith (1978-79), John Helley (1980-83), Rick Nelson (1984-91), Gene Klinke (1992-97) and Dan Willoughby (1998-200).

Prowlers shut out 4-0 by Warroad in 2002-03 ice debut

Warroad out-shot visiting Thief River Falls 35-4 Tuesday en route to a 4-0 girls high school hockey win. It was the 2002-03 season-opener for both teams.

Thirty-one saves by Thief River Falls goalie Trudy Erickson kept the game close. Despite the shot difference, it was a scoreless draw for the first period and just a 1-0 game through two periods.

"We really played an excellent defensive game," reported Thief River Falls coach Tim Magnusson. "We kept Warroad to the outside, and Trudy made the saves she was supposed to make. They (Warroad) scored on the only good opportunity they had in first two periods."

That the Prowlers played well defensively and struggled offensively wasn't a surprise, admitted Magnusson. "We spent the first two weeks (of practice) working mostly on defensive coverage in our zone, and it really worked," he said. "We played excellent team defense."

Warroad did break it open with three third period goals against a Thief River Falls team featuring just 11 skaters. "We ran out of gas," noted Magnusson. "We just didn't have the legs."

Scoring

First period - none.

Second period - Warroad, Giselle Marvin (un.), 6:04.

Third period - Warroad, Martha Selvog (Marvin), 4:10; Warroad, Katie Kosobucki (Stephanie DaMars-Megan McDonald), 6:21; Warroad, Selvog (Marvin-Jessica Knox), 14:36.

Goalie saves - TRF, Trudy Erickson 10-10-11—31; Warroad, Kim Fowler 1-0-3—4.

Thank You
Thief River Falls
for taking the time to vote in the November 5, 2002 election.

We would especially like to thank all the people that voted for me with their vote for Mayor of Thief River Falls.

Flood aid for farmers available

Rep. Maxine Penas is reminding area farmers that they may qualify for state disaster assistance due to the flooding earlier this summer. The assistance is part of the overall flood relief package that was approved by the legislature during a recent special session.

"Much of the flood damage this summer occurred in farm fields," Penas said. "It was a top priority to make sure that farmers got some compensation for their losses."

The disaster assistance provides up to $4 per acre to producers in disaster counties. It also includes turf grass or livestock producers' hay land as long as it was registered as crop land with the Farm Service Agency. A farmer must have experienced at least a 50 percent yield and/or quality loss to qualify.

Applications must be received by the Minnesota Department of Agriculture no later than December 13. Payments will be made to eligible farm operators by January 31, 2003.

For more information about the 2002 Agriculture Assistance Program and how to file a claim, go to the Minnesota Department of Agriculture's Web site at www.mda.state.mn.us or call them at (651) 296-2893.

Other participants in the Baby Blanket Retreat included (front row) Thief River Falls Quilters Guild (TRFQG) member Lois Steiger, Family Advocacy Program (FAP) participant Robyn Almenderez, FAP participant Bobbi Jo Rose; (middle row) TRFQG members Deb Winjum, Laure Nelson, Cheryl Lee, Shirley Cyr, Sue Dupree, FAP Family Advocate Jill Johnson; (back row) TRFQG members Sharon Boron, Jone Reuter, Donna Koehmstedt and Lynn Gallant. Jon Hovde shares Vietnam stories to...Make a Difference

(Continued from Page 1)

other circumstances.

Hovde's girlfriend, Darlene, who was only 16 at the time, also wrote, "Jonny, I don't care about your amputations. Come home and we'll put a life together."

Having heard the words the most important people in his life had written to him, Hovde knew there was no way he could give up - he had to live.

Although it seemed promising that he might recover from his injuries, Hovde's doctors were concerned when his fever hit 108 degrees. They told him he would most likely die, but wanted to try bringing the fever down through the use of ice blankets.

The freezing temperatures of the ice blankets were almost more than he could bear, but Hovde kept fighting. He humored himself, "I'm just back in Minnesota, I'm in my car, and I'm naked."

As he looked around in complete misery, Hovde spotted Tom Bailey, the man in the bed next to his. Bailey looked over and grinned. "There is *always* someone worse off than you are," Hovde thought, after he realized the man in the next bed was smiling at him, despite the fact that he was missing both arms and both legs. Hovde couldn't even think about feeling sorry for himself after seeing Bailey.

While still enveloped in the ice blankets, Hovde's doctors pronounced him dead for the second time. After a moment, they realized he was still alive, but barely.

Freezing cold and on the brink of death, Hovde prayed to God and made three vows to live by if he recovered. The first was to drive the fastest car in Polk County, the second, to make an income that wasn't dependent upon the government, and the third, was simply to make a difference.

Jon Hovde, determined, strong-willed and inspired by others, recovered from his injuries and his illnesses. He was fitted for a prosthetic leg, which at the time, weighed about 30 pounds. The Army discharged him and sent him home in September 1968.

Back in Fertile, Hovde married his girlfriend, Darlene, and immediately went to work on fulfilling the three vows he'd made in Vietnam.

First of all, he bought a 1968 Dodge Charger, in which he accumulated three speeding tickets in the first couple of weeks.

Hovde graduated from college, something he never thought he'd do. He got a job at 3M in St. Paul, where he climbed the corporate ladder quite successfully. After a while, though, the stress of his job started getting to him. He had an infection in his right foot, and doctors told him they'd have to amputate if it got worse. The thought of losing his only foot, along with the question his wife asked, "Why are you trying to kill yourself?" were reason enough for Hovde to re-evaluate his position in life.

Hovde's last vow, to make a difference, brought him and his family back to Fertile. He served 16 years on the school board, and in 1986, he was elected president of the Minnesota School Boards Association, where he presided for two years.

Over the years, Hovde has been invited to speak at numerous schools, memorials and meetings. The story of his courage, determination and will are an inspiration to everyone who has the privilege of hearing him speak. His greatest pride, though, comes from the response he gets from the kids he's talked to. The scrapbook he keeps now has over 700 letters from the kids. With comments such as "I think of you and become inspired" and "thank you for making me realize how lucky I am," Hovde knows he's accomplished his third, and biggest, goal - to make a difference.

REAL ESTATE FOR SALE

Real Estate in Foldahl Township
Marshall County, Minnesota.

Legally described as follows:

Parcel 1- The Southwest Quarter of the Southwest Quarter (SW1/4 SW1/4) of Section Fourteen (14) in Township One Hundred Fifty-six (156) North, Range Forty-six (46) West of the Fifth Principal Meridian. 40 acres. No crop acres.

Parcel 2- The Northeast Quarter (NE1/4) of Section Thirty (30) in Township One Hundred Fifty-six (156) North, Range Forty-six (46) West of the Fifth Principal Meridian. 160 acres. Contains approximately 89 acres CRP and 35 acres cropland.

Parcel 3- The Southeast Quarter (SE1/4) of Section Thirty (30) in Township One Hundred Fifty-six (156) North, Range Forty-six (46) West of the Fifth Principal Meridian. 160 acres. Contains approximately 40 acres CRP and 100 acres cropland. Also contains building site with house, single garage, barn and small granary with minimal value and 4 steel grain bins.

Each parcel will be sold separately. Sealed bids will be accepted at Brian K. Rokke Law Office, 107 West Johnson Avenue, Warren, Minnesota 56762, until 10:00 a.m. on Thursday, November 21, 2002. Those submitting sealed bids will be allowed to raise their bid orally at that time. The highest bidder will be required to pay 10 percent of the bid price on the date of the sale and the balance within 30 days of acceptance of bid.

The seller reserves the right to reject any or all bids. For more information, contact Brian K. Rokke at 218-745-4421 or Ross Horseth at 703-553-0728.

NCTC Phi Theta Kappa to present the movie "Wit"

Northland Community and Technical College (NCTC) Phi Theta Kappa invites students, staff and community members to the presentation of the movie "Wit." Nursing students are particularly encouraged to attend this free presentation. The movie will be shown on Monday, November 18 in NCTC Room 515 at 3 p.m.

Based on the 1999 Pulitzer Prize-winning play by Margaret Edson, "Wit" is directed by Academy Award-winning director Mike Nichols. In the movie, Emma Thompson stars as Vivian Bearing, an English Professor with a biting wit who educates, but also alienates her students. With her teaching and life both rigidly under control, Vivian would never let down her defenses until the day when her defenses are taken down for her. Diagnosed with a devastating illness, Vivian agrees to undergo a series of procedures that are brutal, extensive and experimental.

For more information, contact Jane Anderson or Mary Dyrud at 681-0701.

Four Hallock businesses report burglaries

Kittson County - The Kittson County Sheriff's Department and Hallock Police Department officials are investigating numerous burglaries in Hallock and Karlstad.

Hallock Police Chief Dale Hanson said four businesses have been broken into in the last two weeks.

A burglar gained entry into Johnson Oil, Hallock, on Nov. 8 and Nov. 14; The Flower Shop, Hallock, on Nov. 16; and the Mini Mall and Hallock Plumbing and Heating on Nov. 16.

In addition, a business in Karlstad reported a break-in on Nov. 8, the same day as Johnson Oil's first burglary.

"And on the same date, businesses in other neighboring counties were also hit," Hanson said. – Kittson County Enterprise, November 20, 2002, by Cindy Stewart

Agassiz seeks input on management plan

The U.S. Fish and Wildlife Service will be hosting an open house to request input from the public in developing a Comprehensive Conservation Plan (CCP) for Agassiz National Wildlife Refuge, located in Marshall County. The CCP will set wildlife, habitat and public use priorities and guide management decisions on the refuge for the next 15 years.

The open house will give interested members of the public, tribes, agencies, neighbors, public interest groups and local governments an opportunity to participate in this refuge planning process from the very beginning. The meeting's purpose is to find out what the public's ideas are on management of the refuge, so they can be addressed in the planning process.

The open house will be held from 5-9 p.m. on Thursday, December 5, at the Heritage Center in Thief River Falls (301 4th St. East). Interested citizens may stop by any time to submit comments. Refuge staff and some exhibits will be present.

At 7 p.m., a brief presentation on the planning and environmental compliance processes will be given by a representative of the Mangi Environmental Group, a consulting firm that is assisting the Service in preparing the CCP and its associated Environmental Assessment (EA). Immediately after the presentation, attendees will be able to express their thoughts and ideas on refuge management. In addition, comment forms will be made available, so that written comments can be submitted at the meeting or mailed in to the refuge later.

"We want to hear the public's ideas on management of Agassiz," said Margaret Anderson, refuge manager. "I hope everyone who is interested will attend and share their perspectives. This open house provides a forum for public involvement in planning for future management of the refuge. It's an opportunity to identify areas of improvement, issues or express support of ongoing management. These comments will form the basis for management alternatives to be evaluated in the CCP and EA," said Anderson.

All aspects of the refuge will be addressed by the CCP, including important fish and wildlife habitats; public use and facilities potential; and existing habitat management. By law, six wildlife-dependent recreational uses receive a priority on National Wildlife Refuges: fishing, hunting; wildlife observation and photography; environmental education and interpretation.

Agassiz, originally called Mud Lake Refuge, was established by Executive Order No. 7583 in 1937. Established primarily for migratory birds, it is the northernmost refuge in the Mississippi River flyway. The 61,500 acre refuge offers a haven for many wildlife species.

FSA County Committee election to be held in Dec.

Farmers in the eastern third of Marshall County (LAA-3) will be electing a Farm Service Agency (FSA) County Committee (COC) representative for their area in the upcoming election to be held in December 2002. Eligible voters will elect one of the five nominees to the three-year term COC position.

The nominee with the second highest vote total will serve as the COC alternate. Each nominee was requested to make a brief comment and provide background information as follows:

•Judith "Johnnie" Martin Chaplinski has been farming since 1986 with her husband, Alvin. They farm 3,200 acres on which they grow small grains and canola. They have six children. She is a member of the Wheat Growers Association and the Middle River American Legion Auxiliary. She works part-time for the Minnesota Agricultural Statistics.

•Darwin Klamar has been farming since 1977 along with his father, uncles and cousins. He grows wheat, canola and timothy. Klamar is married with two children, and he is a member of the Wheat Growers Association and Farm Connect.

•Brad Lunke has been farming for seven years with his father, Don Lunke. He grows small grains, sunflowers and soybeans. Lunke is married with three children, and he works for Lunke Construction in the offseason.

•Elmer Melby has been farming for 20 years with his brother. He grows wheat, barley, sunflowers, canola, corn and hay. Melby has some beef cattle. He has been married for 30 years, and he has three children. Melby graduated from Bemidji State University in 1970. He is a Vietnam veteran.

•Gary Satre has been farming for 25 years. He grows wheat, sunflowers and soybeans. Satre is married with three children. He attended college in Grand Rapids for one-and-a-half years and the vocational-technical school in Thief River Falls, where he

Carlson wins Grand Prize in peanut butter contest

No matter how or what you spread it on, it's still a grand prize winning jar of peanut butter

by David Hill
Editor

Eat your peanut butter young man, and stay with your favorite brand.

Seventy-six-year-old Bob Carlson, who has served nearly 42 years in public service, including 16 on the Thief River Falls city council, 18 years as mayor, and is completing his eighth year as a Pennington County commissioner, eats peanut butter. He likes it on toast in the morning with strawberry jam, and he likes it on lefse with a bit of cheese. But over the years he has stuck by his favorite brand of peanut butter – Skippy – and it has paid off handsomely.

Bob, his wife, his son Rod and Rod's wife Joan will be traveling to Florida this spring courtesy of Skippy brand creamy peanut butter.

For the past 25 years Bob and Vivian Carlson have spent one week during the first week of August at Kavanaugh's Resort north of Brainerd with other members of their family. It has also been a tradition for the family to drive in to Brainerd on Thursday for pizza, a movie and then stop at a grocery store to replenish supplies for the remainder of the week. This year was no different than any other year, and after the pizza and movie they stopped at Cub Foods in Baxter.

One of the items on the list was peanut butter. Being a long-time fan of Skippy brand creamy peanut butter, Bob picked up an 18-ounce jar of Skippy brand creamy peanut butter and proceeded to continue shopping. Then a thought came to him to try Jif brand peanut butter. Bob went back to the peanut butter section, put the Skippy back on the shelf and picked up a jar of Jif peanut butter. As he was leaving that section he had second thoughts about the Jif and decided he wanted his Skippy peanut butter. He put the Jif brand back and picked up the same jar of Skippy he had put back earlier, completed his shopping and they all returned to the cabin. The groceries were put on the kitchen table and everyone retired for the evening.

Upon getting up in the morning to have breakfast, and with the entire family gathered around the table, Bob picked up the jar of peanut butter. (Bob has peanut butter on toast with strawberry jam every morning.) But before opening the jar he noticed on the label that Skippy was holding a contest. Curiosity got the best of him and he removed the label and to everyone's stunned surprise were the words "You are the Grand Prize Winner."

"Nobody could believe it," said Bob.

Bob's son Rod, vice president of government affairs and community relations at Midcontinent Commuoications in Sioux Falls, S.D., was kind enough to mail in all the information and label to the Sweepstakes address in Riverton, N.J.

"This past week we received a letter of confirmation and a telephone call stating that I was indeed the Grand Prize winner," said Bob.

The prize includes round-trip airfare to Florida for four, and double room hotel accommodations at a motel near a Professional Baseball Spring Training camp for three nights and four days, four tickets to a Professional Baseball Spring Training game to watch New York Yankee's short stop

(Continued on Page 8)

Bob Carlson of Thief River Falls won the grand prize sponsored by Skippy brand peanut butter.

One of the featured Christmas decorations at Sunview Center in Red Lake Falls is this memorial angel. The angel, donated by Mary Carrier, sits atop a tree in the dining area. Mary's angel, and all the other angels on the tree, are memorials to loved ones. Sunview Center is one of five stops on the Red Lake Falls Christmas Tour of Homes on Sunday, Dec. 1, from 3 to 7 p.m. Sunview is one of five stops on the tour. Tickets are available for $6.

Sunview shares its holiday spirit for RLF Christmas Tour of Homes

by David Hill
Editor

Christmas is coming to Sunview Senior Center in Red Lake Falls. It comes every year, but this year it's part of the Christmas Tour of Homes in Red Lake Falls, a fundraising project for Hillcrest Nursing Home, which will be held Sunday, Dec. 1, from 3 to 7 p.m. It is one of five stops on the tour.

Putting a senior center on a Christmas Tour of Homes may surprise some people. Allen DuCharme, senior dining director of Sunview, and mayor of Red Lake Falls, sees it as an opportunity to promote the complex and show people that it's not a 'bad' place to be.

The tour will proudly display many of the features of the facility – its atrium, dining room, exercise room, community-like atmosphere, and neat and tidy rooms. DuCharme says this is where he wants to go when its time for him to enter a retirement center.

Sunview resident Donna Benoit agrees. "A lot of people don't know what we're all about." This, she said, will give everyone an idea of what our place is like.

Sitting near her living room against a wall is a wooden sled with a Christmas scene painted on it and the words "Welcome." Everywhere you look in Benoit's room is something different and unique. A lighted crystal santa, sleigh and reindeer sit on one display area. A wreath hangs on the wall. Also hanging on the wall are two different display boxes, one of which contains clippings of her hair when she was five, her brother's military stripes, her father's ticket checker, and her mother's crucifix.

The fact that Sunview is on the Christmas Tour of Homes does more than illuminate a social issue, however, it boosts morale, and it's about bringing people together and sharing the Christmas spirit.

Decorating for the holidays has always been a favorite activity for the Red Lake Falls HRA, management agent for Sunview Center.

In the very beginning, Duane Adelman, maintenance manager, trimmed the trees, hung lights, decorations and the garland. As the complex changed and more staff was added, Activity Coordinator Cindy Novak, added more trees, lights and wood decorations, including a large wood nativity set purchased by the HRA.

Now, decorations fill the hallways and rooms. DuCharme said all of the decorations have either been donated by residents and friends of residents, or collected through fundraising efforts.

Visitors on Sunday are asked to start in the dining area. Four years ago, Mary Carrier started a memorial angel tree. The first decoration, an angel was given by

(Continued on Page 8)

Esther Pege's room is one of the stops at Sunview Center. Esther's room is tastefully decorated. The center piece in front of her was made by her daughter, Lucille Weiss.

Man killed in accident near St. Hilaire

On Tuesday, a man was killed due to a motor vehicle accident. Mark Dean Hasby, 39, St. Hilaire, died when his vehicle collided with a 1995 Freightliner semi driven by Steven Mark Heinze, St. Hilaire. The accident occurred on Center Street (State Aid 3) and 150th Street Southeast, three miles east of St. Hilaire. At 7:56 a.m., the Sheriff's Department was dispatched to the scene.

At the time of the accident, Heinze was attempting to turn south onto 150th Street Southeast. He drove into the path of Hasby, who was eastbound on Center Street.

The semi sustained over $2,000 in damage, and Hasby's vehicle was totalled.

A few more recipes to make your Turkey Day special. Have a happy one!

In case you want to try deep frying your turkey, here is a recipe that may help you – I've heard it's delicious – and easy:

DEEP FRIED TURKEY
3 gallons peanut oil
1 (12 pound) whole turkey, neck and giblets removed
1/4 cup Creole seasoning
1 white onion

In large stockpot or turkey fryer, heat oil to 400 degrees. Be sure to leave room for the turkey or the oil will spill over.

Layer a large platter with food-safe paper bags and set aside for after turkey is cooked.

Rinse turkey and thoroughly pat dry with paper towels (If you don't get it dry, it will spatter a lot). Rub seasoning over turkey inside and out. Make sure the hole at the neck is open at least 2 inches so the oil can flow freely through the bird.

Place whole onion and turkey in drain basket. Turkey should be placed in basket neck end first. Slowly lower basket into hot oil to completely cover turkey. Maintain the temperature of the oil at 350 degrees and cook turkey for 3 1/2 minutes per pound, about 45 minutes.

Carefully remove basket from oil and drain turkey. Insert a meat thermometer into the thickest part of the thigh. The internal temperature must be 180 degrees. Finish draining turkey on the prepared platter.

This recipe for candied sweet potatoes is just a little bit different:

BRANDIED CANDIED SWEET POTATOES
2 pound sweet potatoes, peeled and diced
1/2 cup butter
1/2 cup packed brown sugar
1/2 cup brandy
1/2 teaspoon salt

Place sweet potatoes in large saucepan with enough water to cover. Bring to a boil and cook 15 minutes or until tender but firm. Drain and set aside.

In large skillet over low heat, melt butter. Stir in brown sugar, brandy and salt. Add sweet potatoes and stir to coat.

Cook, stirring gently, until sweet potatoes are heated through and well glazed.

This is what I would miss if I deep-fried the turkey. But you could make stock from the neck, giblets, etc., adding chicken broth from a can to make 5 cups – just an idea:

SAVORY TURKEY GRAVY
5 cups turkey stock
1/4 cup flour
1 cup water
1 teaspoon poultry seasoning
1 teaspoon salt
1/2 teaspoon ground black pepper
1/4 teaspoon celery salt

In medium saucepan, bring turkey stock to a boil.

In small bowl, dissolve flour in water. Gradually whisk into the turkey stock. Season with poultry seasoning, salt, pepper and celery salt. Bring to a boil, reduce heat, and simmer for 8-10 minutes or until thickened.

Store these potatoes in the fridge and bake when you want them, or bake them right away. Let stand 30 minutes before baking if they have been refrigerated:

MAKE-AHEAD MASHED POTATOES
9 potatoes, peeled and cubed
2 (3 ounces each) packages cream cheese
8 ounces sour cream
1/2 cup milk
2 teaspoons onion salt
Ground black pepper to taste
2 tablespoons butter

Place potatoes in large pot of lightly salted water. Bring to a boil and cook until tender, about 15 minutes. Drain and mash smooth.

In large bowl, mix mashed potatoes, cream cheese, sour cream, milk, onion salt and pepper and butter. Cover and refrigerate 8 hours or overnight.

Preheat oven to 350 degrees.

Transfer to large, greased casserole dish.

Spread potato mixture in casserole and bake about 30 minutes.

(Recipe serves 8. Each serving contains 272 calories, 5.3 g protein, 16.3 g fat, 408 mg sodium, 44 mg chol, 26.9 g carb, 3.3 g fiber.)

You've got to have dressing, whether your turkey is deep fried or not – here's one you can make ahead and then either cook in the bird or in a casserole in the oven:

MUSHROOM-HERB STUFFING
A 16-ounce package of good herb-seasoned stuffing mix
8 tablespoons (1 stick) butter
1 cup finely minced onion
1 cup finely minced celery
8 ounces white button mushrooms, chopped finely
1-1/2 cups chicken broth
1-1/4 cups water

Up to 1 week ahead of Turkey Day, melt butter in large kettle over medium heat. Sauté onion, celery and mushrooms for 5 minutes.

Add broth and water and bring to a boil. Remove pot from heat. Add dry stuffing and mix well. Cool in pan.

Transfer stuffing to zip top freezer bag. Place in freezer until 2 days before use, then in refrigerator for 2 days.

Stuff cold dressing into cold turkey or place in large buttered casserole, cover and bake at 325 degrees for 45 minutes to an hour, until piping hot.

You'll love your pie the southern, praline way:

PRALINE PUMPKIN PIE
1 (9 inch) unbaked pie shell
1/3 cup ground pecans
1/3 cup brown sugar
2 tablespoons butter, softened
2 eggs
1 cup canned pumpkin puree
2/3 cup brown sugar
1 tablespoon flour
1/4 teaspoon cloves
1/4 teaspoon mace
1/2 teaspoon cinnamon
1/2 teaspoon salt
1/2 teaspoon ginger
1 cup light cream

Preheat oven to 450 degrees.

In small bowl, combine pecans, 1/3 cup brown sugar and butter. Press firmly into bottom of unbaked pie shell. Bake in oven 10 minutes. Remove from oven and reduce temperature to 325 degrees.

In large bowl, combine eggs, pumpkin, 2/3 cup brown sugar, flour, spices and salt. Blend in cream until mixture is smooth and creamy. Pour into partially baked crust.

Bake at 325 degrees for 40-45 minutes, or until filling is set.

Here's a family favorite from many, many years ago – you might like to revive the tradition and see how the family likes it:

CREAMED ONIONS
1 cup pearl onions (can use frozen – cook as on package)
4 cups water
6 tablespoons butter
6 tablespoons flour
3 cups milk
Salt to taste
Ground black pepper

Peel onions and drop into boiling water. Cook until tender, then drain, reserving liquid. Set onions aside.

Make sauce by melting butter in saucepan over medium heat. Whisk in flour to make a paste.

Mix water and milk and add slowly to saucepan, stirring constantly. Cook until thickened. Add salt and pepper to taste. Add onions and transfer to a serving dish.

Pederson receives engineering scholarship/ Internship

Aaron Pederson, son of Wes and Karen Pederson from Warroad, was awarded a 3M Engineering Scholarship/Internship from the University of Minnesota Duluth, College of Science and Engineering. The scholarship is given in recognition of high academic achievement in the Department of Electrical & Computer Engineering. Aaron is currently on the Dean's List.

DEATH NOTICES

Mark Hasby, 39

St. Hilaire - Mark Hasby, 39, died on Tuesday, November 19, 2002 near St. Hilaire.

Funeral services will be held on Saturday, November 23 (today) at 10:30 a.m. at Calvary Lutheran Church in St. Hilaire with Rev. Terri Cuppett officiating.

Visitation will be held for one hour prior to services at the church on Saturday.

A complete obituary will appear in the next edition of *The Times*.

Norman Midthun, 77

Thief River Falls - Norman Midthun, 77, died on Tuesday, November 19, 2002 at Northwest Medical Center, CNC Unit, in Thief River Falls.

Funeral services were held on Friday, November 22 at Zion Lutheran Church in Thief River Falls with Rev. Dennis Raymond officiating.

A complete obituary will appear in the next edition of *The Times*

Nominees are needed for DNR snowmobile, firearms safety award

Minnesota Department of Natural Resources is soliciting nominations for two prestigious awards: Firearms Safety Instructor of the Year and Snowmobile Safety Instructor of the Year.

The DNR has presented the Firearms Safety Instructor of the Year award since 1990 to recognize individuals who have made an outstanding effort to promote firearm safety and hunter education in the state. Since 1955, over 900,000 students have taken Firearm Safety training taught by approximately 5,000 volunteer instructors.

Deadline for this nomination is Feb. 1, 2003.

Snowmobile Safety Instructor of the Year award has been awarded since 1998 in conjunction with the Minnesota United Snowmobile Association. This award recognizes those individuals who have made outstanding efforts to promote snowmobiling and snowmobile safety among youth and adults. DNR snowmobile safety training was established in 1969. Since that time nearly 300,000 students have been certified by 1,800 volunteer instructors.

Deadline for this nomination is Jan. 10, 2003.

Nomination materials and instructions for each instructor of the year nomination are available by contacting the Enforcement Education Office at 800-366-8917, via the web at enforcement.education@dnr.state.mn.us, or by writing to DNR Enforcement, 15011 Highway 115, Little Falls, MN 56345-4173

Free financial consultation for flood recovery available

Due to the 2002 spring floods, farmers and business owners in northwest Minnesota suffered major, catastrophic loss. To assist family farmers and small businesses with recovery, The Area Ag Information Center (AAIC) and the Western Minnesota Farm Resource Center (WMFRC) will provide necessary financial counseling. The counseling is available for free because the Northwest Minnesota Foundation (NMF) provided $20,000 in grant funds.

The AAIC and the WMFRC provide no-cost services including mediation assistance, financial analysis, lender negotiation, professional referrals and help with food and shelter emergencies. Their goal is to help farm families continue farming. Farmers are not allowed assistance under current federal and state flood loss programs. With no grant or loan assistance to cover their losses, farmers need advocates who are experienced and well-trained in agricultural lending practices.

Trained staff from the AAIC and the WMFRC will coordinate their assistance efforts. They will be providing financial assistance counseling aid to approximately 1,500 farm families in northwest Minnesota. There are also huge losses of livestock and poultry, as well as land, buildings and equipment, estimated at $103 million.

According to NMF Executive Director John Ostrem, this grant is a continuation of the foundation's response to flood recovery. Ostrem said, "The agricultural sector has not received any help from state, federal or other funding sources. The need for funding for this program is very apparent, and will help our region's farmers find ways to continue operating."

The project is a strong collaborative effort, with additional funding provided by the Beim Foundation, the Otto Bremer Foundation (which has committed $60,000 over two years), Philip Morris, Marshall County Commissioners, Pennington County Commissioners and the Red Lake County Commissioners. Farm Aid has also verbally committed to supporting the effort.

People who are interested in finding out more about the services being offered should contact Garnette Hanson, Area Ag Information Center Inc., 1008 West Second Street, Thief River Falls, MN 56701 or call 681-6236.

The NMF is a charitable foundation committed to improving the quality of life for residents in twelve counties of northwest Minnesota by investing resources, creating opportunities and promoting philanthropy.

Redeemer to hold Thanksgiving Eve service

Redeemer Lutheran Church will hold Thanksgiving Eve service on Wednesday, November 27 at 7:30 p.m. Visitors are welcome.

Redeemer is located at 1300 Nora Avenue in Thief River Falls.

Cut your own Christmas tree

The Rydell National Wildlife Refuge will be open for the annual Christmas Tree Cutting Event on Saturday, December 7 and Sunday, December 8 from 10 a.m. to 3 p.m. Bring a hand saw (no chainsaws allowed) to cut your own tree (a few hand saws will be available for use at the refuge for those who do not have their own). Enjoy a cookie and a cup of cocoa, cider or coffee while you warm up in the refuge's Visitor Center. Trails will be open for those wanting to enjoy the winter wonderland.

Volunteers will be on-hand in the Visitor Center to register those who wish to cut a tree, orient them to the field where the trees may be cut and assist with tree removal and tie down. Reducing the conifer stands is part of the refuge's management goals. These stands will eventually be restored to *native tallgrass prairie* and/or native hardwood forest.

Donations received will go to the Friends of Rydell Refuge Association (FRRA) to further their mission of promoting a better understanding, appreciation and accessibility of the refuge for people of all ages and abilities. The FRRA works with the U.S. Fish and Wildlife Service in promoting and interpreting the natural and cultural history of the refuge and sponsors numerous programs at the Visitor Center.

During the winter season, the Visitor Center is open Sundays from 1-5 p.m., Mondays from 8 a.m. to 4 p.m. and Tuesdays through Thursdays from 8 a.m. to 12 p.m. The trails are accessible from half an hour before sunrise to sunset seven days a week, unless posted otherwise. A parking area is located outside the main gate for visitors' convenience.

To get to the refuge, travel three miles east of Mentor on Highway 2 and turn south on Polk County 210. *Follow 210 for 2.5 miles to the large* entrance sign. (You may also take Highway 59 to Polk County 41, turn west and follow the signs.) For more information, call the refuge at 1-800-841-0172 ext. 4.

Blood drive to be held November 26 and 27

On Tuesday, November 26 and Wednesday, November 27, Thief River Falls will hold a blood drive. On Tuesday, the blood drive will be held from 1 - 7 p.m., and on Wednesday, it will be held from 7 a.m. - 12 p.m. The location is St. Bernard's Church Hall in Thief River Falls. All healthy persons over the age of 17 are invited to give blood during the drive to help patients in this community.

Donating is safe, simple and satisfying. Your body contains about 10 to 12 pints of blood, and since your body manufactures blood constantly, the amount you give is quickly replaced.

The entire process usually takes an hour, and only about five to seven minutes for the actual donation. A careful medical history is taken before your donation. Your temperature, blood pressure, pulse and hemoglobin level will be checked. After the blood is drawn, it is typed and tested for diseases that might be transmitted to the receiving patient(s). This mini-physical actually benefits the donor as well as the patient. If any test indicates a need for medical attention, the donor is referred to his/her personal physician.

All the units of blood are broken down into components to help several different patients. Since whole blood must be used within 42 days of donation and some of the components within a few hours, there is always the need for a constant, fresh supply of blood to be donated by volunteers in area communities.

Blood is one of the doctor's most valuable tools, and many people are alive today because blood was available when they needed it. In our area, approximately 3,400 units of blood are needed each month. Blood centers don't need blood...people do. United Blood Services relies entirely on volunteer donors to help perpetuate a constant, sufficient blood supply. Blood comes from only one source - healthy people who are willing to give of themselves.

If you have any questions about the upcoming blood drive, or if you would like to make an appointment to donate, contact Sylvia Jensen at 681-4512

Charles Knapp Family in concert at Faith Lutheran

The Charles Knapp Family gospel music concert will be held at Faith Lutheran Brethren Church on Sunday, November 24 at 7 p.m.

A soup supper will be served before the concert beginning at 6 p.m. The Charles Knapp Family will provide Paraguayan harp, violin and piano instrumentals and singing and gospel chalk artistry.

Line Up According To Size

Ahhh. An early shot of cold, for a change, and the pleasant prospect of ice at a seasonably reasonable date for the first time in a number of years. The upside to all this winter weather is that perhaps we'll be ice fishermen before New Years. The downside is that those inevitable and cloying annual questions about the thickness and safeness of the ice crop up earlier than usual, giving more time for my developing ulcer to reappear. "Is it safe?" "Can a guy catch some fish through the ice?" "Where would you go?" All legitimate questions for a Minnesotan whose passions for ice-fishing have been rekindled by this pre-Thanksgiving freeze. I've developed a simple system for answering these early season concerns.

First, it's important to realize that not everybody is blessed with an adequate supply of common sense. I'd like to believe that most people are, perhaps as many as 90 percent, but when it comes to gauging ice quality I'm going to shoot for the bottom. Let's start with an assumption of half. Out of every two people who precede me onto the ice each year, only one is allowing his brain to lead him out there. The larger the crowd that ventures out onto the ice, the better the odds that there's actually someone out there who knows what's going on. Just for numbers, let's say a dozen people are fishing through the ice in an area I'd like to try.

When these 12 people come off the ice at dusk, I canvas them as to their success with the fish. After all, there's absolutely no sense in undertaking risky endeavors for no reward, is there? If you're into that, you might as well run around the house with scissors. If there are fish being caught, we continue the polite, yet pertinent, line of questioning.

"How's the ice?" This is a throwaway line, more intended to keep the conversation with strangers flowing in the proper direction. If they didn't think the ice was safe, they wouldn't be out there in the first place. However, it gives these fishermen the chance to condescend in your direction a bit, assuring them that they know more about the ice than you do.

"How deep are you catching fish?" Here's where the specifics get a little more important. An accurate depth reading is the cornerstone to this whole process.

And finally, "How tall are you?" The looks you get may be a little odd, but like the depth reading, it's an important part of the system. Here's why.

Fishermen are, by nature, an edge group. That is, they like to push the perimeter of a situation. If there are a few fish being caught here, for instance, it could be even better over there. Watch any gaggle of boats work a reef in July- edges constantly get tested until the central school of fish is located and then clustered around. It's the same in the winter, the progression occurs just a little more slowly.

Now, back to our early ice concerns. If some fish are being caught, but not fast and furiously, and everyone you poll is fishing at less than their height, the ice isn't safe. Despite the group's claims as to the surety of the sheet, no one has the guts to fish in water that's over their head even though the fishing isn't a slaughter. There's a comforting notion, albeit ill founded, about being able to find bottom with your feet and still breathe through your mouth if you pop through the ice. If everyone felt the ice was truly safe, they'd be popping holes all over, regardless of the depth potential.

And if half the ice-fishing group is catching fish in water potentially over their heads, I'm still not good with that sheet of ice. Remember our discussions about human nature. That assembly out there in deeper water could well be the half that have been imbued with the common sense of a glow worm, while the more thoughtful, less impetuous 50 percent remain in shallower environs where they're not catching fish but at least they feel they could touch bottom if they needed to.

No, not until I see better than half of my cronies catch fish in water that would allow them to wash their hats do you see me slide out any further than terra firma. It's really quite a simple system.

Is the ice safe? How tall are you?

Total Holiday Travel to Rise Nearly 1.7 Percent; Air Travel to Climb 6 Percent, AAA Survey Shows

Americans are expected to take to the skies in larger numbers this Thanksgiving period than they did a year ago with overall travel also projected to be up this holiday, according to AAA.

AAA estimates that 35.9 million Americans will take a trip 50 miles or more from home this Thanksgiving, 1.7 percent higher than the 35.3 million who traveled last year.

A total of 30.8 million people plan to go by motor vehicle, a nearly 1 percent increase from a year ago when 30.6 million traveled by car. AAA expects air travel to climb 6 percent as 5.1 million Americans plan to fly this holiday compared to 4.8 million last Thanksgiving.

"Despite an economy that still shows only sporadic signs of recovery, holiday travelers are returning to the skies in numbers almost as heavy as during the Thanksgiving periods prior to 2001," said Shannon Swanson, spokesperson for AAA Minnesota/Iowa. "This definitely is a positive sign for an airline industry that has struggled mightily in the last year."

"Since nearly all major airlines have reduced their flight schedules at least 10 percent in the last year, there are fewer seats available and travelers expecting to find space at this late date will need to be flexible and most likely travel during off-peak hours," Swanson advised.

Overall, eighty-six percent of holiday travelers will go by motor vehicle - down slightly from the 87 percent a year ago, the highest percentage of auto travel ever recorded by AAA.

Motorists will find the nationwide average price of gasoline at $1.42 per gallon, down 3 cents from last month, but about 22 cents higher than last year's pre-Thanksgiving price. In Minnesota, the average price of gasoline at $1.40 per gallon, down 12 cents from last month, but up 22 cents from last year at this time.

"Last year's low gas prices were due to a post Sept. 11 slump in travel, when inventories were high due to reduced demand," Swanson said. "This year, after a spike in October, gas prices have stabilized just in time for holiday travel."

AAA's holiday travel projections are based on a national survey of 1,300 U.S. adults by the Travel Industry Association, which conducts special research for AAA. The margin of error is plus or minus three percent.

The greatest number of Thanksgiving auto travelers will originate in the Southeast with 8.8 million, followed by the West with 6.8 million; Midwest, 6.7 million; Great Lakes, 6.1 million; and Northeast, 2.4 million.

Travelers plan on visiting the following destinations during the Thanksgiving holiday: city, 39 percent; town/rural areas, 34 percent; ocean/beach, nine percent; mountain area, five percent; state/national park, two percent; lake area, two percent; theme/amusement park, one percent; and other or don't know, eight percent.

A total of 59 percent intend to stay overnight with relatives or friends while 26 percent expect to stay in a hotel or motel. Other overnight plans include: cabin/condo, six percent; camper/trailer/RV or tent, three percent; and other, two percent. Four percent are undecided or don't expect to stay overnight.

Farm bill informational meeting Dec. 3

Marshall County Farm Service Agency and Minnesota Extension Service will conduct an additional informational meeting to update operators and owners on the provisions of the new farm bill for those who were not able to attend the previous meetings.

The meeting will be held at 9:30 a.m. on Tuesday, Dec. 3., in the Marshall County Courthouse basement meeting room.

Special accommodations will be made for the physically handicapped, vision, or hearing impaired person upon request. If accommodations are required, please contact JoDell Poolman at 218-745-4251.

EDITORIAL OPINIONS

Dave Hill, *Editor*

Editorial opinion published under this heading is intended to stimulate thinking and discussion among our readers. Unless specified otherwise, the editorials are written by Editor Dave Hill and do not represent opinion of other staff members. Opinions in items from other publications may not coincide with the editor's own views but are offered for their general interest.

Business and education partnership benefits students

Northland Community and Technical College has once again been the recipient of an amazing gift – a fully-operational DC-9.

No, this is not a repeat of a headline and story from more than a month ago now. That was a gift from American Airlines. This gift is from the college's long-time partner in education – Northwest Airlines.

Northwest Airlines has been a partner in education with Northland Community and Technical College for years. All but one of the large-body jets at the college are from Northwest Airlines, and over the years the airline company has also provided other invaluable assistance to the college's educational program.

In a letter to Dr. Orley Gunderson, Bob Benner, director of state and local affairs at Northwest Airlines, wrote: "Minnesota is the home of Northwest Airlines, and we are proud to make this investment in our community, and in the future employees of the aviation industry. Our partnership with Northland College is a model of the type of winning partnerships between industry and educational institutions so critical to the development of a competitive workforce."

Dr. Gunderson stated, "We are extremely proud of the successful, long-standing partnership we have with Northwest Airlines. It is truly a 'plus' for us when it comes to providing the equipment we need to train our students for the aviation industry."

This provides us with yet another great example of what can happen when business and education work towards a common goal.

Don't let the weather ruin your holiday

American Legion Post 117 Commander John Sampson noted last week during an introduction for Donavon R. Mason, National Vice Commander, that you know someone really cares about you when they travel to our homes in northwestern Minnesota between the months of November and March. The weather is so unpredictable during those months, that one could conclude that they really do care.

More than likely, many residents in the area will be among those traveling next weekend. AAA estimates that 35.9 million Americans will take a trip 50 miles or more from this Thanksgiving, 1.7 percent higher than the 35.3 million who traveled last year.

As Sampson noted, the weather during this time of year is unpredictable, so we ask that if you're going to be among the many who travel this weekend, take extra precautions and be prepared.

Support local merchants

The day after Thanksgiving is traditionally considered one of the busiest days of the year for merchants. Please don't forget to support the merchants who support your community. Remember, they pay taxes here, support local programs with donations, and employ your friends and neighbors.

POLICIES

Letters To The Editor: The staff of the *Northern Watch* encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in *Northern Watch* exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. **Signatures must appear on letters published.** The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

FSA County Committee election to be held in Dec.

(Continued from Page 1)

received a degree in Farm Management. Satre has been a member of the County Committee for 18 years, and he is a member of the Wheat Growers Association.

The FSA COC is responsible for the overall direction of the operations of the County FSA Office and the administration of the various farm programs at the county level. The FSA COC is very important because the programs administered by the FSA directly affect the welfare of farmers. The FSA encourages all eligible voters to read the instructions carefully on their ballots and return the ballots by December 2 to the FSA Office. The date for tabulating the ballots is Monday, December 9 at 8:30 a.m. The opening and counting of the ballots is open to the public.

Agassiz seeks input on management plan

(Continued from Page 1)

including 280 species of birds (half of them nesting on the refuge), 49 species of mammals, 12 species of amphibians and nine species of reptiles.

Because of this rich diversity of wildlife and easy viewing opportunities, Agassiz has been listed as one of the top 100 places to view wildlife in the lower 48 states. Agassiz supports a resident moose herd and until recently was the only national wildlife refuge in the lower 48 states to support a resident wolf population. A 4,000-acre designated wilderness area contains the northwestern most stand of black spruce/tamarac bog habitat in Minnesota.

If you cannot attend the open house and would like to submit written comments, send them to Margaret Anderson at Agassiz National Wildlife Refuge, 22996 290th St. NE, Middle River, MN 56737-9754. Comments may also be sent through the Service's Planning Web site at http://midwest.fws.gov/planning/agassiz.

A mallard hen and her brood swim at Agassiz National Wildlife Refuge. An open house to develop a Comprehensive Conservation Plan for the refuge will be held on December 5 from 5-9 p.m. at the Heritage Center in Thief River Falls.

This Christmas tree at Sunview Center was decorated by two Lafayette High School students. The nativity scene is an antique that was donated to the center. Sunview Center is one of five stops on the Red Lake Falls Christmas Tour of Homes on Sunday, Dec. 1, from 3 to 7 p.m. The event is a fundraiser sponsored by Hillcrest Nursing Home Auxiliary.

Sunview shares its holiday spirit for RLF Christmas Tour of Homes

(Continued from Page 1)

Mary in memory of her son Steve. Although Mary passed away a couple of years ago, and many more angels have been added to the tree, Mary's first angel is still placed atop the memorial angel tree every year.

Many other people have gotten involved over the years. An antique nativity is in the atrium. DuCharme said it was the nativity set from the Dorothy Church. Clem and MaryAnn Benoit acquired it and then donated it to the center.

The effort has also brought Lafayette High School students in the family consumer science class to the facility. As a community service project this year, the class helped put up decorations in the hallway. DuCharme pointed to a beautifully decorated tree in the atrium. That tree was decorated by Matt Nelson and Drew Seeger.

The residents really get involved. They all want to contribute, and they also want to decorate their own rooms.

Three rooms will be open to visitors during the event. The room of ninety-five-year-old Esther Page is one of those rooms. Her room is tastefully decorated for the holidays. She enjoys listening to Christmas music, and even on this day, Nov. 20, Christmas music is playing softly in the background. A Christmas tree sits near a window, and on the table is a center piece created by her daughter Lucille Weiss of Red Lake Falls.

Weiss not only conducted a seminar for residents, but provided center pieces for the dinning room too.

Ninety-two-year-old Nettie Perreault's room is also on the tour. Nettie has teddy bears on display in her room. She said she has over 100 in the collection she began when she was a child on the family farm. Her favorites are the brownish-colored ones. She also has a singing and dancing Santa and Mrs. Claus that gyrates to a Christmas toon when you touch a button.

Wherever you look in Sunview Center, from hallways to dining room, to individual rooms, Christmas has arrived, and you, the public, are invited to see it all.

Sunview Center, a retirement living center for senior citizens in Red Lake Falls, is managed by the Red Lake Falls Housing and Redevelopment Authority. It has been in operation since 1970. It began with 24 Fairview Manor apartments in three separate buildings and a community center building. In 1978, the complex grew with the addition of 24 more apartments known as Sunset Court. In 1997, a connecting walkway was built to join the Sunset Court apartments to the Fairview Community building and the entire complex was then renamed Sunview Center. In 1999, one of the Fairview apartment buildings was removed and seven Sunview apartments were built, attached to the walkway.

RLF Christmas Tour of Homes on Dec. 1

Red Lake Falls Christmas Tour of Homes will be held Sunday, Dec. 1, from 3 to 7 p.m. Stops on the tour include:

• The Cindy and Ray Scott residence at 815 Broadway NE;
• The Donna and Doug Purath residence at 502 Main Avenue;
• Sunview Center and Senior Homes at 209 International Drive;
• The Deb and Kevin Amiot residence, 4.5 miles west on County Road 11;
• The Addie Beyer residence – take County Road 11, 82.4 miles to County Road 3, 5.4 miles to County Road 13 at Dorothy, then one mile east on County Road 13.

Tickets are available at each home for $6. This fundraising event is sponsored by Hillcrest Nursing Home Auxiliary.

The Auxiliary also wants everyone to know that the Love Light Tree Service will be held at 7 p.m. on Wednesday, Dec. 4, at Hillcrest Nursing Home.

Carlson wins Grand Prize in peanut butter contest

No matter how or what you spread it on, it's still a grand prize winning jar of peanut butter

(Continued from Page 1)

Derek Jeter play, an opportunity to meet Derek Jeter, and $1,000 in cash for spending.

Bob has never won anything like this before and is ecstatic. Bob is a Twins fan, but he has been a Yankee's fan for as long as he can remember. Back in the 1950's when he got a black and white television he used to host parties at his house when the Yankee's were in the World Series.

Perhaps he will never be as lucky either. The odds of being the grand prize winner were 1 in 8 million.

UMC Ag Activities Day set for December 6

Over 1,200 students from Minnesota and North Dakota schools are expected to participate in "Ag Activities Day," an annual event set for Friday, December 6. The event is hosted by the University of Minnesota, Crookston (UMC) Center for Agriculture and Natural Resources. Over $28,000 in scholarships will be awarded to participants who place in the various competitions.

High school students and members of 4-H clubs and FFA chapters from across Minnesota and North Dakota are invited to compete in the following contests: consumer products, crops, dairy judging, general livestock, small animals, agricultural mechanics, dairy products, farm management, wildlife, forestry, floriculture, landscaping/nursery, meats, soils, ag salesmanship and equine.

Morning activities will include contest tours and special agriculture and science workshops. UMC's Collegiate FFA chapter will also sponsor a Knowledge Bowl contest.

Contest winners will be announced in Lysaker Gymnasium at 1 p.m. UMC Ag Activity Scholarships of $750, $600 and $450 will be awarded for high individual performance, second and third place in each contest. The top three teams will also be recognized. Each team score will be tabulated from the top three individuals from each participating school or chapter.

Registration fees are $6 per student. Disability accommodations will be provided upon request. Interested persons should contact UMC's Center for Agriculture and Natural Resources at (218) 281-8101 or visit its Web site: www.crk.umn.edu/ag/aad.

Corps of Engineers to hold two workshops

Two workshops on working with the U.S. Corps of Engineers will be held at Alexandria Technical College on Wednesday, Dec. 11 and Thursday, Dec. 12.

Both are sponsored by the Minnesota State University Moorhead Small Business Development Center, Minnesota Project Innovation and the U.S. Corps of Engineers.

"Doing Business with the Corps of Engineers" will meet from 9 a.m. to 5 p.m. that Wednesday at Alexandria Tech, 1601 Jefferson Street, Room 211. The cost is $20 and will include materials, lunch and refreshments. Topics covered range from upcoming projects and subcontracting work to the electronic bid system and performance bonds.

"Corps of Engineers Construction Quality Management Training" will meet from 8 a.m. to 5 p.m. It will also meet in Room 211. The cost is $50 and includes materials, lunch and refreshments. This course was developed by the Corps and covers the quality management activities and processes required of their contractors. After competing the course, individuals will receive a certificate that's good for five years and will allow them to be assigned as a quality control manager. The certificate is acceptable for COE work anywhere, regardless of the district performing the training.

To register, call Jackie Seifert at the MSUM Small Business Development Center, (218) 236-2289, or register on-line at: www.mpi.org

Horse nutrition and pasture management workshop to be held

Along with the general public, 4-H and FFA horse project members and their families will have an opportunity to understand their horse's nutritional needs, hay quality issues and pasture management guidelines by attending a free workshop. It will be held on Monday, December 9 at 7 p.m. in Mahnomen County Courthouse Basement Meeting Room in Mahnomen.

Maribel Fernandez, University of Minnesota (U of M) Regional Extension Educator for Wright County, will cover the topic of "Understanding the Basic Nutritional Needs of a Horse and How Hay Quality Plays a Part in Nutrition." Paul Peterson, U of M Extension Forage Specialist in St. Paul, will cover the topic of "Pasture Management For Horse Owners."

The workshop is sponsored by the U of M Extension Service, your local County 4-H and the Norman-Mahnomen Forage and Grassland Council.

For more information, contact the U of M Extension Service in Pennington County at 683-7030.

Annual lighting and decorating contest to be held Dec. 11-17

The City of Thief River Falls and the Chamber of Commerce will be sponsoring the 3rd Annual City of Lights Residential Lighting and Decorating Contest.

Judging will take place from December 11 through December 17. The contest is open to all customers of the municipal electric utility.

The judges will be using the following criteria: best use of color, most original, best composition, most spectacular and best expression of Christmas. First, second and third place prizes will be awarded.

First place: $75 off your January electric bill and $50 in Chamber Bucks.

Second place: $50 off your January electric bill and $35 in Chamber Bucks.

Third place: $25 off your January electric bill and $15 in Chamber Bucks.

Applications will be mailed out in the city's December utility bill and newsletter. Applications must be filled out and returned to the Utilities Billing Office located in City Hall, Third Street and Atlantic Avenue or mailed to the Lighting Contest, c/o Utilities Billing Office, P.O. Box 528, Thief River Falls, MN 56701. Applications must be received by 5 p.m. on Tuesday, December 10. Additional applications will be available at the Utilities Billing Office and the Thief River Falls Chamber of Commerce.

Contestants must have their lights on from 5:30 - 9 p.m. daily. Your registration will be void if your lights are not on. Winners will be announced on Thursday, December 19.

Diver of the Week(s)...

Chelsea Haviland starts career with a splash at Army

by Mike Lundgren
Sports Editor

A four-time state diving champion in high school, Chelsea Haviland of Thief River Falls continues to experience success in the pool at the collegiate level.

A freshman attending the United States Military Academy at West Point, Haviland has made quite a splash as a member of the Black Knights women's swim team.

The 2002 Lincoln High School graduate was a winner on both the one-meter and three-meter boards in her first three college meets, a feat that earned Haviland three consecutive Patriot League Diver of the Week awards.

Army's regular season swimming schedule features duals mostly against Patriot League and Eastern College Athletic Conference opponents, followed by league and conference championships. The Patriot League includes Army, Navy, American University, Bucknell, Colgate, Holy Cross, Lafayette and Lehigh. Army and Navy join Ivy League schools to form the ECAC.

Haviland's early college success included personal-best scores of 274.05 on the one-meter board and 273.30 on the three-meter board in a 171-129 Army victory over American University that stretched the Black Knights' season-opening winning streak to three.

Against American, Haviland also swam the 100 freestyle for the first time this season, finishing third in 56.12, and handled a leg on a first place 400 freestyle relay team that went a season-best 3:42.65.

The victory over American followed Army dual wins over Stony Brook 157-84 and Colgate 125-118.

Winning streak for Haviland and the Army women ended in a Nov. 16 loss to Northeastern, 190-110. She finished second in both diving events that day with scores of 254.77 (one-meter) and 273.67 (three-meter). Her 400 freestyle relay team was also a second place finisher.

The Knights were scheduled to be back in the pool today (Saturday) for a dual against Bucknell.

One of four divers listed on the Army women's swim team roster, Haviland has been out-scoring a senior and two sophomores who are returnees. She is the only diver who also doubles as a swimmer – a rare feat at the college level.

Army swimmers compete and train in at Crandall Pool, considered one of the top venues on the East Coast. The facility, which had a $10 million facelift in 1995-96, hosted the 1972 NCAA national swimming and diving championships, and served as the training site for the 1972 and 1976 U.S. men's and women's Olympic teams. It's a six-lane, 50-meter pool that has a separate diving area. There is room for 1,200 spectators.

During her high school diving career, Haviland was a six-time state meet qualifier, who won five straight Section 8A titles, finished second in the Class A state meet as an eighth grader, then dominated the boards in winning state titles as a freshman, sophomore, junior and senior.

She also drew attention across the country while competing at the national level in various age-group meets.

Special award winners who received recognition at the Thief River Falls girls high school swim team banquet were, front row from left, Kailey Bakken, Rookie of the Year; Allyson Helling, most valuable and most versatile; Brittany Haviland, Coaches Award and Spirit Award; Carli Cota, hardest worker; back row, Michelle Johnson, most dedicated; April Peterson, most improved middle school swimmer; and Stephanie Liden, most improved high school swimmer.

Awards presented to TRF swimmers

Team awards were presented during the Prowlers' annual recognition banquet to close out the 2002 Thief River Falls girls high school swimming season.

Allyson Helling was named most valuable and most versatile member of the team.

Other awards went to Carli Cota, hardest worker; Brittany Haviland Coaches Award and Spirit Award; Michelle Johnson, most dedicated; Kailey Bakken, Rookie of the Year; Stephanie Liden, most improved high school swimmer; and April Peterson, most improved middle school swimmer.

Cota and Cami Hendrickson were named captains of the 2003 Prowlers.

Athletic letters went to seniors Tiffany Sorenson, Jenny Heaton, Johnson and Haviland; juniors Danielle Sorvig, Hendrickson and Cota; sophomore Jenna Dillon; plus freshmen Casey Engelstad, Katie Pribula and Helling; eighth graders Ashley Meunier, Tevin Reese and Peterson.

The Dawn Conuette-coached Prowlers were 6-1-1 in dual meet competition this fall. They won an invitational title at Crookston and also swam in invitationals at Bemidji, Park Rapids, Fosston, Grand Rapids and the University of North Dakota. The 2002 regular season schedule ended with the North Border Conference meet at Fosston. Section 8A competition took place at Detroit Lakes.

Helling won the Section 8A diving title and was joined as a Class A state meet qualifier by Hendrickson, Haviland and Peterson.

Those four swam both the 200 medley and 400 freestyle relays at state, where Helling and Hendrickson were also qualifiers in the 100 freestyle.

Named as captains of the 2003 Thief River Falls girls high school swimming team were Cami Hendrickson (left) and Carli Cota. Their selection was announced during the Prowlers' awards banquet that closed out the recently-completed 2002 season.

Pioneers win 2002-03 opener

■ Northland men beat Providence 71-63

A strong finish carried the Northland Community and Technical College men's basketball team past Providence College 71-63 Wednesday in a game played at Otterburne, Man.

The Pioneers, up 31-27 at halftime, trailed by seven points with 10 minutes remaining. They caught the Knights at 51-51, then controlled play down the stretch for the season-opening win.

Mike Howard, a 6-5 freshman from Grand Forks, N.D., led the Pioneers' scorers with 18 points. Northland got 10 points apiece out of Chris Bell, a 6-5 freshman from Milwaukee; Pat Cash, a 6-2 sophomore from Chicago; and Dustin Neibauer, a 5-10 sophomore from Fertile-Beltrami.

Despite being slowed by an ankle injury, Bell completed a double-double with 10 rebounds as the Pioneers beat the Knights on the boards 49-32. Neibauer scored all of his points in the second half to help fuel the Pioneers' takeover.

"Defensively, we did a nice job," reported Northland coach Rick Nikunen. "Offensively, we just couldn't put the ball in the basket. He had good shots – we weren't forcing it – but they wouldn't fall. I think there were a lot of nerves out there for the first game."

The defense helped set up the Pioneers' finishing kick on offense,

Thief River Falls boys have solid hockey line-up...

Prowlers look for good year

Scott Bergland targeted 2002-03 a number of seasons ago as "The Year" for Thief River Falls boys high school hockey. The Prowlers' head coach is now ready to find out if his long-range forecast holds true.

A hint of what was expected from this group came a year ago with a 16-10-1 record that was the Prowlers' best finish since they went 12-11-1 in 1992-93 and the most wins for the program since a 17-7 showing in 1990-91.

"I think we'll have a better team than last year, and last year I thought we had a pretty nice season until we got a little banged up at the end," said Bergland. "I'll be honest, I've been waiting two-three years for this group of kids. Some of them played as freshmen and sophomores. Now it's time to reap the rewards, hopefully."

A strong set of forwards and two top-of-the-line goalies are expected to make the Prowlers a Section 8A contender this winter.

Junior Aaron Bendickson led the Prowlers in scoring last year as a sophomore with 18 goals, 19 assists and 37 points. Seniors Dane Kjono (11-12-23) and Jeff Schneider (7-12-19) were also double-figure point-producers a year ago. Senior Jared Altepeter (5-3-8) surely would have joined them in that category if he hadn't been sidelined a good portion of the season by injuries.

Seniors Preston Johnson and Travis Collins give the Prowlers two more experienced forwards to fill out the line-up, and sophomore Alex Holen may provide additional scoring.

"Up front, along with goaltending, should be the strength of the team," noted Bergland. "Obviously, when you have a kid like Bendickson, who scored 18 goals, and someone like Kjono, who is capable of scoring that many, you're pretty solid there."

In senior Ben Worker and junior Justin Klinkhammer, the Prowlers might have the best set of goalies in the area. Worker was 14-9 in the nets a year go with four shutouts, a 2.06 goals-against average and a 91.6 percent save figure. Klinkhammer finished with a 3.61 goals-against average and a 90.2 save percentage in a back-up role.

"Ben is as good as anybody," offered Bergland, who won't be afraid to give his starter a rest now and then. "I look for Travis to play more this year," he said. "He's an outstanding goalie, and he's a year older."

If the team has a shortcoming, it's the lack of varsity experience among its defensemen. "Obviously, that's our biggest area of concern," acknowledged Bergland. "We've got a couple of good ones – kids who were among our top three or four players last year – but we just don't have a lot of depth there right now."

The veteran blueline players are seniors Jason Tuthill (4-15-19) and William Forney (4-7-11).

Senior Eric Leister has been moved from forward to defense this winter, where he will be joined by sophomore Jarod Barron and senior Cory Melbo, a transfer from Park Rapids. Senior Ben Johnson, along with juniors Tyler Bettin and Zach Collins, are the top candidates for the sixth spot in the defensive rotation.

"Our depth will be good, except on defense, pointed out Bergland, who is beginning his sixth season as the Prowlers' head coach. "We don't want to lose anybody there (defense)."

Thief River Falls will open the schedule Tuesday at Roseau. The Prowlers will head to the Twin Cites area for games Friday against Robbinsdale Armstrong and Saturday at Maple Grove. They will make their home debut Tuesday, Dec. 3, vs. Warroad.

2002-03 TRF Boys Hockey

Tuesday, Nov. 26 - at Roseau, 5:15/7:30 p.m.; Friday, Nov. 29 - at Robbinsdale Armstrong, 5:15/7:30 p.m.; Saturday, Nov. 30 - at Maple Grove, 1/3 p.m.; Tuesday, Dec. 3 - Warroad, 5:15/7:30 p.m.; Friday, Dec. 6 - Blake, 5:15/7:30 p.m.; Saturday, Dec. 7 - St. Paul Johnson, 1/3 p.m.; Thursday, Dec. 12 - at Bemidji, 5:15/7:30 p.m.; Saturday, Dec. 14 - Kittson Central, 5:15/7:30 p.m.; Friday, Dec. 20 - at Detroit Lakes, 5:15/7:30 p.m.; Saturday, Dec. 21 - at Red Lake Falls, 7 p.m.; Thursday/Saturday, Dec. 26/73 - Grand Forks Invitational; Saturday, Jan. 4 - Virginia, 4/6 p.m.; Thursday, Jan. 9 - Crookston, 5:15/7:30 p.m.; Tuesday, Jan. 14 - at Moorhead, 5:15/7:30 p.m.; Thursday, Jan. 16 - at Warroad, 5:15/7:30 p.m.; Tuesday, Jan. 21 - East Grand Forks, 5:15/7:30 p.m.; Saturday, Jan. 25 - Grand Forks Central, 5:15/7:30 p.m.; Tuesday, Jan. 28 - at Crookston, 5:15/7:30 p.m.; Saturday, Feb. 1 - at Lake of the Woods, 5:15/7:30 p.m.; Tuesday, Feb. 4 - Bemidji, 5:15/7:30 p.m.; Thursday, Feb. 5 - Roseau, 5:15/7:30 p.m.; Tuesday, Feb. 11 - at East Grand Forks, 5:15/7:30 p.m.; Friday, Feb. 14 - Fergus Falls, 5:15/7:30 p.m.

TRF girls open against Ponies

■ Prowlers start season with inexperienced team

Thief River Falls girls will open the 2002-03 high school basketball season at home Tuesday against Warren-Alvarado-Oslo.

The Prowlers will start the year with more questions than answers, admitted head coach Jeff Loe. They were 16-8 a year ago – their best record in Loe's six years at the helm – but return only one starter from that squad.

"We're not young, but we're inexperienced," said Loe. "We've got seven seniors, but all of them were mostly JV last year."

Shara Guidry, a 5-10 junior, is the lone full-time returning starter in the line-up. She led the Prowlers in scoring as a sophomore, averaging 12.2 points per game.

Melissa Skjerven, a 5-11 senior, was a varsity player and a part-time starter last year when she averaged 3.3 points per game.

"We're as athletic as we've ever been," pointed out Loe. "Once we learn to play as a team, I think we'll be okay. Right now, everybody is not really sure what their role will be."

While he likes the Prowlers' athleticism, Loe notes that this year's team isn't as quick as they've been in the past, and that will mean changes on both offense and defense. "We've been using full-court pressure and the fast break," he explained. "This year, we may have to back off a little, and play more zone than we have in the past."

With Guidry and Skjerven providing a strong double-post set, the Prowlers will be looking to take the ball inside as much as possible, according to Loe.

In past years, the Prowlers have had success getting their share of close-in shots, but have struggled to convert those chances into points. "Our shooting percentage in the post has got to get better," said Loe. "We've had trouble hitting those open shots. If we can hit those, it would open things up elsewhere."

On the other hand, the Prowlers' outside game will have to materialize if Guidry and Skjerven are to have room to operate under the basket. "In practice, I've been pleased the way we've been shooting," offered Loe. The question is, will those shots fall when the game clock is turned on.

Rebounding is another area of concern. The boards haven't been a team strength in recent years, and that will have to change, according to Loe, if the Prowlers are to approach last year's record.

Other seniors on the roster include Stacia Kalinoski, Andrea Stenson, Brittany Haviland, Kelsey Christensen, Kayla Loe and Katie Olson.

Others who fill out the early-season varsity roster are juniors Holly Peterson, Cami Hendrickson, Elise Peterson and Kari Johnson, along with sophomores Jackie Fossum, Nichole Gryskiewicz and Kristi Joppru.

Rest of the players in the high school basketball program include sophomores Megan Barry, Casey Leach, Maggie Peterson, Allison Oallmann, Jenny Grove, Leah Trontvet and Kayla Grahn, along with freshmen Stephanie Brekke, Becca Larson, Korbi Fisher, Haeli Stokke, Allyson Helling, Ashley Schneider, Jessica Gustafson, Heather Keogh, Casey Engelstad, Danielle Meunier, Justine Erickson, Jenny Tangen and Chelsey Osborne.

2002-03 TRF Girls Basketball

Tuesday, Nov. 26 - Warren-Alvarado-Oslo, 6/7:30 p.m.; Tuesday, Dec. 3 - at East Grand Forks, 5:45/7:30 p.m.; Saturday, Dec. 7 - at Red Lake Falls, 1:30/3 p.m.; Monday/Tuesday/Thursday, Dec. 9/10/12 - NCTC Invitational; Tuesday, Dec. 17 - Park Rapids Area, 6/7:30 p.m.; Thursday/Friday, Dec. 19/20 - Fosston Invitational; Friday, Jan. 3 - Detroit Lakes, 6/7:30 p.m.; Saturday, Jan. 4 - Roseau, 6/7:30 p.m.; Thursday, Jan. 9 - Bagley, 6/7:30 p.m.; Saturday, Jan. 11 - Bemidji, 6/7:30 p.m.; Tuesday, Jan. 14 - at Detroit Lakes, 6/7:30 p.m.; Friday, Jan. 17 - at Kittson Central, 6:30/7:30 p.m.; Tuesday, Jan. 21 - at Roseau, 6/7:45 p.m.; Thursday, Jan. 23 - Crookston, 4:38/7:45 p.m.; Tuesday, Jan. 28 - Fosston, 6/7:30 p.m.; Thursday, Jan. 30 - East Grand Forks, 6/7:30 p.m.; Tuesday, Feb. 4 - at Moorhead, 5:45/7:30 p.m.; Friday, Feb. 7 - Fergus Falls, 6/7:30 p.m.; Tuesday, Feb. 11 - at Bemidji, 6:45/7:30 p.m.; Friday, Feb. 14 - at Crookston, 6/7:30 p.m.; Saturday, Feb. 15 - at Warroad, 6:15/8 p.m.; Saturday, Feb. 22 - at Badger/Greenbush-Middle River, 6:30/8 p.m.

COLLEGE SPORTS

Cota scores 15 in MSU loss

Thief River Falls' Kelly Cota scored 15 points and grabbed eight rebounds for the Mayville State (N.D.) University men's basketball team Sunday in the Comets' 77-76 loss to Dakota Wesleyan.

Cota is a Lincoln High School graduate who played two years at Northland Community and Technical College before transferring to Mayville for his junior season in 2001-02.

He was 6-for-7 from the field and 3-for-5 at the free throw line in the Nov. 17 setback that dropped the Comets to 1-1 for the year. They beat Presentation College 84-79 in their opener.

Andy Larson, a freshman from Newfolden, is also on the Mayville roster.

The Comets are playing at Minnesota-Morris today (Saturday). They will be at the University of Minnesota-Crookston Tuesday for an 8 p.m. contest.

Concordia hockey team 6-1

Concordia College men's hockey team is off to its best start since 1980-81 following a 3-2, 6-5 weekend sweep at the University of Wisconsin-Eau Claire that pushed the Cobbers' record to 6-1.

Three former Prowlers are playing key roles for the Cobbers. Treavor Peterson (2 goals, 5 assists, 7 points) and Brett Johnson (0-5-5) skate regular shifts on defense, and Tom Aulik has emerged as the team's No. 1 goalie with a 2.03 goals-against average and a 92.9 percent save figure.

The 1980-81 Cobbers opened the season 8-1-1.

Ridgewater national champ

Ridgewater beat Rainy River 30-19, 30-23, 23-30, 30-28 in an all-Minnesota final at the 2002 National Junior College Athletic Association Division III volleyball tournament played Nov. 15-16 in Rochester.

Harper of Palatine, Ill., defeated Cedar Valley of Lancaster, Texas, in the third place match.

Ridgewater won the Minnesota Community College Conference state tournament played at Northland Oct. 25-26.

Berube, Lambert earn post-season volleyball honors

Northland Community and Technical College sophomores Christel Berube and Cindy Lambert have earned post-season volleyball awards, it was announced by school officials this week.

Berube, a Fisher High School graduate, was named First Team Minnesota Community College Conference All-Northern Division, First Team MCCC All-State and National Junior College Athletic Association All-Region 13. In addition, she had earlier landed a spot on the all-tournament team during the MCCC state volleyball championships.

"Christel is one of the best players we have every had at Northland, and greatly deserves all the honors she is receiving," said Pioneers head volleyball coach Mike Zachow in a school press release.

An Okiee High School graduate, Lambert capped her Northland volleyball career by being named Second Team MCCC All-Northern Division.

"Cindy was one of our most consistent players the past two years, and has worked very hard to earn this honor," offered Zachow.

NCTC women are listed No. 8 in NJCCA ranking

A second place finisher in last year's National Junior College Athletic Association Division III national tournament, the Northland Community and Technical College women's basketball team starts the 2002-03 season as the No. 8-ranked team in the nation, it was reported today by school officials.

The Pioneers won the Minnesota Community College Conference state tournament and the NJCAA Region 13B title en route to a 28-3 national runner-up finish in 2001-02.

Only other Minnesota team in the preseason national poll is No. 5 Ridgewater.

The polls won't change until the coaches begin their regular season voting Jan. 7.

Football coaching clinic set Jan. 18 at Northland

Members of the Northland Community and Technical College athletic department announced that the 18th annual Pioneers Football Coaching Clinic will be held Saturday, Jan. 18.

A list of guest speakers will be announced at a later date.

To register, or for additional information, call Northland head football coach Guy Finstrom at 218-681-0728, or NCTC assistant athletic director Paul Peterson at 218-681-0849.

Basketball tournaments are scheduled for NCTC

Area boys and girls high school basketball teams are scheduled to compete in December tournaments at Northland Community and Technical College.

The Dec. 3, 6 and 7 NCTC Boys Invitational will feature Badger/Greenbush-Middle River, Red Lake County Central, East Grand Forks Sacred Heart, Goodridge, Fertile-Beltrami, Kittson County North, Grygla-Gatzke and Fisher/Climax.

NCTC Girls Invitational Dec. 9, 10 and 12 will include Badger/Greenbush-Middle River, Grygla-Gatzke, Marshall County Central, Tri-County, Kittson County North, Stephen-Argyle, Thief River Falls and Red Lake County Central.

Firewood available at Agassiz

Agassiz National Wildlife Refuge is issuing woodcutting permits valid through the 2002-03 winter season. Woodcutting is used as a management tool to promote habitat diversity and to enhance oak-ash-elm tree growth on the refuge.

A refuge map shows the designated cutting area. A list of permit conditions are available at the refuge office. Wood cutters are requested to cut all standing live and dead aspen, balsam poplar and willow. Many of the standing aspen trees were girdled three years ago and have been dead for a least one growing season. This wood is dried out and will make excellent firewood for immediate use, note refuge officials, who said there are a large number of cords that need to be cut.

All other dead or live standing tree species are not authorized to be cut and removed. However, all species of trees laying on the ground are permitted to be cut and removed for firewood.

The refuge road and access areas to the wood cutting area usually are not snow-plowed. Normal snowfall usually makes access to the area difficult, and most times impossible. Permittees need to check with refuge personnel if and when the roads and access areas may be plowed.

Wood cutting and hauling are permitted during daylight hours only. The permittee must be present during any cutting or hauling activity and have in possession the wood cutting permit. Helpers are allowed and encouraged for safety purposes.

Only the assigned entry/exit road may be traveled when utilizing the refuge during wood cutting. Firearms, bow and arrows, alcoholic beverages or any other illegal items are not permitted during wood cutting and hauling activities.

There is a 10-cord limit for each permittee. Wood is for personal use only. Cost of the permit is $25.

Interested persons may contact the Agassiz National Wildlife Refuge by calling 218-449-4115, extension 214 or 211. You may also stop at refuge headquarters, located 12 miles north of Thief River Falls on Minnesota Highway 32, then 11 miles east of Holt on Marshall County Road 7.

Inspection hours are Monday-Friday, 7:30 a.m. to 2:30 p.m., excluding holidays.

The U.S. Fish and Wildlife Service is the principal federal agency responsible for conserving, protecting and enhancing fish, wildlife and plants, and their habitats for the continuing benefit of the American people. The FWS manages the 94-million acre National Wildlife Refuge System, which encompasses more than 535 national wildlife refuges, thousands of small wetlands and other special management areas. It also operates 70 national fish hatcheries, 64 fishery resource offices and 78 ecological services field stations.

The agency enforces federal wildlife laws, administers the Endangered Special Act, manages migratory bird populations, restores nationally significant fisheries, conserves and restores wildlife habitat such as wetlands, and helps foreign governments with their conservation efforts. It also oversees the federal aid program that distributes hundreds of millions of dollars in excise taxes on fishing and hunting equipment to state fish and wildlife agencies.

Pioneers open basketball season with victory

(Continued from Page 10)

explained Nikunen. "Defensively, we picked up the intensity," he said. "We forced a few turnovers and got some fast break baskets."

Northland shot 35 percent from the field (28/80) and went 13-for-20 at the free throw line. Providence shooters had a tough time, too, with a 24 percent figure from the floor (20/83). The Knights were 7-for-10 at the line. They topped the turnover charts 15-11.

The Pioneers' roster wasn't complete, pointed out Nikunen, who had to wait for an extended football season to be completed before his full complement of players reported for practice. Cash was the only football-turned-basketball player to step on the court in the opener.

Northland will make its home debut Monday vs. the Concordia College junior varsity. Game time is 7:30 p.m.

Scoring

NOTICE TO READERS

While work-at-home advertising is often legitimate, we advise readers to fully investigate the background of any company before paying a fee. If an offer sounds "too good to be true," it probably is. Proceed with caution if you are asked to send money or in calling 900 numbers. All phone numbers prefixed by "900" are charged to the caller on a per minute per call basis. Remember, if you have any doubts, investigate.

☆RUBBER STAMPS available at The Times. Self-inking or standard. The Times, 324 Main Avenue North, Thief River Falls, 681-4450

Ever get that "pain-in-the-neck" feeling?

For many years, Holt resident Beulah Wikstrom has suffered from cervical dystonia. The disorder causes involuntary muscle contractions and/or neck spasms in sufferers.

It may not be just a pain in the neck, Cervical dystonia plagues Holt resident

by April Scheinoha

While driving her car in 1974, Beulah Wikstrom's head involuntarily jerked to the right. Before she knew it, Wikstrom was looking directly in her rearview mirror.

Eighteen years and many doctors later, Wikstrom learned what was wrong with her. She had cervical dystonia, which is also known as spasmodic torticollis.

Cervical dystonia is a term used to describe involuntary muscle contractions and/or spasms of the neck. It usually starts slowly with a small pain at the base of the neck and/or a stiff neck followed, over a period of time, by rotation or palling sensations.

It takes many forms. Cervical dystonia can cause the head to go sideways toward either shoulder, or it can force the head to turn in either direction. It may cause the head to be in a backward or forward position. Its causes are unknown.

Researchers are currently trying to determine whether trauma induces dystonia in those who have a genetic susceptibility. Genetics has been foand to play a role In early on-set generalized dystonia. (Early on-set generalized dystonia is the twisting of limbs, which can spread to involve twisting contractions in other body parts.) However, a link between dystonia and genetics has yet to be found.

Wikstrom believes dystonia is genetic. Her uncle suffered from tremors, which can be associated with dystonia.

Over the years, Wikstrom has suffered from the physical and emotional effects of cervical dystonia. Wikstrom stated, "It totally controls your life because you're fighting the pain and tremors all the time."

In terms of the emotional effects, Wikstrom said, "It makes you feel like you don't want to associate with people. It makes you more on the shy side." Some sufferers experience mood changes, depression and a loss of energy.

Moreover, Wikstrom said, "You try to hide it, and that even intensifies the pain."

Several options are available to make movement easier for those with the disorder. One option is Botox injections.

Since April 1994, Wikstrom has been receiving Botox injections in her neck. She said, "It took me two years to convince myself to go." Once every four months, Wikstrom receives four injections of Botox B. The injections have helped her ability to move. Yet, they do not relieve her pain.

Surgery is another option, but it is usually undertaken when injections or medications have lost their effectiveness. Some surgical approaches involve cutting portions of the brain. Other surgical approaches include severing contracting neck muscles, cutting nerves in the neck or removing nerves where they enter contracting muscles.

Wikstrom plans on having surgery to lessen her pain. Yet, as she noted, surgery is not a cure. Like the injections, it may lose its effectiveness over time.

According to the National Spasmodic Torticollis Association Web site, more than 83,000 Americans have the disorder. Many do not realize they have the disorder, or they are in denial that they have it. Wikstrom said, "I know people I see who have a tilted head and don't know what they have."

She recently attended the Dystonia Daze V Symposium in Reno, Nev. At the symposium, Wikstrom learned anyone can become afflicted with the disorder and the Midwest has the most cases.

Moreover, she saw the various effects of cervical dystonia. Wikstrom said some sufferers could not eat due to the illness. She added, "There were people on disability and people who had to quit their jobs."

Wikstrom wants to help others who are afflicted with cervical dystonia. She stated, "I know there are people who have it who think they are strange or odd."

In order to help them, Wikstrom would like to start a support group for cervical dystonia sufferers. Her phone number is 449-4525.

At Goodridge School, Linda Paterson's Kindergarten class won the school's K - 6th grade door decorating contest for American Education Week, November 18-22. Other activities for the week included dress up days and staff recognition. In addition, their parents were able to visit the school and eat lunch with them on that Thursday.

Goodridge School's kindergartners through sixth graders created this flag with all of their handprints for American Education Week, November 18-22. The school's Elementary Student Council is pictured. Members include (front row) Cody Johnson, Kyle Gust, Courtney Boutain, Matthew Henson and Alex Carlson; (back row) Adrian Prostabak, Brett Bekken, Kylie Johnson, Marshall Mickelson, Katelyn Thoreldson, Ashley Marcus and Rachel Frederick. Chloe Millar and Katie Szymanski are not pictured.

Marshall County Central announces honor roll

Marshall County Central recently released its first quarter honor roll. Nine students were named to the "Straight A" honor roll.

"Straight A" Honor Roll

Grade 7: Jordan Anderson and Melissa Blawat.
Grade 9: Tyler Hanson and Alysso Novak.
Grade 10: Jaclyn Beito and Rebecca Bjorgaard.
Grade 11: Donavan Donarski, Hannah Filer and Wendy Timm.

"A/A-" Honor Roll

Grade 7: Kayla Halvorson, Ashley Hestekind, Mitchell Knutson, Arric McGregor, Lillian Pervis, Joseph Peterson and Ian Winter.
Grade 8: Brittany Pearson, Alyssa Skoglund and Amanda Umber.
Grade 9: Derik Nelson, Kameron Peters, Karl Williams and Rebeka Winter.
Grade 10: Brittany Pyle and Brandon Steinhauer.
Grade 11: Marisa Hodny, Megan Magner, Trent Nelson, Stacy Skoglund, Kristen Underdahl and Kent Williams.
Grade 12: Jacob Anderson, Janelle Duroy, Joseph Hogberg, Kari Holmstrom, Danielle Nelson, Ashley Peters and Megan Weleski.

"B/B+" Honor Roll

Grade 7: Charlene Brown, Alycia Dahl, Michele Donarski, Shayla Engen, Sasha Magner and Andrea Tydlacka.
Grade 8: Morgan Halvorson, Andrew Kragness and Matthew Mattson.
Grade 9: Rey Hennen, James Henry, Jordan Hogberg, Justin Hufnagle, Molly Larson, Andrea Makl, Keegan Moen, Amanda Nelson, Jerica Olson, Kelli Vetsch, Joseph Voytilla, Casey Wagner and Kelsey Weleski.
Grade 10: Daniel Kivlaho, Megan Klemmetsen and Kristi Rokke.
Grade 11: Nathan Bennett, Tad Davidson, Philip Donarski, Jordan Holthusen, Nicole Holthusen, Daniel Larson and Brandon McBride.
Grade 12: Jessica Berg, Patrick Brons, Preston Hanson, Jane Lokstad, Angie Olson and Adam Riesen.

Drug Task Force busts meth lab

Erskine – On Nov. 21, the Northwest Drug Task Force and the Polk County Sheriff's office executed a search warrant at Section 14 of Badger Township, rural Erskine. A meth lab was discovered at that location. Leonard Sanchez, 31, Enrique Florez, 26, and Kathie Peltier, 40, were arrested at the scene and transported to Northwest Regional Correction Center. *–The Erskine Echo, Nov. 28*

Duluth medical students learn from family doctors

Roseau – Second-year medical students from the University of Minnesota School of Medicine, Duluth, will again be learning how to practice medicine from physicians throughout greater Minnesota.

This school remains the premier medical school in the nation for the training of rural family practitioners.

Dr. Luis Jain of the Roseau Altru Clinic will host Jerry Garcia from Nov. 20-22. Garcia will return to work with Dr. Jain from Feb. 17-19 and from March 31 to April 2.

The Family Practice Preceptorship program is required for all students in both years of the curriculum at the Duluth medical school and is designed to support and reinforce the entering students' interest in family medicine and rural practice. *Roseau Times-Region, Rhonda Rothenberg, Nov. 30.*

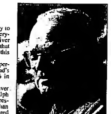
GF seamstress has a heart of gold

Roseau – Elaine Pierce of Grand Forks, N.D., was recently in Roseau's Sheltering Oaks doing what she does best...giving a gift from the heart. She sews fleece jackets and vests and gives them away.

She was attempting to give one to local resident Laurence Gislason who couldn't believe her generosity and was saying it was too much for her to give. He finally accepted her generous gift and said, "can't get any better than this."

The reactions have been much the same wherever she has traveled. *Roseau Times-Region, Jeanette Sjaaheim, Nov. 30.*

First Care Medical Services launches home care in area



Grygla – At a meeting held Monday at Our Savior's Lutheran Church, rural Grygla, Kelly Rogalla and Marinell Waterworth, representatives from First Care Medical Services, talked about their extended services in the Grygla area and answered questions from a large group of Beltrami County residents. Rogalla is in charge of public relations and Hospice, and Waterworth manages nursing services for First Care.

They said First Care Medical Services has expanded its Home Care and Hospice service area to provide care to people in the Grygla area, specifically the northwest portion of Beltrami County. Patients who live within a 30-mile radius of Grygla (Beltrami, Marshall, Roseau or Pennington counties) will have access to services. *The Grygla Eagle, Nov. 28.*

Ralph Engelstad

January 28, 1930 — November 26, 2002

by David Hill
Editor

Dale Wennberg said he woke up Wednesday morning at 4:05 a.m. He was thinking about a lot of things and couldn't sleep, so he got up and let his dog outside. One of the things he was thinking so hard on was Ralph Engelstad. Wennberg said he has never sent a Thanksgiving card himself, but was thinking about sending one to Ralph. A short time later, he was shocked to learn that Engelstad had passed away at his home.

"It's a sad deal," said Wennberg Thief River Falls' mayor elect, and the city's liaison for the Engelstad Arena project.

Wennberg said he feels bad about a couple of things. He said he has never had the opportunity to thank him personally for everything he's done for Thief River Falls. He also said he feels bad that Ralph did not get to see what this new arena will do for us.

Wennberg was not the only person to be shocked by Engelstad's death from cancer on Nov. 26 in Las Vegas, Nev.

"To almost everyone who ever had any association with Ralph Engelstad, he created the impression of somehow being bigger than life," said Marvin Lundin, retired editor of the *Thief River Falls Times/Northern Watch*, who is in the process of researching and writing a book about this city's most famous former resident.

"He always was such an aggressive competitor, so much in control of everything around him, so coolly calculating and confident in the correctness of his decisions that he had an aura of invincibility bordering on immortality. After all the victories he earned over the many challenges he faced in his life, it seems incredible that he could lose a battle for life itself against a mere disease."

Although he said he was shocked when notified of the death by one of Ralph's local cousins Wednesday morning, Lundin said he was not surprised that almost no one was aware of Engelstad's life-threatening lung cancer.

"Ralph was a genuinely private person, and I'm sure he considered his health – just like his wealth – to be nobody's business but his own," Lundin said. "More than that, however, I believe he didn't want sympathy or special attention from anyone and that he worked to avoid public speculation over his condition. It was his nature throughout his career to face his struggles by himself, and it was most likely his decision to keep his deteriorating health a secret from all but a very few."

Engelstad's death will leave a huge void in the lives of many, Lundin said. "Ralph enjoyed the respect and admiration of innumerable people in all walks of life, and his determination to be a common man despite uncommon success was well recognized and appreciated. Passage of time is always the fairest judge of greatness, and time will continue to prove Ralph Engelstad to be one of the greatest people this area has ever produced."

Lundin and Wennberg will be among the delegation from Thief River Falls expected to attend the

(Continued on Page 7)

A special memorial obituary has been placed by the family and Imperial Palace in the next edition of The Times.

Ralph Engelstad, 72

Ralph Engelstad passed away from cancer at at his home in Las Vegas on Nov. 26. He was 72.

Ralph Engelstad was one of five children born to Christian and Madeline Engelstad in Thief River Falls, and was the grandson of a Norwegian immigrant who came to the area to farm.

During his freshman year at Lincoln High School in Thief River Falls, Engelstad was a goalie on the hockey team which represented Lincoln High School in the first state high school hockey tournament sanctioned by the Minnesota State High School League in 1945. The year, after graduating from Lincoln High School in 1948, the Engelstad family moved to Grand Forks, N.D. Ralph and his father began working for AGSCO. While unloading boxcars for AGSCO, one of his fellow employees was Ben Gustafson, a professor at the University of North Dakota.

Professor Gustafson assisted Ralph in getting a hockey scholarship which allowed him to attend college, providing for books, tuition and a place to stay under the old stadium building on the UND campus. After two years at UND, which included two seasons as a hockey goalie with the Fighting Sioux, Engelstad and several other area hockey players went to California to work and play on a semi-pro team called the San Bernardino Shamrocks. Ralph stayed in California for two years, working on construction and playing hockey before he saved enough money to return to college. Although he never returned to the Sioux hockey team, he played for several area independent teams and graduated from UND in the Class of 1954 with a bachelor of science degree in commerce.

Ralph married Betty Stocker of East Grand Forks on May 18, 1954.

Mottos to live by:

"No dream comes true until you wake up and go to work."

"The harder I work, the luckier I get."

With his drive to succeed, Engelstad built a successful construction business. Recognizing the limits for continued growth in the

Bells are ringing at the Anderson's

Education Foundation Christmas Tour of Homes on Saturday, Dec. 7 will feature six homes in the area

by Jenny Nicholson
Reporter

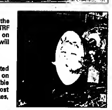
It's that time of year again. Time to brave the storage closet and drag out those dusty boxes of ornaments, time to hoist yourself up on the ladder and hang the outdoor lights, time to see which neighbor can outdo the other with hundreds of plastic Santas, reindeer, elves, nativity scenes and strings of lights that are place just so within the yard.

This year, the Thief River Falls Education Foundation is sponsoring the Tour of Homes, which will feature six houses around the Thief River Falls area. The theme of the tour is "Bells Will Be Ringing." Each home will offer tour-goers its own unique blend of tasteful decorations and ambiance. All six homes will also host a mix of talent from the area, such as carolers, instrumentalists and soloists.

As owners of one of the homes on the tour, Ron and Virginia Anderson of Thief River Falls have kept themselves busy putting up one piece at a time, making sure each decoration is in exactly the right place. From the moment one enters the door of their house, it's apparent that this couple has put some thought into what their winter wonderland should entail.

During the tour, the Sunrise Singers will be performing in the breezeway of the house which is decked out in a natural country Christmas charm. Trees decorated with hand-painted ornaments, birdhouses and real birds' nests are the centerpiece of the entry.

Passing through the kitchen, tourists will catch a glimpse of the living room and beyond that, the great room, which is the focal point of the home.



Throughout the living room and great room, Virginia displays her collections of antique dishes, including depression glass, and vases such as Red Wing and Hull.

Of all the unique holiday décor, Virginia takes pride in her collection of Christmas trees. She began collecting them when her children were still very young and now has over 70 trees, all very different and very special to her. The first tree she ever bought that is still in her possession is a tiny green wax tree that she purchased for a whopping 19 cents in 1960.

In the Anderson's cozy living room, a Victorian-style tree sets off

(Continued on Page 6)

▲ Virginia Anderson takes a moment to adjust a birdhouse on the home that she and her husband, Ron, are preparing for the TRF Education Foundation's Tour of Homes. The Andersons live on County Road 7 and are one of the six families whose homes will be on display for the holiday tour.

▶ The entry to Ron and Virginia Anderson's home is decorated with country Christmas charm. The Tour of Homes will be held on Saturday, December 7 from 10 a.m to 2 p.m. Tickets are available on the day of the tour at any one of the six feature homes and cost $10 per person. For more information about the Tour of Homes, call the TRF Education Foundation at 681-8711, extension 228.

10 years? Call me again in another 30. Gary Rux of Thief River Falls recently noted the 10th anniversary of his heart transplant operation.

Rux is thankful for his family

Without skipping a heart beat, heart transplant recipient notes 10-year anniversary of operation

by David Hill
Editor

Just after having had a cardiac pacemaker put in his chest in 1991, Gary Rux wrote to the Thief River Falls Times. In the final two paragraphs of the letter, he explained that he had been watching Kenny Rogers in "The Gambler Returns (The Luck of the Draw)," and it inspired him to make the following prediction: "One year from today I plan to update you once again. We all know you must play the hand you are dealt and I intend to tell you about an extraordinary hand–a once in a lifetime hand–four aces! And we all know that if you're holding four aces, one of them is bound to be the Ace of Hearts."

His prediction proved prophetic.

Rux believes his heart trouble began with a viral infection in 1987 that could be likened to a simple flu bug. It lasted a long time, and he was working long hours then, and didn't pay much attention to it. He said he's not a doctor and he doesn't know for sure, but he believes the infection went from the larynx down into the heart.

The diagnosis of cardio-myopathy, or a loss of pumping capacity of the heart, came in February of 1988. At the time, he was 35 years old.

On Nov. 15, 1992, one year and one week after his prediction in 1991, Rux had his transplant surgery at Abbott-Northwestern in the Twin Cities.

It has been 10 years since Rux had his heart transplant. Commenting on how it changed his life, Rux, now 49, said he's a born-again optimist.

Then again, Rux has always been an optimist, but there's no question about that anymore.

"Things can always be better," he said.

And he believes that attitude allowed him to survive long enough to receive that heart transplant.

He needed a positive attitude. He had to wait two years.

For those individuals who need a transplant, Rux emphasizes the importance of remaining positive. "It's very much worth the struggle. It's not easy because of the waiting list, but it's worth it."

And anyone who is waiting and

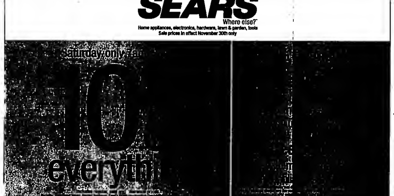
Audit shows Grygla school in good shape

Grygla – The annual audit report was given at the Grygla-Gatzke School board meeting held last week, with all board members present.

Roy Lunde of Brady Martz, said the school district is still in very good shape with healthy fund balances and stable enrollment.



Local taxes will see an increase in 2002, payable in 2003 because of the shift in state funding and local levies. Last year, because of the state take-over of funding for K-12 education, the local levy was low. The referendum levy was not in effect last year and there was no health and safety levy last year. Also, because the district had an excess fund balance in the debt service fund, the state used that money and there was no local levy in the debt service fund. *The Grygla Eagle, Nov. 26.*

School board to refine dress code

Fosston – The Fosston School board discussed dress code concerns Nov. 21 at the regular meeting.

Items of contention were girls hip-hugger jeans and short tops that expose the midriff area.

The council agreed to refine the dress code at the high school and enforce it by the beginning of 2003. *The 13 Towns, Nov. 26.*

In case you might have some of that turkey left, here is one more way you can use it, and this recipe gives you the diabetic exchange and nutritional info too:

TURKEY 'N' BISCUITS

1 medium onion, chopped
2 teaspoons vegetable oil
1/4 cup flour
1/2 teaspoon basil
1/2 teaspoon thyme
1/4 teaspoon pepper
2 1/2 cups skim milk
1 tablespoon Worcestershire sauce
1 (16 ounce) package frozen mixed vegetables
2 cups cubed cooked turkey
2 tablespoons grated Parmesan cheese

Biscuits:
1 cup flour
1 tablespoon sugar
1-1/2 teaspoons baking powder
1/4 teaspoon salt
1/3 cup skim milk
3 tablespoons vegetable oil
1 tablespoon minced fresh parsley

In saucepan, sauté onion in oil until tender. Stir in flour, basil, thyme and pepper until blended. Gradually stir in milk and Worcestershire sauce until smooth. Bring to a boil. Boil and stir for 2 minutes.

Stir in vegetables, turkey and Parmesan. Reduce heat to low.

Meanwhile make biscuits. Combine flour, sugar, baking powder and salt in bowl. Combine milk, oil and parsley and stir into dry ingredients, just until combined.

Transfer hot turkey mixture to a greased 2-1/2 quart baking dish. Drop biscuit batter by rounded tablespoonfuls onto turkey mixture. Bake, uncovered, at 375 degrees for 30-40 minutes or until biscuits are lightly browned.

Recipe serves 8. Each serving equals 246 colories, 284 mg sodium, 24 mg chol, 31 gm carb, 13 gm protein, 8 gm fat. Diabetic Exchange is 2 starch, 1 meat and 1/2 fat.

Here is a recipe for a rather light saup, just right for a hearty post-Thanksgiving meal. Serve with fresh bread and a salad for a nourishing meal:

RUSSIAN BORSCHT

2 pounds beef chuck short ribs
4 medium sized beets (about 1 pound without tops)
3 medium carrots
3 medium potatoes
1 medium onion
1 small head green cabbage (about 1 pound)
1 (13-3/4 to 14-1/2 ounce) can beef broth
1 (10-3/4 ounce) can condensed tomato soup
Salt and pepper to taste
1 tablespoon dried dill weed
1/4 teaspoon dried basil (optional)
1/4 teaspoon caraway seed (optional)
8 ounce container sour cream (optional)

In large pot over high heat, cook short ribs and 6 cups water to boiling. Reduce heat to low, cover and simmer 1-1/2 to 2 hours until meat is very tender and falls off bones.

Meanwhile, peel beets and cut into matchstick-thin strips. Peel and dice carrots and potatoes. Chop onion. Thinly slice enough cabbage to equal 4 cups loosely packed. Reserve remaining cabbage for another meal. Set vegetables aside.

With slotted spoon, remove short ribs to plate. Skim off fat from cooking liquid. When ribs are cool, discard fat and bones and cut meat into 1/2 inch pieces.

To cooking liquid, add beef broth, undiluted tomato soup and vegetables. Over high heat, heat to boiling. Reduce heat to low and simmer, partially covered, 30 minutes. Add meat, then salt and pepper and heat.

Stir in dill, basil and caraway. Top each serving with sour cream, if desired. (Low fat sour cream works fine.)

Recipe serves 8. Without sour cream, each serving contains 345 calories, 14 g fat, 90 mg chol and 540 mg sodium.

After all that turkey we sometimes need something spicy. Get out your crock pot and try this one. It will knock your socks off - made with your fresh venison or a good cut of beef:

TEXAS DEER CHILI

2 tablespoons vegetable oil
2-1/2 pounds venison, cut into cubes
1 large onion, chopped
1 clove garlic, minced
1 (4 ounce) can diced green chile peppers
2 (15 ounces each) cans kidney beans, drained and rinsed
2 (10.5 ounces each) cans beef broth
2 teaspoons dried oregano
2 teaspoons ground cumin
1/2 teaspoon salt
1-1/2 teaspoons paprika

In large skillet over medium heat, cook venisan, onion and garlic in oil until meat is browned. Transfer to slow cooker and stir together with chiles, beans, broth, oregano, cumin, salt and paprika. Cook on medium 4-5 hours.

This soup is great served with fresh home-made bread:

WISCONSIN CHEESE SOUP II

1 cup sliced carrots
2 cups chopped broccoli
1 cup water
1 teaspoon chicken bouillon granules (or 1 bouillon cube)
1/4 cup chopped onion
1/4 cup butter
1/4 cup flour
1/4 teaspoon black pepper
2 cups milk
2 cups shredded sharp Cheddar cheese

In small saucepan over medium high heat, combine carrots, broccoli, water and bouillon and cook to a boil. Cover and reduce heat and simmer 5 minutes. Remove from heat and set vegetables and cooking broth aside.

In large saucepan, cook onion in butter over medium heat until onion is translucent. Stir in flour and pepper and cook 1 minute. Stir in milk, then bring to a boil, stirring. Stir in cheese until melted. Stir in reserved vegetables and cooking liquid. Heat through (don't boil) and serve.

Alzheimer's support group to meet in Warren Dec. 2

A support group for family and friends who provide care and support for the elderly, those with Alzheimer's disease and/or related disorders will be meeting on Monday, Dec. 2 from 10 to 11:30 a.m. in the Summerfield Apartments Community Room in Warren.

Individuals with a loved on in the nursing home or at home are encouraged to attend.

UND Alumni Association offers its condolences

Wednesday, Nov. 27, the University of North Dakota Alumni Association and Foundation added its condolences to a long list of individuals and groups honoring Ralph Engelstad.

Earl Strinden, CEO emeritus of the Alumni Association and UND Foundation, said, "Ralph Engelstad was the most successful entrepreneur to graduate from the University of North Dakota. His business accomplishments were unique and outstanding. He was an individual who set himself apart by his hard work, intelligence, determination and willingness to take risks.

He was a good friend and was very genuine in his intent of helping others. Ralph had a great loyalty and love for the University of North Dakota and in particular for the UND Fighting Sioux Hockey program.

Ralph was often misunderstood by those who did not know him. He was a private individual who did not seek publicity for himself. My wife, Jan, and I were in his office some years ago on Valentine's Day. While we were there, a call came in and Ralph picked it up on his speaker phone. We could tell it was an elderly woman on the phone. She had called to thank Ralph for all he had done for her and she just wanted to wish him a 'Happy Valentine's Day.' After he hung up the phone, Ralph told us that the woman was Mrs. Joe Louis, widow of the famous prize fighter. After her husband's death, she had been left destitute and it was obvious that Ralph was financially supporting her.

There are so many other examples of when Ralph helped people. The Imperial Palace under his management received the highest award for employment of the developmentally disabled by the President's Committee on Employment of People with Disabilities.

Ralph believed in hard work and in our great nation. He was a true and genuine individual. The University of North Dakota is a better university because of Ralph Engelstad.

The University of North Dakota, Grand Forks, and the State of North Dakota have lost a good and loyal alumnus and friend."

Tim O'Keefe, executive vice president and CEO of the Alumni Association and the UND Foundation, said, "In many ways, Ralph epitomized the word loyalty. He was dedicated to the University of North Dakota and the region. Across the country, his name is synonymous with UND.

While a very private and humble man, Ralph's life was played out publicly. Yet, so much of what he did for individuals and the public was done anonymously.

I know I represent the entire alumni family in expressing our sadness and condolences to Betty, Kris and the entire Engelstad family. There are not enough words to express our gratitude for what Ralph and the family have done, and what he meant to us.

Ralph was a hockey letter-winner and it is sad his death occurred after the recent Hall of Fame weekend induction of the 1947-1948 team – UND's first Division I team. The hockey family at UND is a true 'Band of Brothers,' and Ralph was one of the pioneers. He played on the University's second hockey team. Ralph loved the program and all associated with it, including many alumni and friends. We will miss him deeply."

THE LYON'S SHARE

Tim Lyon

"When's the best time to fish Lake of the Woods?"

If I had a nickel for every time I heard that drone during the course of the year I'd have a... well... er... let me think.... a lot of nickels. Invariably the mantra comes at a time when things aren't going too well and whoever is doing the asking is diplomatically doing their best to give me an easy out for the debacle at hand. Unfortunately, the honest answer is there's never a real predictable down time on this lake. There's always something to catch. Sometimes you have to sacrifice size for action, sometimes it's walleyes for northerns or a day on the lake gets exchanged for a river excursion. I'll offer up vague and long-winded answers like this knowing that it's important to a day's success to keep enthusiasm at a high level. I'll usually finish with an encouraging promotion like "Right now is as good a time as any." But usually when I get asked as to the best time to fish Lake of the Woods, the inquiry is less about such generalities and more about big walleyes. When do trophy walleyes become a pattern rather than an aberration? And given such a specific directive, I'd have to say right now- and I'd mean it.

It's early winter. All right, the calendar still says it's fall, but remember the latitude and the intensity of the sun and the fact that people in Miami still treat snow with the same casual credibility that they consider the existence of "ooblek" and you've got a good case for winter in early December. Ice is forming quickly and the walleyes are getting ready for an extended period of relative inactivity.

That's all the walleyes.

At no other time in their yearly cycle, with the exception of the spring river spawning run, will such a complete percentage of the walleye population be feeding at the same time. The bonanza of late May and early June is a numbers game, but is noticeable lacking in size. The boom on the rocks in July is a big fish game, for sure, but is lacking in sweaty activity level and is punctuated by fish that are long but have yet to attain maximum belly size. Fall slides back to action, but with the reluctant bite of big fish until very late in the campaign.

It's this first ice that brings out not only lots of fish, but the truly large ones. Fat fish, swollen by a steady diet of gut stretching shiner minnows. Fish shaped like footballs with fins. Fish that seem more bloated caricature than highly evolved swimming creature. Fish that know six to eight weeks of cold-induced hibernation is right around the corner and the fat reserves they develop today will determine if they're around in April for the run to Birchdale.

And this early ice is when Lake of the Woods will offer up its finest fare. The 23-inch walleyes that you exaggerated into five-pounders all summer long are now legitimate claims. Fish that pushed eight pounds in July have become an easy ten. The 30 inchers you proudly released a month or two ago have swelled to once in a lifetime potential. Everything is bigger as it gets viewed through the magnifying glass of early December.

And when I get asked that same old question a thousand times this coming year, "When's the best time to fish Lake of the Woods?," my answer will always be the same. I'll offer up some lukewarm endorsement for whatever time it is that the subject came up, ending with an indifferent sales pitch like "Now is as good a time as any." But if it's the first ice of winter and the glorious prospect of an untouched sheet of ice stretches to the Lake of the Woods horizon and you're wondering about big walleyes, I'll tell you the best time is right now. And I'll mean it.

Two killed in accident near St. Hilaire Wed.

John Dargon, 39, Burnsville, and Craig Blilie, 36, St. Hilaire, were killed in an accident near St. Hilaire on Wednesday, Nov. 27.

Minnesota State Patrol received a report of the accident five miles south of St. Hilaire at mile post 92 on Highway 32 at about 6:40 a.m. According to the accident report, Dargon was driving the 1997 Subaru north on Highway 32 when the vehicle went off the road to the left, returned and went off the right side of the road, and then went back across the roadway and rolled in a field. Dargon and Blilie, who was a passenger, were both ejected from the vehicle. Neither man was wearing a seat belt, and both were listed as dead at the scene.

Beneficial Interest changes for new marketing assistance loan commodities

The 2002 Farm Security and Rural Investment Act makes marketing assistance loans and Loan Deficiency Payments (LDP) available to eligible producers that produced an eligible loan commodity on a farm, even when the farm is not covered by a Production Flexibility Contract (PFC) or Direct Counter-Cyclical Program (DCP) Contract. This is a significant change in the eligibility requirements for marketing assistance loans and LDPs.

Producers may have harvested and marketed, or otherwise lost beneficial interest in eligible 2002 crop loan commodities on non-PFC farms and non-DCP farms, before the regulations were published. Producers may have been unaware of the new eligibility requirements and made marketing decisions based on previous legislation and regulations.

Eligible producers who lost beneficial interest in an eligible 2002 crop loan commodity after May 31, 2002, and before October 8, 2002, are eligible to request an LDP. The LDP rate will be based on the date the beneficial interest was lost in the commodity. Producers must submit acceptable production evidence with the LDP request. These special beneficial interest waiver LDP requests must be submitted by January 10, 2003. Beneficial interest is defined as maintaining title, control and risk of loss in the commodity.

Middle River - Thief Lake LAH/BNP to distribute kits

The Middle River - Thief Lake Living At Home/Block Nurse Program is distributing winter survival kits to those seniors that drive and do not have a survival kit for their vehicles. The item that gets the most "What is this for?" is the plastic bag(s). In the event of being stranded, putting each of your feet or hands in a plastic bag will help you stay warmer longer. Three of the kits were donated by Central Boiler, and the rest are put together by program staff. There is no charge for the kits. Seniors are reminded to keep the kit in the car, not in the trunk.

Nickel Bingo will be held on Wednesday, December 11 at 2 p.m. It will be held at the Royal Manor lounge. The public is welcome to attend.

Sandi Bentley is the new program director. She has 20 years of nursing home administration experience and is excited about working with a "grassroots" senior program.

If you are in need of help doing daily tasks or need a ride to a doctor appointment, call the office at (218) 222-4466. If a volunteer is able to do the task, such as driving, there is no charge.

First Care Hospice
17th Annual
"Light Up A Life"
Light Up A Life is a time honored tradition to celebrate the people who have provided light in our own lives. You may wish to honor a spouse, parent, family member, friend, mentor, or special person in your life. You may wish to remember a loved one who has passed away.
First Care Hospice invites you to Light Up A Life with a tax-deductible donation for an ornament ($10.00 suggested). The name you honor or remember will be written on an ornament and placed on the Light Up A Life tree displayed at the Tree Walk, Saturday, December 7, and Sunday, December 8 at the Eagles Club Hall in Thief River Falls.

Stories of lives told in the pages of our local newspaper

Last week Ruth Goodrich brought a story into The Times' office in Thief River Falls. The story that had her attention had appeared in the Kannabec County Times. She had two reasons for bringing it to our attention: first, the story featured the union of her daughter's family with her new husband's family; second, it is National Adoption Month.

People have asked me many times where we get our story ideas or why a certain story appeared in our newspaper. Often as not it may appear to have no rhyme or reason.

While newspapers are driven to react to events taking place around them, like the death of Ralph Engelstad, newspapers also contribute to a broader agenda. The story brought in by Ruth Goodrich, for example, provided us a way to address the fact that it's National Adoption Month.

Sometimes there's also a story behind a story that doesn't get told. Ruth and Dr. Don Goodrich, for example, were licensed foster parents. During the 22 years they were foster parents, they had 32 foster children. And, in collecting information from Ruth Goodrich about the story, I looked at the name of the author. It was Liz Ott. Ott, you will remember, was a reporter for The Times/Northern Watch for a number of years. I was able to reach her this week and she didn't know that there was a connection to Thief River Falls – small world, isn't it.

The stories in this newspaper today about Ralph Engelstad may provide you with another example of how stories are selected and developed. I never knew Ralph personally, but those who did have described him as a very private person, and he would probably frown on all the attention he's getting today. Ralph Engelstad, however, may have been a private man, a common man, but he achieved uncommon success. To his credit, and our benefit, he was also very generous. As a result, just about everything he did generated extensive news coverage.

Ralph's story is told in this edition of the Northern Watch. The story brought to us by Ruth Goodrich might appear in the next edition of The Times. Do not make a comparison between stories. Each is very important, but for its own reasons.

There are other issues at work in the selection and printing of these stories, as well. When a story appears in The Times or Northern Watch, it depends on who the story is written for (its audience), the time it takes to write the story, its immediacy in relation to events in the community and to other stories, its length, and the availability of space, which of course, depends on advertising.

POLICIES

Letters To The Editor: The staff of the *Northern Watch* encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in *Northern Watch* exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Bells are ringing at the Anderson's

(Continued from Page 1)
the brick fireplace. Also scattered about are a few of the charming old country church birdhouses that Ron has built. He says he enjoys building them and every so often gives one away as a gift.

Off of the living room is a large addition Ron and Virginia built, which includes the master bedroom, master bathroom and the great room. Even without holiday decorations, the great room is resplendent all on its own. The high ceilings accomodate skylights and on two of the walls are five enormous circle top windows that overlook the woods in the backyard. A custom-built door surrounded by beautifully crafted art glass leads to the deck and front of the house.

Another highlight is the assortment of antique furniture throughout the house including a chair that once belonged to Ron's aunt, Christine Ness, who is now 97 years old, and a rocking chair that has been in his family for generations.

Ron and Virginia have decorated the room entirely by themselves and many of the holiday arrangements were made by Virginia. Other festive features of the room include colorful poinsettias, a Victorian Santa Claus figure and gazing balls, all of which coordinate with the room's pink and mauve color scheme. A grand Christmas tree will be the pivotal focus in the center of the largest window.

While the Anderson's elegantly decorated house is on the Tour of Homes this year, theirs is just one stop out of six. Other homes to be featured are those of Dr. Richard Heinrichs and Cheryl Gaddie, David and Beth Sisler, Steve and Keri Lillestol, Carl and Polly Reed and Edward and Michelle Jesme.

The Tour will take place on Saturday, December 7 from 10 a.m to 2 p.m. and the cost is $10 per person. Participants may start at any of the six homes, where they will receive a bag for shoes to be used at each stop and a map to the remaining homes. Goodie bags containing product and promotional savings and items from Thief River Falls businesses will also be distributed at the Jesme home. Tickets are available for purchase at each of the homes on the day of the event. For more information about the Tour of Homes, call Denise Laymon, TRF Education Foundation director, at (218) 681-8711, extension 228.

Ron and Virginia Anderson are the proud owners of one of the feature homes on this year's Tour of Homes in Thief River Falls. Their great room is part of an addition the couple built and is decked out with colorful poinsettias, handmade arrangements, Virginia's Christmas tree collection and a variety of antique furniture, dishes and vases.

The entry to Ron and Virginia Anderson's home is decorated with country Christmas charm. Hand-painted ornaments and natural birds' nests adorn the trees that are the first thing you'll see when entering the house during this year's Tour of Homes. The Tour of Homes will be held on Saturday, December 7 from 10 a.m to 2 p.m. Tickets are available on the day of the tour at any one of the six feature homes and cost $10 per person. For more information about the Tour of Homes, call the TRF Education Foundation at 681-8711, extension 228.

Ralph Engelstad, 72

(Continued from Page 1)
area due to an economic downturn, he moved to Nevada in 1959 where his construction company secured government contract. He later bought land surrounding the North Las Vegas Air Terminal, which he later sold to Howard Hughes.

In 1971, using his profits from this land sale to Howard Hughes, Ralph purchased the nine-acre Flamingo-Capri Motel on the Las Vegas strip. Acting as his own contractor, he built the Imperial Palace, which opened in 1979 with 650 rooms. Today, the Imperial Palace ranks as the second largest sole proprietorship hotel in the world and boasts 2,700 rooms and 2,600 employees.

In 1997, Ralph expanded his casino holdings by building his second Imperial Palace in Biloxi, Miss.

Ralph has been recognized by many for his skill as an entrepreneur. He has also been recognized as a generous philanthropist.

Some of his generous donations included the following:

In 1998, he donated the General George Patton papers, valued at $1.45 million to the University of North Dakota Charles Fritz Library.

Following the September 11, 2001 disaster, while most Las Vegas resorts reduced their staff, Ralph refused to lay off even one employee, and all continued to receive full benefits.

In 1993, he opened the first medical center in a casino for employees.

In 1998, he donated $100 million to the University of North Dakota hockey program, which was to be used to build a hockey arena. Completed, the $104 million arena, seats 12,000 and is considered the world's finest hockey arena.

In 2002, he purchased 2,000 wheelchairs for North Dakotans through the Wheelchair Foundation.

He never forgot his hometown, Thief River Falls. Over the years, he donated $200,000 for a machinery building to the Peder Engelstad Pioneer Village, made a large donation to the Soo Line Depot remodeling project, made a significant donation that resulted in renaming the hockey arena in Thief River Falls in memory of Huck Olson, and recently, donated $10 million to build a hockey arena.

Ralph and Betty Engelstad made their home in Las Vegas. They have one daughter, Kris McGarry of Las Vegas, and two grandchildren.

Information for this story was collected from numerous news clippings and information in an obituary submitted to The Times by the Imperial Palace.

Dale Gross of Roseau recently opened an satellite mortgage office in Thief River Falls. The name of his business is North Country Home Mortgage, and it is located at 302 East Third Street, Suite C, next to China King. Gross offers no cost pre-approvals, home buyer education, and mortgages. He has been operating his mortgage business for about six years. At this time, his business hours are by appointment only. He can be reached at 681-1233. Recently, Thief River Falls Chamber of Commerce Ambassadors presented Gross with a First Dollar Award. Pictured from left are: Holly Haugen, chamber ambassador, Dale Gross, and Grant Wentz, chamber ambassador.

Ralph Engelstad

(Continued from Page 1)
funeral for Engelstad on Tuesday. The delegation will also include Arnie Engelstad, Don and Joan Engelstad, Bob Benson, Madelyn Vigen, Phyllis Lund, Les Vigness, and Pat and Tony Dorn Sr.

Pat Dorn said Ralph was always very kind.

Dorn went to Catholic School with Ralph and then attended high school with him. Her late husband Alan Thompson played hockey with him so they were good friends; and, when Ralph met her husband, Tony Dorn Sr., they hit it off. Tony loves hockey too, she explained.

Dorn feels Ralph has gotten the short end of the stick many times.

She was referring to the many instances which portrayed Ralph in a poor light because he didn't let political correctness get in the way *of what wanted to say or do.*

Dorn added that she's tired of all the political correctness, as well. It's gotten carried way out of proportion, she said.

Wennberg believes the controversy about the Fighting Sioux nickname mostly came from outside the University circle. He was a kind, loving individual, said Wennberg, and it would be a shame if his legacy was the Sioux logo controversy.

Ralph spoke his mind. He believed in what he fought for, and did many great things for many people.

Wennberg said, the people who knew him, like Earl Strinden and many other important people, honored and respected him speaking his mind.

UND

"Ralph Engelstad was the most successful entrepreneur to graduate from the University of North Dakota," said University of North Dakota Alumni Association CEO emeritus, Earl Strinden, in a press release from the UND Alumni Association.

"His business accomplishments were unique and outstanding. He was an individual who set himself apart by his hard work, intelligence, determination and willingness to take risks."

Strinden said too that Ralph was often misunderstood. "He was a private individual who did not seek publicity for himself."

This thought was also addressed by Tim O'Keefe, executive vice president and CEO of the Alumni Association and the UND Foundation, who said, "While a very private and humble man, Ralph's life was played out publicly. Yet, so much of what he did for individuals and the public was done anonymously."

TRF Arena

The death of Ralph Engelstad raised a number of questions in the community, among those, whether anything would change at the Arena that is under construction.

Wennberg said he gave a tour at the arena Wednesday afternoon, and all the workers were aware that Ralph had died. He said they expressed their sympathy to the family and were just as shocked and concerned, but they were still working. Wennberg said that the project manager indicated that they were still on schedule.

Family Impact and beyond

The death of Ralph Engelstad affected many people. An impromptu memorial appeared at the Engelstad Arena in Grand Forks over the weekend.

Joan Engelstad of Thief River Falls noted that it has affected people in many different ways. She said she was thankful to have known him and been a part of his family. "We're all going to miss him terribly."

Memorials

According to a press release from the general manager's office of the Imperial Palace in Las Vegas, in lieu of flowers, donations may be made to the Engelstad Family Foundation/Lung Cancer Research, care of Bradshaw, Smith Co., 5851 West Charleston, Las Vegas, NV 89102.

Roosters in New Year's Eve concert at Shooting Star

The Roosters will perform in concert for New Year's Eve at the Shooting Star Casino in Mahnomen.

Happy hour and hors d'oeurves will be served from 7 to 8 p.m. and the concert will be held from 8 p.m. to 1 a.m. Admission is free.

Prowlers, Rams skate to tie

Expectations are high for the 2002-03 Thief River Falls boys high school hockey team. High enough that the Prowlers weren't completely satisfied Tuesday with a 4-4 season-opening tie at Roseau, where visitors don't often leave with anything but a loss.

"It's pretty rare that you can come home from Roseau with a tie and be disappointed," acknowledged Thief River Falls coach Scott Bergland.

However, Bergland wasn't down on the Prowlers, who saw 1-0 and 2-1 first period leads and a 3-2 second period advantage turn into a 4-3 third period deficit before Jason Tuthill tied it at 13:28. "Some things we did okay," he said. "The biggest thing is that we didn't fold when we fell behind in the third period. We got a goal late to tie it, and we had a number of good chances after that to win it."

Jared Altepeter, Alec Holen and Travis Collins scored the first three Thief River Falls goals. Ben Worker stopped 28 shots in the Prowlers' nets; Jason Guy had a 31-save game for the Rams.

"We struggled at times in our own end," mentioned Bergland. "We knew we were inexperienced on the blue line, and it showed."

Scoring

First period - TRF, Jared Altepeter (un.), 0:47; Roseau, Aaron Castle (Sam Erickson), 12:32; TRF, Alec Holen (Preston Johnson), 13:19.

Second period - Roseau, Erickson (Justin Hanson), 12:54; TRF, Travis Collins (Johnson), 14:10.

Third period - Roseau, Anders Grafstrom (un.), 3:09; Roseau, Alex Lundbohm (un.), 5:40; TRF, Jason Tuthill (Holen-Johnson), 13:28.

Overtime - none.

Goalie saves - TRF, Ben Worker 10-7-7-4–28; Roseau, Jason Guy 6-10-10-3–31.

Boys high school basketball season starts Tuesday...

Prowlers open vs. Wolfpack

Three returning starters and 10 lettermen will lead the Thief River Falls boys into the 2002-03 high school basketball season that begins Tuesday when the Prowlers play host to Kittson Central.

Juniors Jason Koch and Nick Ricks led the Prowlers in scoring a year ago when they averaged 12 and 10.4 points per game, respectively. Senior Eric Grembowski was also a part of the starting five for a team that went 7-16.

Other lettermen on hand include senior Pat Johnson; juniors Joe Field, Josh Gerardy, Tanner Harlow, Derek Sorenson and Josh Tangen; along with sophomore Matt Stuckey. Senior Kyle Gerardy also figures to be in position to contribute, either as a starter or off the bench.

"We are excited about the upcoming season, and I personally look forward to my second year with this group of young men," said Thief River Falls coach Chris McLean. "We will lack a big guy, but hope to make up for that with an up-tempo style of play, and a commitment to solid, half-court defense."

It's still a relatively young team, noted McLean, but certainly not lacking experience at the varsity level. "These guys deserve some success," he said. "They are intelligent, hard-working young men, and I enjoy the opportunity to be around them on a daily basis."

Playing smart basketball is a must if the Prowlers are to be competitive without a dominant center. "We are committed to being a fundamentally sound program, both on and off the floor," explained McLean. "We really feel that these guys have bought into that concept, and are trying to be that type of player on a daily basis."

Others on the preseason roster include seniors Scott Grabowska, Grady Griffin and Walter Smith; juniors Brandon Bruggeman, Nicholi Knutson and Jesse Sich; sophomores Kyle Dobias, Dean Haugen, Tom Johnson, Zach Johnson, Paul Sjoberg and Corey Berg; along with freshmen Alex Carlson, Derek Dalen, Jon Drees, Zach Gerardy, Jordon Harbott, Tomas Heaton, Ross Helling, Tanner Jenson, Tyler Jenson, Travis Jung, Ryan Kruse, Kyle Lunke, Marc McCullough, Ryan Olson, Lucas Pearson, Brady Stanley, Kyle Trantvet, Jordan West, Josiah Westerman, Cody Schindler and Blake Haviland.

2002-03 TRF Boys Basketball

Ponies beat Prowlers in cage debut

■ W-A-O girls win 51-39

It's tough to win when the ball doesn't go in the basket. Thief River Falls girls found that out first hand Tuesday in a season-opening 51-39 high school basketball loss at the hands of visiting Warren-Alvarado-Oslo.

The Prowlers shot just 23.5 percent from the floor on a 12-for-51 night. The Prowlers made more shots at free throw line, where they were 14-for-19, than they did from the field.

"We didn't play very well," admitted Thief River Falls coach Jeff Loe. "I know we can play better defense, and we shot terrible. Our ball movement on offense was poor."

The Prowlers led 11-7 at the end of the first quarter and had a 19-17 edge at halftime before falling behind 32-27 in the third quarter.

Kelsey Christensen led the Prowlers with 11 points. Kelly Hanson and Brittany Johnston were in double figures for the Ponies with 17 and 13 points, respectively.

The Ponies shot 40 percent from the field (20/50) and enjoyed a 17-for-20 free throw night.

"We looked sloppy and confused, but those are things that I know we can cure," offered Loe. "We'll get better – I hope."

Scoring

	1	2	3	4	T
Warren-A-O	7	10	15	18	51
Thief River Falls	11	8	8	12	39

W-A-O - Rebecca Stinar 6, Brittany Johnston 13, Jen Conley 4, Kelly Hanson 17, Krystine Edgar 8, Jenny Kozel 3.

TRF - Jacki Fossum 5, Stacia Kalinoski 3, Brittany Haviland 6, Kelsey Christenson 11, Kayla Loe 6, Katie Olson 2, Shara Guidry 6.

High school boys start NCTC tourney Tuesday

Play starts Tuesday in the 12th annual Northland Community and Technical College Invitational boys high school basketball tournament.

NCTC Invitational

■ Wrestling - LHS at Grand Forks Sertoma Invitational, 3 p.m.

TRF girls skate past Roseau

Two goals by Steph Hoard and one goal apiece by Kallie Kezar, Kendra Mooney and Chasity Johnson produced a 5-1 Thief River Falls win over Roseau Tuesday in girls high school hockey at the Huck Olson Memorial Civic Center.

Kezar scored 3:48 into the game, and Hoard made it 2-0 at 8:43 of the opening period.

Mooney picked up her goal just 1:50 into the second period. Hoard scored again at 3:14; Johnson made it 5-0 at 4:09; and Wendy Bergh put Roseau on the board at 10:43.

"We played another good team game," said Thief River Falls coach Tim Magnusson. "Scoring was spread out."

Thief River Falls goalie Trudy Erickson made 29 saves. Roseau netminder Kim Grafstrom stopped 26 shots.

"We played well defensively," mentioned Magnusson. "We gave up too many shots, although Trudy was able to see all of them, and the shots weren't that good. We did have too many penalties, which is something we need to correct."

The win improved the Prowlers' early-season record to 2-1.

Scoring

First period - TRF, Kallie Kezar (Steph Hoard), 3:48; TRF, Hoard (un.), 8:43.

Second period - TRF, Kendra Mooney (Kelsey Loeffler), 1:50; TRF, Hoard (un.), 3:14; TRF, Chasity Johnson (Mooney), 4:09; Roseau, Wendy Bergh (un.), 10:43.

Goalie saves - TRF, Trudy Erickson 11-7-11–29; Roseau, Kim Grafstrom 7-9-10–26.

Wolverines take on champions

It was a tough opening night draw for the Goodridge/Grygla-Gatzke girls high school basketball team Tuesday when the Wolverines took on defending Class A state champion Kittson Central. Loaded again this year, the Wolfpack won easily, 61-32.

Kittson Central led at the quarter stops 20-9, 31-13 and 48-23.

Despite the one-sided score, Goodridge/Grygla-Gatzke coach Justin Lunsetter found reason to be optimistic about the 2002-03 season. "I saw a lot of positives – a lot of promise," he said.

Twenty-five turnovers against a Kittson Central press helped seal the Wolverines' fate, but even there, pointed out Lunsetter, his team did some things well. "We broke the press a number of times," he explained. "We would do exactly the way it was diagramed, but then we'd turn it over on our own mistakes."

Lunsetter has three full-time returning starters from an 8-17 team: seniors Laura Anderson, Shandrae Marquis and Bethany Tharaldson. Junior Kacey Anderson was in the line-up near the end of the 2001-02 season, while seniors Gretchen Smeby and Keesha Ostby played off the bench. Junior Ashley Stavnes and sophomore Stephanie Olson are expected to contribute this winter.

"We've got some players coming back, but we have some new faces, too," said Lunsetter. "They've been working hard. They have a good attitude."

A key to the Wolverines' success this winter will center around their shooting, according to Lunsetter. "I'm really hoping our shooting improves," he said. "Last year we would shoot 20 percent and lose games by 10 points. We've been working on a difference offense, so hopefully that will help. If we can get the ball to fall in, and play well at the start of the year, it would really help our confidence."

Scoring

	1	2	3	4	T
Goodridge/G-G	9	4	10	9	32
Kittson Central	20	11	17	13	61

G/G-G - Keesha Ostby 2, Bethany Tharaldson 2, Kacey Anderson 0, Shandrae Marquis 10, Stephanie Olson 2, Laura Anderson 2, Gretchen Smeby 6.

KC - Lindsey Bergh 10, Ashley Bogestad 7, Lorie Visnese 6, Cara Coslin 2, Mary Beth Erickson 4, Jami Muir 4, Ashley Langen 19.

Red Lake County Central girls basketball...

Mustangs will try to fast break

There is a big 'if' in the plans laid out by Red Lake County Central girls high school basketball coach Rick Koivisto. With a wealth of speed and athleticism, the Mustangs will fast break this winter, if they can hold their own on the boards, that is.

"If we can rebound, we can run," said Koivisto, "but our lack of size may be a problem."

Red Lake County Central went 14-13 a year ago when they reached the Sub-Section 29A tournament finals before losing to Fosston.

Returning full-time starters include seniors Michelle Halvorson and Brittany Berberich, along with junior Megan Gunderson. Junior Tiffanie Malwitz was in the line-up when Berberich went down with an injury. Junior Maureen Munt played extensively off the bench. Halvorson averaged a team-high 13.8 points per game as a junior; Berberich scored 10.1 points per game.

The Mustangs have a challenging schedule, warned Koivisto, but the coach expects them to be competitive. "I'd like to be a little better than last year," he said. "We hope to be in every ball game."

Koivisto is beginning his 26th year coaching the girls at Plummer and then the Plummer/Oklee cooperative.

B/G-MR has full line-up back

Since Badger/Greenbush-Middle River did not have a single senior listed on its girls high school basketball roster last winter, experience obviously rates as the Gators' strong suit heading into the 2002-03 season.

Last year's underclassmen went 13-14 – the first losing record in the 10 years of the combined B/G-MR program. However, they still managed to reach the Sub-Section 32A tournament finals, where they lost to eventual Class A state champion Kittson Central.

The list of returnees is headed by 6-0 sophomore Kierah Kimbraugh, who scored 520 points as a freshman, averaging a team-high 19.4 points and 12.3 rebounds per game.

Other starters back include seniors Breanna Holm, Kelsey Holmes, Danielle Peterson and Amanda Randall. Illness forced Holm to miss some early season action and sidelined Holmes at the end of the year. Sophomore Missy Bruggeman was part of the regular rotation, and junior Ashley Mekash filled in at point guard when needed.

In addition, the Gators gained the services of 5-10 sophomore Jody Schmalz, who transferred back into the district from Kittson County North.

"Jody will really help," said Badger/Greenbush-Middle River coach Tom Neibauer. "She's 5-10 and a good shooter."

A year ago the Gators' usually strong defense developed some leaks, especially against fast break teams. "We're going to be better," promised Neibauer. "Most of our kids took part in an acceleration program during the summer. Our quickness has improved. We'll be a step faster, and our defense will be better."

Neibauer looks for the Gators to get better as the season goes along. "Our kids worked hard in the off-season," he noted. "We'll be okay by the end of the year."

NOPA banquet held in Thief River Falls...

Race group lists awards

Wes Blakeslee of Roseau was named recipient of the first Northern Organized Promoters Alliance Hall of Fame award during the NOPA banquet Nov. 23 in Thief River Falls.

Nearly 250 race fans, teams, drivers and sponsors were on hand for the event.

Blakeslee raced for several years prior to being diagnosed with ALS. He continues to be part of the racing scene.

Special individual award winners and track points champions were recognized.

In addition, the Rocket Speedway in Hallock was named 2002 NOPA Track of the Year, recognition given to a facility by member drivers.

The NOPA is a six-member race facility organization with 357 registered drivers and race teams.

2002 NOPA Awards

■ Hall of Fame inductee - Wes Blakeslee, Roseau.

■ Special individual honors - Doug VanMill, Begley, Racer of the Year; Don Bowman, Bemidji, Rookie of the Year; Todd Brustad No. 99 Super Stock crew, Bagley, Crew of the Year; Dave Christopherson, Bemidji, Most Improved Driver; Brandon Fuller, Grand Forks, N.D., Boubin Tire Hard Charger.

■ Track of the Year - Rocket Speedway, Hallock.

Points Standings - Top Five

■ NOPA Pure Stocks - 1. Don Bowman, Bemidji; 2. Dave Christopherson, Bemidji; 3. Jerry Davis, Bemidji; 4. Dustin Pulfe, Bemidji; 5. James Vicory, Clearbrook.

■ NOPA Street Stocks - 1. Shawn Holden, Winnipeg, Man.; 2. Doug VanMill, Bagley; 3. Chad Ramsrud, Bagley; 4. Dustin Hapke, Grand Forks, N.D.; 5. Terry BlackLance, Thief River Falls.

■ NOPA Super Trucks - 1. Ryan Weiss, St. Francis Xavier, Man.; 2. Lynn Lucken/Kevin Gragel, Winger; 3. Stu Fraser, Winnipeg, Man.; 4. Andy Proskurniak, East Grand Forks, Man.; 5. Jean-Marc Dumas, St. Anne, Man.

■ Wissota Super Stocks - 1. Doyle Erickson, Bagley; 2. Bill Mooney, East St. Paul, Man.; 3. Bob Shaler, Leonard; 4. John Halvorson, Warren; 5. Dave Tyrchniewicz, St. Andrews, Man.

■ Wissota Modifieds - 1. Kevin Sexton, West St. Paul, Man.; 2. Nolan Gimstead, Badger; 3. (tie) Davey Riopelle, Argyle, and Rick Delaine, Stony Mountain, Man.; 5. Scott Greer, East St. Paul, Man.

Rux is thankful for his family

(Continued from Page 1)

suffering through a period of depression, should call him on his nickel and he promises he will do his best to help them understand why the reason to fight is important.

If a positive attitude helped, so did his competitive nature. Rux said he has a Type A personality. Competition is important to him, and he's not afraid to put himself out there and put in long hours to win.

Rux is an agent for Northwestern Mutual Financial Network. Since his transplant and during the past 10 years, he has been ranked second nationally in a couple of areas with his company. Nationally, there are 9,000 Northwestern Mutual Financial agents. In his region, which includes North Dakota and about one-third of Minnesota, Rux has been ranked number one on a consistant basis in several areas.

As an example of how driven he is to succeed in business, Rux offered this: In his business, the calendar year ends on the 13th of December. Recently, the transplant coordinator at Abbott-Northwestern called to reserve December 9-11 as dates for one of his two annual full-blown check ups. Rux said he called back and told them to reschedule it.

The transplant coordinator called back to ask if it had to do with business. She understood immediately when told that it did, and rescheduled his check up.

Today, Rux feels good. He believes God had a hand in his successful transplant. He's very thankful to both God, and the family that made the decision to make an organ donation. "Fact of the matter is, my survival to the point of receiving the transplant, was clearly in the hands of God, with the help of my cardiologists of course. But the decision to get a transplant was in the hands of the family who lost a love one."

Prior to receiving his heart transplant, Rux said he was told the odds of surviving the first year after a transplant was 90 percent. He was also shown the odds for surviving five years and 10 years, but beyond that, he said, there weren't any statistics because that was it. Heart transplants only became successful, he explained, because of the development of anti-rejection drugs.

Statistics don't mean anything to Rux anyway. What means something to him, is the fact that he's working full time in his business, he's able to enjoy his family and his grandchildren, he's riding a Harley Davidson motorcycle 8,000 to 10,000 miles per year, he's fishing and hunting, and in general, living his life and enjoying every minute of it. "That's what it's all about," said Rux.

That doesn't mean everything runs smoothly all the time. Rux said the problems he faces though, are the same problems everyone else faces every day.

True, he's still taking a lot of medications. Before his heart transplant, he was taking about 50-plus pills a day. Now he takes about 22 pills each day, seven of which are immunosuppressant or anti-rejection medications. The other pills are needed to address side effects of the immunosuppressant drugs.

Rux believes it's all worth it, and is a advocate of the donor program. Statistics, he said, show that if all available organs were made available for transplants, there would be no one waiting on the transplant waiting list.

Rux understands the anguish a family can face. As with the death of his brother one and one-half years ago, there is no positive that comes from that death, other than the fact that an organ donation has allowed others to live or gain back their eyesight.

After his transplant, Rux said he wrote a letter to the donor family. Because of guarantees of privacy and the sensitivity of the subject, the letter was sent to the donor family through the transplant coordinator. The family chose not to respond, said Rux, but he respects them for that.

It can be a very difficult decision for some people, he explained. On the other hand, others might enjoy hearing from a transplant recipient. Either way, he respects them for the difficult decision they had to make.

On his 10th anniversary, Rux said his wife Shirley made him a special dinner. Slightly embarrassed, Rux admitted that his favorite meal is hamburger hot dish.

"Reaching this 10th anniversary is exciting and wonderful, and all that," said Rux, "but call me on my 30th anniversary."

"The single, most important thing in life, to me, is difficult to talk about," said Rux.

Eyes begin to tear when he begins to talk about the one thing he gives thanks for most–his family, his wife Shirly, daughter Taryn Rux-Hejlik, and grandchildren Aron "Buckshot" Hejlik, Gannon "Pete" Hejlik, and son Trent (T.J.) Rux, all of Thief River Falls.

Greater Grand Forks Symphony holds competition

The Greater Grand Forks Symphony Association announces its Annual Young Artist Competition on Saturday, Jan. 11, 2003. The application deadline is Monday, Dec. 30.

The competition is open to musicians in two categories: The Elton Lee Barnum Memorial Prize, and the Grand Forks Area Young Musicians Prize.

The Elton Lee Barnum Memorial Prize includes a $350 cash award and the opportunity to perform with the Greater Grand Forks Symphony at its concert at the Alerus Center on March 15 and 16, 2003. The Barnum Competition is open to young instrumentalists who live within 150 miles of Grand Forks, who will be no older than 22 by the date of the competition.

The Grand Forks Area Young Musicians Prize is open to musicians 18 and younger living in the Grand Forks metropolitan area. The prize is a scholarship for summer music study.

The competition will be held in the Josephine Campbell Recital Hall at Hughes Fine Arts Center at the University of North Dakota, and is partially sponsored by US Bank. Competition finals are open to the public.

For more information, call Competition Chair Donilyn Bergman at 218-965-4891 or the Greater Grand Forks Symphony office at 701-777-3359.

REAL ESTATE FOR SALE ON BIDS REAL ESTATE IN DEERWOOD TOWNSHIP (NEAR THE CITY OF KARLSTAD) KITTSON COUNTY, MINNESOTA

Border State Bank of Greenbush offers for sale the following described real estate located in Section 24 of Deerwood Township, Kittson County, Minnesota, upon the terms and conditions herein specified:

DEERWOOD TOWNSHIP

45'x70' steel building with 16' sidewalls, wired with cement floor, on approximately 80 acres (40 acres is grass/hayland), more or less, located on the north side of State Highway #11 on the west edge of Karlstad.

Sealed bids will be accepted at Border State Bank of Greenbush, 133 North Main Street, Greenbush, Minnesota 56728, until Friday, December 20, 2002, at promptly 10:00 A.M., Central Time at which time the bids shall be opened and considered. Bidders must be present or represented for bid opening. Border State Bank will consider all bids legal and binding. Proof of cash or financing must accompany the bid.

Those bidders submitting the three (3) highest bids on the parcel shall have the opportunity to increase their bids verbally following the bid opening. The parcel shall be sold as an entire parcel and not by the acre. Each bidder must indicate on the outside of the bid envelope, the bidder's name and address. Bids are binding, so please consider your bid carefully.

The property is being sold "as is". The Seller reserves the right to reject any and all bids, waive any irregularities, or negotiate a private sale.

Sale is for cash and each successful bidder must furnish 5% of the purchase price as a down payment and enter into a purchase agreement on or about December 20, 2002.

CLOSING DATE ON THIS PARCEL WILL BE ON OR BEFORE DECEMBER 27, 2002.

Please direct any inquiries or requests for full legal description to:

MDA reminds flooded out farmers of Dec. 13 deadline for financial assistance

Minnesota Agriculture Commissioner Gene Hugoson reminds farmers whose operations suffered significant flood damage in 2002, that applications for assistance must be received by the Minnesota Department of Agriculture (MDA) no later than December 13.

"We want to make sure all eligible farmers have an opportunity to take advantage of the state assistance program," Hugoson said. "Things can get a bit hectic around the holidays and sometimes paperwork is set aside for later, but this December 13 date is set in legislation, and farmers need to make sure they have their application in to the department by then."

During its special session earlier this year, the Minnesota Legislature appropriated $3 million to assist farmers who suffered crop losses in 2002 as a result of flooding. Farm operators are invited to apply for assistance if the flooding in 2002 caused at least a 50 percent yield and/or quality loss on their land and if the damage occurred in one or more of the following counties: Becker, Beltrami, Clay, Clearwater, Goodhue, Hubbard, Itasca, Kittson, Koochiching, Lake of the Woods, Mahnomen, Marshall, McLeod, Norman, Pennington, Polk, Red Lake, Roseau and Wright.

Farmers meeting these criteria are eligible for a payment of up to $4 per acre affected, with a maximum of 1,400 acres. If the MDA receives more than $3 million in total claims, the per-acre payment will need to be prorated down to ensure the payments do not exceed the total amount allocated by the legislature. Payments will be made to eligible farm operators no later than January 31, 2003.

Earlier this fall, the MDA mailed letters to farmers in eligible counties. The letters contained application forms with information on how to determine crop yield and quality losses. Information and application forms are also available on the MDA Web site at www.mda.state.mn.us/agassistance/2002 or by calling 1-800-967-2474.

Miracle on DeMers announces cookie bake-off

Miracle on DeMers is holding an old-fashioned Christmas Cookie Bake-Off. Participants will put their favorite Christmas cookie recipes to the taste test on Saturday, December 7. Winners will receive a gift basket valued at $100 from participating merchants and unlimited bragging rights.

Interested contestants for the cookie bake-off should call the Downtown Leadership Group at (218) 793-1011 by Thursday, December 5 for more information and contest details and rules. Please leave a name and number.

RIM Reserve funds approved for flood recovery efforts

The Minnesota Board of Water and Soil Resources (BWSR) has authorized nearly $640,000 in Reinvest in Minnesota (RIM) Reserve funds for new easements in counties affected by the 2002 floods.

The following counties, listed in the 2002 Presidential Disaster Declaration, are eligible: Becker, Beltrami, Clay, Clearwater, Itasca, Kittson, Koochiching, Lake of the Woods, McLeod, Mahnomen, Marshall, Norman, Pennington, Polk, Red Lake, Roseau and Wright. Easements will be targeted to sites for consideration.

Local soil and water conservation districts (SWCDs) will work with watershed district project teams on ranking the sites for consideration. The BWSR will use those rankings in determining projects that will be funded. Perpetual and limited-duration (20 year) easements will be considered.

The following are projects that will be considered:

•Permanent easements on sites suited to temporary storage of floodwater. Watershed district project teams will make recommendations for these sites to the SWCD.

•Permanent easements on sites damaged by the flood. These will generally be sites where soil erosion or sedimentation has damaged the landscape to a point where restoring the site to cropland is improbable.

•Permanent easements on sites that currently have a riparian filter or buffer strips in the United States Department of Agriculture continuous CRP program.

•Limited duration easements on sites that are suited to temporary flood storage.

•Limited duration easements on sites that have been damaged by floodwaters.

Any questions about the program should be directed to the SWCDs in the counties listed above. Applications will be accepted from landowners now until Dec. 31, 2002. Funding for the signup became available from recent RIM applications that were cancelled.

Marketing assistance loans and LDPs available for wool and mohair producers

Producers who shear wool and mohair from live sheep and goats may now receive either a nine-month marketing assistance loan or a Loan Deficiency Payment (LDP) in lieu of a loan. Loan rates are $1 per pound for graded wool, $0.40 per pound for ungraded wool and $4.20 per pound for mohair.

The final date to request a wool or mohair loan or LDP is January 31, 2003 for wool produced in 2002. Eligible producers who lost beneficial interest on or after October 11, 2002, when the regulations were published in the Federal Register and before forms were available in county offices on November 4, 2002, are eligible to request an LDP based on the date the beneficial interest was lost. LDP requests for this beneficial interest exception must be received by no later than December 6, 2002. Wool and mohair producers who lost beneficial interest before October 11, 2002 can also request an LDP based on the date beneficial interest was lost. The request must be received by January 31, 2003.

To be eligible for a nonrecourse loan or an LDP, the wool and mohair must have been produced and sheared by an eligible producer; be in existence and in storable condition; be of merchantable quality suitable for loan; and be produced and shorn from live animals of domestic origin in the United States.

When warehouse-stored loans become available commodities must be stored in warehouses that are Commodity Credit Corporation approved. The Farm Service Agency requires that producers requesting farm-stored loans for wool and mohair stored with a commissioned agent, to furnish wool or mohair weight tickets, core test for graded wool and names and addresses associated with commingled lots, if applicable.

The wool and mohair loan provisions are authorized by the Farm Security and Rural Investment Act of 2002. For additional information on wool and mohair loans or LDPs, producers are encouraged to contact the local Farm Service Agency.

A Moment of Silence for Ralph Engelstad

A moment of silence was observed in memory of Ralph Engelstad prior to the start of Tuesday's Thief River Falls vs. Warroad boys high school hockey game at the Huck Olson Memorial Civic Center. Engelstad, a Thief River Falls native and Las Vegas businessman, died Nov. 26 as a result of lung cancer. A hockey goalie for the Prowlers and at the University of North Dakota, Engelstad was a major benefactor to both programs, building a $104 million arena in Grand Forks, then donating $10 million toward construction of an arena currently being built in Thief River Falls. A special insert detailing Engelsted's life and career was included in the game program, and a banner in his memory that read, #1, 1930-2002, hung on the wall of the building. The same inscription was used for a sticker placed on the Prowlers' helmets. A more permanent memorial patch will be appearing on the Thief River Falls jerseys.

County and watershed begin planning Hay Creek impoundment

Warroad - Preliminary to the November 26, 2002, noon meeting with the Roseau River Watershed District Board of Managers regarding the proposed Hay Creek (Ditch No. 7) impoundment, state ditch attorney Kurt Deter briefed the Roseau County Board of Commissioners on state impoundment and drainage statutes.

Deter reviewed with the commissioners State Statute 103E . 227 that governs the procedure that impounding and diversion of drainage systems must follow.

Briefly, the statute provides for a petition, bonding and permit process that holds responsible the petitioner, such as a watershed district, for planning and costs of construction and maintenance of the structure.

Engineer Omar Ruud believed the watershed district would be responsible to about $425,000 of the project's estimated $8 million cost. - *Warroad Pioneer, December 4, 2002, by Del Stordahl*

Holiday Helpers are working again this Christmas

Kittson County - Last year, the Holiday Helpers traveled over 495 miles, made 281 stops and delivered to over 460 people in their quest to make the holiday season a brighter one for many in Kittson County.

This year will be no different.

Organizers Betty White and Judy Moss have already started on this year's Christmas giving program.

The names on the Holiday Helpers' Santa List come from caring organizations and individuals throughout the county who see a financial need or a need for a little cheer at Christmas time.

Tags are made with the age, gender and gift suggestions. Many individuals, churches and businesses make a monetary donation, while others choose to make it more personal by picking up tags and purchasing a gift of their choosing.

For more information about this program, contact Betty at (218) 436-3114 or Judy at (218) 436-2456 after 6 p.m. - *Kittson County Enterprise, December 4, 2002*

County Board chooses two to serve on watershed board

Warren - Farmers from the upper and lower portions of the Tamarac River Watershed were appointed to seats on the board of managers of the expanded local watershed district at Tuesday's meeting of the Marshall County Board of Commissioners.

Commissioners appointed Carl Green of Strandquist and Alvin Nybladh of Stephen to three-year terms on the board of what will soon officially be the Middle, Snake and Tamarac Rivers Watershed District. The new entity results from adding the Tamarac Watershed to the area administered by Middle River-Snake River Watershed District, which will continue to maintain headquarters in Warren. - *Warren Sheaf, December 4, 2002*

Groups assemble gifts for worldwide distribution

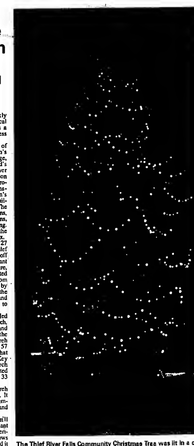
Operation Christmas Child

by April Schelnohn
Reporter

The holidays are quickly approaching, and several local groups are making the holidays a little brighter for those who are less fortunate.

Evangelical Covenant Church of Thief River Falls, St. Ann's Catholic Church of Goodridge, Digi-Key and St. Bernard's Catholic Church of Thief River Falls are participating in Operation Christmas Child. Through the program, which is run by the international organization Samaritan's Purse, shoeboxes are sent to children in Third World countries. The shoeboxes contain hygiene items, school supplies and other items, such as candy, toys and clothing. They are labeled with regard to the designated recipient's age and sex.

On Tuesday, November 19, 127 shoeboxes made the trek from Thief River Falls to the regional dropoff site, Hope Evangelical Covenant Church in Grand Forks. Once there, the shoeboxes will be transported by truck to Minneapolis. From Minneapolis, a plane chartered by Samaritan's Purse will take the items to its distribution center, and then the items will be given to needy children.



The 127 boxes were assembled by Evangelical Covenant Church, St. Ann's Catholic Church and Digi-Key. Of those boxes, the Evangelical Covenant Church Sunday School classes made 57 boxes. Upon hearing of that church's participation, Digi-Key and St. Ann's Catholic Church decided to help. Digi-Key donated 37 boxes, and St. Ann's donated 33 boxes.

St. Bernard's Catholic Church also participated in the project. It sent 22 boxes, which were assembled by its Pre-Kindergarten and Kindergarten classes.

According to Pastor Merrill Kindall of Evangelical Covenant Church, this is a learning experience for youth because it shows them how privileged they are, and it also shows them the needs of others. He said, "We take so much for granted."

In 2001, over five million shoeboxes were sent worldwide to about 95 countries for Operation Christmas Child.

Christmas lights are shining in TRF

The Thief River Falls Community Christmas Tree was lit in a ceremony that took place on Thursday night. The Thief River Falls Jaycees, Chamber of Commerce and the Park and Rec Department welcomed Mayor Mark Borsheim, who had the honor of lighting the tree. Entertainment and refreshments were provided and children were invited to visit with Santa Claus after the ceremony.

TRF delegation honored to attend Engelstad funeral

by David Hill
Editor

Ralph Engelstad was a private man, but to people he knew and trusted, he shared his sometimes humorous, and gruff personality. This side of his personality was shared with those who attended the funeral service for Engelstad in Las Vegas on Tuesday.

Engelstad, 72, who passed away On Nov. 26, 2002, was remembered as a family man, a savvy, hard-working entrepreneur, and a person who shared his tremendous wealth with many.

In his eulogy, Ed Crispell, the general manager of the Imperial Palace, said that in his first interview with Ralph, he was asked for his suggestions about what he would do to improve the Imperial Palace. Crispell told Engelstad that people don't come to Las Vegas to gamble at a Best Western. Crispell said the very next day he noticed that the Best Western sign was down. Ralph also had asked him to join him in his new limousine and go to lunch with him the next day. Crispell said he was anticipating lunch at a nice restaurant, but Ralph picked him up in the new limousine, he took him through the drive-through at a local McDonald's. To the appreciative laughter of the audience, he said there were many more lunches like that.

It was absolutely wonderful, said Pat Dorn, who shared this story with *The Times/Northern Watch* on Wednesday, Dec. 4. Dorn and several other individuals from Thief River Falls were among guests at the funeral for Ralph Engelstad in Las Vegas on Tuesday.

Everything pretty much went like clockwork. Dorn said they met the other 100 or so guests traveling on the charter on Monday to Las Vegas at the Ralph Engelstad Arena in Grand Forks, N.D., and returned early Wednesday morning.

Pat and Tony Dorn Sr. and other delegates from Thief River Falls, didn't get home until about 5:45 a.m. Wednesday morning.

There must have been around 1,000 or so people at the church, said Dorn.

Tuesday morning, she said the delegation from Thief River Falls and Grand Forks was taken to Dur

(Continued on Page 3)

Charges announced in death of Mia Powassin

A Warroad teenager has been certified by the Roseau County District Court to stand trial as an adult on charges stemming from the July 5, 2002 death of 15-month-old Mia Powassin of Warroad.

Justin Dean Jones, 14, was indicted in September 2002 by a Roseau County Grand Jury on one count of first degree felony murder and two counts of second degree murder. The indictments were sealed by the court until the adult certification process was complete.

Jones made an initial appearance in Roseau County District Court on November 26. Upon the request of Jones' attorneys, the court stayed further proceedings pending an appeal of the court's decision to certify Jones as an adult.

Two adults, Lisa Niece and Curtis Korb, have already made initial appearances on charges related to the case. Niece has been charged with aiding an offender, and Korb has been charged with first degree felony murder and second degree murder. Niece and Korb will make their next appearances on December 20 when omnibus hearings are scheduled.

All three are being held in custody at the Roseau County Jail. Both Jones and Korb are being held in lieu of $250,000 cash bail or $1 million surety bond. Niece is being held in lieu of a $50,000 cash bail or $500,000 surety bond.

Roseau County Attorney Michelle Moren refused to comment about the case in the event a change of venue is requested.

Send your Christmas letters, packages now

Across the country, Christmas cards and packages are making their way to residences. In order to make sure those items make it to their destinations on time, the Thief River Falls Post Office is encouraging residents to send those items as soon as possible.

Acting Thief River Falls Postmaster Mark Osowski said, "It's best if they start as early as they can." If you are sending items to faraway destinations, Osowski noted you should allow a week to 10 days for the items to make it to there.

For those sending FPO/APO mail, Osowski said the items should be sent as soon as possible. The optimum date to send FPO/APO mail has already passed.

Northwest Medical Center expands Infant Bereavement Program

Staff report of The Times/Northern Watch

Fifteen to 20 percent of all pregnancies end in miscarriage.

When a miscarriage happens, a deep mental anguish suddenly replaces the joy of an expectant parent. The expectant parents and family want answers. They want to know what happened and how to respond to the inconsolable grief they now feel.

For those who have to deal with the aftermath of a miscarriage or stillbirth, Northwest Medical Center's Infant Bereavement Program in Thief River Falls is here to help.

Northwest Medical Center's obstetrics department has had an infant bereavement program for a number of years, but recently the program was revised by staff. In an effort to be more inclusive, and recognize the fact that others may be affected by a loss, the program was expanded to provide assistance to extended family members, and expectant parents who were less than 20 weeks into a pregnancy. *(Medically, a loss that occurs less than 20 weeks into a pregnancy is defined as a miscarriage.)* Not all miscarriages happen in the hospital either, but the hospital staff wanted to expand the program to include families seen not only in the obstetrics department, the hospital's emergency room, or in the outpatient surgery department, but those families seen at both local clinics, as well.

The program was expanded, said Infant Bereavement Program Coordinator Marcia Kjono, R.N., because, "It's a loss that changes their lives. It's a loss that needs to be recognized."

The deep mental anguish – the grief – arising from a miscarriage or stillbirth, is often all encompassing. One does not just, "get over it."

In the past, families were

A friendly First National Bank teller soon to depart

Fosston - When Eileen Solsten's husband, Orlan "Tubby," retired as Fosston's Street Department Superintendent a couple years ago, she promised to follow suit "in two or three years time."

Suddenly, it was two years later, and Eileen began mulling over her retirement.

Eileen's decision to leave First National Bank in Fosston after 34 years of service became a certainty on October 1.

The public will have the opportunity to dole out good wishes at the open house for Eileen, which will be held Thursday, December 12, all day at the bank. - *The 13 Towns of Fosston, December 3, 2002*

DEATH NOTICES

Alice Dagen, 76

Thief River Falls - Alice Dagen, 76, died on Wednesday, December 4, 2002 at Northwest Medical Center in Thief River Falls.

Funeral services will be held at 11 a.m. on Tuesday, December 10 at Redeemer Lutheran Church in Thief River Falls with Rev. Karen Moberg officiating.

Visitation will be held from 4 to 8 p.m. on Monday, December 9 at the Johnson-Green Funeral Home in Thief River Falls and for one hour prior to services at the church on Tuesday.

A complete obituary will appear in the next edition of *The Times*.

Carl Lehrer, 92

Red Lake Falls - Carl Lehrer, 92, died on Tuesday, December 3, 2002 at Northwest Medical Center in Thief River Falls.

Funeral services will be held at 2 p.m. on Saturday, December 7 (today) at St. John Lutheran Church in Red Lake Falls with Rev. Jeffrey Lytle officiating.

Visitation will be held for one hour prior to services at the church on Saturday.

A complete obituary will appear in the next edition of *The Times*.

Stephanie McCasland, 86

Red Lake Falls - Stephanie McCasland, 86, died on Tuesday, December 3, 2002 at Hillcrest Nursing Home in Red Lake Falls.

Mass of Christian Burial will be held at 1 p.m. on Saturday, December 7 (today) at St. Joseph Catholic Church in Red Lake Falls with Rev. Tim Bushy officiating.

Visitation will be held for one hour prior to services at the church on Saturday.

A complete obituary will appear in the next edition of *The Times*.

Florence Przybylski, 74

Warren - Florence Przybylski, 74, died on Wednesday, December 4, 2002 at the North Valley Health Center, In Warren.

Funeral services will be held at 10:30 a.m. on Monday, December 9 at the Sts. Peter & Paul Catholic Church in Warren with Rev. Gary LaMoine officiating.

Visitation will be held after 5 p.m. with a 7 p.m. prayer service on Sunday, December 8 at the Quanrud-DuBore Funeral Home in Warren and for one hour prior to services at the church on Monday.

A complete obituary will appear in the next edition of *The Times*.

Robert V. Warne, 89

Grygla - Robert V. Warne, 89, died on Friday, November 22, 2002 at Heritage Health Care Center in Gering.

A memorial service will be held in Grygla at a later date.

A complete obituary will appear in the next edition of *The Times*.

Nordean Grove, 97

Crookston - Nordean Grove, 97, formerly of Red Lake Falls, died on Tuesday, December 3, 2002 at Villa St. Vincent Nursing Home in Crookston.

TRF delegation honored to attend Engelstad funeral

(Continued from Page 1)

Lady of Las Vegas Catholic Church by bus. Dorn said she has never seen so many flowers. The church was just lovely, and the stained glass window that the Engelstads had donated to the church was breath-taking.

After the hour-long service, they were bused to the Palm Valley View Memorial Park where Engelstad would be buried. Put Dorn said a number of retired military men wearing dark green berets were lined up at the grave site. It was a curious sight that was explained later when they learned that Ralph had donated a place for them to meet and provided other assistance whenever they needed it.

Following the burial service they were then taken to the Engelstad's home for another wonderful outdoor luncheon.

The trip was well planned, said Tony Dorn Sr. "Without a doubt, it was a class act, and an event which you know Ralph would have appreciated."

It certainly wasn't your typical funeral, said Dale Wennberg. But he was at a loss to describe it. "How do you describe a funeral?" asked Wennberg. "We were so well taken care of, he said, it's almost indescribable." Everything, he added, was well run, the eulogies were light and humorous, and the food was unbelievable.

Wennberg said he had to hand it to the Grand Forks Ralph Engelstad Arena staff too for all the arrangements they made. They did a great job, he said. Todd Berning, Chris Semrau, and Mike Stromberg, assumed a role they certainly weren't accustomed to, he said.

Ralph's wife Betty, and his daughter, Kris Engelstad McGarry, were quoted on the back of the funeral folder: *"There are those who are said to be bigger than life. That phrase certainly applied to Ralph. He was such a force in our lives. We will greatly miss him. Thank you to all of you who have surrounded us with love and support and have honored his life with your presence here today."*

Send your Christmas letters, packages now

(Continued from Page 1)

In addition, he reminds residents to use their 911 addresses. Osowski said they should also make sure they use the recipients' 911 addresses.

For the holiday season, the Thief River Falls Post Office has extended its Saturday hours. Up until Christmas, the post office will be open until 3 p.m. on Saturdays. It will keep its regular hours, which are 8 a.m. to 5 p.m., for Mondays through Fridays.

Osowski expects the busiest day to send items will be either Monday, December 9 or Monday, December 16. On the heaviest day, he anticipates the post office will handle approximately 150,000 letters. On an average day, the post office handles approximately 50,000 letters.

On Tuesday, December 10, the post office will be having an open house. Postal employees will help customers wrap packages and will be providing boxes and packaging materials. Cookies and coffee will be served.

Goodridge School Holiday Program set for Dec. 13

On December 13, Goodridge School will hold its annual holiday program. The event will be held at 2 p.m. in the school gymnasium.

This year's program features kindergartners through fourth graders, who will be performing "Holiday Zoobilee" by John Jacobson and Alan Billingsley. The concert also features the fifth and sixth grade bands, who will be performing familiar holiday tunes. This will be the fifth grade band's debut performance. The Windfall will be performing a gospel medley of three Christmas songs, and the men's chorus will sing "Nuttin' for Christmas." The Varsity Choir will close the show with a variety of holiday songs, including "Coventry Lullaby" and "Christmas Time is Here" from "A Charlie Brown Christmas."

Winter load increases for north roads

Minnesota Department of Transportation (Mn/DOT) is announcing winter load increases will be in effect for the north zone on friday, Dec. 6, at 12:01 a.m.

The north zone extends from the Minnesota-Canadian border south to and including a line following: Minnesota 61 southwesterly along the north shore of Lake Superior to Interstate 35; I-35 in Duluth, west to Minnesota 210; Minnesota 210 west to Staples; US 10 west to the Minnesota-North Dakota border at Moorhead; Duluth route: US 2 from I-35 easterly to the Wisconsin state line; Duluth route: US 535 from I-35 easterly to the Wisconsin state line.

Graphs of the cumulative thawing index (degree Fahrenheit-days) versus day of the year have been developed using actual and three-day forecasted daily temperatures from the National Weather Service sites.

For more information go to http://www.mrr.dot.state.mn.us/.

Grand Plain Township meeting to be held Dec. 9

The Grand Plain Township will meet on Monday, December 9. The meeting will be held at 7 p.m. at Clerk Audrey Rogalla's house. Interested parties are welcome to attend.

Berge Family to perform at Faith Lutheran Brethren

The Berge Family will present a Christmas concert on December 8 at 7 p.m. The performance will be held at Faith Lutheran Brethren Church.

The group consists of husband and wife, Ken and Rebecca, and their daughters, Melanie and Mindy. Their music consists of bluegrass, old-time gospel, original songs, instrumentals and vocal four-part harmony. In 2000 and 2001, they were nominated for Midwest Bluegrass Gospel Band of the year by the Society for the Preservation of Bluegrass Music of America.

SOUPÇON

Sherry LaCoursiere
email: lacourse@mncable.net

I had a call about fruitcake recipes last weekend, and it is certainly time to get at it if we're going to make them. I'll try to give you a bunch of different recipes from wonderful area cooks so you can pick and choose whichever ones you want to try. Some of the cookbooks are mighty old, but I've put the names of the contributors anyway, hoping you might recognize them.

If you aren't familiar with how fruitcake is made, you might want to read through all of the recipes before starting. Some are better than others at explaining the process.

If you want to age your cake with rum or brandy, try sprinkling it with a tablespoonful or two of the alcohol while it is still in the pan and then again with another tablespoonful before wrapping for storage. I have one recipe that recommends sprinkling again if it is stored longer than 10 weeks.

This recipe is from a 1981 cookbook by Bethlehem ALCW in Newfolden:

DARK FRUIT CAKE
Sharon Gustafson

1 cup white sugar
1 cup brown sugar
1 cup butter
1 cup sweet milk
1-1/2 pounds raisins
1 pound dates
1 cup walnuts
1 cup mixed nuts
1 pound fruit mix
1 teaspoon nutmeg
1 teaspoon vanilla
4 eggs
1 teaspoon soda dissolved in a little hot water
3 cups flour

Cream sugar and butter. Beat eggs well and add. Add milk, then soda/water mixture.

Sprinkle fruit mixture with some flour. Add remaining flour, nutmeg, vanilla and nuts. Mix well.

Place in two greased loaf pans. Bake in 350 oven for about 1 hour. Make in November (?) and keep in cool place until Christmas holidays.

The following two recipes are in the 1992 Hillmar Covenant Church cookbook. The first recipe uses all, which is something the lady who called wanted, and it can be made three different ways - take your pick:

VARIETY FRUIT CAKE
Esther Peterson

1 cup oil
1-1/2 cups sugar
4 eggs
2 cups sifted flour
1 teaspoon baking powder
2 teaspoons salt
1 cup pineapple or apple juice
1 cup more sifted flour
1 cup thinly sliced citron
1/2 cup thinly sliced candied lemon peel
1 cup candied pineapple (1 inch pieces)
1 1/2 cups whole candied cherries
3-cups seedless white raisins (1 pound)
2 cups nuts, chopped in large pieces

Elegant White Fruit Cake:

Mix oil, sugar and eggs. Beat vigorously with spoon or electric mixer for 2 minutes.

Sift 2 cups flour, baking powder and salt. Stir into oil mixture alternately with fruit juice.

Mix the remaining 1 cup flour into the fruit and nuts. Pour batter over fruit, mixing thoroughly.

Line 2 greased loaf pans (8 1/2 x 4 1/2 x 2 1/2 inches) with brown paper. Pour batter into pans.

Place a pan of water on the lower oven rack. Bake 2 1/2 to 3 hours at 275 degrees (yes, two hundred seventy-five).

After baking, let cakes stand 15 minutes before removing from pans. Cool thoroughly on racks without removing paper. When cool, remove paper. Store by wrapping tightly in foil and placing in covered jar in cool place to ripen.

Spicy Old-Fashioned Fruit Cake:

Follow basic recipe as directed, but use only 1 1/3 cups sugar. Add 1/4 cup molasses with the sugar. Add 2 teaspoons cinnamon and 1 teaspoon nutmeg to dry ingredients.

In place of fruits and nuts listed, use 2 2/3 cups seedless raisins (15 ounce package), 2 cups cut up dates (1 pound), 2 cups mixed candied fruit (1 pound), and 1 cup nuts in large pieces.

Dark Deluxe Fruit Cake:

Follow basic recipe as directed, but use brown sugar (packed in cup) instead of white sugar. Add 2 teaspoons cinnamon, 2 teaspoons allspice and 1 teaspoon cloves to dry ingredients.

In place of fruits and nuts listed, use 1 cup thinly sliced citron, 1 cup chopped candied pineapple, 1 1/2 cups whole candied cherries, 1 cup raisins, 1 cup chopped figs and 3 cups coarsely chopped nuts.

Orange juice may be used in Old-Fashioned and Dark Deluxe cakes.

(I've never used paper bags for fruit cake, but I think I remember my grandmother doing so. I think I would try to buy the thinner luncheon bags for this, rather than trying to use thick grocery bags. -SL)

This is the second recipe from the Hillmar Church cookbook:

GREAT-GRANDMOTHER JOHNSON'S FRUIT CAKE
Rebecca Lawton

2 cups brown sugar
2/3 cup shortening
2 cups water
2 cups raisins
2 cups currents
2 teaspoons cinnamon
1 teaspoon cloves
1 teaspoon nutmeg
1/2 teaspoon allspice
1 teaspoon salt
4 cups flour
2 teaspoons soda
2 teaspoons baking powder
1-1/2 cups walnut pieces

Stir brown sugar, shortening, water, raisins, currents, cinnamon, cloves, nutmeg, allspice and salt in saucepan. Cook for 10 minutes. Cool.

Sift together flour, soda and baking powder. Add to cooled mixture and then add walnuts.

Bake in 2 well-greased loof pans at 350 degrees for 45 minutes. (Rebecca says the cake will keep indefinitely!)

This recipe is from the First Lutheran Church of Stephen 1991 cookbook.

RICH DARK FRUITCAKE
Ruth Mundscheak

2 cups mixed candied fruit
1/2 cup candied pineapple
1 cup whole candied cherries
2 cups dark raisins
1-1/4 cup pitted dates
1-3/4 cups brown sugar
1 cup liquid (milk, water, juice)
1/4 cup molasses
3/4 cup shortening melted
3 cups flour
2 teaspoon baking powder
1 teaspoon salt
2 teaspoons cinnamon
1/2 teaspoon allspice
1/2 teaspoon ground cloves
1/2 teaspoon nutmeg
4 eggs
2 cups pecan halves

Grease two 9x5x3 pans lined with waxed paper or foil.

Sift flour with baking powder, salt, cinnamon, allspice, cloves and nutmeg into large mixing bowl. Then add candied fruit, pineapple, cherries, raisins, dates and pecans. Mix until all nuts are well coated with the dry ingredients.

Beat eggs until foamy. Gradually add brown sugar, beating until light and fluffy. Blend in liquid, molasses and shortening. Add to fruit mixture, stirring until well blended.

Pour batter into prepared pans, filling 2/3 to 3/4 full.

Oven should be at 275 degrees.

Don't forget, before putting fruit cake in oven, make sure there is a pan of water 1/2 full in the bottom of the oven, so the cake has moisture throughout the baking. Open oven every so often to check water level and add more if it evaporates. Keep water in oven the entire time to keep cakes moist.

Bake for 2 1/2 to 3 hours. When tester comes out clean, remove cake and cool. Then remove from pans and wrap in foil to keep moist.

Food for the Poor to collect summer clothing and toys

Food for the Poor will be holding a summer clothing and toy drive on Friday, December 13 from 12 to 8 p.m. and on Saturday, December 14 from 9 a.m. to 5 p.m. Drop-off sites include Evangelical Free Church and St. Bernard's Catholic Church, both in Thief River Falls.

Lightweight summer clothing in good, clean condition is needed for infants, children, men and women. Also, new or used non-violent toys such as trucks, cars, dolls, balls and blocks, in good condition, are being collected. All donations will be shipped to Food for the Poor's headquarters in Deerfield Beach, Fla. and given to the poor in Haiti and Jamaica.

The drive is being coordinated by Youth of Home L.I.F.E., with EFC Junior High Ministry Team and St. Bernard's Church assisting. For more information, contact Julia at (218) 681-4191. To learn more about Food for the Poor, go to their website at www.foodforthepoor.org.

Income tax volunteer training slated at NCTC

As previously announced, Northland Community and Technical College (NCTC) is hosting a Volunteer Income Tax Assistance (VITA) site for the 2002 tax filing season. Volunteers are needed to assist individuals preparing their tax returns. To prepare the volunteers to use various forms and computer software, agents from the Internal Revenue Service (IRS) will be at NCTC January 13-16, 2003, conducting training.

VITA uses volunteers to help people with basic tax returns, particularly those with low and limited income, individuals with disabilities, non-English speaking and elderly taxpayers. The volunteers will work with the taxpayers and submit the return via E-filing. E-filing is the electronic filing system created by the IRS. This system allows taxpayers to receive proof that the IRS has accepted their return(s). In some cases, E-filing will expedite the receipt of refunds, at no additional charge to the taxpayer.

If you are interested in volunteering, training is mandatory. The training sessions are scheduled for January 13-16 from 6:30-9:30 p.m. To ensure that there is plenty of room and supplies available, contact Norma Konschak at nkonschak@nctc.mnscu.edu or (218) 681-0766.

Sedlacek joins Farm Credit Services

Farm Credit Services (FCS) of Grand Forks is pleased to announce the addition of Lisa Sedlacek to its Warren office staff.

Sedlacek began as a Customer Services Representative in September 2002. She has previously worked in a clerical position at Arctic Cat and as an Office Support Specialist at the Pennington County Department of Welfare and Human Services.

Sedlacek holds a degree from Northland Community College. She and her husband, Tim, live near Warren.

FCS is an agricultural lending cooperative serving over 4,000 farmers and ranchers in a 20 county area of northeast North Dakota and northwest Minnesota. The coop operates 11 full service offices and two contact offices in the area. FCS provides loans for real estate, equipment, livestock, operating needs, production needs and agribusiness. They also provide tax services, recordkeeping services, insurance protection and leasing options.

EDITORIAL OPINIONS

Dave Hill, *Editor*

Editorial opinion published under this heading is intended to stimulate thinking and discussion among our readers. Unless specified otherwise, the editorials are written by Editor Dave Hill and do not represent opinion of other staff members. Opinions in items from other publications may not coincide with the editor's own views but are offered for their general interest.

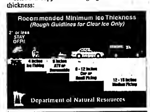
Take precautions while ice fishing

Without ice fishing, northwestern Minnesota's country-like charm wouldn't be what it is today. Ice fishing is a part of who we are whether we fish or not. It's a cultural image that's fitted upon every one of us whenever we leave or visit with relatives located anywhere but northwestern Minnesota. "Is the river froze, yet?" they ask. Or, "How's the ice? Are they fishing yet?"

How do we know?

With a few notable exceptions, the Thanksgiving holiday seems to be the time upon which everyone agrees that it's safe to go ice fishing. It's like we've been given the ability to divine that it's safe to go out on the ice. Of course this is nonsense. There had to be a first person. But you know what? I've never been able to talk to the first person to walk out on the ice. And, I'd also like to know how was that person selected?

Regardless of who goes first, or whether this is some ritualistic sacrifice designed to weed out the weak, the attraction to wander out onto the ice is quite strong.



In his most recent column, Timothy Lyon said that, "It's this first ice that brings out not only lots of fish, but the truly large ones. Fat fish, swollen by a steady diet of gut stretching shiner minnows. Fish shaped like footballs with fins. Fish that seem more bloated caricature than highly evolved swimming creature. Fish that know six to eight weeks of cold-induced hibernation is right around the corner and the fat reserves they develop today will determine if they're around in April for the run to Birchdale."

On the serious side, however, we must take our trips out onto the ice with safety in mind. A few weeks ago, three young boys were killed in Anoka County when they fell through the ice of a pond in their backyard. Last winter, five people died in ice accidents. The highest number of fatal ice accidents on record occurred during the winter of 1982-83 when 22 people died.

The Minnesota Department of Natural Resources tells us four inches of new, clear ice is the minimum thickness for travel on foot, five inches is minimum for snowmobiles and ATVs, and eight- to 12-inches for cars or small trucks. But, they also remind us that these thicknesses are merely guidelines for new, clear, solid ice. Many factors other than thickness can cause ice to be unsafe.

Before you wander out onto the ice, become familiar with how to be safe. The DNR has free ice safety publications, including "Danger Thin Ice" and "Hypothermia, the Cold Facts" brochures, a wallet-size card listing recommended ice thicknesses, a 12-by-18-inch poster that illustrates recommended ice thicknesses, and plans to make ice self-rescue picks. To obtain this information, call the DNR at (651) 296-6157 or toll free 1-888-646-6367, or go online to the DNR's Web site for recommended minimum ice thickness.

Here's a copy of the rough guidelines for ice thickness:

POLICIES

Letters To The Editor: The staff of the *Northern Watch* encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in *Northern Watch* exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Pennington Co. Republicans to celebrate

Pennington County Republicans will "Savor the Victory" and say thank you to retiring Rep. Tim Finseth and family at a gathering at the Heritage Community Center on Friday, December 13.

The event will begin with punch and goodies at 6:30 p.m., followed by a catered meatball dinner at 7 p.m. Dinner music will feature Cathy Barron Hagen on the piano and vocalists Vanessa K. Anderson and students. Guests will include Finseth, Rep. Maxine Penas, and 2002 Republican endorsed candidates Lyle Kenner, Lonn Kiel and Dan Stevens. Invitations have also been extended to Governor-elect Tim Pawlenty and US Senator-elect Norm Coleman.

Cost of the meal is $8 for adults and $5 for children under the age of 12. Seating is limited with early reservations encouraged. To register, call (218) 681-5061 or (218) 681-3684 or e-mail cbarron@mncable.net.

NCTC Foundation Annual Meeting a Success!

Over 50 contributors attended the Northland Community and Technical College (NCTC) Foundation's Annual Meeting and Special Contributors' Reception on Monday, December 2 from 5-7 p.m. at the Best Western Inn in Thief River Falls.

The program began with a social hour at 5 p.m., followed by the Annual Meeting. The annual meeting included the State of the Foundation delivered by Foundation President Dr. Tyrone Birkeland entitled "Excellent," election of new board members and officers, committee membership selection, and the presentation of the 2002 Annual Report.

Foundation officers elected for 2003 were Frank Hamerlinck, president; Tom Dondelinger, vice president; John Mattson, treasurer; Ruth Ostby, secretary.

Board director's terms renewed for another three-years were: Dr. Tyrone Birkelund, John Mattson, Kurt Marben, and Dr. Jim Langland.

New Board members include Kaydel Super, Don Jorstad, Joyce Ramserran, and Rep. Maxine Penas. Outgoing Board Directors Rep. Tim Finseth and Regan Rohl, were recognized for their contributions.

During the event, certain contributors were recognized for their generous financial support.

Tom Dondelinger gave a presentation in honor of Gene and Gretchen Beito. They also were given engraved Boston rockers.

Dr. Tyrone Birkeland delivered a tribute in memory of Gladys Person. The presentation included an arrangement, which will be delivered to Redeemer Lutheran Church, where it will be on display for Sunday services.

A tribute to the Hartz Foundation was presented by Jared Goldesberry. A plaque will be presented in appreciation to the Hartz Foundation, as well.

If you were unable to attend the Annual Meeting, and would like copies of the materials presented, please contact the Foundation office. Also, sign-up for the finance, fundraising, scholarship, publicity, and alumni committees are available. All Foundation contributors and NCTC employees are welcome to sign-up for a committee. Please contact the Foundation office if you are interested.

The Foundation can be reached by phone at 681-0751 or 1-800-959-NCTC, by fax at 681-0724, or by e-mail at jgoldesberry@nctc.mnscu.edu.

The NCTC Foundation is a non-profit organization that accepts charitable contributions. These contributions are tax deductible to the limits of the law. The mission of the NCTC Foundation is to encourage, enhance, support, and recognize the college's impact on the northwest region of Minnesota; to attract area students by providing scholarships and to support NCTC's functions.

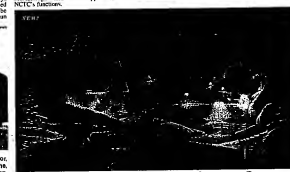
Gene and Gretchen Beito were recognized by the Northland Community and Technical College Foundation Annual Meeting. The Beitos have supported the Foundation through generous donations. In appreciation of their support, they were given Boston rockers. The Gladys Person estate of Bray Township, and the Hertz Foundation were also recognized for their generous support. (Submitted photo)

Northland Community and Technical College Foundation held its annual meeting and special contributors' reception on Monday, Dec. 2, at the Best Western in Thief River Falls. Board of directors attending the event were: (from left, front row) Verne Spengler, Julie Thorson, Joyce Ramserran, new director, Lori Gibson, Marty Johnson; (back row) Kaydel Super, new director, Dr. Tyrone Birkeland, past president, Ile Flesche, Frank Hamerlinck, president, John P. Mattson, treasurer, Tom Dondelinger, vice president, Sen. LeRoy Stumpf, and Jared R. Goldesberry, executive director. (Submitted photo)

Interfaith Coalition assists disaster-struck counties

On Wednesday, October 16, the people of Gonvick held a spaghetti supper to raise funds for the North Border Interfaith Coalition. They raised $3,800, which they gave to the Coalition. The money will be used to assist families and individuals in the flood recovery. This was a joint project with AAL Branches #09635 of Gonvick, #11031 of Clearbrook, #11439 of Gonvick, #11035 of Leonard, and the WELCA of Good Shepherd Lutheran of Clearbrook.

Beginning in December, there will be some skilled carpentry teams going to Roseau County to assist homeowners with the flood recovery. In December, an initial survey team with the Mennonites is scheduled to be there to make some assessments for the crews they are willing to bring in later. Habitat for Humanity will also be in Roseau to make its initial assessment after the first of the year.



Both of these groups have mentioned long-term stays in Roseau to assist with the flood recovery. The Coalition needs to find "dormitory space" for the group members to stay in. Any ideas and suggestions are welcome; please call the North Border Interfaith Coalition at (218) 463-3373.

Also, the Coalition is in need of some items, such as good used furniture, bed frames and mattresses, good adult winter clothing, or good used hand tools like hammers, saws and carpentry aprons. Aside from donations like these, the best contribution would be money. If anyone has any of these items to donate, please call the Coalition at (218) 463-3373 or any of the local Roseau churches.

Panthers snap TRF girls hockey squad winning streak, 6-1

A four-game win streak for the Thief River Falls girls high school hockey team ended Tuesday with a 6-1 Section 3A loss at the hands of Park Rapids/Menahga/Nevis.

The visiting Prowlers were shut out until Steph Hoard scored the final goal of the game at 12:47 of the third period. They trailed 1-0 after 15 minutes and were behind 3-0 at the second intermission.

It was a turnaround from a Nov. 14 meeting in Thief River Falls won by the Prowlers 7-1.

The 4-2 Prowlers were out-shot 31-17.

Scoring

First period - PR/M/N, Amanda Gartner (Andrea Eskola), 12:39.

Second period - PR/M/N, Kaitlyn Picken (LeRee Goeden), 5:24; PR/M/N, Kriste Sleen (Kaitlyn Pickett), 8:35.

Third period - PR/M/N Eskola (Sleen, Rachel Landquist), 2:24; PR/M/N, Pickett (Sleen, Goeden), 5:38; PR/M/N, Jackie Cumber (Pickett), 6:34; TRF, Steph Hoard (Chasity Johnson), 12:47.

Goalie saves - TRF, Trudy Erickson 10-13-2-25; PR/M/N, Kristen Harsha 3-5-8-10.

■ Hockey - LHS girls vs. Greenway, 1 p.m.; LHS boys vs. Kittson Central, 7:30 p.m.

■ Wrestling - LHS at Grand Forks Sertoma Invitational, TBA.

Warroad 3-1 winner over TRF

Defenseman William Fornay looked for a Thief River Falls teammate to begin a breakout play from the corner during the Prowlers' Tuesday night boys high school hockey game against Warroad. Thief River Falls lost its 2002-03 home opener 3-1.

A slow start out of the gate has frustrated Thief River Falls boys high school hockey coach Scott Bergland, but he isn't in a panic mode by any means. Four games into the 2002-03 season, the Prowlers are still looking for their first win. They fell to 0-3-1 Tuesday following a 3-1 setback at the hands of Section 8A rival Warroad that spoiled their home opener.

"We've played four games – two good games and two not-so-very-good games," said Bergland. "I didn't think we played well tonight from the goaltending on out. We're better than that. We've got to learn to play better; we've got to play hard all the time. But it's a marathon (season), not a sprint. We're in it for the long haul."

With the two teams combining for just 31 total shots on goal, neither team impressed, according to Bergland. "Actually, it was kind of an ugly game," he said. "Neither team generated much offense. That's what happens when you stand around and don't move your feet."

Thief River Falls' lone goal produced a 1-0 second period lead when Josh Langlie, positioned in front of the Warroad net, shoved in a centering pass by goalie Tony Sorrels at 7:34.

Two minutes later, Warroad's Tony Selvog converted a centering pass from behind the net into a 1-1 tie.

Selvog also scored the game-winner with an uncontested power play slap shot from the slot that sailed over the shoulder of Thief River Falls goalie Ben Worker at 3:34 of the third period.

Warroad added an insurance goal at 13:02 when Ben Bengtson was left alone in front of Worker when the puck flew out of the corner onto the stick of the sophomore wing.

Worker finished with 15 saves. Sorrels faced only 13 shots.

Scoring

First period - no scoring.

Second period - TRF, Josh Langlie (Anthony Gilson), 7:34; Warroad, Tony Selvog (Gabe Harren-T.J. Oshie), 9:41.

Third period - Warroad, Selvog (Tyson Gravelle), 3:34; Warroad, Ben Bengtson (Tony Thorsten), 13:02.

Goalie saves - TRF, Ben Worker 8-6-1-15; Warroad, Tony Sorrels 3-2-7-12.

Thief River Falls boys high school basketball...

Prowlers start year with a win

A 21-8 first quarter scoring advantage earned Thief River Falls past Kittson Central 51-40 Tuesday in season-opening boys high school basketball action.

Matt Stuckey scored 15 points and Josh Gerardy netted 11 for the Prowlers, who led 29-20 at halftime and took a 41-29 lead into the final quarter.

"Our kids really played hard and competed," said Thief River Falls coach Chris McLean.

The Prowlers won by beating the visiting Wolfpack 32-20 on the boards and by limiting their first-game turnover figure to 12.

"A good first win," offered McLean. "Everybody that played contributed in one way or the other."

Nine-point games from Brady Swenson and Levi Webster topped the Kittson Central scoring chart.

Thief River Falls went 11-for-16 at the free throw line; Kittson Central was 6-for-10.

Tanner Harlow led the Prowlers' rebound figures with nine. Stuckey had eight.

Scoring

	1	2	3	4	T
Kittson Central	9	12	8	11	40
Thief River Falls	21	8	12	10	51

KC - Jon Otterson 2, Joel Schwenzfeier 7, Chris Falling 7, Brady Swenson 8, Ganny Pemberton 8, Levi Webster 9.

TRF - Nick Ricks 2, Joe Field 5, Eric Grambowski 5, Matt Stuckey 15, Kyle Gerardy 8, Tanner Harlow 5, Josh Gerardy 11.

Strong bench play carries TRF

Nichole Gryskiewicz (14), Katie Olson (11) and Stacia Kalinoski (8) combined for 33 points off the bench Tuesday as Thief River Falls beat host East Grand Forks 63-34 in girls high school basketball.

Beaten at home by Warren-Alvarado-Oslo 51-39 in the 2002-03 season opener a week earlier, the Prowlers made a dramatic second-game turnaround, according to head coach Jeff Loe. "We did some things in this game that we didn't do against Warren," he said.

The play off the bench, shooting and defense all showed improvement, pointed out Loe. "Our defense was very aggressive," he said. "We forced many of their 34 turnovers in the front court. We executed our offense much better – we shot 52 percent from the field – and we had great play off the bench."

A 10-point night by Kelsey Christensen was her second double figure scoring performance, and she added a team-high nine rebounds.

Thief River Falls led at the quarter stops 9-4, 31-14 and 43-23.

Ashley Kujawa led East Grand Forks with 12 points.

The Prowlers' 27-for-52 field goal shooting was complemented by a 9-for-12 showing at the free throw line. They out-rebounded the Green Wave 31-12. Melissa Skjerven finish behind Christensen on the rebound chart with eight.

East Grand Forks shot 38 per cent from the field (15/39) and went 3-for-9 at the line.

The Prowlers still had trouble in the turnover department, losing the ball 24 times.

"It was a great team effort, yet there are things we need to improve on," said Loe.

Scoring

	1	2	3	4	T
Thief River Falls	9	22	12	20	63
East Grand Forks	4	10	9	11	34

TRF - Nichole Gryskiewicz 14, Jackie Fossum 4, Stacia Kalinoski 8, Brittany Haviland 6, Melissa Skjerven 2, Elise Peterson 2, Kelsey Christensen 10, Kayla Loe 2, Katie Olson 11, Shara Guidry 4.

EGF - Chelsie Haen 7, Ashley Kujawa 12, Abby Evavold 5, Anna Barrott 7, Holly Boushey 2, Ashley Burris 1.

Berube is All-America

National Junior College Athletic Association Division III All-America Honorable Mention status has been awarded to Northland Community and Technical College volleyball player Christel Berube.

Announcement of the recognition was made this week by Northland officials.

The sophomore from Fisher was earlier named First Team Minnesota Community College Conference All-Northern Division, First Team MCCC all-state; NJCAA All-Region 13 and MCCC all-state tournament.

"It is such an honor to receive this award," Berube said in a school-prepared release. "There were a lot of outstanding players from Minnesota who could have been picked. My two years at Northland have really helped me improve, and helped me prepare to play at a four-year school."

Rebounds lift Eagles over Knights

Grygla-Gatzke out-rebounded Climax/Fisher 37-19 en route to a 66-53 season-opening boys high school basketball win Tuesday in the quarterfinals of the Northland Community and Technical College Invitational.

Tony Nordby scored 29 points, Jason Woods 13 and Geoffrey Larson 11 as the Eagles jumped out to a 22-14 first quarter lead, maintained a 37-26 halftime advantage and had a 44-39 third quarter edge.

Jared Altepeter and Nate Beiswenger scored 12 and 11 points, respectively, for the Knights.

"I was pleased with the rebounding part of it," said Grygla-Gatzke coach Vern Johnson. "Defensively, we did all right. We made them take a lot of shots from the outside. Offensively, we went through a couple of stretches where we made some mistakes, but you've got to expect that, especially in a first game."

The Eagles shot 55.6 percent from the field (25/45); the Knights shot 46.2 percent (18/39). Both teams made frequent trips to the free throw line, where Grygla-Gatzke was 15-for-27 and Climax/Fisher went 11-for-17. Turnovers were even at 15-apiece.

Scoring

	1	2	3	4	T
Climax/Fisher	14	12	13	14	53
Grygla-Gatzke	22	15	7	22	66

C/F - Ross Korynta 8, Jared Altepeter 12, Matt Riske 3, Nate Beiswenger 11, Nick Bartels 2, Justin Morken 7, Fred Wentzel 9, Tony Molds 1.

G-G - Tony Nordby 29, Jason Woods 13, Geoffrey Larson 11, Lucas Thomas 2, Ben Host 4, Peter Polansky 5, Travis Foss 2.

Gators handle Mustangs 66-25

Taking advantage of an inexperienced Red Lake County Central backcourt, Badger/Greenbush-Middle River forced the Mustangs into 32 turnovers Tuesday in a 66-25 boys high school basketball game that opened the Northland Community and Technical College Invitational.

The Gators were up 21-4 after eight minutes, had a 30-11 halftime cushion and opened up a 46-13 third quarter spread.

"They had some young kids playing guards, and we absolutely shut them down in the first and third quarters," explained Badger/Greenbush-Middle River coach Eldon Sparby. "We took them out of the game early."

Brian Thompson scored 17 points, Jesse Thompson had 11 and Jason Smith 10 for the Gators. Nick Brustad scored 11 of his team-high 13 points in the first half for the Mustangs.

Badger/Greenbush-Middle River went 28-for-65 from the field (43.1 percent) and made 9 of 15 free throw attempts. Red Lake County Central was limited to 10-for-37 shooting from the floor (27 percent) while going 2-for-7 at the line.

Justin Ness grabbed 11 rebounds and Tim Dion had 10 as the Gators beat the Mustangs 54-31 on boards. Badger/Greenbush-Middle River turned the ball over 15 times.

Despite the one-sided score, Sparby found fault with the Gators' season-opening showing. "I wasn't overly pleased with our performance," he said. "We didn't play particularly well."

Scoring

	1	2	3	4	T
Red Lake Co. Central	4	7	2	12	25
B/G-Middle River	21	9	10	20	66

RLCC - Jesse Gilson 3, Ryan Fisher 2, Caleb Jacobson 3, Isaac Kvasager 1, Nick Brustad 13, Gavin Clark 3.

B/G-MR - Rick Wilson 4, Jason Smith 10, Brian Thompson 17, Jesse Thompson 11, Cody Severts 7, Tim Dion 4, Alan Ness 2, Kyle Gregerson 5, Justin Ness 0.

Huskies' offense shines in opener

Goodridge ran past East Grand Forks Sacred Heart 76-39 Tuesday in the Northland Community and Technical College Invitational boys high school basketball tournament quarterfinals that doubled as the 2002-03 season opener for both teams.

Kjell Johnsrud scored 17 points, Elroy Johnsrud 15 and Matt Rindahl 14 as the Huskies posted quarter leads of 14-9, 39-23 and 58-28.

Jon Enright and Jason Kaiser scored 11 points each to lead Sacred Heart in the second game of the opening round afternoon session.

"I'm really happy with the first one," said Goodridge coach Eric Mickelson. "We played in a jamboree the week before, and we had a tough time, so prior to the game, I was kind of nervous. I really didn't know how we'd react to a game situation on the big floor."

NCTC Invitational

■ Quarterfinals Tuesday, Dec. 3 - Badger/Greenbush-Middle River 66, Red Lake County Central 25, Goodridge 76, East Grand Forks Sacred Heart 39; Kittson County North 56, Fertile-Beltrami 54; Grygla-Gatzke 66, Climax/Fisher 53.

■ Semifinals Friday, Dec. 6 - (consolation round) Red Lake County Central vs. East Grand Forks Sacred Heart, 3 p.m.; Fertile-Beltrami vs. Climax/Fisher, 4:30 p.m.; (championship round) Badger/Greenbush-Middle River vs. Goodridge, 6:15 p.m.; Kittson County North vs. Grygla-Gatzke, 8 p.m.

■ Finals Saturday, Dec. 7 - seventh place, 3 p.m.; consolation, 4:30 p.m.; third place, 6:15 p.m.; championship, 8 p.m.

As it turned out, Mickelson's fears were unfounded. His team shot 47.8 percent from the field (32/67) and used an effective full court press to force a young Sacred Heart team into first half turnovers.

The Huskies' one-sided win was followed by a 56-54 Kittson County North victory over Fertile-Beltrami in the first evening contest.

Goodridge vs. Sacred Heart

	1	2	3	4	T
Goodridge	14	25	18	18	76

Lake Region team out-scores NCTC men by 21 points

Lake Region handed the Northland Community and Technical College men's basketball team a 91-70 loss Wednesday that dropped the Pioneers to 1-2 in early-season nonconference play.

The Royals finished the first half with a 14-3 run that gave the visitors a 35-25 lead at the break. The Pioneers made it a three-point game early in the second half, but couldn't stay with the Devils Lake, N.D. team.

"Their players are just bigger and stronger than we are," offered Northland coach Rick Nikunen.

Scoring

	1	2	T
Lake Region	35	56	91
Northland	25	45	70

LR - Jason Palmer 24, Cortez Borders 12, Stephen Bonaby 3, L.J. Trottier 11, Raoul Gillo 6, Franklyn Ferguson 16, Johan Madrigal 11, Nick Messner 8.

B/G-MR girls register 48-43 upset win over No. 9-rated Warroad

Badger/Greenbush-Middle River pulled off one of the first upsets of the year in girls high school basketball Tuesday by beating Class AA ninth-ranked Warroad 48-43.

Sophomore Kierah Kimbrough scored a game-high 27 points as the visiting Gators built narrow quarter leads of 15-14, 31-29 and 41-40, then shut down the Warroad offense over the final eight minutes.

Warroad was burned by 12-for-23 free throw shooting. The 1-1 Gators were 8-for-13 at the line.

Gators head coach Tom Neibauer missed the game due to illness. Assistant coach Jon Harms handled the bench duties in his absence.

Scoring

	1	2	3	4	T
B/G-Middle River	15	16	10	7	48
Warroad	14	15	11	3	43

B/G-MR - Breanna Holm 11, Kelsey Holmes 4, Kierah Kimbrough 27, Jody Schmalz 6.

Warroad - Renae Heppner 11, Ashley Marvin 8, Salena Agree 4, Donna Thunder 13, Sarah Selberg 4, Karla Schue 2.

Freshmen girls win 41-40

Thief River Falls edged East Grand Forks 41-40 in a Tuesday freshman girls high school basketball match-up.

Jessica Gustafson and Becca Larson scored 13 and 12 points, respectively, for the 1-1 Prowlers.

Roysland gains another milestone vs. Mustangs

There have been many highlights in the high school athletic career of Fosston's Kelly Roysland, a three-sport standout in volleyball, basketball and golf. Two of her more memorable basketball milestones were achieved against Red Lake County Central, the opponent when she reached both the 1,000 and 2,000-point plateau.

The latter accomplishment came Tuesday when the University of Minnesota basketball recruit turned in a 21-point game that helped carry the Greyhounds past the visiting Mustangs 64-49.

Fosston led at each quarter stop, 20-14, 37-23 and 51-36.

The underdog Mustangs stayed with the Greyhounds until a three-minute 13-0 second quarter burst turned a 24-23 game into a 37-23 contest at the half. Roysland joined the 2,000 Point Club during that stretch.

Red Lake County Central lost the second half by just a single point, 27-26, but that didn't make up for the halftime deficit.

"Except for that stretch in the second quarter, we played right with them," said Red Lake County Central coach Rick Koivisto. "They got away from us there. The second half was pretty even."

Game-high scoring honors went to the Mustangs' Michelle Halvorson, who netted 19 of her 26 points in a first half one-on-one match-up with Roysland. She was 6-for-6 from 3-point range.

In losing a second 2002-03 start, Red Lake County Central was 20-for-43 from the field (47 percent) and 3-for-8 at the free throw line. The Mustangs were out-rebounded 28-13 and they topped the turnover charts 14-11. Fosston went 24-for-57 from the floor (42 percent) and 11-for-13 at the line.

Scoring

	1	2	3	4	T
Red Lake Co. Central	14	9	13	13	49
Fosston	20	17	14	13	64

RLCC - Michelle Halvorson 26, Maureen Munt 2, Tiffanie Malwitz 3, Megan Gunderson 6, Brittany Barberich 12.

Fosston - Sarah Lucken 5, Shelly Francis 12, Chelsee Badurek-Thompson 6, Kelly Landsverk 8, Kayla Begaason 12, Kelly Roysland 21.

Prowlers top Wolfpack in JV basketball game

Josh Tangen scored 17 points and Dean Haagen had 13 as the Thief River Falls boys junior varsity high school basketball team opened its season Tuesday with a 67-50 win over Kittson Central.

The two teams played to a 21-21 first quarter draw. The Prowlers took a 37-30 lead into the half and led 57-39 through three quarters.

MCC boys drop basketball opener...

Nordics beaten 58-33

Twenty-two turnovers and 22 percent shooting limited the offensive opportunities for Marshall County Central Tuesday in a season-opening 58-33 boys high school basketball loss at Warroad.

The Nordics trailed at the quarter stops 12-6, 27-11 and 43-21.

"We can play better," said first-year Marshall County Central head coach Jake Rantanen. "We got our feet wet. The kids worked hard. The shots didn't fall. We had good looks, but the ball wouldn't go in the basket."

Kent Peterson of Warroad led all scorers with 16 points. Dustin Monsebroten scored 12 points to lead the Nordics' offense.

Marshall County Central was 12-for-55 from the field and 3-for-8 at the free throw line. Warroad made 20 of 51 field goal attempts (39 percent) and had a 15-for-22 free throw night. The winners finished with a 31-30 rebound edge. They turned the ball over 15 times.

"Our post players did a good job rebounding," mentioned Rantanen.

Scoring

	1	2	3	4	T
Marshall Co. Central	6	5	10	12	33
Warroad	12	15	16	15	58

MCC - Louie Peterson 4, Tad Gavidson 3, Gustin Monsebroten 12, Jay Maurstad 2, Phil Donarski 2, Adam Riesen 2, Adam Gast 1, Jake Anderson 7.

Warroad - Ryan Orvis 8, Reid Merriman 5, Brian Gustafson 13, Kent Peterson 16, Adam Knebel 10, Adam Phillipe 2, Jim O'Donnell 8.

TRF JV hockey squad is winner against Warroad

Sean Ranum, Drew Kjono, Jorde Harger and Todd Swanson scored goals in a 4-2 Thief River Falls junior varsity high school hockey win over Warroad Tuesday.

A 1-1 first period tie carried into the third period when the Prowlers gave up an opening-minute power play score, but came back with three unanswered goals.

Microfilm of Marshall County newspapers is available at Godel Library

The Marshall County Historical Society has been working on a project to purchase microfilm of newspapers printed in Marshall County. These microfilms cover over 100 years of county history and will provide local access of information used for genealogy and historical research.

Last spring, it purchased microfilm of the Grygla Eagle from Dec. 3, 1915 to May 3, 1935; Holt Northern Light and Holt News Weekly from Aug. 4, 1911 to May 20, 1952; Middle River Record from Jan. 3, 1929 to Feb 29, 1984; Newfolden Review from Oct. 30, 1919 to Dec. 31, 1925; Rollis Eastern County News from July 29, 1903 to Dec. 7, 1904; and the Warren Sheaf from 1998 through 2000. The purchase was made possible by the generosity of the following: Red Lake Electric Trust Inc. (Operation Round Up), AAL Branch 6397 of Warren, Petro Pumper, Anderson Power and Equipment, Hugo's, Arlan H. Anderson Insurance Agency Inc., Jenny Langevin Insurance Agency Inc., Mick Ropacz Auctioneers and other anonymous donations.

Other holdings include the Argyle Marshall County Banner from Sept. 4, 1884 to Dec. 4, 1884, Dec 29, 1892 to Dec. 31, 1970, Middle River Pioneer and Middle River Record from July 1, 1909 to Dec. 27, 1928; Oslo Tribune from Sept. 16, 1909 to Dec. 30, 1910; Strandquist Press from May 2, 1941 to Sept. 4, 1942; Warren Sheaf from Dec. 1, 1880 to Mar. 16, 1882, Sept. 18, 1890 to Dec. 30, 1997; Marshall County census through 1905 and Zion-Bigwoods Oslo ministerial records.

These microfilms aare available for public use at Godel Memorial Library in Warren. For more information, call the library at (218) 745-5465.

VA reports progress in battling claims backlog

After years of battling a rising backlog of applications from veterans and survivors seeking financial benefits, the Department of Veterans Affairs (VA) is reversing the trend.

Each month for the last nine months, VA's compensation and pension decisions have exceeded the monthly intake of new claims requiring a decision about a disability's severity and connection with service. This steady decrease of claims in the pipeline since the beginning of this year reduced the backlog of ratings actions by 21 percent.

"We've seen a growing output from our regional offices, averaging 66 percent higher than last fiscal year," Secretary of Veterans Affairs Anthony Principi said. "We're confident we will sustain that trend and deliver on President Bush's promise to bring pending claims to a speedy and fair resolution."

Undersecretary for Benefits Daniel Cooper said VA has been hiring more personnel, providing intensive training and setting production standards. He expects even more dividends from innovations in the way VA is processing claims from reorganizing the regional offices' structure to implementing processes that move quickly on benefit applications that can be decided with minimal time.

Cooper said, "Our employees have tried to do their best for veterans while compensation laws and procedures become increasingly complex. We are committed to the staffing, resources and uniform procedures that will meet this challenge with high-quality, consistent decisions for veterans."

By October, VA had completed the reorganization of its benefits processing offices using specialized teams to focus on different stages of the claims decision-making process. VA expects the work flow to be more efficient.

The reorganization was among a variety of processing reforms recommended last year by a task force chaired by Cooper before his nomination as undersecretary of benefits.

In addition, VA added more than 1,500 new benefits staff over the last two years as part of the largest increase since the Vietnam War. As the new hires complete training and gain proficiency in the complex requirements of VA benefit laws, they contribute to VA's record production levels, an average 66,400 claims per month over the last fiscal year.

Another reform over the last year was Principi's work with the National Personnel Records Center's parent agency, the National Archives, to speed retrieval of military service and personnel records from a storage warehouse in St. Louis.

In the year since VA and the National Archives signed an agreement to expedite file transfers to VA. This agreement was made in order to answer veterans' claims more quickly, the inventory of file requests pending six months or longer had dropped 58 percent.

VA has also made significant inroads in processing the claims of aged beneficiaries by shifting the workload of some of the longest-pending claims to a specialty unit called "Tiger Team," headquartered in Cleveland, Ohio. Last fiscal year, the "Tiger Team" completed more than 15,000 claims, the majority of which were from veterans 70 and older or which had been pending more than a year.

VA has seen the total number of claims drop from a peak of more than 600,000 in March to today's 463,000, which includes 343,000 claims awaiting decisions for compensation and pension. Another 97,000 cases of all types are pending on appeal.

Principi has set a goal to have no more than 250,000 disability rating claims of all types pending. This figure reflects a normal inventory that allows time to schedule medical exams and accumulate evidence. The goal recognizes that veterans are allowed up to 60 days to respond to requests for any needed information.

Dept. of Natural Resources seeks comments on criteria to determine benefits on con-con lands

The Minnesota Department of Natural Resources will be drafting a state rule that establishes criteria for determining benefits on Consolidated Conservation (Con-Con) Lands. As part of the process, the DNR is seeking comments on the criteria from the public. The department has not yet prepared a draft of the possible rule.

Subject of the Rule. State law (M.S. 84A.55 subd. 9) requires the commissioner of Natural Resources to establish, by rule, the criteria the department will use to determine benefits of proposed drainage projects to state-owned Consolidated Conservation (Con-Con) lands. The benefits of such projects, if any, must be based on criteria established through this rulemaking process.

Persons Affected. The rule establishing the criteria will affect:

- Landowners who benefit from any public ditches that are wholly or partly established within the Con-Con areas of Aitkin, Beltrami, Koochiching, Lake of the Woods, Mahnomen, Marshall, and Roseau counties;
- Minnesota taxpayers who ultimately pay ditch assessments for state-owned lands;
- Individuals and organizations who are concerned with protecting natural resources and maintaining water quality; and
- Ditch authorities.

Public Comment. Interested persons or groups may submit comments or information on this possible rule in writing, by e-mail, or orally until 4:30 p.m. on January 24, 2003. The DNR will use direct communication with interested parties, public news releases, and communication via the DNR website to update people on progress during this rulemaking process.

Agency Contact Person. Written or oral comments, requests to receive a draft of the rule when it has been prepared, requests for more information on this possible rule, and requests for this information in alternate formats should be directed to: Paul Swenson, Department of Natural Resources, 2115 Birchmont Beach Road Northeast Bemidji, MN 56601; Telephone: (218) 755-3623, Facsimile: (218) 755-4024, E-mail: concon.rule@dnr.state.mn.us, DNR Web Site: www.dnr.state.mn.us. TTY users may call the department at 1-800-657-3929

Comments received in response to this notice will not necessarily be included in the formal rulemaking record submitted to the administrative law judge. The agency is required to submit to the judge only those written comments received in response to the rules after they are proposed. If you submitted comments during the development of the rules and you want to ensure that the Administrative Law Judge reviews the comments, you should resubmit the comments after the rules are formally proposed.

TRF Snodrifters to sponsor snowmobile safety course

The Thief River Falls Snodrifters will be holding a snowmobile safety course from 3:30 to 5:30 p.m. on Monday, December 9, Thursday, December 12 and Friday, December 13 in the cafeteria of Lincoln High School.

Participants must be 12 years old or older and the cost is $5 per person. For more information, contact Kevin Johnson at (218) 681-4523.

Penn. Co. farmers eligible for 2002 farm bill payments

Pennington County producers who sign-up for the 2002 Farm Security and Rural Investment Act are eligible for part of the $100 million set aside for Minnesota producers in direct payments for crop year 2002. In addition, Minnesota producers are eligible for $160 million in advance direct payments for the 2003 crop. Pennington County producers who want their payments under the new farm program are encouraged to contact the county FSA office for an appointment to sign-up. When signing up for the program, producers must be prepared to tell county office staff what farm program options they want.

One way producers and landowners can be better prepared for their appointments is by using the Base and Yield Update Option Analyzer which helps participants calculate program benefits. The Base and Yield Analyzer is especially important for landowners in updating contract base acres and program yields, which must be completed by April 1, 2003. The Base and Yield Analyzer tool can be found on the national FSA Web site at www.fsa.usda.gov.

The new program allows producers to request 2002 direct payments and 2003 advance direct payments during the sign-up period, which began Oct. 1, 2002, and ends June 2, 2003. For each commodity, the direct payment equals the direct payment times 85 percent of the farm's base acreage times the farm's direct payment yield. Direct payments are similar to production flexibility contact payments under the 1996 Farm Bill, but also now includes oilseeds.

For more information on how you can enroll your farm into the 2002 Farm Security and Rural Investment Program call 681-1612 Ext. 2 or stop by the Pennington County office.

MDA offers web-based tool for feedlot regulations

Seeking to help farmers navigate the state's complex feedlot rules, the Minnesota Department of Agriculture (MDA) have unveiled a new web-based decision-making tool (DMT) that can help producers determine which regulations apply to their farm and to any developments they are considering.

The user-friendly web tool can be found on the MDA's Web site at http://www.mda.state.mn.us/feedlots/dmt. It is constructed to allow farmers to navigate menus of information specific to their operation and discover what state regulations apply to them. The information can help farmers determine how changes or improvements to their farm might change their regulatory status and obligations.

"State government has a responsibility to make it as easy as possible for citizens to understand what we are asking of them," MDA Commissioner Gene Hugoson said. "There have been a lot of changes to the state's feedlot rules in recent years, and sometimes it can be unclear for farmers how these new rules impact them. We hope this new decision-making tool can help farmers easily determine which regulations apply to them and which ones might apply to them as they consider a new building or change in management practice."

The DMT is the latest in a series of farmer-friendly products rolled out by the state to help farmers negotiate the state's livestock production regulations. Later this year, the MDA will make available "The Minnesota Livestock Producer's Feedlot Planning and Operations Manual" which offers, in a printed format, much of the same information provided in the DMT. Last year, the department created "The Minnesota Livestock Producer's Guide to Feedlot Rules" which is a simple guide to state rules pertaining to livestock production. Also in 2001, the MDA released "The Minnesota Livestock Producer's Directory of Feedlot Resources," designed to provide farmers a handy reference guide to available technical and legal assistance.

For more information about the DMT or to request free copies of the MDA's printed reference materials, farmers can contact MDA Policy Specialist Matt Drewitz at 651-296-3820.

Border State Bank of Greenbush offers for sale the following described real estate located in Section 24 of Deerwood Township, Kittson County, Minnesota, upon the terms and conditions herein specified:

DEERWOOD TOWNSHIP

45'x70' steel building with 16' sidewalls, wired with cement floor, on approximately 80 acres (40 acres is grass/hayland), more or less, located on the north side of State Highway #11 on the west edge of Karlstad.

Sealed bids will be accepted at Border State Bank of Greenbush, 133 North Main Street, Greenbush, Minnesota 56726, until Friday, December 20, 2002, at promptly 10:00 A.M., Central Time at which time the bids shall be opened and considered. Bidders must be present or represented for bid opening. Border State Bank will consider all bids legal and binding. Proof of cash or financing must accompany the bid.

Those bidders submitting the three (3) highest bids on the parcel shall have the opportunity to increase their bids verbally following the bid opening. The parcel shall be sold as an entire parcel and not by the acre. Each bidder must indicate on the outside of the bid envelope, the bidder's name and address. **Bids are binding, so please consider your bid carefully.**

The property is being sold "as is". The Seller reserves the right to reject any and all bids, waive any irregularities, or negotiate a private sale.

Sale is for cash and each successful bidder must furnish 5% of the purchase price as a down payment and enter into a purchase agreement on or about December 20, 2002.

CLOSING DATE ON THIS PARCEL WILL BE ON OR BEFORE DECEMBER 27, 2002.

Please direct any inquiries or requests for full legal description to:

Border State Bank of Greenbush

NOTICE TO READERS

While work-at-home advertising is often legitimate, we advise readers to fully investigate the background of any company before paying a fee. If an offer sounds "too good to be true," it probably is. Proceed with caution if you are asked to send money or in calling 900 numbers. All phone numbers prefixed by "900" are charged to the caller on a per minute per call basis. Remember, if you have any doubts, investigate.

KUHN Farm Machinery
A World of Innovative Designs

KUHN MOWER CONDITIONERS

- **Diamond Block™** conditioning rolls provide more uniform conditioning than standard chevron rolls and are the only rolls designed specifically to work with a disc cutterbar.
- **Constant Float™** suspension with **Pro-Active Lift™** provides the greatest range of header flotation and near constant ground pressure over the full flotation range minimizing scalping and topping over field irregularities.
- Kuhn's low profile cutterbar for clean cutting and reliability featuring the **Protecta-drive™** cutterbar protection system.
- **Gyrodine™** swivel hitch allows unimpeded maneuvering to maximize productivity by minimizing time spent turning on headlands. An economical drawbar hitch is also available.
- **Vibration Damping Mounts** are used on all sub-assemblies which isolate cutterbar and drive components for smooth operation and a long service life.

14 disc mower conditioner models available in 5 working widths from 8'2" to 16'

Three local groups recently assembled 127 shoeboxes for Operation Christmas Child. The boxes, which contain hygiene items, school supplies, toys and clothing, will be given to children in Third World countries.

Northwest Medical Center expands Infant Bereavement Program

(Continued from Page 1)

shielded from harsh realities. Of course, this was done in kindness. Changes that have since taken place, came about from suggestions from the families involved in these situations.

Today, Northwest Medical Center's Infant Bereavement Program addresses the grief by arming the family with information about miscarriages and stillbirths, providing support through individual attention, and through a ceremony that provides the family an opportunity to find closure.

Kjono said the literature folders that are provided to the families, includes information on miscarriage and stillbirth. There are pamphlets for fathers, grandparents and siblings. There are pamphlets written in Spanish for non-English-speaking families. And, the pamphlet includes a list of support services, such as, the Northwest Medical Center's obstetrics department, the Mental Health Unit, and regional and national support programs.

Kjono said families also are encouraged to visit with their clergy.

The experienced staff at Northwest Medical Center believes physical momentoes also help parents and families address the need to recognize the fact that there was a pregnancy. In addition to the literature, the family is given a momento box and small stuffed lamb. For babies under 20 weeks in gestation, families get a momento box containing a little pillow, card, baby ring and book. Inside the book, families are able to write down their feelings, or, if they chose, to write down the names they were planning to give their baby.

For babies 20 or more weeks in gestation, families receive a momento box containing gowns, hats and blankets. The clothing is custom-ordered and sized according to the baby's age. They also get a booklet in which the baby's picture, footprints and lock of hair can be placed.

It's also important to establish a rapport with the family. Families often need to talk about the experience and because some parents may feel alone or afraid. Kjono not only sends a sympathy card, but conducts follow-up calls to families for six months, or longer, if needed. Another sympathy card is sent on the one-year anniversary of the miscarriage or stillbirth too.

Finally, staff at Northwest Medical Center believe it's important to provide an opportunity for parents and families to find closure through a ceremony. This ceremony and burial service, which is for all the babies lost through miscarriage or stillbirth, is held each May and October.

The babies are buried at Greenwood Cemetery's "Babyland," and at no cost to the families, Johnson-Green Funeral Home handles the arrangements. A single white rose is donated by local flower shops for the ceremony. And, the grave site is donated by Greenwood Cemetery. Kjono said, a member of the clergy is asked to conduct the service, and a solo musician asked to perform for the ceremony.

This service is not just for baby's who have passed away since the last service, or to immediate members of the family. Extended family, friends and health care providers are invited to attend. "We encourage people to come to the burial service. Although they may have lost a baby many years ago, individuals may still have a need for closure," said Kjono.

There's significant support for the program in the community. Initially, Northwest Medical Center Auxiliary covered program costs. Now the Northwest Medical Center Foundation provides funding for the program.

While grief over such a loss may never be personally satisfied, doctors, nurses, clergy and businesses in the community are all sharing their support for parents and families.

The Little Lamb Memorial Tree will provide families another opportunity to remember their children.

At 6 p.m. on Monday, Dec. 9, an official dedication and lighting ceremony will be held for the Little Lamb Memorial Tree, which is located in the lobby of Northwest Medical Center. The tree will be decorated with ornaments dedicated to the babies.

Anyone who has ever lost a child through miscarriage or stillbirth, is invited to dedicate an ornament for the tree. If a family member so chooses, the ornament will list the name and birth date of the child. The ceremony will include a short service, a musical tribute by a local youth group, and cider and cookies. The public is invited to attend this event. After the holidays, families may claim the ornaments.

There is no charge for the ornaments. The Northwest Medical Center Auxiliary provided funding for the tree and the ornaments. Anyone who wishes to donate to the Invant Bereavement Program may do so through the Northwest Medical Center Foundation.

For more information, or to place a name on an ornament, contact Northwest Medical Center at 218-681-4240.

GREAT GIFTS FOR GARDENERS

For a limited time only!

Phillips' Quality Gardens has the following gift combinations available to help make this holiday season the greatest for the gardener in your family.

Hockey excitement building

Grand Forks/Thief River Falls on short list of hosts for Junior Hockey Championship

by David Hill
Editor

The word has been given to continue to move forward with construction at the Ralph Engelstad Arena in Thief River Falls. Last Sunday, Betty Engelstad and her daughter Kris Engelstad McGarry toured the Ralph Engelstad Arena in Thief River Falls, and were very pleased with what they saw, according to Dale Wennberg, and Madelyn Vigen, project coordinators.

Wennberg said Kris and Betty, Owen Netz, their attorney, and Jeff Cooper, their accountant and a delegation from the Ralph Engelstad Arena in Grand Forks toured the construction site for the $10 million facility.

In the wake of Ralph Engelstad's death on Nov. 26, the announcement was reassuring to officials in Thief River Falls, who are in the process of raising another $3 million for the project, and making plans for hosting future events.

For months now, rumors have been circulating throughout the community that plans were being made for United States Hockey Hall of Fame college game at the new arena.

Wennberg acknowledged that those rumors were true, but that just last week they had decided to put those plans on hold for a year.

Wennberg and Tom Goddard, who has been asked to help facilitate some of the events, are confident about the chances of landing the game at the arena in Thief River Falls, despite their decision to put those plans on hold for a year.

Tuesday afternoon, Wennberg, Vigen and Goddard also acknowledged that the report of Grand Forks and Thief River Falls being on the short list to host the 2004-2005 IIHF World Junior Hockey Championship that appeared in the *Grand Forks Herald* on Tuesday were true.

In terms of its international appeal to hockey enthusiasts, the IIHF World Junior Hockey Championship is third only to the Olympics and the Stanley Cup playoffs. Traditionally, the event attracts thousands of athletes,

(Continued on Page 4)

Recap of News

- Construction at Engelstad Arena in Thief River Falls to proceed
- Plans for a U.S. Hockey Hall of Fame college game are put on hold for a year.
- Grand Forks/Thief River Falls bid is among top three vying for IIHF World Junior Hockey Championship.

KEEPING WATCH AROUND THE REGION

April Schelnoha

Kittson Central board attempts to prioritize budget cuts

Kittson County - Kittson Central School Board members made an attempt to prioritize budget cuts at a special meeting in Hallock, Dec. 4.

No decisions were made, and another meeting was set for this Wednesday, Dec. 11, to further discuss the proposals.

The Dec. 4 special meeting came on the heels of an earlier meeting, which allowed two different committees to present their ideas on ways to reduce the budget by $200,000 next school year.

Some of the previously discussed ideas included technology budget reductions; requisition reductions; the elimination of one bus route; the elimination of extra-curricular shuttles; music reconfiguration; the reduction of staff in the high school art department and elementary media department; and the elimination of one elementary staff position. - *Kittson County Enterprise, December 11, 2002, by Cindy Stewart*

Deer management organization starts branch in Greenbush

Greenbush - The Quality Deer Management Association (QDMA) has established a new branch in Greenbush, its first in Minnesota. Known as Northwest Minnesota First Branch, it joins 52 QDMA branches nationwide in the effort to serve communities while helping manage deer herds and preserve hunting heritage.

QDMA is a national nonprofit wildlife conservation organization headquartered in Watkinsville, Ga. It focuses on educating hunters, landowners, natural resources, professionals and the general public about sound deer management principles, including restraint in harvesting young bucks, adequate harvest of adult does and safe and ethical hunting. Other interests include assisting with deer research and recruiting and educating new hunters. - *The Tribune of Greenbush, December 11, 2002*

City 2003 budget and tax levy adopted

Warroad - On December 9, the Warroad City Council adopted a 2003 City General Fund budget of $1.6 million with a property tax levy of $504,615. The property tax levy represents a five percent increase over 2002. There were no increases in the Debt Service Tax Levy, Port Authority Tax Levy and Airport Levy amounts.

Council members approved a two and a quarter percent wage cost of living for city employees. Due to good claims experience and past coverage changes, the city only had a five percent increase for health insurance premiums. The statewide trend is 15 to 20 percent increases for health insurance.

A new budget provision includes compensation for fire officers, including the Fire Chief, Assistant Fire Chief and Secretary. Fire officers will receive $100 per month beginning in January 2003 for their dedicated service to the community. Warroad Rescue Squad ambulance rates will increase four percent for 2003 to ensure that the ambulance service covers operational costs. - *Warroad Pioneer, December 11, 2002, by Kathy Unertl*

"Let the Nations Sing"
LHS Choirs prepare for holiday concert

David Edwards, Ryen LeCoursiere, and Danny Christensen were among the Lincoln High School Choir students rehearsing for their holiday concert on Dec. 16.

The 165 voices of the Lincoln High School chorus, under the direction of Darcy Reese, will fill the Lincoln High School Auditorium with a joyful noise. Their world music concert, entitled "Let the Nations Sing" begins at 7 p.m. on Dec. 16, and features holiday pieces from many different countries.

Kmart shares holiday spirit with area youth

by April Schelnoha
Reporter

At 7:30 a.m. Saturday, they gathered en masse waiting to walk through the aisles searching for Christmas gifts. They received their directions, and then they were told with whom they were paired. These pairs of Little Brothers/Little Sisters, grabbed their carts or baskets and headed in all directions.

Fittingly, "Just the Two of Us" by Grover Washington and Bill Withers was playing on the loudspeaker at Kmart. For some, it took a moment to determine if this was the gift for that special someone. Courtney Verbut quickly chose one gift and moved on to another. For others, it took a while to decide whether this was a perfect gift. A seven-year-old boy cautiously contemplated which one of his three options was right for his 10-year-old sister.

Besides selecting gifts, some participants had to dodge their siblings' prying eyes. They turned the corner, and before they knew it, they were face-to-face with one of their siblings. They scurried out of the way, making sure the sibling did not see the gifts.

This was not your typical shopping trip. For at least seven years, Kmart has been allowing Little Brothers/Little Sisters participants pick Christmas gifts for their families for free. Each child is able to select $15 worth of items for their families.

Kmart Manager Nick Bosh said the kids never forget the experience. Years later, the kids will approach him because they remember the time they were able to select gifts for their families. This year, 29 kids participated with 32 adults helping them.

Little Brothers/Little Sisters Coordinator Sue Dupree said, "It helps the kids learn to be givers, not receivers because they're buying for their families, not themselves."

Some participants have been matched with Big Brothers or Big Sisters. Others like 11-year-old Anthony Hammond have been waiting to be matched up with a Big Brother or Big Sister. Hammond has been waiting to be matched up for a month. On Saturday, he shopped for his mother and sister.

For the event, he was paired with Chris McLean of the Thief River Falls Coaches Association (TRFCA). McLean said, "It's got me in the Christmas spirit. I haven't done any Christmas shopping yet."

Unlike Hammond, Verbut has been matched for four years with Big Sister Kay Steiger. As Steiger put it, they "pre-shopped" Friday

(Continued on Page 4)

Anthony Hammond (right) and Chris McLean select a Christmas gift for one of Hammond's family members. Hammond is a member of the Little Brothers/Little Sisters program. At no charge to program participants, Kmart gave them an opportunity to select Christmas gifts for family members. McLean is a member of the Thief River Falls Coaches Association.

Carving a trophy

Lucky K Woodturning carves out a niche in market

by Jenny Nicholson
Reporter

By New Year's Eve, all deer hunting will come to a conclusion. For the majority of hunters, who use firearms, the season is already over and some of the lucky ones have brought home the prize they were looking for - a big, huge rack.

The rack is a symbol of the prowess of the hunter - a trophy, of sorts. But what do you do with it when your wife won't let you mount it and hang it on the living room wall for all to see? You convert it into something useful, something you can carry with you at all times, something you can whip out on any occasion and tell the tale of how you brought home the big one last fall, something like a pen.

Actually, you can turn your rack into much more than a pen. You can have key rings, letter openers, knife handles, frames, desk sets, perfume applicators, and many other items made from deer antlers. The place to go to have this done is called Lucky K Woodturning Pens and Stuff in Clearbrook. The man who does it is Kelly Knutson.

Kelly's story began in 1990, when he was doing his holiday shopping. He didn't have a lot of

(Continued on Page 6)

◀ Pictures of the handmade wood and deer antler items made by Kelly Knutson hardly do them justice.

▶ These are just a few of the items Kelly Knutson makes out of wood and deer antler at his business, Lucky K Woodturning Pens and Stuff. Some of the unique pieces include pens, key rings, letter openers, knife handles and many other items and can be found on the internet at www.luckykpensandstuff.com.

ADDITION TO PREVIOUS RECIPE: To your copy of the Pecan Pie Bars, add that the crust should be baked 7-10 minutes at 350 degrees until lightly browned around edges.

CHRISTMAS COOKING

Make this cranberry coffee cake to share with friends during the holidays:

CRANBERRY SOUR CREAM CRUMBLE

1/4 cup chopped almonds
Topping:
1/2 cup flour
1/3 cup sugar
1/4 cup chopped almonds
1/4 cup butter, melted
1/4 teaspoon vanilla
Coffee Cake:
1 cup sugar
1/2 cup butter, softened
1 teaspoon vanilla
2 eggs
2 cups flour
1 1/4 teaspoons baking powder
1/2 teaspoon soda
1/4 teaspoon salt
1 (8 ounce) carton (1 cup) light sour cream or dairy sour cream
1 cup whole cranberry sauce

Heat oven to 350 degrees

Sprinkle 1/4 cup chopped almonds on bottom of greased 9 inch spring form pan or 10 inch tube pan. Set aside.

In medium bowl, stir all topping ingredients (which include an additional 1/4 cup pecans) until crumbly. Set aside.

In large mixer bowl, combine 1 cup sugar, 1/2 cup butter and 1 teaspoon vanilla. Beat at medium speed, scraping bowl often, until well mixed (1-2 minutes). Add eggs and continue beating 1-2 minutes.

Combine flour, baking powder, soda and salt and add alternately with sour cream until well mixed (1-2 minutes).

Spoon half of batter into prepared pan and spread to cover bottom. Spoon cranberry sauce over batter and spread to edges. Spoon remaining batter over cranberry sauce and spread to cover. Sprinkle topping over batter.

Bake 70-85 minutes or until pick inserted in center comes out clean. Cool 10 minutes on wire rack before removing sides of pan. Serves 12.

Nutritional Information: One serving (with light sour cream) is 380 calories, 6 g protein, 54 g carb, 17 g fat, 70 mg chol and 270 sodium.

ORANGE SPICED GINGERBREAD COOKIES

1/3 cup packed brown sugar
1/3 cup butter, softened
2/3 cup light molasses
1 egg
2 teaspoons grated orange peel
2-3/4 cups flour
1 teaspoon ginger
1/2 teaspoon soda
1/2 teaspoon salt
Frosting:
4 cups powdered sugar
1/2 cup butter, softened
3-4 teaspoons milk
2 teaspoons vanilla

In large mixer bowl, combine brown sugar, butter, molasses, egg and orange peel. Beat at medium speed, scraping often, until smooth and creamy (1-2 minutes). Add all remaining cookie ingredients. Reduce speed to low speed and continue beating, scraping bowl often, until well mixed (1-2 minutes). Cover and refrigerate at least 2 hours.

Heat oven to 375 degrees.

Roll dough, half at a time (keeping remaining dough refrigerated), on well-floured surface to 1/4 inch thickness. Cut with 3-4 inch cutters and place 1 inch apart on greased cookie sheets.

Bake 6-8 minutes or until no indentation remains when touched. Cool completely.

In small mixer bowl combine all frosting ingredients. Beat at low speed, scraping bowl often, until fluffy (1-2 minutes). If desired, color frosting with food coloring. Decorate cookies with frosting. Recipe makes 4 dozen cookies. Each cookie is 100 calories, 1 g protein, 18 g carb, 3 g fat, 15 mg chol and 70 mg sodium.

This traditional butter cookie can be made in other flavors too, to make a delectable cookie tray:

SPRITZ

2/3 cup sugar
1 cup butter, softened
1 egg
1/2 teaspoon salt
2 teaspoons vanilla
2-1/4 cups flour

Heat oven to 400 degrees.

In large bowl, combine all ingredients except flour. Beat at medium speed, scraping bowl often, until mixture is light and fluffy (2-3 minutes). Reduce mixer to low.

Add flour and continue beating, scraping bowl often, until well mixed (2-3 minutes).

If desired, add the ingredients from one of the following variations.

If dough is too soft, cover and refrigerate until firm enough to form cookies (30-45 minutes). Place dough in cookie press and form desired shapes 1 inch apart on cookie sheets. Bake 6-8 minutes until edges are lightly brown. Recipe makes 5 dozen cookies.

VARIATIONS:

Spiced Spritz: To dough add 1 teaspoon cinnamon, 1 teaspoon nutmeg, 1/2 teaspoon allspice and 1/4 teaspoon cloves. To make glaze, stir 1 cup powdered sugar, 2 tablespoons milk and 1/2 teaspoon vanilla. Drizzle over warm cookies.

Eggnog Spritz: To dough add 1 teaspoon nutmeg. To make glaze, stir 1 cup powdered sugar, 1/4 cup softened butter, 2 tablespoons water and 1/4 teaspoon rum extract. Drizzle over warm cookies.

Pina Colada Spritz: Omit vanilla in dough recipe above and add 1 tablespoon pineapple juice and 1/4 teaspoon rum extract. Stir in 1/2 cup finely chopped flaked coconut. For frosting, combine 1 cup powdered sugar, 2 tablespoons softened butter, 2 tablespoons pineapple preserves and 1 tablespoon pineapple juice. Beat at medium speed, scraping bowl often, until light and fluffy. Spread on cooled cookie. Sprinkle with toasted coconut, if desired.

Chocolate Mint Spritz: To dough add 1/4 teaspoon mint extract. Immediately after removing cookies from oven, place 1 chocolate candy kiss on each cookie.

Chocolate Flecked Spritz: To dough add 1/4 cup coarsely grated semi sweet chocolate.

I made these last year and added extra flour to keep them together. They were very good - rich and delicate - like chocolate teacakes:

CHOCOLATE SNOWBALLS

1-1/4 cups butter
2/3 cup sugar
1 teaspoon vanilla
2 cups flour (maybe a little more - enough so that they are not sticky and will be easy to roll after chilling)
1/8 teaspoon salt
1/2 cup cocoa
2 cups chopped pecans
1/2 cup powdered sugar

Cream butter and sugar until light and fluffy. Stir in vanilla.

Sift together the flour, salt and cocoa. Stir into the creamed mixture and then mix in pecans. Cover and chill for at least 2 hours.

Heat oven to 350 degrees. Roll chilled dough into 1 inch balls. Place on ungreased (I always grease my cookie sheets, even if slightly, and I would grease these, since the cookies have a tendency to fall apart) cookie sheets about 2 inches apart. Bake 20 minutes. (If cookies break when removing from sheet, let stand for a minute or two and be sure you have enough flour in batter.)

Cool and then roll in powdered sugar.

More little delicacies to treat your guests - I'm going to make these this year:

PECAN MELTAWAYS

1 cup butter, softened
1/2 cup powdered sugar
1 teaspoon vanilla
2-1/4 cups flour
1/4 teaspoon salt
3/4 cup finely chopped pecans
Additional powdered sugar

In bowl, cream butter, sugar and vanilla. Mix well.

Combine flour and salt and add to creamed mixture. Stir in pecans and chill.

Preheat oven to 350 degrees. Roll into 1 inch balls and place on ungreased baking sheets. Bake 10-12 minutes. Roll in powdered sugar while warm. Cool and then roll in sugar again.

DEATH NOTICES

Reuben Lockren, 78

Schroeder - Reuben E. Lockren, 78, formerly of Thief River Falls, died on Monday, December 9, 2002 at his home.

A complete obituary will appear in the next edition of *The Times*.

M. Synneva Seielstad, 92

Grand Forks, N.D. - M. Synneva Seielstad, 92, died on Monday, December 9, 2002 at Tufte Manor.

Funeral services will be held on Saturday, December 14 (today) at 3 p.m. at Amundson Funeral Home in Grand Forks, N.D. Visitation will be held for one hour prior to the service. Interment will be in Resurrection Cemetery in East Grand Forks.

A complete obituary will appear in the next edition of *The Times*.

Daryl Colden, 64

Warroad - Daryl Colden, 64, died on Sunday, December 8, 2002 at his home in rural Warroad.

Funeral services were held on Thursday, December 12 at Zion Lutheran Church in Warroad. Interment was in Greenwood Cemetery in Thief River Falls.

A complete obituary will appear in the next edition of *The Times*.

State Patrol interdicts bomb, illegal drugs

In two separate incidents over the weekend of December 7, alert Minnesota state troopers located significant amounts of contraband material during routine traffic stops.

"These events are a snapshot of the services that state troopers provide to Minnesota citizens," said State Patrol Col. Anne Beers. "Having troopers on the road, and on patrol, has a critical impact on safety and security in this state."

Trooper Jeff Pinoniemi stopped a Ford pickup on Highway 210, east of Hewitt, for speeding at about 1 p.m. on Friday, December 6. After arresting the two male occupants on outstanding warrants and impounding the vehicle, Pinoniemi conducted an inventory search of the pickup.

During the search, Pinoniemi found a suitcase containing a canister with a blasting cap attached by duct tape. A bomb squad from Brainerd x-rayed the container before disarming the device and determined that it contained one-and-a-half pounds of military-grade TNT.

Local FBI agents assisted the State Patrol in questioning the vehicle occupants. The driver is expected to be charged with possession of explosives.

Trooper Doug Rauenhorst stopped a Nissan pickup with a headlight out at about 2 a.m. on Monday, December 9 on I-35 in Rice County. Rauenhorst, who noted a number of discrepancies in the driver's responses to routine questions, became suspicious. When given a verbal consent to search the vehicle, he brought out his canine partner, Sonja.

The four-year-old Belgian Malinois brought Rauenhorst's attention to the passenger door area. Rauenhorst, who observed that the vehicle had recently been repainted, found a false bottom on the bed of the pickup. Upon prying open the false bottom, he found 165.2 pounds of marijuana packed in duct tape and coated with axel grease to mask the odor. The estimated street value of the drugs is approximately $165,000.

Hockey excitement building

(Continued from Page 1)
coaches, spectators, scouts and spectators from throughout the world.

Wennberg said he expects that the tournament would draw more than the 15,000 people estimated.

Ten teams comprising a total of about 500 people, which includes team officials and players participate in the tournament each year. The teams are comprised of the best hockey players in the world who are between the ages of 18 and 20. Because these young players are considered the best in the world, it is a major scouting event.

It also brings in the spectators. This year the tournament is being held in Halifax, Nova Scotia. Goddard said that in 14 days officials sold 5,000 packages at $600 each for the event in Nova Scotia.

Thief River Falls representatives have been told that the 2004-2005 event will be held in the United States. The United States has only hosted the event four times since the inception of the IIHF World Junior Hockey Championship began in 1982.

The Grand Forks/Thief River Falls bid and two others were selected from among 28 bid applications to be reviewed by the site selection committee. The three finalists are Grand Forks/Thief River Falls, Columbus, Ohio, and Omaha/Lincoln, N.E.

Last Sunday, a five-panel board that makes up the site-selection committee for USA Hockey visited Grand Forks to hear bid presentations from local officials. Vigen said they could know in a couple of weeks which site will be selected.

Wennberg said he was glad to have been a part of the presentation. "It was very impressive."

In attendance were North Dakota Governor John Hoven, Sen. Byron Dorgan, Tom Clifford, UND President Charles Kupchella, Maj. Mose of Grand Forks Air Force Base, Earl Strinden and several other individuals, including the Thief River Falls delegation. The five members of the site selection committee were Doug Palazzari, executive director of USA Hockey, Ron DeGregorio, vice president, chairman of the International Council, Art Berglund, senior director International Administration, Chris Trineeri, director, corporate marketing and consumer products, and Jim Johannson, manager international activities and USOC relations.

Vigen said Grand Forks and Thief River Falls were given one and one-half hours for their presentation. Site selection officials also toured the Ralph Engelstad Arena in Grand Forks. They did not tour the facility in Thief River Falls, but, said Vigen, they were very impressed by the plans for the Thief River Falls facility, and could not believe it was for high school teams.

Vigen and Wennberg said the site selection committee seemed moved by the kind of impact this event would have on the communities of Grand Forks, Thief River Falls and other surrounding communities.

As many as 5,500 rooms could be needed to house spectators, officials, and athletes. These athletes and spectators could be expected to reserve accommodations from as far away as 150 miles away from the arena, so many communities in the area could be affected by such an event.

They were also favorably disposed by the communities' geographic relationship to Winnipeg, which in 1999 held the most successful IIHF World Championship to date. If the event were held in Grand Forks and Thief River Falls, it's very likely that it could bring a large number of Canadians down for the event.

Vigen said they also seemed impressed with the facility's location in relationship to the University of North Dakota, the availability of interpreters, and security, which may be provided through the Grand Forks Air Force Base.

If the Grand Forks/Thief River Falls bid is chosen, Grand Forks will be renting the Ralph Engelstad Arena in Thief River Falls. The bid package does not contain a financial obligation from the City of Thief River Falls. The Engelstad Arena in Thief River Falls would host non-medal rounds, and may provide a site for team practice. Other nearby communities may also be able to provide ice time for practices.

If this is the first example of the kind of cooperation Thief River Falls can expect from the Ralph Engelstad Arena staff in Grand Forks, Wennberg said he was very impressed. And, he said, they indicated they would provide whatever assistance they can provide. Thief River Falls, however, will need several volunteers.

Wennberg, Vigen and Goddard are encouraged by the city's chances of being the sister site for the tournament. The whole process was interesting and very encouraging. Wennberg and Goddard were also surprised that they personally knew three of the five members of the site selection committee through their experiences in hockey. It's very possible that Rick Looker of Thief River Falls, who has officiated at the international level and will be at Nova Scotia this year, could be one of the referees, as well. Of all these connections, Wennberg said, "It makes the world a lot smaller."

What do they look for:

According to bid guidelines, the site selection committee looks at the communities, a business plan, finances, volunteer operations, marketing and sales potential, broadcast rights, merchandising, protocol, ceremonies, arena facilities, hotel accommodations and food services, transportation, media services, accreditation and security, warehouse/storage, team services, special events, medical facilities and insurance.

Kmart shares holiday spirit with area youth

(Continued from Page 1)
night. They determined what they could get for Verbut's family on their limited budget. Within 15 minutes, they were already at the checkout. (For accounting purposes, the items had to go through the checkout).

Steiger said, "It's so nice that [Kmart] does this."

Little Brother Travis Bradshaw, 10, shopped for his brother, sister and mother. Bradshaw shopped with his Big Brother Ted Kirchner.

About the experience, Bradshaw said, "It's cool."

For over two years, Stephanie Jenkins, 11, has been matched up with Big Sister Gretchen Blount. Jenkins had a long list of people for whom she intended to buy gifts. Jenkins commented that she wanted to buy gifts for her mom, dad, godmother and maybe her uncles.

Commenting about the event, Blount said, "I think it's just wonderful. It's an outstanding community service. The kids look forward to it."

Even though her Big Sister was not able to shop with her, 12-year-old Cassie Maurstad participated in the event. Maurstad, who has been in the program since she was seven or eight, shopped for her six siblings. She was paired with another Big Sister Carol Johnson, whose Little Sister decided not to participate.

Johnson said,"It's fun to see the kids look around for things and come up with ideas. Kmart has been just wonderful for this program and other programs."

Khristina Christiensen, 8, also participated in the event. She shopped with Barb Hahn, a program volunteer. Christiensen was shopping for one person, her mom. Hahn has been helping with the program for four years.

On why she volunteers for Little Brothers, Hahn said, "I just think they need the help of the community. If you don't volunteer, they don't have a program."

Hahn was not the only person there who was not a Big Brother or Big Sister. The TRFCA volunteered its time to help the kids select gifts. According to member Shane Zutz, the group was looking for a community service project. Due to the sporting season, the group could not volunteer for a full-day event, so it volunteered for this event.

Currently, there are 49 Little Brothers/Little Sisters. Of those, 18 need to be matched with a Big Brother or Big Sister. For more information, contact Sue Dupree at (218) 681-8711.

NW Minnesota Friends of NRA to hold banquet

The Northwest Minnesota Friends of the National Rifle Association (NRA) will hold its banquet on Thursday, December 19. The social starts at 5:30 p.m., and the dinner starts at 7 p.m. It will be held at the Best Western banquet rooms. Tickets are $20 per person and $35 per couple.

Join fellow gun owners, sportsmen, hunters and NRA members for a fun-filled evening to help raise funds for youth education, firearms safety, training programs, range development, hunter safety classes and Second Amendment education.

For more information, contact Mike at Northern Gun & Pawn, (218) 681-6611 (days), or Jared at (218) 681-1840 (evenings).

Goodridge to hold tree lighting event

The Goodridge Area Historical Society will hold the Tvedt Park Christmas Lighting event at 7 p.m. on Saturday, Dec. 14, in the park.

During caroling in the park, other lighting will take place at the train depot, country store museum and the David M. Brown house. These buildings are owned by the Historical Society.

The Goodridge Senior Center will be open during the activities.

Everyone is welcome to join the Highlanding 4-H Club and Goodridge Area Historical Society members for continued caroling within the city.

The activities will conclude with card games and refreshments. Everyone is welcome to attend all of the activities.

EDITORIAL OPINIONS

Dave Hill, *Editor*

Editorial opinion published under this heading is intended to stimulate thinking and discussion among our readers. Unless specified otherwise, the editorials are written by Editor Dave Hill and do not represent opinion of other staff members. Opinions in items from other publications may not coincide with the editor's own views but are offered for their general interest.

Christmas is still legal in Minnesota

Every Christmas season I hold my breath waiting for the next politically correct footfall. It wasn't too long ago that angel decorotions fell out of favor with the politically correct crowd and they were removed from adoming our city streets. Although I can't remember the last challenge to tradition and culture, it seems we hear of at least one "outrogeous" challenge each year.

Often it seems, we decide to adjust or change because it's just easier not to check to see if a certain activity is legally permissible. And, if we don't change, it gives the impression to others that we're harboring an ugly prejudice. Whether we see it happening or not, a part of a culture disappears whenever this type of censorship takes place. That's why I'm holding my breath.

I don't always agree with the Minnesota Family Council, but I'm thankful that at least in the last couple of years they have made an effort to remind the public that Christmas is still legal in Minnesota.

"Every year we hear concerns raised by parents who have children in public schools where acknowledgement of religious holidays are increasingly eliminated," said Tom Prichard, president of the Minnesota Family Council.

"In past years, we've heard reports of schools which have banned certain Christmas carols, discussing the origin of Christmas, saying 'Merry Christmas' and even the presence of evergreen trees!" said Prichard.

Each year the Minnesota Family Council sends out some helpful guidelines so that these sorts of problems can be avoided.

According to the Northstar Legal Center for the Family and Constitutional Rights, constitutionally permissible activities in government schools related to religious holidays include: singing Christmas carols; the presence of crèche scenes; the use of the words "Christmas Holiday"; studying the Bible; the use of Christmas trees; the distribution of religious materials; such as Christmas cards; students painting a religious picture, writing religious based essays, or delivering religious based speeches; allowing student-initiated Bible studies or prayer meetings; saying "Merry Christmas"; and the use of religious symbols of the cross, menorah, crèche, and Star of David.

I happen to agree with Prichard that the imposition of a politically correct orthodoxy can result in schools becoming culturally sterile and unfriendly to the values and traditions of hundreds of thousands of Minnesotans. More can be learned in schools than reading, writing and arithmetic.

POLICIES

Letters To The Editor: The staff of the *Northern Watch* encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in *Northern Watch* exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Carving a trophy

(Continued from Page 1)
money, but wanted to give some unique gifts. He saw some wood pens in a catalog and decided they would be nice. When he received his package in the mail, the pens were not assembled and didn't have any instructions. Kelly decided to have a go at putting them together himself and found out, to his surprise, he loved it.

Kelly has always liked crofting things out of wood. "Ever since I can remember, I've liked to work with my hands," he says.

After a while, he was not only making pens out of wood, he was making key rings, letter openers, knife handles and numerous other items out of deer antler, as well as wood.

Kelly says the possibilities for what he could make are endless, limited only by his own imagination. "I really put myself into it," he says. Always thinking of his next inventive craft, he even dreams about new items and has to get up in the middle of the night to write down his ideas and sometimes he even starts working on them.

His hobby starting turning from a pastime into a business, with people from all over the area placing orders with him to have their antlers made into usable keepsakes. Soon, he decided to quit his day job and turn woodturning and his antler crafting into a full-time career.

Now, most days of the week, Kelly can be found in the tiny shed he uses as a workshop, creating new items and turning out orders for his customers and friends.

Kelly orders the wood he uses from two different companies and doesn't spare on quality. He prides himself on making the best quality items, and to do so, he uses the best woods possible. His antlers always come from Minnesota Whitetail deer, unless he has a specific request when other kinds of antlers are brought to him.

Occasionally, he trades the items he makes for antlers. "My mom says I trade too fair," he says, but he equates his business practice to the game of backgammon, "I don't care if I win or lose, I just like to play the game."

When someone has antlers that they would like to have made into something, Kelly tries to accomodate to the best of his ability. The situation is the same when he fills an order with his wood items. He recounted the time a woman called him a few days before Christmas and wanted 27 pens made out of wood - and she wanted them in time for Christmas. Kelly obliged and went to work. Beginning at 8 a.m., he worked straight through until 5 a.m. the next day and finished all 27 pens. After express shipping them to the customer, he found she was more than delighted, although he said it was a lot of work and probably wouldn't subject himself to that kind of rigorous schedule again.

The schedule he does keep is one many people would envy, yet requires discipline and a good work ethic. "I'm not bound by patterns or formats," Kelly says of the hours he chooses to work. He works when he wants, but always get his projects done in a timely manner, taking care to produce the high-caliber items he's become known for.

His schedule also accommodates his home life, which includes helping his parents out around the house and on their land. Kelly says he loves the Clearbrook area and after being away for a while when he was younger, he returned and plans to make it his home for good.

Several times a year, he goes around to area craft shows. His mother, Shirley, goes with. Shirley has talents of her own as she makes homemade dog treats and does quite a bit of knitting. The two of them share a table at the croft shows, although Kelly says he gets pretty tired just sitting all day. "I'd rather work a 12-hour day," he says.

A more recent addition to his business, the Lucky K website (www.luckykpensandstuff.com) has also helped him keep busy. Kelly says the website is a little slower than he anticipated, but has brought his business to international realms. He has some customers that place orders from Germany, Norway, Sweden and all over the United States.

While Kelly has kept himself busy creating his wood and antler pieces, and occasionally rebuilding some furniture, he relishes his decision to change jobs. Although "job" isn't really the term Kelly would use to describe his work. He genuinely loves what he does, even though he says he doesn't make a lot of money.

"Money can't buy the things that are really important," he notes. What's important to him is being able to do what he likes and finding time to spend with his family, his friends, and his two good buddies, Kesia the dog and Jake the horse.

Of all the ups and downs in life, even with a missing finger (hence his nickname, "Stubby"), Kelly has learned an important lesson and sticks by it. "You've got to love what you do and you've got to make the best of everything."

Grygla Lions sponsors successful blood drive

Blood drive coordinator Ralph Rundell, along with the Grygla Lions, have coordinated and sponsored another successful Grygla/Gatzke/Skime blood drive. A total of 71 people volunteered to donate, from which 62 units of blood were collected. Five donors donated on the automated 2RBC machines. Eight donors were first-time blood donors.

Rhonda Ellefson, Community Relations Representative for United Blood Services, said, "Communities like Grygla, Gatzke and Skime make a regional blood program work. People volunteer to donate when there has been a well organized campaign, informing the public of the need for blood."

Those who assisted the day of the drive included Ione Aune, Roy Nordby, Lynette Jelle, Marie Konickson and Wayne Konickson. Space to hold the drive was provided at the Grygla Community Center.

On behalf of the patients who benefited, United Blood Services appreciates all the thoughtful people who volunteered to help others by giving of themselves.

Blood is for sharing; you have truly given the "Gift of Life."

THE LYON'S SHARE

Tim Lyon

Florida Flora and Fauna

Trips to Florida are a rejuvenating experience. Ponce de Leon realized exactly that, when he journeyed to the southeastern panhandle centuries ago in a manic search for the elusive fountain of youth. I, once again, realized the curative effects of such a visit this past month when I headed to the gulf coast to meet with family. I hadn't been there in a number of years and was pleased to learn that even the onset of middle age doesn't diminish the special nature of a Florida trip. *Of course, what* was hugely important to me decades ago, now occupies a back seat in my present day thinking patterns. Priorities from younger years like screaming recklessly down water slides, athletically bodysurfing the rolling ocean swells into mere inches of frothy foam, and hours of unabashed ogling at the miniscule nature of postage stamp-sized bathing suits as they jounced their way past me along the beach have been replaced by more mature activities. Like hours of unabashed ogling at the miniscule nature of postage stamp-sized bathing suits as they jounce their way past me along the beach.

However, putting thoughts of swimwear aside, (which, ironically, is probably just what most of the middle age oglers were actually doing) I was enlightened on another front during my trip south. The outdoors front. It seems that Minnesotans, despite their contentious and open-aired character on such subjects as walleye limits, deer management, and Sturgeon tags, are not alone in opinions relating to the out of doors.

One of our Florida side trips was a canoe effort at Manatee viewing. Manatees are large, slow moving, dolphin-like herbivores that congregate in southern backwaters during the onset of winter. Like white-tailed, north woods deer, they are ghostly in nature, appearing at the water's surface for several moments before slipping quietly out of sight into the murky depths. Apparently it was manatee sightings that fueled the earliest of Mermaid legends, though despite getting dozens of good photos of the gentle giants, I never saw one that would have looked good in a bikini.

Because of their large size and their tendency to frequent the shallow, warmer, cypress-stained channels in the winter, manatees are often hit by boats. And therein lies the crux of Florida's manatee issues. A manatee's only real natural threat is a powerboat. Many of the backwaters we paddled through were unavailable to power-boaters. Manatee numbers, you see, have declined to such fragile levels during the last century that federal protection has been afforded to these wintering regions.

Now all that sounds well and good unless, of course, unless you happen to be someone who owns property along one of these channels and want to resell the land or if you're a sportsman who likes to fish and boat in there. The original federal protections were instituted with an eye toward doubling the manatee populations from the low levels of the early 90's. In short, the public agreed to take it easy on these elusive creatures until their numbers rose from about 2,000 animals to 4,000. So we have a compromise.

Enter 21st century technology. Aerial photography takes huge leaps forward and the resolution of each census picture becomes so defined that manatee counts are no longer vague estimates of generalized herds, but exact identification and tally of individuals based on the scar patterns left behind by encounters with boat propellers. Such specific tabulation now puts manatee populations at far greater levels than originally thought. In fact, estimates now almost double the numbers that biologists originally estimated. That's good, right? Well…

The issue was a hot one during our Florida stay. In just two hours of puddling, we came across and were filmed by two loads of boatborne television cameras. Back on dry land we were actually a small part of a television interview with a third station. (I think the newscasters were a little frustrated to learn I had no input on the manatee subject and were bored with a recap of my 2002 deer hunt). On the one hand were sportsmen and land owners seeking to reclaim rights that had been assured by growth in the manatee populations. On the other hand were environmentalists claiming that technologically enhanced numbers were not the original goal, but rather proof that manatee populations could be revitalized. Heck, all this outdoor based argument – it was just like being back in Minnesota. Only it was warm.

Ahh. There's nothing like the rejuvenating quality of an off season trip to a warmer climate to make you realize just how similar people across this country really are. Even if they do wear different sized bathing suits ^

State and federal extended benefits to end

Notices are being mailed to approximately 13,500 Minnesotans advising them of the ending date of December 28 for two extended unemployment benefits programs, according to Minnesota Department of Economic Security Commissioner Earl Wilson.

The United States Congress recessed for the year without passing an extension of the federal emergency unemployment program. Individuals who qualified for that program had to meet the following requirements: filed an initial unemployment benefit account on or after March 19, 2000; exhausted unemployment benefits or have passed their "Benefit Year" ending date (52 weeks after their initial claim); be unemployed or underemployed for weeks beginning March 10, 2002 or later; and had a sufficient work history prior to the claim.

Minnesotans who did not qualify for the federal program were eligible for a special state extension, which will also end on December 28. To date, the two programs have paid out over $166 million this year in extended benefits to eligible Minnesotans.

Individuals who are eligible for any extensions of unemployment benefits that may be enacted into law in the future will be notified by mail.

For further information, go to www.mnwfc.org or call the unemployment information line at 1-877-504-5050.

UP HERE, SHARING KNOWLEDGE IS SECOND NATURE.
Northern Minnesota is known for hospitality. So it's no surprise that our best and brightest are coming together in one information-rich Web community, The Northern Tier High Technology Corridor. If you haven't been there yet, you should. It's fast becoming northern Minnesota's most comprehensive source of technology, educational and business information. The best way to learn about it – not to mention learn from it – is to logon and start exploring. We can't wait to see what you have to contribute.

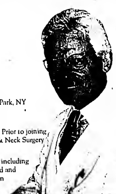
LHS choral students to perform

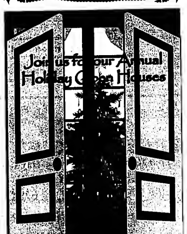
On December 16, Lincoln High School (LHS) choral students will present their World Music concert. The concert, which will be held at 7 p.m. in the LHS auditorium, is free. However, the choir is asking for help in funding the auditorium chair project.

LHS hopes to have new auditorium chairs for the 2004 All School Reunion. This is a huge project as each of the 850 chairs will cost between $150 and $170. Donation drop-off spots will be located outside of the auditorium doors after the concert. The choir hopes to get a great start to this needed project. It is anxious to get this project started and make it a reality.

The choral students will be presenting "Let the Nations Sing." The purpose for the World Music theme is to remind listeners that peace is crucial not only to us in the United States, but also to those all over the world and especially during this holiday season. Pieces from China, Ireland, Latvia, Brazil, the United States, Venezuela, Puerto Rico, Spain, Nigeria and India will be featured throughout the evening. Many pieces are fitting for the season, while others are familiar melodies or folk songs of the native countries. Each country will be represented by flag bearers, who show the colors of the country represented. Some pieces are strictly rhythmic and have no text at all; they are simply songs that represent the energy of the country and their people.



Concert directors include Mrs. Darcy Reese and student teacher Mr. John Persell. Since August, Persell has been Reese's student teacher. This will be Persell's first conducting experience. He will be conducting one piece with the Concert Choir, Bel Canto and the Mass Choir. Persell has worked with the LHS Carolers as well. He is a music education student at Bemidji State University.



Beautiful sights and sounds will surround you in the LHS auditorium. Doors will open to the auditorium at 6:15 p.m. Familiar carols will be ringing through the air from 6:15 - 7 p.m., as the carolers bring holiday cheer to all listeners. As you enter the auditorium, you will see a beautifully decorated stage with 40 red and white poinsettias. These plants will be for sale after the concert.

The languages have been very challenging for the singers. For Reese and Persell, it has been rewarding to finally have the students master the languages and even memorize them. There are many instrumentalists in the performance. Percussionists include Jeff Blakely, Shara Guidry, Ryan LaCoursiere, Jesse Lian, Persell and Chad Rosencrans. Piano accompanists include Cathy Hagen, Jillian Larson and Kristi LaSalle. Ben Adamson accompanies the Concert Choir on his bass for a gospel piece representing the United States.

Bring your friends and enjoy a night of fantastic choral music from all over the world. The choir hopes to fill all of its listeners with the excitement of the season and an awareness of peace, not only for our country, but for all nations. Enjoy a night of song!

Fifth graders encouraged to participate in 2003 Arbor Day National Poster Contest

The Minnesota Nursery and Landscape Association (MNLA) and the National Arbor Day Foundation are joining forces to promote the importance of planting and caring for trees. All fifth-grade students in Minnesota are invited to showcase their artistic talents by creating posters reflecting the theme "Trees are terrific...from acorn to oak!"

Teachers and homeschoolers in Minnesota can sign up by contacting Jill Schaffner, the state's contest coordinator and the Industry Education and Marketing Director for the MNLA. Requests can be mailed to Schaffner at P.O. Box 130307, St. Paul, MN 55113, or by sending an e-mail to jillschaffner@mnlandscape.org. Teachers will also receive free ecosystem activity guides, including in-depth lesson plans, hands-on activities and contest information.

"Trees are an important commodity in Minnesota, and we need to share their value with younger generations," said Jim Wilson, president of the MNLA. "This contest allows students to learn about the importance of trees and our state's green industry."

All fifth grade students in Minnesota are eligible to participate in the statewide poster competition, with the winner advancing to the national level. The deadline for state submission is February 28, 2003. The Minnesota state winner will receive four unlimited ride wristbands to Camp Snoopy and two Valleyfair funtificates for free admission. In addition, MNLA will conduct an official tree-planting ceremony at the school of the state winner during National Arbor Day week.

The national winner for the 2003 poster contest will be announced on National Arbor Day, April 25, 2003. The national winner and his or her parents and teacher will receive an expense-paid trip to Nebraska for the National Awards Weekend April 25-27. In addition, the national winner will receive a $1,000 savings bond and lifetime membership in the National Arbor Day Foundation. The winning teacher will receive $200 for classroom materials.

The MNLA is the state's largest green industry trade association with more than 1,300 member businesses including garden centers; landscape contractors and designers; tree and flower growers; irrigation contractors; and lawn, tree and garden services.

The National Arbor Day Foundation is a nonprofit, education organization dedicated to tree planting and environmental stewardship.

The path to the basket for Thief River Falls sophomore Matt Stuckey was blocked by Warren-Alvarado-Oslo defender Chris Riopelle during Tuesday's boys basketball game in the Lincoln High School gym. The Ponies' Jordan Aakre (12) was also involved in the play. The Prowlers won 61-44.

Prowlers beat Warren-Alvarado-Oslo boys 61-44...

Strong start sparks TRF win

It might be too early to call it a trademark of the 2002-03 Thief River Falls boys high school basketball team, but for the second time in two starts, the Prowlers used a strong first quarter to propel them to a win Tuesday, 61-44 over visiting Warren-Alvarado-Oslo.

The same formula produced an opening-day 51-40 victory over Kittson Central a week earlier on the same floor.

Warren-Alvarado-Oslo had its only lead of the night when Ryan Larson scored on the inside off the opening tip.

There were three early ties before the Prowlers went ahead to stay on a 7-0 run that featured a short jumper by Nick Ricks, a fast break lay-up by Matt Stuckey and a 3-point basket by Ricks for a 14-7 advantage with 3:38 elapsed.

The Prowlers hit seven of their first 10 shots and limited the Ponies to just two free throws over the final 5:40 of the first quarter to open up an 18-9 lead at the break.

"That's the second game where we started out shooting the ball really well," pointed out Thief River Falls coach Chris McLean.

Thief River Falls' shooting percentage dropped when Warren-Alvarado-Oslo became more aggressive on defense. "They (Ponies) did a good job adjusting defensively," noted McLean. "They fought through our screens and took away the open shots."

While the shots were maybe harder to come by, the Prowlers still emerged with a 25-19 halftime lead.

It became a double-digit spread when Ricks completed a three point play off a drive and Kyle Gerardy added a free throw for a 36-25 game with 3:36 remaining in the third quarter.

Stuckey, a 6-2 sophomore forward who led all scorers with 24 points, finished the third quarter with a pair of baskets – scoring off a loose ball and then capping a well-executed final possession by hitting a jumper in traffic with 1.9 seconds left – to push the Prowlers' lead to 42-29.

Ricks, a 5-10 junior guard, joined Stuckey in double figures with 16 points. Larson, a 6-2 senior, led the Ponies with 19 points, while Boone Marusko, a 5-11 senior, netted 10.

Thief River Falls shot 47 percent from the field (22/47) and went 14-for-23 at the free throw line. Warren-Alvarado-Oslo shot just 37 percent from the floor (19/52) and had a 6-for-12 free throw night.

"The biggest thing, is that we really got it done on the defensive end," said McLean. "Our kids worked hard. They were on the floor for loose balls, they fought through screens and they blocked out on the boards."

It was a defense led by 5-10 junior guard Joe Field, according to McLean. The coach was also highly complimentary of his bench play, led by 6-2 senior Kyle Gerardy and 6-0 senior Pat Johnson. Gerardy contributed nine points to the offense and Johnson provided strong minutes of relief for the starters, McLean said.

The Prowlers finished with a 32-26 rebound edge over the Ponies, who topped the turnover charts 19-17.

Scoring

TRF - Josh Gerardy 3, Tanner Harlow 2, Eric Grembowski 2, Nick Ricks 16, Joe Field 5, Kyle Gerardy 9, Matt Stuckey 24

TRF wrestlers lose two matches

Bemidji and Little Falls handed Thief River Falls a pair of losses in a Tuesday double-dual high school wrestling outing.

The Prowlers lost to the host Lumberjacks 49-25 and dropped a 37-36 decision against the Flyers.

"Both Bemidji and Little Falls are Class AAA schools who have nice, solid line-ups," pointed out Thief River Falls coach Kenny Geiser. "We were missing Zach Anderson at 135, who would have made a difference. Hats off to Little Falls and Bemidji, though, for wrestling extremely well."

A recent addition to the schedule, the meet was the second outing of the year, but the first dual competition for the Class AA Prowlers, who opened the season at the Wadena-Deer Creek Invitational.

Four Prowlers remain unbeaten, noted Geiser. Carrying 5-0 records are Colt Bergeron, who has five pins while wrestling from 103 to 119 pounds; Jeremy Anderson, who has four pins and a technical fall at 145; and Daniel LeDuc at 130. Gavin Martell is 2-0 with two pins at 152.

Northland women 0-4

■ Pioneers fall to West, Ridgewater

Four games into the 2002-03 season, the Northland Community and Technical College women's basketball team has matched the Pioneers' loss total for the entire 2001-02 campaign.

A year ago, Northland finished 28-3 en route to a second place finish in the National Junior College Athletic Association Division III national tournament. The current squad is off to an 0-4 start following a Dec. 6-7 trip to southern Minnesota that resulted in losses at the hands of Minnesota West 51-44 and Ridgewater 65-48.

Twenty-four Northland turnovers and a major difference in the free throw figures added up to a Minnesota West victory in Worthington, where the Pioneers were a quiet 3-for-4 at the line and the Blue Jays had a busy 20-for-27 free throw night.

Ahead just 22-19 at halftime, Worthington used 18-for-23 second half free throw shooting to open things up.

Ball handling problems followed Northland to Willmar the next afternoon, where they turned it over 26 times in the loss to Ridgewater. The Pioneers trailed 27-19 at halftime.

Sara Gross was the Pioneers' top scorer in both games, netting 18 against Minnesota West and 15 vs. Ridgewater. Alicia Halvorson joined Gross in double figures on Day 2 with 12 points.

Northland shot 26 percent from the field at Minnesota West (18/69) and shot 41 percent at Ridgewater (21/51).

NCTC vs. Minnesota West

	1	2	T
Northland	10	25	44
Minnesota West	22	29	51

Northland - Kelsey Lambert 2, Sara Gross 18, Nikki Gustafson 6, Alicia Halvorson 6, Christel Berube 0, Sara Jensen 0

Minnesota West - Wendy Jones 2, Marjorie Lee 7, Diana Madeen 2, Connie Lewis 13, Patty Docker 18, Brittany Jansen 11.

NCTC vs. Ridgewater

	1	2	T
Northland	10	29	48
Ridgewater	27	38	65

Northland - Kelsey Lambert 1, Sara Gross 15, Nikki Gustafson 6, Alicia Halvorson 12, Christel Berube 6, Jennifer Liesbersbach 4, Sara Jensen 2

Ridgewater - Amy Harkenhoff 5, Monica Ghmacht 7, Wendy Lyle 10, Sarah Kelm 14, Michelle Quboltz 11, Amber Bessler 5, Vicki Buseman 3, Brittani Boehlke 3, Liz Warner 7

Wolverines' offensive troubles limit scoring production vs. Eagles

Turnovers and poor shooting put a cap on the Goodridge/Grygla-Gatzke scoring in the Wolverines' 40-31 Friday (Dec. 6) girls high school basketball loss at Red Lake Falls.

"We've got to quit turning the ball over, and we've got to shoot better," said Goodridge/Grygla-Gatzke coach Justin Lunsetter.

Both teams shot 36 percent from the field, but the Wolverines were limited to 36 attempts, hitting 13 of them, while the Eagles went 17-for-47.

Scoring

	1	2	3	4	T
Goodridge/G-G	0	8	10	0	31
Red Lake Falls	12	12	7	10	40

G/G G - Bethany Tharaldson 10, Kacey Anderson 1, Shandrae Marquis 4, Laura Anderson 1, Gretchen Smeby 0, Stephanie Gilson 0

RLF - Lisa Piche 2, Lee Zutz 1, Chelsey Foring 4, Darcy Purath 13, Heidi Matzke 14, Liz Skala 0.

Hockey game postponed

A Thief River Falls vs. Warroad girls high school hockey game scheduled to be played Dec. 10 at the Huck Olson Memorial Civic Center was postponed until a later date.

Prowlers, Gators reach finals

Badger/Greenbush-Middle River won by 32 points and Thief River Falls posted a 17-point victory Tuesday in the semifinal round of the 2002 Northland Community and Technical College Invitational girls high school basketball tournament.

The Gators handled Tri-County 54-22 and the Prowlers beat Kittson County North 49-33.

Kierah Kimbrough scored 24 points and Breanna Holm added 10 as the Gators rolled to quarter leads of 10-1, 27-9 and 45-16 in the semifinal doubleheader opener.

Nicole Gryskiewicz led a balanced Thief River Falls attack with 10 points in the final game of Round 2. The Prowlers led at the quarter stops 19-10, 29-16 and 37-19.

"We got off to a great start," noted Thief River Falls coach Jeff Loe. "We executed well on both offense and defense."

A 10-point game earned Ashley Matthew of the Cougars a share of game-high scoring honors.

"We played a lot of kids in the third and fourth quarter," mentioned Loe. "I thought our bench play could have been better. We got tentative on offense and out of position on defense."

Thief River Falls was 23-for-58 from the field (40 percent) and 2-for-2 at the free throw line. Kittson County North went 12-for-39 from the field (31 percent) and 3-for-8 at the line. The Prowlers out-rebounded the Cougars 34-19.

Nordics, Mustangs win consolation match-ups

Marshall County Central and Red Lake County Central bounced back from Monday losses with Tuesday wins in the consolation semifinals of the eighth annual Northland Community and Technical College Invitational girls high school basketball tournament.

The Nordics stopped Goodridge/Grygla-Gatzke 47-35 and the Mustangs defeated Stephen-Argyle 69-41 in the afternoon twinbill.

"We played much better basketball than we did Monday," said Marshall County Central coach Tom Mjelde. "I was pleased with the way we played. We took better control of the ball and we were more aggressive on offense."

The Nordics were 18-for-49 from the field (37 percent) and turned the ball over just 11 times while out-rebounding the Wolverines 28-24. On the down side, acknowledged Mjelde, was a 9-for-23 free throw performance. The Wolverines were 2-for-5 at the line. They matched the Nordics' 11-turnover figure.

Kari Holmstrom scored 20 points and Jordan Holthusen had 11 for the Nordics, who led at the stops 13-7, 24-14 and 37-23.

Red Lake County Central shattered a 25-25 halftime tie by outscoring Stephen-Argyle 44-16 in the second half, including a 22-4 third quarter.

Michelle Halvorson and Maureen Munt sparked the second half turnaround. Halvorson scored 14 of her game-high 20 points over the final two quarters and Munt netted 14 of her 18 in the last 16 minutes. Tiffanie Malwitz joined them in double figures with 12 points. Brittany Stoltman led the Storm with 13 points.

MCC vs. Goodridge/G-G

B/G-MR boys rally to edge S-A in overtime

Confidence level is high at Badger/Greenbush-Middle River, where the Gators won their second straight down-to-the-wire decision Tuesday, 71-65 in overtime against visiting Stephen-Argyle.

The Gators' previous start was a 63-61 victory over Grygla-Gatzke in the finals of the Northland Community and Technical College Invitational boys high school basketball tournament.

A 55-55 regulation time tie was shattered by Cody Severts' 3-point basket to open the overtime. The quick strike off the jump ball enabled the Gators to dictate the rest of the action. They held the ball, drew fouls and made 11 of 16 overtime free throw attempts.

It took some doing just to get to overtime, admitted Badger/Greenbush-Middle River coach Eldon Sparby, whose team trailed 55-50 with a minute to play in the fourth quarter.

But a basket by Tim Dion and a 3-pointer by Jesse Thompson tied it. Stephen-Argyle turned it over trying to set up a final-shot situation, and the Gators' Jason Smith watched his half-court toss at the buzzer go in, but spin right back out, forcing overtime.

"It was a real fun game," said Sparby, whose team improved to 4-0 for the year. "Stephen-Argyle has a good team; they're very athletic. They played a little better than we did in the third quarter. Overall, I thought we did a pretty good job."

The Gators' balanced offense featured Brian Thompson with 16 points, Smith 14, Dion 11 and Jesse Thompson 10. Dustin Grabowska finished with a team-high 15 points for the Storm.

Badger/Greenbush-Middle River was 22-for-56 from the field (39 percent) and 17-for-28 at the free throw line. Stephen-Argyle went 22-for-54 from the floor (41 percent) while struggling through a 9-for-22 free throw night. The Gators out-rebounded the Storm 37-35 and topped the turnover charts 14-12.

Scoring

	1	2	3	4	ot	T
Stephen-Argyle	13	14	10	0	10	65
B/G-Middle River	10	11	11	14	10	71

S-A - Reece Hendrickson 5, Kevin Pietruszewski 0, Brennan Laudal 0, Brent Hallmann 4, Dustin Grabowska 15, Jon Deschene 13, Bratt Kuznia 13

B/G-MR - Rick Wilson 0, Jason Smith 14, Brian Thompson 10, Jesse Thompson 10, Cody Severts 0, Tim Dion 11, Justin Nese 2.

Wolfpack trips Nordics

A four-point difference at the final horn was the biggest scoreboard spread of the game Tuesday as Kittson Central edged Marshall County Central 53-49 in a boys high school basketball match-up at Newfolden.

"It was a great basketball game," reported Marshall County Central coach Jake Rantanen. "Both teams worked really hard."

Marshall County Central had a one-point lead at each quarter break, 10-9, 25-24 and 39-38, but a 13-for-27 free throw night finally caught up to the Nordics at the end. They were just 2-for-9 at the line down the stretch.

Part of a game-high 13-point game for Brady Swenson of the Wolfpack was a key 3-point basket that gave the visitors the upper hand as the clock wound down.

Tad Davidson led Marshall County Central with 12 points.

The Nordics were 18-for-50 from the field (36 percent); the Wolfpack went 18-for-46 (39 percent). Kittson Central made 14 of 21 free throw attempts, finished with a 29-27 rebound edge and also topped the turnover charts 18-15.

"We just missed too many free throws," acknowledged Rantanen. "We've got an inexperienced team, and this was a good learning experience for them. Next time they're involved in a close game, maybe they'll hit those free throws."

Marshall County Central is 1-2 for the year.

"The kids are working so hard," offered Rantanen. "It's fun to see."

Scoring

	1	2	3	4	T
Kittson Central	0	15	14	15	53
Marshall Co. Central	10	15	14	10	40

Ponies defeat Prowlers 67-55 in boys JV game

Warren-Alvarado-Oslo beat Thief River Falls 67-55 Tuesday in boys junior varsity high school basketball.

The Ponies, ahead 18-16 at the end of the first quarter and down 36-35 at halftime, out-scored the Prowlers 32-19 in the second half for the win.

Dean Haugen scored 17 points and Jesse Sieh netted 11 for the Prowlers.

Defense leads TRF to 43-32 basketball win over RLF girls

Defense carried Thief River Falls past host Red Lake Falls 43-32 in a Saturday (Dec. 7) girls high school basketball matinee.

The Prowlers led at the quarter stops 15-8, 27-12 and 37-26.

"I was very pleased with our performance," said Thief River Falls coach Jeff Loe. "Our defense has improved since our first game. Offensively we have also improved, but we still need to work on ball movement and screens."

Thief River Falls shot 45 percent from the field (18/40), while Red Lake Falls shot 30 percent (12/40).

"What I'm most pleased about," noted Loe, "is how well our bench is playing. If you are going to put defensive pressure on teams, you have to go three-four deep on the bench, and we did that."

The Prowlers were 6-for-7 at the free throw line, where the Eagles had a 7-for-9 afternoon. Thief River Falls had a 24-22 rebound edge.

Scoring

	1	2	3	4	T
Thief River Falls	15	12	10	6	43
Red Lake Falls	8	4	14	0	32

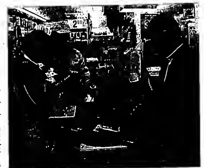
Communication problem brings officers to casino

A threatening phone call and an unfortunate coincidence in which telephone service at the Seven Clans Casino went dead resulted in numerous law enforcement officials establishing a perimeter around the Seven Clans casino near Thief River Falls Monday evening.

Jeff Jasperson, manager at Seven Clans, said no one was hurt or injured. It was an unfortunate situation that turned into a good learning experience.



At 6:10 p.m. Monday night, the Pennington County Sheriff's department received a call from the Red Lake Police Department regarding a telephone call in which someone had made a threat to Seven Clans Casino. The Red Lake Police department asked if a sheriff's deputy would stop at the casino to make sure everything was OK. Red Lake police officers, they explained, were on their way, but it would take awhile for them to reach the casino. Pennington County dispatch was unable to reach anyone at the casino via telephone, so officers were dispatched to the area.

The Pennington County Sheriff's department does not have jurisdiction on Red Lake Reservation property, so officers stopped at the boundary. There was no suspicious activity but still no one inside could be reached by telephone, so Minnesota State Patrol officials and sheriff's deputies established a perimeter.

A quick meeting between law enforcement officials on site resulted in a decision to make a casual entrance to determine if there was a problem inside the casino. It was then that they learned that there wasn't a problem, and that the lack of communication was due to a problem with the telephone service – an unfortunate circumstance.

Following the safe conclusion of the incident, Jasperson said he had a meeting with representatives of the Red Lake Police Department, and they discussed a number of issues. It was decided that an alternative mode of communication was necessary at the casino, and that they need to explore the feasibility of an agreement with the Thief River Falls Police Department or local law enforcement.

Jasperson said he fielded calls from area residents and media late that evening and all day Tuesday. Jasperson noted that many people were only catching part of the story and were reaching their own conclusions, which was unfortunate.

Kmart employee Kathy Haisa (right) rings up Katie Dahl's gift selections. Dahl, a participant in the Little Brothers/Little Sisters program, was able to choose Christmas gifts for her family for free. Augusta McLean, a member of the Thief River Falls Coaches Association, helped Dahl select the gifts. For accounting purposes, the items had to go through the check-out. Kmart has offered this event for at least seven years.

REAL ESTATE FOR SALE ON BIDS REAL ESTATE IN DEERWOOD TOWNSHIP (NEAR THE CITY OF KARLSTAD) KITTSON COUNTY, MINNESOTA

Border State Bank of Greenbush offers for sale the following described real estate located in Section 24 of Deerwood Township, Kittson County, Minnesota, upon the terms and conditions herein specified.

DEERWOOD TOWNSHIP

45'x70' steel building with 16' sidewalls, wired with cement floor, on approximately 60 acres (40 acres is grass/hayland), more or less, located on the north side of State Highway #11 on the west edge of Karlstad.

Sealed bids will be accepted at Border State Bank of Greenbush, 133 North Main Street, Greenbush, Minnesota 56726, until Friday, December 20, 2002, at promptly 10:00 A.M., Central Time at which time the bids shall be opened and considered. Bidders must be present or represented for bid opening. Border State Bank will consider all bids legal and binding. Proof of cash or financing must accompany the bid.

Those bidders submitting the three (3) highest bids on the parcel shall have the opportunity to increase their bids verbally following the bid opening. The parcel shall be sold as an entire parcel and not by the acre. Each bidder must indicate on the outside of the bid envelope, the bidder's name and address. **Bids are binding, so please consider your bid carefully.**

The property is being sold "as is". The Seller reserves the right to reject any and all bids, waive any irregularities, or negotiate a private sale.

Sale is for cash and each successful bidder must furnish 5% of the purchase price as a down payment and enter into a purchase agreement on or about December 20, 2002.

CLOSING DATE ON THIS PARCEL WILL BE ON OR BEFORE DECEMBER 27, 2002.

Please direct any inquiries or requests for full legal description to:
Border State Bank of Greenbush
Attention: Chuck Thompson
133 North Main Street
P.O. Box 280

Mountable on most current model combines, a MacDon Harvest Header outperforms auger headers of the same size thanks to its improved feeding qualities. Crop enters the thresher with optimal heads-first presentation allowing your combine to run at peak efficiency in cereals, canola, milo, specialty crops and soybeans. Most operators using a 30' auger header can move up to a 36' Harvest Header, while traveling at the same ground speed, for a 20% boost in productivity. Available in sizes from 21' to 36'.

MACDON BEST BUY ON NOW! The Sooner You Buy, The More You Save. Event Ends January 31, 2003

MacDon www.macdon.com

MACHINERY MATH

The 30% bonus depreciation changes the equipment buying equation.

If you are thinking about any year-end machinery buying, be sure to factor the 30% bonus depreciation into the decision.

The Impact of 30% Bonus Depreciation

Year	MACRS* Depreciation Percentage	Depreciation Under Existing Law	Depreciation With 30% Bonus	Additional Depreciation
1	[illegible]	[illegible]	[illegible]	[illegible]
2	[illegible]	[illegible]	[illegible]	[illegible]
3	[illegible]	[illegible]	[illegible]	[illegible]
4	[illegible]	[illegible]	[illegible]	[illegible]
5	[illegible]	[illegible]	[illegible]	[illegible]
6	[illegible]	[illegible]	[illegible]	[illegible]
7	[illegible]	[illegible]	[illegible]	[illegible]
8	[illegible]	[illegible]	[illegible]	[illegible]
Total	100.00%	$160,000	$160,000	0

*Modified Accelerated Cost Recovery System Depreciation

The table illustrates the economic impact of the 30% bonus depreciation, which provides more of the overall depreciation in the first year of new equipment ownership. The overall depreciation doesn't change.

Notices

NOTICE IS hereby given to qualified voters of North Township, Pennington County, State of Minnesota, that a filing for town office will be held for a two week period beginning December 17, 2002 to January 14, 2003. Affidavits of Candidacy shall be filed with the Town Clerk by phoning 681-8048 between the hours of 6:00 p.m. to 9 p.m. weekdays. Filing fee: $2.00. Offices to be filled at the March Annual Election are Supervisor-3 year term and Treasurer-2 year term. Debra Dietz/Clerk. 2t100c

Public Notice

The Thief River Falls Water Department announces that the maximum limit for Turbidity in drinking water was exceeded on November 11, 16 & 17, 2002.

Turbidity is caused by the presence of *finely suspended particles such as clay,* sand, or organic matter in water. It is an indicator of filtration efficiency for removal of pathogens. Turbidity, also indicates the treatability of water by disinfection and can be a problem if it interferes with the disinfection process. However, the high turbidity levels did not create a health hazard because the Water Department maintained effective levels of chlorine disinfection.

The United States Environmental Protection Agency (EPA) sets drinking waters standards and has determined that the presence of microbiological contaminants are a health concern at certain levels of exposure. If water is inadequately treated, microbiological contaminants in that water may cause disease. Disease symptoms may include diarrhea, cramps, nausea, and possibly jaundice, and any associated headaches and fatigue. These symptoms, however, are not just associated with disease-causing organisms in drinking water. EPA has set enforceable requirements for treating drinking water to reduce the risk of these adverse health effects. Treatment such as filtering and disinfecting the water removes or destroys microbiological contaminants. Drinking water, which is treated to meet EPA requirements, is associated with little to none of this risk and should be considered safe.

The turbidity ranged from a high of .88 to .67 Nephelometric Turbidity Units (NTU). The Safe Drinking Water Act Standards effective in January of 2002 set a maximum contaminant level (mcl) for finished water turbidity. Finished water turbidity must be less than or equal to 0.5 NTU in 95 percent of all samples taken and cannot exceed 5 NTU at any time.

Malfunction of Carbon Dioxide Feed System caused an above normal pH, therefore causing a turbidity violation.

Please be assured that the water was safe to drink during this period of turbidity exceedance. Routine microbiological tests of the finished water in the distribution system found no bacteria present. For additional information, please contact the Water Superintendent at the Water Purification Plant at 681-3809.

ANY RESIDENT of Numedahl Township wishing to file an affidavit of candidacy for office of Supervisor (3 yr. term) or Treasurer (2 yr. term) must do so with the township clerk between Dec. 31, 02 - Jan. 14th, 03. Closing time for filing is 5 p.m. on Jan. 14th, 03. Julie Tydlacka/Township clerk. 2t100c

Neighbors are pulling together to help out

Food collection effort being conducted for Roseau

by David Hill
Editor

While flood recovery progresses slowly but surely in northwestern Minnesota, *it's a difficult time for* some residents of the extended Roseau community.

Duane Holland, a Thief River Falls resident who is currently employed in Roseau by Northwest Medical Center and Roseau County Social Services as a crisis counselor through a FEMA grant, said he has seen first-hand, the hardships people are experiencing.

One of the hardships Duane and others are hoping to alleviate, at least for the holiday season, is the need for food.

Holland, the Kiwanis, Lions Club, the Ministerial Association in Thief River Falls, Northern Pride Turkey Plant, Narverud Cleaners, and North Border Interfaith Coalition are teaming up to collect food for the holidays and clothing for Roseau area residents.

Roseau Mayor Jeff Pelowski would like to paint a rosy picture about the progress being made, but he isn't going to gloss over the difficulties either.

"It's hard to put in a nutshell," said Pelowski. "There's a lot going on."

Of attitudes in Roseau this holiday season, Pelowski said they're actually relatively good considering the situation. He said he heard from social workers recently that they are experiencing more problems than they normally see, but for the most part, attitudes are good.

Of progress, Pelowski said they've completed a lot of what needs to be done–storm water systems and levy work is progressing. There's some work to do on the north side, he added. He also noted that the city now has the money for buyouts and is working on getting those dollars out.

Homes and lives are still being rebuilt. Presently, there are 70

(Continued on Page 18)

Duane Holland, Northwest Medical Center Mental Health Division/Roseau County Social Service, and Monica Burkel and Tammy Bratang of North Border Interfaith Coalition, delivered turkeys donated by Northern Pride to some of the residents in the Roseau area just in time for the holiday.

WATCH AROUND THE REGION

April Scheinoha

City of Grygla starts process for proposed paving project

Grygla - Lon Aune of Floan and Sanders Engineers met with the Grygla City Council at their recent meeting to discuss procedures for a black-topping project in Grygla this summer.

Because Marshall County plans to put an asphalt overlay on Highway 54 north of Grygla, and the state plans to tar Highway 89 northwest of Grygla, the council felt it would be a good time to get the job done at a reasonable price.

Floan-Sanders has prepared an estimate of costs for an asphalt overlay on streets in Grygla that have been improved, and excavation and placement of gravel base and asphalt on unimproved streets. Three inches of bituminous pavement is recommended. Total construction costs were estimated at about $200,000. - *Grygla Eagle, Dec. 19, 2002*

SAC students participate in "Pocket Flag Project"

Stephen - As a patriotic service project, as a way of learning more about our flag and country, and as a way of saying thank you to the service men and women of America, K-6 elementary students folded 185 American flags to be distributed to front line members of the Armed Forces. The students started with small flags, then learned to make the 12 correct steps for folding the flag. Students also discussed the meaning associated with each fold. After the folding was completed, the pocket flags were placed in small plastic bags, along with the following statement: "Thank you for defending our country and our freedom." The pocket flags were then sent to the Pocket Flag Project Headquarters for distribution to our men and women in the military. - *The Messenger of Stephen, Dec. 19, 2002*

City budget for 2003 shows near 7 percent growth in expenses

Warren - A budget for 2003 showing a 6.6 percent increase in total expenditures was approved by the Warren City Council at its meeting Monday night. The budget sets expenses next year at $3,470,710, up $215,610 over what was budgeted for this year.

The raw increase in city outlays next year is, however, somewhat misleaning because of changes in the content of the budget. City Clerk/Treasurer Robert Brooks said the major difference is the 2002 budget contained no provisions for depreciation, even though that item is estimated at about $200,000. The 2003 budget contains $226,000 for depreciation.

Another significant difference in budget content between 2002 and 2003 is, for the current year, no revenue or expenses are provided for the Warren Economic Development Fund. The 2003 budget lists economic development expenses at $47,400.

Factoring out those two additions to the 2003 budget would give a more meaningful comparison of budgeted expenditures of $3,225,100 for 2002 and $3,197,310 for 2003, a decrease of nearly $58,000. - *Warren Sheaf, Dec. 18, 2002*

RLF Fire Dept. receives FEMA grant

Congressman Collin C. Peterson (D-7th District) has announced that the Red Lake Falls Volunteer Fire Department was awarded $46,224 under the FEMA Assistance to Firefighters Grant Program for fire operations and firefighter safety program. The grant amount covers 90 percent of the project cost. The local share will be 10 percent, or $5,136.

The award will be used to purchase and refit self-contained breathing apparatuses, to install integrated personal alarm safety systems on equipment, and purchase wildland firefighting gear for the 24 active firefighters in the department.

"The volunteer firefighters in Red Lake Falls will now be more well-equipped to take on the variety of emergency situations they're confronted with," Peterson said. "This grant program is a good example of how we can help our emergency personnel keep our rural communities safe."

The Assistance to Firefighters Grant Program is designed as an opportunity for the United States Congress to work with FEMA to enhance basic fire service delivery across the United States.

More than 5,000 departments received around $360 million to support fire protection, EMS delivery, vehicle purchase, and prevention programs in 2002.

Winter arrives

Snow arrived in the region just in time for the holidays. Sixth graders Kyle Niemela and Justin Sundvall took the opportunity to create a very unusual snowman at the Niemela home on St. Paul Avenue South in Thief River Falls. Kyle and Justin were throwing snowballs at the tree. At first they saw a sweater in the snowball target, but then decided it could make an interesting snowman. it certainly does.

State reports virus making an impact

Like other parts of the country, Minnesota is currently experiencing an unusual wave of viral digestive tract illness, caused by the Norwalk virus and similar viral bugs.

During the six-week period that began on Nov. 1, the Minnesota Department of Health (MOH) has received reports of 25 separate outbreaks of Norwalk-like illness, involving as many as a thousand or more people.

Outbreaks have been reported in a variety of settings this year, including restaurants, schools, hospitals, nursing homes, catered events, private social gatherings, and work sites. Some individual outbreaks have involved hundreds of people.

MOH officials are calling the current level of Norwalk activity "unprecedented." Outbreaks have also been reported in other states and Canadian provinces, in addition to the highly publicized outbreaks that have occurred on a number of commercial cruise ships.

Norwalk and similar viruses are the most common cause of food-related illness in Minnesota, according to MDH officials.

The illness caused by Norwalk-like viruses usually runs its course in a day or two, although it can last anywhere from 12 hours to two and a half days. Symptoms can include nausea, vomiting, diarrhea, abdominal pain, headache, body aches, a general run-down feeling, and a

(Continued on Page 18)

Today, Nordan Lutheran Church is no longer an active church, but the few remaining members are trying to preserve the building. It was built in 1912 by many of the community's first citizens. After attempting to keep up with the demands of repainting the outside of the building, the members have decided that vinyl siding is their only option to keep up the church's appearance long after they are all gone.

They keep the faith and preserve the church

Norden church members seek help fixing church

by Jenny Nicholson
Reporter

Norden Lutheran Church has a long-standing history of rich heritage and congregational fellowship. The spirit that has kept the church alive for more than 90 years still looms within its hallowed walls. Yet, with all its ethereal and sacred strength, the physical mortality of the church is waning.

Erected in 1912, the church's members were part of the Immanuel Lutheran Congregation, which was organized in 1891. Later, the congregation divided and Norden, as well as the Landstad church, was formed. Prior to the church being built, the congregation would meet in the homes of members and at the schoolhouse.

Many of Norden's members were Norwegian homesteaders. These original members were the ones who poured their hearts into building a place of worship for themselves, their children and their grandchildren. Their years of hard work and allegiance to their beliefs paid off over the many years Norden served the congregation.

Throughout the years, the church went through many changes. Changes in ministers, members and to the building itself all became part of the church's history.

As time went on, though, members moved on; they moved away, joined larger churches or perhaps they passed away. A once prosperous church was whittled down to bare bones. Soon, there were only a handful of members left, and in 1994, the last minister left the church as well.

Since then, the church has not been active. Now, with less than a handful of members and very little funds, the upkeep of the church has been reduced to lawn maintenance and preservation of its cemetery. The outside of the building has fared many years of harsh Minnesota weather, and as a result, is in need of repair.

The members of the church have tried painting in the past, but have found it terribly hard to make it last. Their efforts to preserve Norden Church have now come down to one choice - they need vinyl siding. If siding is not put up soon, the future of the church is in jeopardy. The few remaining members fear that if they don't do something now, the church will not last much longer after they are gone.

Years ago, one of the members purchased bank certificates with the sole purpose of putting the money toward the church. The certificates have now matured and the money is ready to go toward the church. This member, who wishes not to be mentioned by name, set up an account for the Norden Church restoration project. As a wonderful surprise, and with impeccable timing, one of the other members and a friend of hers, both donated $2,000 toward the restoration project.

The money from the certificates

Challenger receives funds from Kmart program

As part of the company's School Spirit education fundraising program, Kmart Corporation is making its second payout of the year to Challenger Elementary and Preschool. By signing up for School Spirit and shopping at their local Kmart store, families representing Thief River Falls have helped raise a cash reward of more than $700 for the school year.

Kmart's School Spirit Program provides much-needed financial support to some 90,000 schools across the country by allowing shoppers to have a portion of eligible purchases donated to the school of their choice. After just one year, Kmart has awarded approximately $2.3 million to schools nationwide.

Nick Bosh, Thief River Falls Kmart store manager, said, "Kmart's School Spirit program provides greater flexibility than other programs, since customers can pay for their purchases by cash, check or credit card. Kmart shoppers can designate a Kmart School Spirit donation to a school anywhere in the nation, which makes holiday shopping even more rewarding."

He continued, "It's really great that relatives and friends living elsewhere can raise money for a specific school in another location. The more a School Spirit card is used, the more money a school earns."

As an added holiday bonus in the month of December, new customer applicants for Kmart's School Spirit fundraising program will have their donations doubled. Customers need only visit their local Kmart store to sign up for the program, specify the school to earn the award and use a School Spirit card when shopping at Kmart. Shoppers with children in multiple schools can sign up for multiple cards and direct earnings to each corresponding school.

New applicants will immediately receive cards for the School Spirit program at the Customer Service Desk of Kmart's more than 1,800 stores.

K-12 schools can use the dollars for anything from books to playgrounds or classes to special events. Participating schools will receive checks from Kmart annually, with the next payout scheduled for Fall 2003.

SOUPÇON

Sherry LaCoursiere
email: lacours@mncable.net

Today's recipes are for some yummy Christmas cookies:

Make these little treats in a hurry - but they taste even better if they are made a few weeks before Christmas:

BOURBON BALLS
2 tablespoons cocoa
1 cup sifted powdered sugar
1/4 cup bourbon (or rum or brandy)
2 tablespoons light corn syrup
2 cups crushed vanilla wafers
1 cup finely chopped pecans
Additional sifted powdered sugar

Sift together cocoa and 1 cup sugar. Combine bourbon and syrup and add to cocoa mixture. Stir well.

Add wafer crumbs and pecans and mix well. Shape into 3/4 inch balls. Roll in additional powdered sugar. Allow to dry before serving.

Makes 3 dozen cookies.

Not your mama's candy canes - these have crushed peppermint candy on them:

CANDY CANE COOKIES
1/3 cup finely crushed peppermint candy
1/3 cup sugar
1/2 cup shortening
1/2 cup butter, softened
1 cup sifted powdered sugar
1 egg, lightly beaten
1 teaspoon vanilla
1 teaspoon almond
2-1/2 cups flour
1 teaspoon salt
1/2 teaspoon red food color

Combine candy and 1/3 cup sugar in small mixing bowl, mixing well. Set aside.

Cream shortening and butter in large mixing bowl. Gradually add 1 cup powdered sugar, beating well until light and fluffy.

Add egg and beat well. Stir in flavorings. Add flour and salt and mix well.

Divide dough in half. Tint half with red food coloring.

Shape tinted and plain dough by teaspoonfuls into 4 1/2 inch rolls on lightly floured surface. Place a red and a white roll side-by-side. Carefully twist together. Curve one end down to resemble a candy cane. Repeat procedure with remaining dough.

Place cookies on cookie sheets. Bake at 375 degrees for 9 minutes or just until edges begin to brown. Remove cookies from cookie sheets and cool on racks. Immediately coat with reserved peppermint mixture. Cool completely.

Makes 4 dozen cookies.

In case you want a different spritz recipe, here is one that is made with cream cheese:

CREAM CHEESE SPRITZ
1 cup butter, softened
1 (8 ounce) package cream cheese, softened
2/3 cup sugar
1 teaspoon vanilla
2 cups flour
Dash of salt
Red and green decorator sugar or other candies and sprinkles

Cream butter and cream cheese in large mixing bowl. Gradually add sugar, beating until light and fluffy. Stir in vanilla.

Combine flour and salt. Gradually add to creamed mixture, beating until well blended. Shape dough into a ball and chill.

Press dough from a cookie press 2 inches apart onto ungreased cookie sheets, using desired shaping disks. Sprinkle with sugar or sprinkles as desired.

Bake at 400 degrees 8-10 minutes until very lightly browned. Cool on wire racks.

Makes 4 dozen cookies.

These cookies are really not that hard to make if you follow the recipe and use waxed paper on both sides of each dough when rolling. They're so pretty on a plate:

CHOCOLATE PINWHEELS
1/2 cup butter, softened
1/2 cup sugar
3 tablespoons milk
1 egg yolk, beaten
1/2 teaspoon vanilla
1 1/2 cups flour
1 1/2 teaspoons baking powder
1/8 teaspoon salt
1 (1 ounce) square unsweetened chocolate, melted
Additional milk

Cream butter. Gradually add sugar, beating until light and fluffy. Add milk, egg yolk and vanilla, stirring well.

Sift four, baking powder and salt. Add to creamed mixture, stirring until well blended.

Divide dough in half. Add chocolate to one portion and mix well. Chill.

Roll remaining dough to a 14x5 inch rectangle between two sheets of waxed paper. Repeat procedure with chocolate dough.

Brush white rectangle with warm milk and then invert chocolate rectangle directly over white layer. Remove waxed paper from chocolate layer and roll up jellyroll fashion, beginning with long side, removing waxed paper while rolling.

Wrap in waxed paper and chill at least 1 hour.

Cut into 1/4 inch slices. Place 2 inches apart on greased cookie sheets and sprinkle with sugar.

Bake at 350 degrees for 8-10 minutes. Remove to wire racks to cool.

Makes about 5 dozen cookies.

I'm planning on making these cookies this year - I remember buying cookies like these from a bakery that used to be on Second Street - quite a few years ago:

DATE-NUT MACAROONS
1 (8 ounce package) chopped dates
1 cup chopped pecans
1 cup sifted powdered sugar, divided
2 egg whites
1/2 teaspoon vanilla

Combine dates, pecans and 1/2 cup powdered sugar in small mixing bowl. Set aside.

Beat egg whites at room temperature until soft peaks form. Add remaining sugar, 2 tablespoons at a time, beating until stiff peaks form. Fold in reserved date mixture and vanilla.

Drop mixture by heaping teaspoonfuls 2 inches apart onto greased cookie sheets. Bake at 200 degrees for 1 hour. Cool slightly on cookie sheets and then remove to wire racks.

Makes about 5 dozen cookies.

You'll love these rich bars at Christmas time, and so will your guests:

WALNUT-COCONUT BARS
1-1/2 cups firmly packed brown sugar, divided
1 cup plus 1 teaspoon flour, divided
1/2 cup butter
1/4 teaspoon salt
2 eggs, beaten
1 teaspoon vanilla
1-1/2 cups coconut
1 cup chopped walnuts

Combine 1/2 cup packed brown sugar and 1 cup flour in medium bowl. Cut in butter with pasty blender until mixture resembles coarse meal. Press into 9 inch squares greased baking pan. Bake at 375 degrees for 10 minutes. Set aside to cool.

Combine 1 cup packed brown sugar, 1 teaspoon flour, salt, eggs, vanilla, coconut and walnuts in medium bowl. Pour over baked crust. Bake at 375 degrees for 20 minutes.

Cut into 3x1-1/2 inch square bars - makes 1 1/2 dozen bars.

Goodridge High School to hold Sno-Fest

From January 6-10, Goodridge High School will be holding Sno-Fest. Throughout the week, students will be making donations to the food shelf, participating in the Decorate-A-Room contest and participating in dress up days. Sno-Fest coronation will be held on Jan. 10 at 2:45 p.m. in the new gym.

Dress up days include Senior Citizen Day (Monday), Movie Day (Tuesday), Class Color Day (Wednesday), Wedding Day (Thursday) and School Color Day (Friday). Cash prizes will be awarded to the best dressed.

On Friday, the coronation will occur. Sno-Fest candidates include seniors Andy Rubischko and Amanda Weber; juniors Jake Altepeter and Kacey Anderson; sophomores Cole Scheef and Elizabeth Nelson; freshmen Kent Johnsrud and Amy Ball; eighth graders Tyler Johnsrud and Jenna Wellman; and seventh graders Cole Halvorson and Adelle Prestebak. The usher is Aaron Sigerud, and the usherette is Clara Rustan.

Besides coronation, other activities will be held on Friday. Students will participate in several contests and pep fest. The basketball team will play Red Lake County Central. A dance will be held from 9 p.m. - 12 a.m. in the old gym. Music will be provided by XL 93.

DEATH NOTICES

Emmy Englund, 85

Minneapolis - Emmy Englund, 85, formerly of Grygla, died on Wednesday, December 18, 2002 at Ebenezer Hall in Minneapolis.

Funeral services will be held at 10:30 a.m. on Monday, December 23 at Community Bible Church in Grygla with Rev. John Barkman officiating.

Visitation will be held for one hour prior to services at the church on Monday.

A complete obituary will appear in the next edition of *The Times*.

Herlend Knutson, 81

Warroad - Harland Knutson, 81, died on Tuesday, December 17, 2002 at Northwest Medical Center in Thief River Fallls.

Memorial services will be held at 11 a.m. on Saturday, December 21 (today) at Zion Lutheran Church in Warroad.

Visitation will take place for one hour prior to services at the church on Saturday.

A complete obituary will appear in the next edition of *The Times*.

Celine Riel, 100

Oklee - Celina Riel, 100, died on Tuesday, December 17, 2002 at Pioneer Medical Care Center in Erskine.

Funeral services were held on Friday, December 20 at St. Francis Xavier Catholic Church in Oklee with Rev. John Kleinwachter officiating. Interment was in St. Francis Xavier Cemetery in Oklee.

A complete obituary will appear in the next edition of *The Times*.

Shirley Austed, 60

Newfolden - Shirley Austad, 60, died on Thursday, December 19, 2002 at Northwest Medical Center in Thief River Falls.

Funeral arrangements are pending with Johnson-Green Funeral Home in Thief River Falls.

A complete obituary will appear in the next edition of *The Times*.

Zachery Brateng was one of 30 Thief River Falls students who won a computer in the school district's recent computer raffle. The Apple Macintosh LCIII computers were replaced with newer models.

TRF School District announces computer raffle winners

The Thief River Falls School District (ISD 564) recently held its first districtwide student computer raffle. The 30 Apple Macintosh LCIII computer systems were replaced with newer models.

Winners included Hannah Anderson, Jade Anderson, Kyle Asp, Harrison Bayne, Jacoby Bergeron, Austyn Borreson, Zachary Broteng, Allison Burns, Reggie Cummings, Tyler Flom, Morgan Howard, Whitney Jacobson, Brice Johnson, Brittany Johnson, Lillian Kainz, Mitchell Martin, Tony Meyers, Tyler Olson, Darren Opdahl, Jake Osmondson, Raelyn Peltier, Greg Rakozy, Lacy Rozowski, Jason Schindler, Jordan Spina, Tiffany Stroh, Kellie Vacura, Chelsie Weeding, Sheyenne White and Matthew Wilson.

Dayton says signs in Angle should help motorists

Signs tell drivers to stop, check in, before proceeding through Canada

Sen. Mark Dayton said recently that new, more clearly marked signs posted in Minnesota's Northwest Angle should help prevent motorists traveling from the area into Canada from being stopped and fined for unknowingly violating Canadian customs laws.

Dayton, who pressed U.S. and Canadian customs officials to upgrade the signs, said drivers leaving the Northwest Angle must travel south more than 60 miles through Canada to get to other parts of Minnesota because there is no other driving route. Before the new signs were put in place, many travelers often were unaware they are required to stop at an unmanned booth at "Jim's Corner" in the Northwest Angle and call ahead to Canadian border officials and get a registration number. Drivers stopped in Canada without having done so can be fined.

"Too many Minnesotans returning from the Northwest Angle by car to other parts of the state were being stopped and fined in Canada because they weren't aware of the need to check in with Canadian officials before leaving," Dayton said. "The signs that were supposed to let them know they had to do so were inadequate and the situation had the potential of hurting businesses and recreation in that part of Minnesota. The new signs will help ensure that everybody understands that it is necessary to check in with Canadian officials before leaving the Northwest Angle."

The problem was first brought to Dayton's attention this fall by Minnesota State Representative Irv Anderson of International Falls, who said some of his constituents had encountered problems driving through Canada from the Northwest Angle. Dayton's staff traveled to the Northwest Angle to investigate the situation and later worked with Canadian and U.S. officials to get the old signs replaced with ones more clearly marked. The Canadian Customs Service paid for the new signs and worked with U.S. Immigration officials on wording and placement, Dayton said.

"Solving this problem was a joint effort. Credit should go to Irv Anderson, who brought this problem to my attention, and U.S. Immigration officials, who responded to my request to improve the signs and worked with Canadian officials to do so," Dayton said.

Newfolden One Appeal collects over $1,000 for charities

The Newfolden One Appeal has collected $1,655.50 in the 2002 fund drive. Monies were given to 14 charities.

The charities and the amount they received are as follows: American Cancer Society, $273; American Diabetes Association, $120; American Red Cross, $81; Boy Scouts, $53; Girl Scouts, $53; Living At Home Block Program, $197.50; Marshall County Heart Fund, $120; Marshall County Salvation Army, $153; Mental Health Association of Minnesota, $40; Minnesota Multiple Sclerosis Society, $51; Minnesota Society for Crippled Children & Adults, $57; Arthritis Foundation, $80; Tri Community Scholarship, $273; and United Cerebral Palsy, $43.

Thank you to all who so generously gave in the 2002 appeal.

Good Things Come In Small Packages

As children we're given a lot of salient and witty one-liners that are expected to be toted with us through life. These little gems range from the traumatically gory- "Don't run with scissors or you'll put them into your eye" (icky) – to the irrationally practical – "Always wear clean underwear because you don't know when you're going to be in a car accident." Isn't it possible that if I was in some form of horrific and gruesome car wreck the *odds* are good *I'm going* to soil those clean jockeys anyway? "An apple a day keeps the doctor away," "Moss only grows on the north side of a tree," "Cold hands, warm heart," "Always tip your fishing guide lavishly," and so on and so on. (Actually, I just made that last one up, but it does have a nice ring to it). So, with Christmas season upon us, and in light of the type of fishing the Lake of the Woods community has been experiencing these last few weeks, it seems appropriate that I should dredge up yet another of those clever and hackneyed phrases our parents crammed smilingly down our throats for decades until, like Nazi propaganda, we couldn't help but believe it was true. "Good things come in small packages."

Most of the time, when we hear "good things come in small packages" it's a rationalization for a pitifully tiny effort on the behalf of the giver. Oh, sure, there are those rare instances when a microscopic present turns into a diamond ring or the keys to a Jaguar, but that's only happened a handful of times for me, making it the exception rather than the rule. Most often a small package is an apt reflection of what's inside – a small gift. A jig for fishing, perhaps. A shoelace. A stale Cheeto. Half a stale Cheeto.

But, fortunately, this December on Lake of the Woods has reassigned a positive spin to the old "good things come in small packages" cliché. Fish. A lot of small fish, admittedly, but fish in numbers like we haven't seen in years, if ever. And that's good. Especially when one considers that the last three Decembers have seen us begin to view early winter with the same seasonal trepidation we consider the second week of June. The fact that we're on the ice at all seems like a 42nd St. miracle, the fact that we're catching fish is almost a godsend.

The "keeper" numbers are nothing better than St. Nick normally provides at this time of year. It's good, real good. Twenty, maybe 30 in a house with the normal rate of one or two legitimately larger ones per day, but the action that gets you to that count is nothing short of spectacular. Numbers like 30 to 40 per day are getting tossed around like old pennies. The occasional tale of 80 to 100 pops up with enough regularity to suggest there's some actually some credibility there, too. What makes it all the more impressive is that those figures are not per house totals, but per man!

Once again, most of those fish are small. Some of them are even tiny. Tape 10 of them together and you might get a... well... er... well, a ticket for taping fish together, anyway. That's sick. Who'd tape fish together, anyway? Besides, tape doesn't stick well to fish and. OK enough.

The point is that after several Decembers of no ice fishing whatsoever, we now have just what the Lake of the Woods community has been yearning for – good ice and lots of fish. And the fact that there're a lot of small fish mixed in doesn't diminish the adrenaline rush at all. Remember, this is winter. Thirty keepers a day with a hundred smaller throwbacks! Throw numbers like that around anywhere else in the Midwest and someone's going to laugh. And the interludes of small fish are certainly not a negative. Small keeps kids and out of town relatives and paying customers occupied and happy. Small keeps seasoned anglers attentive between bigger fish. Small bodes well for future summer seasons when size will matter again.

So when you tear into that teeny package on Christmas and your hopes of a new car or an engagement ring are dashed by the first sign of flaky Cheeto crumbs as they leak through the seams in the wrapping, don't be dismayed. Good things are still available in small packages on Lake of the Woods.

Correction:

The total proposed 2003 budget for Thief River Falls is $18,799,117, which includes property taxes, transfers and aid. Property taxes are expected to raise $1,562,885, which is obtained with a five percent increase in the tax levy. In the Dec. 18 edition of The Times, the budget story inadvertently added both the expenditures and proposed budget together and obtained an incorrect amount. The Times regrets the error and confusion, but feels the embarrassment is sufficient to cover the mistake.

EDITORIAL OPINIONS

Dave Hill, *Editor*

Editorial opinion published under this heading is intended to stimulate thinking and discussion among our readers. Unless specified otherwise, the editorials are written by Editor Dave Hill and do not represent opinion of other staff members. Opinions in items from other publications may not coincide with the editor's own views but are offered for their general interest.

Advertising on police cruisers is a bad idea

The $4.5 billion deficit in Minnesota is sure to bring about some drastic changes. It certainly has state legislators, and local government scratching their heads and hurriedly trying to come up with some ways to save money or cut costs. One unique idea being considered in Red Wing is to allow advertising on police cruisers.

Instead of raising tax dollars or obtaining government funding to purchase vehicles and equipment for law enforcement, fire, rescue, EMS and other government agencies that provide security, Government Acquisitions, a North Carolina company, is proposing that they acquire funding for the vehicles from local, regional and national companies in exchange for sponsor recognition. Government Acquisitions would then give the vehicles and equipment for $1 to the government agencies.

According to some of the latest information I've seen, about 75 cities, including Red Wing, are talking about buying the sponsored police cruisers. Recently, the Christian Science Monitor reported that 12 towns had agreed to purchase them already.

Pennington County Sheriff Mike Hurby's response may be typical of many law enforcement officials – laugh first at the idea, and then grudgingly acknowledge that it is due some consideration because of the budget deficits. Commercial Alert and 20 criminal justice experts sent letters recently to CEOs of the 100 leading national advertisers, asking them not to buy ads on police cars. The letters say that the ads turn police cars into "rolling billboards," make police "objects of ridicule and scorn" and "may invite crime, by reducing the moral authority of the police."

Advertising on police cruisers might be just what defense attorneys, bail bondsmen, and prisoners need, but that telephone number and logo for pizza delivery might be a little confusing to people being pulled over for traffic violations and other infractions.

Some may argue that there's little difference between Pepsi billboards in local schools and fast-food restaurant logos on police cruisers, but putting sponsor ads on police cruisers is a bad idea.

I agree with a letter from criminal justice experts when they write, "It is understandable that some police departments would succumb to this temptation. Many of them need money, and the nation's politicians have not provided it. But dependence on corporate advertising simply delays the day of fiscal reckoning. Besides, the answer to the budget problems of local police forces is not to turn their cars – the most visible police presence in most communities – into pitch-mobiles, and officers themselves into hucksters on wheels. Does anyone really think it is going to increase respect for law, to have police men and women in their cars hawking cola and fries?"

Legislators shouldn't be looking for quick fixes. They should be looking for long-range solutions; and in this situation, turning police cruisers into traveling billboards tarnishes respect for the people who have been hired to "protect and serve."

POLICIES

Letters To The Editor: The staff of the *Northern Watch* encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in *Northern Watch* exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity, and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

LETTERS

Season Greetings:

On behalf of everyone involved with North Border Interfaith Coalition we want to wish everyone a most blessed Christmas season.

We have come a long way in the process of flood recovery. Looking back over these past six months, we have all been through a lot. Much has been accomplished and there is still much to do. There are still some answers none of us have yet – but they are coming.

But it is time to pause to celebrate the fact of God's coming to earth.

There have been many organizations throughout Minnesota, North Dakota and Iowa, which have sent items to us for celebrating this Christmas season. And for any who may still be missing some things for Christmas please stop by our office located in Messiah Lutheran Church in Roseau, or call 463-3373. We still have several bags of decorations left.

A most blessed Christmas to all!

Franklin Middle School sixth grade choir members developed choreography for a musical number they performed for residents of Valley Home in Thief River Falls on Tuesday, Dec. 17. The performance was part of a community service project for the choirs from Franklin Middle School.

Jim Barry (right) presents a $100 check to Wandy Mattson of the Pennington County Sheriff's Department for Christmas for Pennington County. Barry is the First Vice Commander of the Sons of the American Legion.

Pound holds 20 animals

The following animals are being held in the police animal pound.

The animals are listed with a description, the date impounded and where they were found:

• On Nov. 19, four kittens and their mother were found near Greendale Manor. They are being housed in Pen 5.

• On Nov. 23, three kittens were found near Arnold Avenue North. They are being kept in Pen 14.

• On Dec. 4, a white male poodle was found near Highway 59 South. It is being kept in Pen 13.

• On Dec. 7, a black cat was found in Smiley Township. It is being housed in Pen 12.

• On Dec. 7, a white male cat was found near LaBree Avenue North. It is being kept in Pen 8.

• On Dec. 8, a male Malamute was found in Marshall County. It is being housed in Pen 18.

• On Dec. 9, a Siamese cat was found. It is being kept in Pen 6.

• On Dec. 10, a female black lab was found in Red Lake Falls. It is being kept in Pen 16.

• On Dec. 10, a female calico cat was found. It is being kept in Pen 7.

• On Dec. 10, a female calico cat was found. It is being housed in Pen 2.

• On Dec. 11, three kittens were found near the Law Enforcement Center. They are being kept in Pen 11.

• On Dec. 13, a black cat was found near Challenger Court. It is being housed in Pen 1.

Each animal will be kept for a minimum of five days from the date of impoundment. Animals may be claimed by proving ownership. Pound fees, license fees and any other expenses incurred by the department will be assessed prior to release. Contact the police department at 681-6161.

Pennington County donations for Operation Christmas Child triple

Seven Pennington County organizations packed 272 Christmas shoeboxes for distribution to needy children in Third World countries in the 2002 Operation Christmas Child program. This is more than triple the 82 recorded in 2001.

The shoeboxes were delivered to the collection site at Hope Covenant Church in Grand Forks in November for transfer to Minneapolis and then to Third World countries, where the lives of needy children were brightened this Christmas season.

Participating organizations in Thief River Falls were the Evangelical Covenant Church, First Baptist Church, Northland Community and Technical College, Our Saviour's Lutheran Fly Youth Group, St. Bernard's Catholic Church and Zion Lutheran Church. St. Anne's Catholic Church in Goodridge also participated.

Operation Christmas Child is an annual drive sponsored by Samaritan's Purse, a charitable organization headed by Franklin Graham, to bring Christmas joy to millions of children in approximately 100 countries. Since 1993, when the program began, Operation Christmas Child has distributed 18 million shoeboxes to children in 112 countries.

Five local students to graduate from MSUM

Minnesota State University, Moorhead (MSUM) expects to award degrees to 411 students during its winter commencement program on Dec. 20. The following Thief River Falls students are expected to graduate: Jordon Goldesberry, Bachelor of Science; Sarah Hagen, Bachelor of Social Work; Leslie Swanson, Bachelor of Arts; Brock Walseth, Bachelor of Science; and Kyle Waterworth, Bachelor of Science.

Bernie Lieder, District 1B representative in Minnesota, visited the pre-school rooms at Challenger Elementary School in Thief River Falls on Wednesday, Dec. 11. Lieder and Nancy Tofte watch Peggy Carpenter as she creates some holiday decorations. Parents were also invited to the pre-school's holiday activities program. The representative's visit allowed parents and teachers to visit with Lieder about education, funding and other issues.

Prowlers win in double-overtime, 52-47

■ Thief River Falls girls overcome slow start to beat Park Rapids

Jackie Fossum hit a 3-point shot with one second left in regulation time for a tie, and Thief River Falls turned the new lease on life into a 52-47 double-overtime victory in a Tuesday girls high school basketball match-up against visiting Park Rapids Area.

For the second straight game the Prowlers rebounded from a horrible start to turn a potential blow-out into a nail-biter. The previous Thursday, they fell behind Badger/Greenbush-Middle River 18-0 at the start of the Northland Community and Technical College Invitational championship game before a rally produced a brief third quarter lead that turned into a 52-46 loss.

This time, Thief River Falls ran into all kinds of first half trouble trying to solve a Park Rapids zone and trailed 21-9 at intermission. It was still a 29-20 spread at the end of the third quarter, but the Prowlers' offense was beginning to show signs of life.

Two Brittany Haviland free throws with 51.6 seconds remaining made it a two-point game for the second time down the stretch, 38-36.

The Panthers' Jasie Popma made the first, but missed the second free throw with 30.6 seconds to play, leaving the door open for the Prowlers. And Fossum came through with her third 3-pointer in the last 3:34 of regulation time.

Hurrying while trying to catch the Panthers, the Prowlers put up two treys in the last 11 seconds of regulation time. Kayla Loe's shot was in and out, and after Thief River Falls had controlled the offensive rebound, Fossum's toss appeared headed for the same fate. However, after hitting the back of the rim and bouncing high in the air, the ball came straight down and through the hoop before the horn sounded.

Four minutes of overtime produced a field goal and free throw for each side, creating a 42-42 tie that required another four-minute extra session.

Free throw shooting won in for the Prowlers in the second overtime. They were 8-for-9 at the line in the second overtime, 9-for-12 overall in the extra periods and 21-for-27 for the game.

"The free throws were huge," acknowledged Thief River Falls coach Jeff Loe, whose team improved to 5-2.

Shara Guidry made one of two free throws 42 seconds into the second overtime. A minute later she scored on the inside, and then was back at the line for two more free throws that she sank for a 47-42 Thief River Falls lead with 1:51 remaining.

The Panthers' Nikki Breitbach answered by hitting a line-drive 3-pointer with 1:25 on the clock, but two free throws by Stacia Kalinoski and one from Loe rebuilt a 50-45 lead with 21.5 second to play.

Anna Ulmer's short jumper off a press-solving Park Rapids fast break had the Panthers back within 50-47, but with just 9.2 second to play.

Loe iced it by making two free throws with 7.4 seconds left.

Kelsey Christensen scored 13 points and Guidry had 11 to lead the Prowlers. Breitbach scored 13 points and Popma had 11 for the Panthers.

Thief River Falls, after suffering through 11 percent 3-for-27 first half shooting, wound up shooting 21 percent from the field for the game (14/67). "We can shoot the ball better than that," offered Loe. "We were getting good looks at the basket against their zone in the first half, but the shots just couldn't go in."

Park Rapids was 16-for-50 from the field for the night (32 percent). The Panthers went 14-for-24 at the line.

"I was disappointed with our defense in the first half," said Loe. "We did a better job in the second half."

The Prowlers out-rebounded the Panthers 42-31, which included a 16-7 difference on the offensive boards. Park Rapids finished with 20 turnovers; Thief River Falls had 18.

Scoring

	1	2	3	4	ot	ot	t
Park Rapids	13	6	8	10	3	5	47
TRF	3	6	11	18	3	16	52

PR - Nikki Breitbach 13, Jayme Wallace 9, Lisa Olsonawski 4, Anna Ulmer 6, Jasie Popma 11, Kacey Criswell 4.

TRF - Nichole Gryskiewicz 2, Jackie Fossum 9, Stacia Kalinoski 6, Brittany Haviland 2, Melissa Skjerven 2, Kelsey Christensen 13, Kayla Loe 7, Shara Guidry 11.

Park Rapids guard Jayme Wallace tried to drive past Thief River Falls defender Nicole Gryskiewicz during first half girls high school basketball action Tuesday.

TRF 3-1 winner in girls hockey game Tuesday

Third period goals scored by Chasity Johnson and Kallie Kezar produced a 3-1 Thief River Falls win over Long Prairie-Grey Eagle/Browerville Tuesday in a girls high school hockey game played at Wadena.

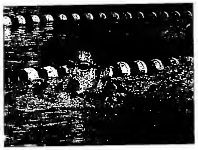
Steph Hoard gave the Prowlers a 1-0 first period lead. A second period goal by Amanda McManigle tied it at 1-1, but Johnson scored at 4:02 of the final period, and Kezar iced it with 20 seconds left.

"We played a really good game," said Thief River Falls coach Tim Magnusson. "We played well as a team both offensively and defensively."

Thief River Falls goalie Trudy Erickson, following back-to-back shutouts against East Grand Forks and Greenway, faced only 14 shots. The Prowlers, meanwhile, got off 26 shots.

"Defensemen did a good job clearing in front of the net against a physical team," mentioned Magnusson. "The officials allowed the game to be physical, which was different than normal. It was nice to see how the girls reacted."

The win boosted the Prowlers' record to 6-3-1 heading into a Friday (Dec. 20) game at International Falls.



Scoring

First period - TRF, Steph Hoard (Megan Snyder), 11:25.
Second period - LP/GE/B - Amanda McManigle (un.), 8:26.
Third period - TRF, Chasity Johnson (Hoard), 4:02, TRF, Kallie Kezar (Hoard), 14:40.
Goalie saves - TRF, Trudy Erickson 6-1-4-13, LP-GE/B - Jill Carlier 10-7-6-23.

TRF boys JV basketball squad winner at Bagley

Paul Sjoberg scored 15 points and Kyle Dobias netted 10 as Thief River Falls beat Bagley 46-35 Tuesday in boys junior varsity high school basketball.

The Prowlers trailed 12-7 at the end of the first quarter, but had a 25-21 lead at halftime and opened up a 41-26 third quarter spread.

Breaststroke leg of the 200-yard individual medley was handled by first place finisher Josh Swenson of Thief River Falls during Tuesday's boys high school swim duel vs. Bemidji. The Prowlers and Lumberjacks wound up with an 80-80 scoreboard tie.

Prowlers tie Bemidji in home swim debut

Thief River Falls won eight of 11 events, but still had to settle for an 80-80 tie with Bemidji Tuesday in a boys high school swimming dual.

It was the 2002-03 home debut for the Lacey Wallace-coached Prowlers.

The Lumberjacks' depth, along with a pair of false-start Thief River Falls disqualifications in the final four races countered the Prowlers' individual success.

Nathan Browning and Josh Swenson were double-event winners for the Prowlers. Browning won the 50-yard freestyle and 100 freestyle races. Swenson took the 200 individual medley and 100 butterfly.

Those two were also members of a first place 200 medley relay team, along with Jon Kays and Matt Langevin.

Rest of the Prowlers wins came from Cody Sorvig, 200 freestyle; Langevin, 100 backstroke; and Kays, 100 breaststroke.

Thief River Falls finished with a 20-6 edge over Bemidji in a limited match-up of junior varsity swimmers.

TRF 80, Bemidji 80

200 medley relay - 1. TRF (Nathan Browning, Jon Kays, Josh Swenson, Matt Langevin), 1:51.26; 2. Bemidji (Tyler Sand, John Konecne, Brady Moen, Brian Schwartz), 2:00.34; 3. Bemidji (Josh Meyers, Andy Clemenson, Blake Collison, Tony Iverson), 2:20.89.

200 freestyle - 1. Cody Sorvig, TRF, 2:00.33; 2. Tyler Sand, Bemidji, 2:09.66; 3. Mike Arnold, Bemidji, 2:11.62; 4. Jon Kays, TRF, 2:20.02; 5. Nick Kloha, Bemidji, 2:23.97.

200 I.M. - 1. Josh Swenson, TRF, 2:16.16; 2. Matt Haffner, Bemidji, 2:19.81; 3. Josh Meyers, Bemidji, 2:35.90; 4. Nathan Bylander, TRF, 2:39.71; 5. Cole Bylander, TRF, 2:47.70.

50 freestyle - 1. Nathan Browning, TRF, 23.50; 2. Matt Langevin, TRF, 24.91; 3. Brian Schwartz, Bemidji, 25.72; 4. John Konecne, Bemidji, 27.72; 5. Ben Carlson, TRF, 29.00.

100 butterfly - 1. Josh Swenson, TRF, 1:00.64; 2. Josh Meyers, Bemidji, 1:09.41; 3. Andy Zbacnik, TRF, 1:50.62.

(Continued on Page 11)

TRF boys are off to a 4-0 start

Thief River Falls boys high school basketball team is off to its first 4-0 start since 1974-75 following a 68-43 Tuesday win at Bagley.

Eric Grembowski scored 18 points, Joe Field 14 and Jason Koch 10 as the Prowlers added the Flyers to their list of early-season conquests that began with wins over Kittson Central, Warren-Alvarado-Oslo and Grafton, N.D.

The Prowlers jumped out to a 19-9 first quarter lead, had a 34-23 halftime advantage and opened up a 54-35 third quarter spread.

"We got off to a fast start," noted Thief River Falls coach Chris McLean. "Our half-court game wasn't very good, but we did a nice job pressuring the ball. We got some steals and we forced them to put up some shots they really didn't want to take."

The Prowlers shot 54 percent from the field (26/48) and made 12 of 17 free throw attempts. The Flyers shot 40 percent from the floor (17/42) and had an 8-for-17 free throw night.

Jerry Netland scored 13 points and Luke Lundell had 11 for the Flyers, who out-rebounded the Prowlers 26-19, but also had more turnovers, 21-13.

"I was really pleased with our defensive effort," said McLean. "We created a lot of offensive opportunities with our defense."

That 1974-75 Thief River Falls team finished the year 20-5 and reached the Region 8 finals.

Scoring

	1	2	3	4	T
Thief River Falls	19	15	20	14	68
Bagley	9	14	12	8	43

TRF - Jason Koch 10, Nick Ricks 6, Joe Field 14, Eric Grembowski 18, Matt Stuckey 4, Kyle Gerardy 2, Tanner Harlow 7, Josh Gerardy 4.

Bagley - Roman Smith 4, Luke Lundell 11, Jerry Netland 13, Euriah Blair 5, Dan Knutson 6, Jarod Merschman 2, Spencer Peterson 2.

MCC defense stops Sacred Heart

Marshall County Central gave up 20 first quarter points, but then surrendered just 25 points over the final 24 minutes en route to a 72-45 boys high school basketball win over East Grand Forks Tuesday at Newfolden.

The Nordics trailed 20-17 at the first quarter break, went ahead 31-26 at halftime and opened up a 50-31 third quarter spread.

"They (Eagles) played a good first quarter, and we didn't play very strong defense," reported Marshall County Central coach Jake Rantanen. "We changed up some things on defense and our intensity level picked up."

A balanced attack for the winners featured Adam Riesen with 14 points, Louis Peterson 13 and Tad Davidson 12. Riesen also grabbed nine rebounds and Davidson was credited with eight assists. The Nordics had a 48 percent 29-for-60 shooting night from the field.

"The offense is coming along," noted Rantanen, whose team improved to 2-3. "There were a lot of positives."

Andrew Marek and Josh Blair scored 10 points each for the visitors, who turned in a 45 percent 20-for-44 shooting performance.

The Nordics were 9-for-13 at the free throw line, where the Eagles went 2-for-10. Marshall County Central dominated the boards 33-19, and Sacred Heart topped the turnover charts 23-15.

Scoring

	1	2	3	4	T
EGF Sacred Heart	20	6	5	14	45
Marshall Co. Central	17	14	19	22	72

EGFSH - Andrew Marek 10, Jonathan Enright 6, Jason Kaiser 7, Josh Blair 10, Ben Litzinger 4, Michael Phaneuf 6, Ben Pribula 3.

MCC - Louis Peterson 13, Tad Davidson 12, Dustin Monsebroten 7, Jay Maurstad 5, Phil Donarski 4, Joey Hogberg 5, Adam Riesen 14, Preston Hanson 4, Aaron Holtan 2, Jacob Anderson 6.

Three TRF squads play in holiday tournaments

Thief River Falls will have teams playing in three high school tournaments during the Christmas/New Year's school break.

The Thief River Falls Northwest Russ Smith Holiday Classic boys basketball tournament is scheduled Dec. 26, 27 and 28.

Hockey tournaments will have the Thief River Falls girls at Roseau Dec. 26-27 and the boys in Grand Forks Dec. 26, 27 and 28.

Mustangs' start beats Red Lake

Marshall County Central knocked down four 3-point baskets in the first quarter for an early lead that carried the Mustangs to a 72-47 girls high school basketball win over Red Lake Tuesday at Oklee.

It was the third straight win for the Mustangs, who carry a 4-3 record into the holiday break. They will be idle until a Jan. 2 game at Climax/Fisher.

Ahead 9-0 at the start, Red Lake County Central shot 48 percent from the field (31/64) while building quarter leads of 23-14, 44-25 and 61-35.

"We played pretty well in the second and third quarters," said Red Lake County Central coach Rick Koivisto. "We shot the ball well."

Michelle Halvorson scored 19 points, Brittany Berberich 18 and Maureen Munt 12 for the Mustangs. LaToya Schoenborn of Red Lake led all scorers with 29 points.

Red Lake shot 43 percent from the floor (17/40) and went 10-for-11 at the free throw line, where Red Lake County Central had a quiet 1-for-2 night. The Mustangs finished with a 25-24 rebound edge. Red Lake had more turnovers, 32-17.

Scoring

	1	2	3	4	T
Red Lake	14	11	10	12	47
Red Lake Co. Central	23	21	17	11	72

Red Lake - Tracy Kingbird 2, LaToya Schoenborn 29, Ann Cobenais 6, Leahna Barrett 4, Marie Spears 4, Janne Perkins 1.

RLCC - Michelle Halvorson 19, Maureen Munt 12, Tanya Melby 8, Tiffanie Malwitz 6, Megan Gunderson 6, Brittany Berberich 18, Brittany Gustafson 3.

B/G-MR girls have won seven straight games...

Gators extend winning streak

Kierah Kimbrough scored 34 points to lead Badger/Greenbush-Middle River past visiting Tri-County 82-34 Tuesday in girls high school basketball.

Kimbrough, a 6-0 sophomore, did her damage in just three quarters as she joined the rest of the Gators' starters on the bench while the scoreboard spread went from 14-6 after one quarter to 43-16 at halftime and 58-25 through three quarters.

The 7-1 Gators shot 53 percent from the field (36/68) and put 11 players in the scoring column as they stretched their winning streak to seven games heading into the holiday break. They will be idle until a Jan. 3 contest against Kittson Central.

"We were just on," said Badger/Greenbush-Middle River coach Tom Neibauer. "We played 14 kids, and only had 10 turnovers. Seven (wins) in a row is a good way to go into vacation."

Danielle Peterson joined Kimbrough in double figures for the winners with 15 points, while Breanna Holm collected eight assists.

The Gators were 10-for-13 at the free throw line, where the Wildcats had a 14-for-24 night.

Scoring

	1	2	3	4	T
Tri-County	6	10	9	9	34
B/G-Middle River	14	29	15	24	82

TC - Chelsea Boen 4, Danielle Westberg 2, Allison Bitten 5, Tera Blazejewski 6, Savannah Foss 8, Kayla Gullicks 7, Amanda Clinton 2.

B/G-MR - Missy Bruggeman 4, Ashley Mekash 2, Breanna Holm 8, Kelsey Holmes 3, Lynsey Roppe 2, Kierah Kimbrough 34, Danielle Peterson 15, Lyndsay Heggedal 2, Jody Schmalz 6, Ashley Walton 2, Erin Tolander 4.

Eagles' defense sets up offense

Grygla-Gatzke turned up the heat on defense and collected a 58-46 Tuesday boys high school basketball win at Warroad that pushed the Eagles' early-season record to 4-1.

Warroad started with a 16-9 first quarter lead, but Grygla-Gatzke went ahead 31-25 at halftime and carried a 47-33 advantage into the final quarter.

"They thoroughly out-played us in the first quarter," said Grygla-Gatzke coach Vern Johnson. "We were fortunate to be down just seven. In the second quarter, we started to force some turnovers. That got us going. I think our defense took its toll on them."

Tony Nordby and Geoffrey Larson scored 18 and 14 points, respectively for Grygla-Gatzke. Kent Peterson had a team-high 14 points for Warroad.

Grygla-Gatzke was 20-for-46 from the field (43 percent) and a perfect 14-for-14 at the free throw line. Warroad went 18-for-43 from the floor (42 percent) and 6-for-12 at the line. The two teams split 40 rebounds. Warroad topped the turnover figures 24-19.

Scoring

	1	2	3	4	T
Grygla-Gatzke	9	22	16	11	58
Warroad	16	9	8	13	46

G-G - Nick Olson 6, Tony Nordby 18, Jason Woods 6, Geoffrey Larson 14, John Polansky 2, Shawn Klamar 4, Ben Heal 8.

Warroad - Martin Beckner 3, Ryan Orvis 1, Reid Merriman 7, Brian Gustafson 12, Kent Peterson 14, Adam Knebel 6, Adam Phillipe 3.

Young RLCC ball club is looking for improvement

Wins have been hard to come by for the Red Lake County Central boys high school basketball team in recent years, and the 2002-03 edition of the Mustangs is finding it tough to break the pattern.

After an 0-3 finish in the season-opening Northland Community and Technical College Invitational, the Mustangs have lost to Red Lake Falls 73-38, Fosston 90-47 and Climax/Fisher 73-38 on Tuesday.

The last time the Mustangs finished with a winning record was in 1995-96. They came into this season with just seven wins over the past three years, including a 1-21 finish in 1999-2000, 4-20 in 2000-01 and 2-23 in 2001-02.

Coach Randy Huie is trying to turn the program around with an inexperienced team that has been plagued by turnovers, which limit the Mustangs' offensive opportunities.

"We have a young team," said Huie at the start of the season. "Most of them played junior varsity last year. We'll just take it one game at a time and try to improve."

Nick Brustad, a 6-4 junior center is the Mustangs' top player and one of two returning starters from a year ago, along with 6-0 senior guard Kevin Beaudoin. Brustad scored a game-high 20 points against the Knights.

Led by Justin Morken with 14 points, Climax/Fisher posted quarter leads of 24-7, 35-9 and 54-23.

Scoring

	1	2	3	4	T
Red Lake Co. Central	7	2	14	15	38
Climax/Fisher	24	11	19	19	73

RLCC - Jesse Olson 4, Ryan Fisher 2, Kevin Beaudoin 1, Caleb Jacobson 3, Brandon Johnsrud 2, Chad Morinville 1, Isaac Kvasager 6, Nick Brustad 20.

C/F - Ross Korynta 6, Jared Altepeter 2, Nick Beiswenger 13, Mike Vervalen 3, Nick Bartels 6, Jeremy VanEps 6, Justin Morken 14, Fred Wentzel 12, Jared Hollands 3, Tony Moulds 3.

Rams stop Huskies 63-43

Another slow start cost Goodridge Tuesday in a 63-43 boys high school basketball loss at Roseau.

The Huskies, out-scored 20-0 at the start of a 63-39 loss to Grygla-Gatzke the previous Friday, fell behind the Rams 17-4 in the first quarter and never recovered.

"For whatever reason, the last two games we've started awful, then we play them somewhat even" said Goodridge coach Eric Mickelson.

Actually, the reason for a current five-game losing streak and a 1-5 record heading into the holiday break is two-fold, according to Mickelson. "We have not been shooting very well, and we haven't played very good defense," he explained. "That's a dangerous combination."

Goodridge was 18-for-51 from the field (35 percent) and 5-for-11 at the free throw line. Roseau went 25-for-48 from the floor (52 percent) and 12-for-16 at the line.

Scoring

	1	2	3	4	T
Goodridge	4	7	10	22	43
Roseau	17	19	11	16	63

Goodridge - Cole Halvorson 4, Kyle Wikert 12, Elroy Johnsrud 4, Adam Johnson 1, Andy Rindahl 12, Andy Rubischko 6, Matt Rindahl 2.

Roseau - Jeremy Selheim 12, Joe Knutson 2, Stephen Sjaaheim 2, Jordan Erickson 4, Tyler Donarski 2, Brian Anderson 6, Mike Welch 6, Paul Rudebusch 14, Steve Mason 2, Dustin Timmerman 4, Chris Lindstrom 3, Noah Puckett 7.

TRF boys JV basketball squad winner at Bagley

Paul Sjoberg scored 15 points and Kyle Dobias netted 10 as Thief River Falls beat Bagley 46-35 Tuesday in boys junior varsity high school basketball.

The Prowlers trailed 12-7 at the end of the first quarter, but had a 25-21 lead at halftime and opened up a 41-26 third quarter spread.

COLLEGE SPORTS NEWS

■ **Chelsea Haviland...**

A freshman member of the women's swimming team at the U.S. Military Academy in West Point, N.Y., Chelsea Haviland of Thief River Falls continues to impress as a collegiate diver.

A recent release from the Army's athletic department called her a "freshman phenom" after she swept both the one-meter and three-meter diving competition for a sixth time this season in a Dec. 11 dual win over Holy Cross, 171-69.

Haviland, already a four-time winner of the Patriot League Diver of the Week award, has finished first in 12 of the 14 diving events she has participated in this year. She was second in her two non-winning efforts.

Haviland, who set a season high with 281.48 points off the three-meter board, was also a member of a first place 200 freestyle relay team.

Casey Jones...

Goodridge High School graduate Casey Jones is a 6-9 freshman center on the University of Minnesota-Crookston men's basketball team.

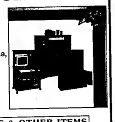
ADVERTISEMENT FOR PUBLIC HEARING FOR:
S.P. 45-598-11

Pursuant to the provisions of Title 23, United States Code, Section 128, notice is hereby given that the Marshall County Highway Department will hold a public hearing at Warren, MN, in the County Board room at the Marshall County Courthouse, 208 E. Colvin Ave., on January 21, 2003, at 2:00 p.m. to discuss major design features and the social, economic and environmental effects of the proposed improvements to Bridge No. 7481 over the Middle River on CR 114, 9 miles NW of Newfolden, MN.

The proposed improvement includes replacing and relocating the existing bridge and realigning the roadway approaches.



A Project Path Report, which supports the determination that the proposed action is appropriately classified as a categorical exclusion, along with maps, drawings and other pertinent information relating to the project are available for public inspection and copies will be available at the Office of the County Engineer, 447 S. Main, Warren, MN 56762.

Right of way acquisition processing and construction are dependent upon Federal approval.

Written statements and other exhibits in place of, or in addition to, oral statements will be accepted at the hearing and for a ten-day period following the hearing and will be made part of the official record.

Three Pennington County 4-Hers recently attended the National 4-H Congress. Those who attended were Lindsey Swanson, Chelsey Helgeland and Kay Steiger.

Local 4-Hers attend National 4-H Congress

Lindsey Swanson, Chelsey Helgeland and Kay Steiger from Pennington County, along with Kim Swanson as adult advisor, were among 1,300 4-H delegates from across the US and Puerto Rico who participated in the 81st National 4-H Congress in Atlanta, Ga. It was held Nov. 29 - Dec. 3. In honor of this year's national celebration of 4-H's centennial, Minnesota was proud to have 80 youth delegates represent our state. It was the largest delegation in attendance.

National 4-H Congress recognizes the accomplishments of youth in the 4-H program and provides an outstanding educational opportunity for 4-H youth. Youth participants returned home with new ideas and a commitment to become more involved in their communities.

Throughout the five-day national event, participants increased their cultural understanding through workshops, experienced the culturally diverse heritage of Atlanta and learned from each other about customs and traditions in other cultures and parts of the country. Delegates also heard motivational speakers, such as Millard Fuller, CEO and President of Habitat for Humanity; Rick Brogg, Pulitzer Prize winning New York Times columnist; Erika Harold, 2003 Miss America; and Dan Clark, international motivational speaker and author of the best-selling "Chicken Soup for the Soul" books.

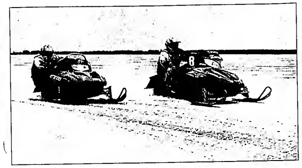
In addition, community service was an important element of the conference's activities. Delegates helped thousands of children from throughout Atlanta create art projects and presents as part of the "Art of the Season" program, which benefits Children's Healthcare of Atlanta. Each Congress delegate also brought 100 dimes, in honor of the 100th birthday of 4-H, which raised more than $13,000 for Habitat for Humanity International and the International 4-H Youth Exchange Programs.

On the final day, delegates were asked to make a "Power of Youth Pledge," which is a civic commitment to volunteer in their communities. In Minnesota alone, thousands of 4-H members and adult volunteers have pledged more than 200,000 hours of service to make their communities and our country a better place in which to live. Across America, youth and adults are making similar pledges. 4-H's national goal is for each of 4-H's 6.8 million members and 610,000 volunteers to donate a day of community service. This would generate 60 million work hours, worth $300 million at a minimum wage. More information on the Power of Youth pledge and 4-H's centennial can be found at www.4hcentennial.org.

4-H works to advance youth development and build a world in which youth and adults learn, grow and work together as catalysts for positive change. In Minnesota alone, approximately 167,000 youth and 4,500 volunteers are annually involved in 4-H and its programs. 4-H is a part of the University of Minnesota's Extension Service and part of the USDA's Cooperative Extension System, which conducts programs in all 3,067 counties of the US, District of Columbia, Puerto Rico and five other territories.

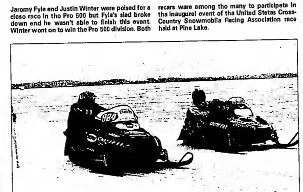
They keep the faith and preserve the church

(Continued from Page 1)



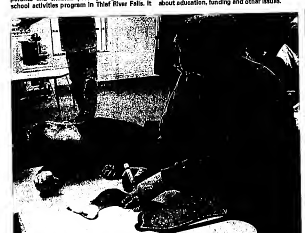
and the two donations are being kept safe in the bank. The only problem is that the cost estimate for the siding of the church is considerable. Even with three sizable donations in the bank, there is still not enough money to cover the entire cost. The woman who donated the bank certificates says she doesn't dare to start the renovation until they are sure they have enough money to finish, but hopes to raise enough by springtime.

With the rich heritage this church has brought to the area, the women behind Norden's restoration efforts are hoping that anyone who has a connection of any kind to the church will step up and help them out. Helping restore the church is not just for those with a connection to it, it is for anyone who wishes to to see a part of our Scandinavian legacy live on for many years to come.



Anyone who would like to help with the preservation of the Norden Lutheran Church can send donations to: Northern State Bank, Main Branch, 201 Third Street East, Thief River Falls, MN 56701 c/o Evie Johnson, bank representative. Every bit can help and donations are requested by April 1, 2003. Remember, donations are tax deductible.

This photo was taken of Norden Lutheran Church in 1956. When the church was built in 1912, the congregation had many members from around Norden Township of Pennington County. Today, there are only a few members remaining and the church is no longer active. The members are hoping to raise enough money to put new vinyl siding on the church and preserve it for many years to come.



Jeremy Fyle and Justin Winter were poised for a close race in the Pro 500 but Fyle's sled broke down and he wasn't able to finish this event. Winter went on to win the Pro 500 division. Both racers were among the many to participate in the inaugural event of the United States Cross-Country Snowmobile Racing Association race held at Pine Lake.

In the Pro Fan Open, Paul Krahn and Zak Solem ran neck and neck at the Pine Lake 200. The Pine Lake 200 was the inaugural race for the United States Cross-Country Snowmobile Racing Association.

On Wednesday, Dec. 11, Maxine Penas, District 1A representative in Minnesota, sat down with parents and children participating in the pre-school activities program in Thief River Falls. It was a holiday activities day for parents and children at the pre-school. The representative's visit allowed parents and teachers to visit with her about education, funding and other issues.

Sharon Efteland helped her Grandson Carter Ueland, 5, finish some holiday decorations during a holiday activities day at the pre-school at Challenger Elementary School on Wednesday, Dec. 11.

Agriculture Station tops DHIA list

The Northwest Agricultural Experiment Station was the top producer among dairy herds in the Red Lake-Pennington Dairy Herd Improvement Association (DHIA) for the month of November.

Randy and Margaret Rasmussen, supervisors of the Red Lake-Pennington DHIA, put the following herds at Top 15 in the Association for the month of November: 1. Northwest Agricultural Experiment Station (small), 65 cows, 85 percent in milk, producing an average of 72 pounds of milk, 2.8 pounds of fat, 2.3 pounds of protein in supervised testing, with 107 percent of DHIA test-day milk sold; 2. Todd and Kathy Johnston, 59 cows, 89 percent in milk, producing an average of 70 pounds of milk, 2.5 pounds of fat, and 2.1 pounds of protein, in supervised tests, with 105 percent of test-day milk sold; 3. Mark and Darla Lehmann, three cows, with 100 percent in milk, producing an average of 70 pounds of milk, 2.7 pounds of fat, and 2.3 pounds of protein in supervised tests, with 101 percent of test-day milk sold; 4. Northwest Agricultural Experiment Station (large), 44 cows, 80 percent in milk, producing an average of 68 pounds of milk, 2.7 pounds of protein, and 2.1 pounds of protein, in supervised test, with 107 percent of test-day milk sold; 5. Walter Brothers Farm, 264 cows, with 86 percent in milk, producing an average of 66 pounds of milk, 2.3 pounds of fat and 2.0 pounds of protein in supervised testing, with 106 percent of test-day milk sold; 6. Wayne Nelson, 41 cows, with 90 percent in milk, producing an average of 63 pounds of milk, 2.3 pounds of fat and 2.0 pounds of protein in supervised testing, with 105 percent of test-day milk sold; 7. Morlyn and Debbie Omquist, 37 cows, with 89 percent in milk, producing an average of 63 pounds of milk, 2.3 pounds of fat and 2.0 pounds of protein in unsupervised testing, with 106 percent of test-day milk sold; 8. Beyer Brothers Farm, 66 cows, with 94 percent in milk, producing an average of 62 pounds of milk, 2.3 pounds of fat and 2.0 pounds of protein in supervised testing, with 101 percent of test-day milk sold; 9. Gary and Polly Bakken, 28 cows, with 82 percent in milk, producing an average of 61 pounds of milk, 1.9 pounds of fat and 2.0 pounds of protein in supervised testing, with 103 percent of test-day milk sold; 10. Wayra Dairy, 171 cows, with 88 percent in milk, producing an average of 52 pounds of milk, 2.1 pounds of fat, and 1.7 pounds of protein in supervised testing, with 101 percent of test-day milk sold; 11. Leonard and Marge Geske, 46 cows, with 91 percent in milk, producing an average of 52 pounds of milk, 2.0 pounds of fat and 1.6 pounds of protein in supervised testing, with 101 percent of test-day milk sold; 12. Greg Zak, 34 cows, with 82 percent in milk, producing an average of 51 pounds of milk, 1.7 pounds of fat and 1.7 pounds of protein in supervised testing, with 103 percent of test-day milk sold; 13. Tom and Diane Kolstoe, 40 cows, with 90 percent in milk, producing an average of 50 pounds of milk, 1.9 pounds of fat and 1.6 pounds of protein in supervised testing, with 100 percent of test-day milk sold; 14. Kevin and Beth Roppe, 38 cows, with 89 percent in milk, producing an average of 50 pounds of milk, 1.9 pounds of fat and 1.6 pounds of protein in supervised testing, with 108 percent of test-day milk sold; 15. E. Duane and Faith Knott, 86 cows, with 86 percent in milk, producing an average of 48 pounds of milk, 1.9 pounds of fat and 1.5 pounds of protein in unsupervised testing, with 99 percent of test-day milk sold.

The herd averages are affected by the number of dry cows in the herd. The amount of milk or butterfat is averaged out over all the cows. This gives the farmer a record of the earning power of the herd for the month. If too many cows are included in the herd, then the average for the month may be low, even though the cow that is milking produces a lot of milk.

Viking student accepted to MSU, Moorhead

Megan Weleski, a 2003 graduate of Marshall County High School, has been accepted to Minnesota State University, Moorhead (MSUM). Weleski is the daughter of Arnold and Mary Weleski. She intends to major in marketing.

MSUM is a comprehensive regional university enrolling approximately 7,400 students. It offers more than 135 majors, emphases and options; 18 areas of pre-professional studies; 32 areas of licensure preparation and 12 graduate degree programs.

A BOLD LOOK AT BEDTIME.
The day ends with a ritual. You wash. You brush. You reflect on the ability of some things to get better with age. Like the beautifully sculpted lines of Kohler's Revival faucet, with a style as graceful as the turn-of-the-century era that inspired it. If bedtime doesn't look inspired in your bathroom, look to our Kohler Registered Show-room and expert design staff, before another evening goes by.

Thank You

There is strength in numbers, and believe us when we say - we had a multitude of angels among us, family and friends. Among us and above all - Jesus - The beginning and end of all - had Mom there for us and continues to be there in these difficult times, the last few years and especially during these last few weeks. Monday October 28th, 2002 at 7:45 AM our Mother Marilyn Bannerman went to be with her Lord and Savior. The battle was hard fought and the Victory was hers. God brought Mom home peacefully and quietly. Her pain became ours - but it had been lessened, so much, by all of you that gave us the strength and courage that we received in these past weeks. So with that being said, we would like to say a special Thank You and with heart-felt gratitude to the following: First to Our Lord, that is always with us, and will always be. He is the great Physician - but He also brought to Mom awesome Doctors that He gave special knowledge and tenderness to. Mom loved her Doctors. First of all to Dr Dentcher, Altru Hospital in Grand Forks. Thank you so much for keeping more comfortable and being Mom for us. We saw how much you really cared after Mom died. When there there Mom in your eyes as you sat holding her hand in yours. God Bless you. You will never know how much we appreciate you. Dr Judith Campbell, TRF. Thank you for being there for Mom and knowing exactly what to do when and needed you the most. Dr. Jerome Bray and Lois, Mom loved you both so much, for coming over to the house to visit and to pray with her. Thank you. Sandy Nelson, mom's nurse at home. Thank you for the countless hours you spent at her house caring for her, keeping her company when we could not be Mom all of the time. Beverly Kindall, you brought comfort to us with your gentleness of heart and special care you gave to mom. Bless you. Helen Stahl. Thank you so much, you were such a good friend to mom. Thank you for coming to the Hospital to pray with us, for ALL of the food you brought to the house, for everything. Toni Betting, Chaplin at Altru Hospital. You truly are a messenger of God.

All of the excellent nurses on the 6 th floor of Altru Hospital in Grand Forks, Sue, Jesus, JoAnn, and Carrie. There are no words that can express our feeling for all of you. It is so plain to see that God put you all in a profession where only Special people can be. The care you all gave to there and to us was phenomenal. Dear Sue, as there fought to die - you were right there for Mom and for all of US. What a comfort and strength you were. Thank you So much. To the family of Emma Vanyo, We believe that God puts people exactly in the right place at the right time. It seems that Mom there a hundred of you in the next there. What a support system we had in all of you. As there lay there in her final hours, we heard a choir of angels singing the most beautiful hymns, ever. God bless all of you. Our thoughts and prayers are with all of you during that time. Altru Cancer Center. Thanks to each of you that worked with mom and took such gentle care of her. To Rev. Merrill Kindall, we can not Thank You enough for your words of comfort and encouragement. The beautiful service you gave, for coming over to the house and praying with us in our time of pain. Listening to our stories and our memories of mom. You truly have been a great comfort to dad also. Thank you!!! To Mom's family that carried her to her final resting place Neil and Scott Peterson (Mom was their second Mom), Tony Brouse, Christian and George Olson, Mom loved you so much, Gary Dahlen, what a good friend you are to all of us. We love all of you!!! To Ileen Danielson for playing the beautiful music. Ken Wiggs for singing at such short notice. To the Ladies Auxiliary of the Evangelical Covenant Church for serving such a delicious meal. To Johnson-Green Funeral home. Thank you so much for your care and expertise in arranging everything for the funeral. It was beautiful.

To Grandma Lucille, Uncle Wes, Aunts Barbara, Nancy, Kathy, Linda and Kelly who were there for there and for us when we all needed you, for the countless hours you spent at the hospital and at home. You all will never know how much we LOVE YOU! Thank you to their spouses our Aunt Judy, Uncles Danny, Norval, Butch, Richard and Michael. Thank you for being such great support for there and also for us our. We love you too.

To Mom's Aunts, Uncles and Cousins from out of town - Thank you for being there with us as we celebrated Mom's life. To All of you that are too numerous to mention Thank you for all of the calls, prayers, food, cards, flowers and for taking time for us by attending the visitation and mom's funeral. We're sure Mom saw watching all of you.

May God richly bless each and every one of you that there there for mom and our family. We are truly blessed to have all of you.

With an abundance of Love and Gratitude,
The family of Marilyn Bannerman, Mervin,
Cari & Troy, Julie & Mark,
Rae Ann & Joey and Nancy
Grandchildren - Andy, Kaitlyn, Danny, Cody, Kelsey and Wyatt

Minnesota Dairy Day set for McIntosh on Jan. 7

The dairy cow of the future, robotic milking and cow health will be topics at Minnesota Dairy Day in McIntosh on Jan. 7. The University of Minnesota is offering the event, which is designed for producers and others interested in dairying. The event will be held at the Community Center, McIntosh.

Registration at each location will open at 9:30 a.m. The program will begin at 10 a.m. with a University of Minnesota (U of M) research update. Then there will be a session on keys to success in dairying, including people considerations and cow considerations. Speakers at the various locations will be U of M Regional Extension Educators Lee Gross, Chuck Schwartau, Vern Oraskovich and Jim Salfer; and U of M Extension dairy scientists Marcia Endres and Jim Linn. Mike Hodgman, a veterinarian with Monsanto Dairy Business of St. Louis, Mo., will wrap up the session with a presentation on cow health.

There will be three presentations in the afternoon: lowering somatic cell counts by U of M Extension animal scientist Jeff Reneau; designing the cow of the future by U of M animal scientist Les Hansen; and an overview of robotic milking by Endres or Salfer.

A question-and-answer session will wrap up the day, with adjournment scheduled for 3 p.m.

The Dairy Day registration fee is $25 per person and $15 for each additional person from the same farm. Pre-registration is not required. You may register at the door, but please call the local coordinator at least a day in advance so that a meal count can be planned.

For more information, contact Gene Krause at (218) 634-1511.

Audubon Christmas Bird Walk to be held Dec. 29

On December 29 from 7 a.m. to 4:30 p.m., the Audubon Christmas Bird Count will be held. Watch and count the birds at feeders or walking around different areas. All skill levels of birders are welcome to help. The day starts and ends at the sanctuary with lunch at LaFond's Restaurant in Warren. The event is free.

Wetlands, Pines and Prairie Audubon Sanctuary is located five miles east of Warren on Highway 1, then three miles south and one-half mile east. Please call the sanctuary at (218) 745-5663 if you have any questions.

Notices

EXCEL TOWNSHIP. Qualified residents may file an Affidavit of Candidacy for office of Supervisor-3 year term or Treasurer-2 year term. Filing dates are January 1-14, 2003. Joe Ose/Clerk.

Public Notice

The Thief River Falls Water Department announces that the maximum limit for Turbidity in drinking water was exceeded on November 11, 16 & 17, 2002.

Turbidity is caused by the presence of finely suspended particles such as clay, sand, or organic matter in water. It is an indicator of filtration efficiency for removal of pathogens. Turbidity, also indicates the treatability of water by disinfection and can be a problem if it interferes with the disinfection process. However, the high turbidity levels did not create a health hazard because the Water Department maintained effective levels of chlorine disinfection.

The United States Environmental Protection Agency (EPA) sets drinking waters standards and has determined that the presence of microbiological contaminants are a health concern at certain levels of exposure. If water is inadequately treated, microbiological contaminants in that water may cause disease. Disease symptoms may include diarrhea, cramps, nausea, and possibly jaundice, and any associated headaches and fatigue. These symptoms, however, are not just associated with disease-causing organisms in drinking water. EPA has set enforceable requirements for treating drinking water to reduce the risk of these adverse health effects. Treatment such as filtering and disinfecting the water removes or destroys microbiological contaminants. Drinking water which is treated to meet EPA requirements, is associated with little to none of this risk and should be considered safe.

The turbidity ranged from a high of .88 to .67 Nephelometric Turbidity Units (NTU). The Safe Drinking Water Act Standards effective in January of 2002 set a maximum contaminant level (mcl) for finished water turbidity. Finished water turbidity must be less than or equal to 0.5 NTU in 95 percent of all samples taken and cannot exceed 5 NTU at any time.

Malfunction of Carbon Dioxide Feed System caused an above normal pH, therefore causing a turbidity violation.

Please be assured that the water was safe to drink during this period of turbidity exceedance. Routine microbiological tests of the finished water in the distribution system found no bacteria present. For additional information, please contact the Water Superintendent at the Water Purification Plant at 681-3309.

Notices

CITIZENS OF Reiner Township. Anyone wishing to hold office of Supervisor for a three year term or Treasurer for a two year term must file with the town clerk between December 31 through January 14, 2003 at 5 p.m. at the home of the clerk, Daniel Holen/Clerk. 2t102c

NOTICE IS hereby given to qualified voters of Holt Township, County of Marshall, State of Minnesota, that the following offices shall be elected at the Annual Election of Town Officers at the Holt Community Center, Holt, Minnesota, on March 11, 2003: One Treasurer for a two year term and one Supervisor for a three year term. The first day for candidates for town offices to file affidavits with the clerk is December 31, 2002 with the last day to file being January 14, 2003 and ending at 5:00 p.m. In case of inclement weather, the election may be postponed until the third Tuesday in March at the same time. Gemette Hanson/Clerk 2t103c

TO QUALIFIED voters of New Solum. Filing for offices of Supervisor (3 year term) and treasurer (2 year term) opens 12-31-02 and closes 5 p.m. 01/14/03. File with the town clerk. Candidates may withdraw their names before 5 p.m. on 01/16/03. Jill K. Hall/Clerk. F2t104c

NOTICE TO users of New Solum dumpsters-Deposit only household garbage-nothing that won't fit into the garbage bag or nothing that is hazardous waste. Dumpsters are for use only by New Solum residents. Jill K. Hall/Clerk. F2t104c

Winter has arrived in Thief River Falls. With snow still falling on Thursday, city employees worked to clear away snow on LaBree Avenue.

Neighbors are pulling together to help out

Food collection effort being conducted for Roseau

(Continued from Page 1)
families in the new sub-division provided by FEMA.

Progress is slow but Pelowski encourages residents to take it one day at a time.

There are some positives. Christmas holiday decorations are adorning city streets, and downtown is doing quite well, said Pelowski. There are some empty stores, but several have rebuilt or are in the process of rebuilding. "It's beginning to look like downtown Roseau again," he said.

Going through the town, Holland said, everything looks good, but once you get behind doors, it's a different story. Some people think others are worse off than they are, and are reluctant to ask for assistance when they really need it. Holland said he's observed a lot of frustrations. "There's turmoil among families."

Christmas can be a difficult time anyway, but these difficulties can be compounded by a lack of food.

Wednesday, 60 turkeys donated by Northern Pride were taken to Roseau. The Ministerial Association is also hoping to collect non-perishable goods for delivery to Roseau too. These goods need to be collected before Dec. 22 so that they can be delivered to families.

Rev. John Wollenzien of Trinity Lutheran Church in Thief River Falls said he heard about the need for food from Holland and then brought that message to the Ministerial Association. Through the churches that belong to the Ministerial Association, he believes they can collect a lot of food.

Area residents interested in participating in the food drive for Roseau can drop their donation off at their church, or at United Methodist Church, Zion Lutheran Church, Trinity Lutheran Church, Abundant Life Church, or Evangelical Free Church.

Donations need to be dropped off before Dec. 22.

North Border Interfaith Coalition said donations can be dropped off at Messiah Lutheran Church in Roseau. A representative of North Border Interfaith agreed that there is a need. She explained that a lot of people aren't coming forward. "There's too much pride," she explained.

For more information about what is needed contact North Border Interfaith Coalition at 463-3374.

State reports virus making an impact

(Continued from Page 1)
mild fever. Some people who develop the illness may need to be hospitalized for dehydration.

Dr. Harry Hull, Minnesota State Epidemiologist, says that simple hand washing is the key to preventing the spread of this illness.

"All people need to do is remember to wash their hands," Dr. Hull said. "Wash your hands - thoroughly and carefully - after using the toilet, before consuming food, and before preparing food for yourself or others. If everybody did that, we could prevent a majority of the illness caused by these viruses."

Norwalk-like viruses are present in the stool and vomit of infected people, according to Dr. Kirk Smith, who heads the foodborne disease unit at MDH. They are spread primarily through person-to-person contact, or contamination of food prepared by a person with the illness.

People who have already gotten over the illness still need to be careful, Dr. Smith warned.

"People aren't just infectious while they have symptoms of the illness," Dr. Smith said. "They can continue to spread it for up to several days after they recover. They need to refrain from preparing food - commercially or for their own families - for an additional 72 hours after they get well."

Because some of the symptoms are similar, people with a Norwalk-like illness may tend to mistake it for the flu. However, vomiting and diarrhea are not typical symptoms of influenza. Influenza is a respiratory illness, characterized by symptoms like high fever, sneezing, runny nose and sore throat, and complications like pneumonia. Flu shots will not protect against Norwalk and similar viruses.

The public can report suspected outbreaks of Norwalk-like illness - or other food-related illnesses - to the MDH Foodborne Illness Hotline at 1-877-FOOD ILL (366-3455). For more information about Norwalk-like illness, people can call MDH at (612) 676-5414 or 1-877-676-5414 during normal business hours, 8 a.m. to 4:30 p.m., Monday through Friday.

On Thursday, Larry Jorgenson shoveled snow at a friend's house on Horeco Avenue.

State loan helps finance new water treatment facility in Fertile

A $1.2 million state loan is financing an extensive drinking water infrastructure improvement project in the city of Fertile. A new well was sunk in November, replacing three old wells that no longer provide a reliable source of clean water. Construction of a new water treatment facility is set to begin early next spring, with completion expected by mid-October 2003.

Awarded by the Minnesota Public Facilities Authority (PFA), the below-market rate loan comes from the state's Drinking Water Revolving Fund. The PFA is the state's primary public infrastructure financing authority within the Minnesota Department of Trade and Economics Development (DTED).

"We've been working on this project for at least the last 20 years. It's been on the minds of several city council members for all those years, so this is a very big deal for us," said Fertile Mayor Brian Nephew. "This will get better water quality for everyone up here, and it's also going to be good for local businesses."

PFA Chairperson and DTED Commissioner Rebecca Yanisch said, "This loan will help to ensure that the citizens and businesses of Fertile will have a long-term supply of clean drinking water. As an added economic benefit, taxpayers will realize substantial interest savings because of their participation in this funding program."

Over the 20-year term of the below-market rate loan, Fertile taxpayers and ratepayers can expect to realize net savings of nearly $590,000 in debt service costs compared to the cost of the city issuing its own bond in the marketplace.

The PFA, created by the legislature in 1987, has funded more than $1 billion in infrastructure projects. It operates three revolving loan funds for infrastructure projects, including the Drinking Water Revolving Fund, Water Pollution Control Revolving Fund and Transportation Revolving Loan Fund.

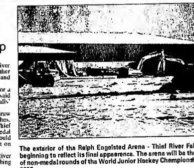
Arenas to host World Junior Hockey Championship

by David Hill
Editor

Monday, USA Hockey announced this week that it has selected the Ralph Engelstad Arenas in Grand Forks and Thief River Falls to host the 2005 International Ice Hockey Federation World Junior Championship tournament. The 10-nation tournament will feature the world's best players under 20 years of age.

While the announcement all but ensures that the tournament will be played in Grand Forks and Thief River Falls, final approval for the games that will be held at the end of December 2004 and the beginning of January 2005, is pending final approval by the International Ice Hockey Foundation (IIHF) General Congress in June.

"Following an exhaustive and comprehensive bid evaluation process, our selection committee left Grand Forks fully convinced and confident that the event organizers will oversee a successful and first-class tournament," said USA Hockey President Walter L. Bush, Jr., Edina. "The World Junior Championship is a crown jewel within international hockey circles and serves as a launching pad for nearly all of the top players in the National Hockey League and Olympic games."



Grand Forks and Thief River Falls were selected over two other finalists, Columbus, Ohio, and Omaha, Neb.

"We could not have asked for a better Christmas present," said Dale Wennberg, Thief River Falls' mayor elect.

The event is expected to draw thousands of athletes, coaches, scouts and spectators even to Thief River Falls where non-medal rounds would be played. This could have a major economic impact on the community.

The next step for Thief River Falls will be to make sure nothing

(Continued on Page 8)

The exterior of the Ralph Engelstad Arena - Thief River Falls, is beginning to reflect its final appearance. The arena will be the site of non-medal rounds of the World Junior Hockey Championship in 2005.

Tom Weleske tells his Toy Story this Christmas

Hallock - Tom Weleske likes toys.

He likes toys so much, he's collected over 700 pieces, everything from windup movie theaters to a battery operated bartender to a 1920s model cement mixer.

The first toy Weleske purchased was in 1991 from an antique store at the City Center Mall in Grand Forks, N.D.

As far as sentimental toys go, Weleske said he has none from his childhood.

His wife, Helen, on the other hand, has a certain toy in the collection - a black Model T Ford that reminds her of one her dad had at one time in his life. - *Kittson County Enterprise, December 25, 2002, by Cindy Stewart*

Maximum school tax levy is again okayed for payable 2003

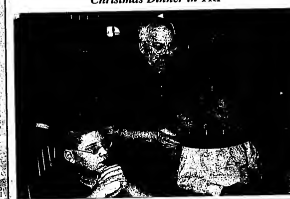
Warren - Warren/Alvarado/Oslo (W/A/O) School District's property tax levy was again set at the authorized maximum for 2002 (payable 2003) at the school board meeting Wednesday, December 18.

The maximum levy was also set by the board a year ago for 2001 (payable 2002) property taxes. The difference this year, however, is the total levy is over twice what it was a year ago.

W/A/O Superintendent Ken Henry said the district tax levy for 2002 (payable 2003) is set at $377,179.12. A year ago, the levy was $178,627.11. The substantial increase (111 percent) is largely due to legislature-mandated changes in the state property tax system and changes in property valuation within boundaries of the school district. Other reasons have to do with changes the state made in funding based on updated projections of number of students. - *Warren Sheaf, December 25, 2002*

Holidays are a little different this year in Roseau area

Roseau - This year, being at home for the holidays among family and friends takes on new meaning for many community residents currently residing in the Federal Emergency Management Administration (FEMA) addition.



Although many residents are still uncertain about their temporary status, having a place to call home tops their list of things for which to be grateful.

Shortly after the flood, FEMA and the Corps of Engineers worked together to construct a temporary housing site south of Roseau for up to 80 homes.

Individuals surveyed about their Christmas plans noted, even though they had great losses due to the flood, they would be traveling to spend part of it with family members. - *Roseau Times-Region, December 21, 2002, by Rhonda Rothenberger*

Christmas Dinner in TRF

▲ Like Christmas Eves in the past, the Community Christmas Dinner was a community event. Volunteers served and helped make the meal. Numerous local businesses donated to the event. Preparations for the event began Dec. 22, when volunteers began peeling potatoes. On Dec. 23, members of four local churches - Redeemer Lutheran Church, Our Saviour's Lutheran Church, Trinity Lutheran Church and Zion Lutheran Church - prepared the turkeys.

▶ Volunteers readied plates and delivery cartons for the annual Community Christmas Dinner. Between 40 and 50 people volunteered to help with the event, which Community Christmas Dinner committee member Tim Loeffler noted, was an increase from last year. Approximately 350 people were served.

TeleHomecare project debuts in NW Minn.

First Care Medical Services Home Care and Hospice, with offices in Thief River Falls, Fosston, Grygla, Mahnomen and Fertile, has received grant funds to implement a TeleHomecare Project. The project will enhance healthcare services to hospice and high-need home care patients in rural Minnesota.

First Care received grants from several sources, including the USDA Distance Learning and Telemedicine Program, $200,000; Northwest Minnesota Foundation, $40,000; Otto Bremer Foundation, $50,000; and the Minnesota Department of Health, $100,000. Those grants will cover a substantial portion of the project, with approximately $100,000 paid by First Care. The project is available at no additional cost to patients.

The TeleHomecare Project will enable clinic physicians and First Care nurses to assess and manage pain and symptoms through a face-to-face live video display. Through a phone line, physicians and nurses will be able to measure a patient's temperature, blood pressure, pulse oximetry, pulse, blood glucose, weight and stethoscope readings.

Both Altru Clinic and Dakota Clinic will be able to complete visits with their patients through the equipment to home care and hospice patients. While hospice and home care providers routinely travel to patients' homes, physicians most often are unable to make home visits. Through TeleHomecare technology, patients who have relied on their physicians for advice and support will be able to maintain this relationship. Yet, the project does not replace existing hospice and home care services.

The TeleHomecare project will be implemented in phases over the next two years. Initially, 10 units

Job gains did not increase incomes

Employment and population gains during the 1990s did not increase prosperity, according to a report released recently by the Northwest Area Foundation. The report, "People, Places and Poverty, In the Northwest Area Foundation's Region," (which includes Minnesota, Iowa, South Dakota, North Dakota, Washington, Oregon, Idaho and Montana), found that in most states, real wages were at, or below national averages.

During that decade, Minnesota's population changes served as a microcosm for the entire region, with rapid in-migration and population growth near the Twin Cities, St. Cloud and Rochester, and sharp population declines and out-migration in most rural areas. In some measures, such as job growth, Minnesota did better than the U.S. average (21.6 percent versus 17.5 percent), but wages were on par with national averages. Minnesota was one of only two states in the Northwest Area Foundation's region to boast sharply lower poverty rates, probably due to its diversified economy and higher farm income (the other state with a lower poverty rate is Iowa).

The Northwest Area Foundation based its analysis on U.S. Census Bureau data of its eight-state

Hewitt sisters move up the musical ladder

by Jenny Nicholson
Reporter

This time last year, the Hewitt Sisters were on their way to making a name for themselves in the local music scene. After winning numerous talent contests and performing at dozens of county fairs, dances and a variety of events, the band is coming upon the next level of success most musicians crave.

The Hewitt Sisters, a five-member band from the Lancaster area, is the engine on which sisters, Katrice and Ashlee Hewitt, are taking their talents to new heights. The band formed about a year ago and included Katrice on fiddle and vocals, Ashlee on rhythm guitar and lead vocals, Duane Lyberg on bass guitar, Eddie Cozzen on percussion and Bruce Steen on lead guitar and keyboards. Since their formation, the band has undergone a few change-ups in membership, but has always kept the two high-school aged sisters at its helm.

This year was one of new adventures and several changes for the Hewitt Sisters band. They have a new drummer - Jesse McGovern of Hallock, who joined the band this past July. They also met up with one of the area's most talented musicians, Ray Husker.

Husker began his career in music when he was only eight years old. He started performing publicly when he was 12. Now a veteran of the stage, Husker has joined Katrice and Ashlee Hewitt as their guitar and keyboard man. At time, he also takes on lead vocals, with the girls in harmony. When not playing with the Hewitt Sisters, he can probably be found playing with JD Beckman and Heartland.

Katrice and Ashlee, while talented on the instruments they already play, have both decided to learn new instruments. Ashlee is taking up percussion, while Katrice uses her experience with strings to learn bass guitar. The girls say they plan to continue playing their original instruments, but think learning something new will be useful if another band member should have to be absent from a performance.

In October, the band took the stage in Minot, N.D. for the annual Norsk Hostfest. Although they didn't play the main stage, the band delighted the audience while concert promoters took notice. As a result, the Hewitt Sisters booked a number of well-paying gigs.

Other exciting performances for the Hewitt Sisters came with an invitation to be a part of an independent film called "The Intersection." The film was made by local Wisconsin television producer, Scott Thompson. Katrice and Ashlee had small parts as extras in the film and their music was featured in the background. Kelli Hewitt, the girls' mother, says they have gained quite a large fan base

(Continued on Page 8)

The Hewitt Sisters and Ray Husker will be performing in concert for a Christmas/New Year's party on Saturday, December 28 (today) at the Evergreen Eating Emporium in Thief River Falls. The performance will run from 8 p.m. to midnight and there is a $5 cover charge.

2002 RLC Fair was successful

Oklee - At the county board meeting held Tues., Dec. 10, Don Vatthauer reported the results of the 2002 Red Lake County Fair.

According to Vatthauer, there were close to 400 exhibits, with 60 exhibitors in open class. The total number was down from the previous year.

About 300 seniors attended Senior Day. US Representative Collin Peterson and State Senator LeRoy Stumpf stopped by and spoke to the senior audience.

One hundred and twenty 4-H youths presented over 900 exhibits. The fair board paid $2,003 in premium prizes. - *Oklee Herald, Dec. 26, 2002*

SOUPÇON

Sherry LaCoursiere

The New Year will be upon us in a few days and it's time for party food. Hope today's menus help you ring in the New Year well.

It's easy to make a little tray of these for yummy snacks:

PARMESAN PUFFS

1 egg white
1/4 cup mayonnaise or salad dressing
1/4 cup grated Parmesan cheese
1/4 cup chopped green onion
10 crisp rye or wheat crackers, any flavor
Paprika

Preheat oven to 400 degrees.

Beat egg white at high speed of mixer until soft peaks form. Fold in mayonnaise, cheese and green onion.

Spread 1 tablespoon mixture on each cracker. Sprinkle with paprika. Place on baking sheet and bake 4-5 minutes until tops are puffy and light brown.

Here's a simple-y delicious spread for any of those tasty crackers or little slices of browned French bread:

NUTTY SWISS SPREAD

1 (8 ounce) package cream cheese, softened
1/2 cup shredded Swiss cheese (2 ounces)
1 tablespoon chopped chives
1 tablespoon white wine
2 teaspoons horseradish
1/3 cup slivered almonds
Crackers/breads

In medium bowl, beat cream cheese, Swiss cheese, chives, wine and horseradish until combined thoroughly. Fold in almonds.

Refrigerate, covered, for at least 1 hour. Let stand 5-10 minutes before serving.

Serve with a tray of crackers or little toasts.

This isn't one of the same old cheese balls - it's bright and spicy - just right with crackers or breads:

HERBED CHEESE BALL

1 (8 ounce) package light cream cheese, softened
1/2 cup light garlic herb cheese spread
2 tablespoons finely chopped green onion
2 teaspoons Worcestershire sauce
1/8 teaspoon ground red pepper (cayenne)
1 (10 ounce) package frozen spinach, thawed and well drained
2 tablespoons toasted sesame seeds
Crackers

In small bowl, blend cream cheese and cheese spread until smooth. Stir in green onion, Worcestershire and red pepper. Mix in spinach until thoroughly combined.

Shape into a 4 inch ball and wrap in plastic wrap. Chill at least 2 hours.

To serve, roll ball in sesame seeds.

Would be nice to have a little something to drink with all those appetizers, wouldn't it? Here is a fancy punch, but it is just as delicious made in a punch bowl:

RASPBERRY WINE PUNCH

1 (10 ounce) package frozen red raspberries in syrup, thawed
1 (750 ml) bottle white zinfandel or blush wine
1/4 cup raspberry flavored liqueur
3-4 cups distilled water, divided
Fresh cranberries
Empty 1/2 gallon milk or juice carton
Sprigs of pine and tinsel

Process raspberries with syrup in food processor or blender until smooth. Press through strainer to remove seeds.

Combine wine, raspberry puree and liqueur in pitcher. Refrigerate until serving time. Rinse out wine bottle and remove label.

Fully open top of milk carton. Place wine bottle in center of carton and tape bottle securely to top of carton so it will not move when adding water. Pour 2 cups distilled water into carton. Carefully push pine sprigs, cranberries and tinsel into water between bottle and carton to form decorative design. Add remaining water to almost fill carton. Freeze firm, about 8 hours or overnight.

Just before serving, peel carton from ice block. Using funnel, pour punch back into wine bottle. Wrap bottom of ice block with white cotton napkin or towel to serve.

May also serve in a punch bowl, if desired.

Recipe serves 8.

Here's another punch - this one is non-alcoholic:

PINEAPPLE MINT TULIP

(Serves 1, so adjust for a crowd or for a punch bowl)
1 cup pineapple juice
2 tablespoons powdered sugar
1 tablespoon grenadine syrup
1 sprig fresh mint
Ice cubes or pineapple juice cubes.

In 1 quart measure, combine pineapple juice, sugar and grenadine. Stir well. Rub mint sprig around inside of tall glass and partially fill glass with ice cubes. Pour in juice and enjoy! Sounds good right now.

Now for a main dish for that party - serve this with those cute little oyster crackers and a big, crisp green salad:

OYSTER STEW

1/4 cup butter
1-1/2 cups sliced mushrooms
1/2 cup chopped onion
1/4 cup flour
1 teaspoon salt
1 teaspoon Worcestershire sauce
1/4 teaspoon white pepper (or black)
1 pint shucked oysters, liquid reserved
4 cups milk scalded
2 cups light cream or half and half
Lemon slices
Chopped fresh parsley

Melt butter in large saucepan over low heat. Add mushrooms and onion and cook and stir until tender, 3-5 minutes.

Stir in flour, salt, Worcestershire sauce and pepper. Cook until bubbly.

Stir in oysters with liquid. Add milk. Cook until simmering and oyster edges curl. Stir in cream. Heat through but do not boil.

Garnish with lemon slices and parsley. Serve immediately.

This southern dish is supposed to bring good luck for the New Year - it is usually made with rice, but this one uses pasta:

PASTA HOPPIN' JOHN

Serves 6-8 people
1 pound bow ties, spirals, wagon wheels or other medium pasta
1 tablespoon vegetable oil
1 medium onion, chopped
1 jalapeno pepper, seeded and chopped
3 cloves garlic, chopped
1 green bell pepper, seeded and chopped
1 (28 ounce) can crushed tomatoes
1 (16 ounce) can black-eyes peas, rinsed and drained
3 tablespoons fresh chopped cilantro
1 tablespoon cider vinegar
Salt and black pepper to taste

Cook pasta according to package directions. Drain.

In large skillet, heat oil over medium heat. Cook and stir onion, jalapeno, garlic and bell pepper until softened, about 3 minutes. Add tomatoes and simmer 10 minutes, stirring occasionally. Add black-eyed peas, cilantro and vinegar. Simmer 10 minutes more.

Season with salt and pepper. Toss with cooked pasta and serve immediately.

And this is one of the original Hoppin' John recipes, made with rice. A hearty, homey meal:

HOPPIN' JOHN

1-1/2 cups dry, black-eyed peas
1 pound ham hocks
1 onion, chopped
1/2 teaspoon crushed red pepper flakes
Salt and pepper to taste
4 cups water
1-1/2 cups long grain white rice
1 cup shredded smoked Cheddar cheese

In large pot, place peas, ham hock, onion, pepper flakes, salt and pepper. Cover with water and bring to a boil. Reduce heat to medium-low and cook for 1 1/2 hours.

Remove ham hock and cut meat into pieces. Return meat to pot. Stir in rice, cover and cook until rice is tender, 20-25 minutes. Season to taste with salt and pepper.

Sprinkle with shredded Cheddar cheese, if desired.

Recipe serves 4. One serving contains 887 calories, 45.4 g protein, 3-.6 total fat, 259 mg sodium, 107 mg chol, 96 g carb, 8.1 g fiber.

DEATH NOTICES

Josaph Bolak, 93

Roseau - Joseph Bolek, 93, died on Friday, December 20, 2002 at Roseau Area Hospital in Roseau.

Funeral services were held on Monday, December 23 at St. Aloysius Catholic Church in Leo.

A complete obituary will appear in the next edition of *The Times*.

Lillian Eilafson, 87

Grand Forks, N.D. - Lillian Ellefson, 87, died on Friday, December 20, 2002 at Altru Hospital in Grand Forks, N.D.

Funeral services were held on Friday, December 27 at Riverside Lutheran Church in Wannaska. Interment was in the Gust National Cemetery in Benwood.

A complete obituary will appear in the next edition of *The Times.*

Taylor Drangstvalt, 10

Goodridge - Taylor Drangstveit, 10, died on Wednesday, December 25, 2002 at Merit Care Hospital in Fargo, N.D.

Funeral services will be held at 1 p.m. on Monday, December 30 at Faith Lutheran Church in Goodridge.

Visitation will be held from 4 to 8 p.m. on Sunday, December 29 at the Faith Lutheran Church in Goodridge and for one hour prior to services at the church on Monday.

A complete obituary will appear in the next edition of *The Times.*

Carol Faya Estabrooks, 48

Roseau - Carol Faye Estabrooks, 48, died on Tuesday, December 24, 2002 at the Roseau Area Hospital.

Funeral services will be held on Monday, December 30 at 11 a.m. at the Sacred Heart Catholic Church in Roseau. Visitation will be held on Sunday, from 5 to 7 p.m. with a 7 p.m. prayer service at the church. Interment will be in the St. Bernard's Catholic Cemetery in Thief River Falls at 3 p.m. on Monday, December 30. Memorials are preferred.

A complete obituary will appear in the next edition of *The Times.*

Sidnay Culkins, 76

Thief River Falls - Sidney Culkins, 76, died on Thursday, December 26, 2002 at McIntosh Manor Nursing Home in McIntosh.

Funeral arrangements are pending with Johnson-Green Funeral Home of Thief River Falls.

A complete obituary will appear in the next edition of *The Times.*

Thank You
To my neighbors & friends for the 12 Days before Christmas, for the gifts and visits. We open gifts every morning. We are overwhelmed by it all. No words can express our feelings. God Bless You All!

What's your beef? You could win $500

What is fast, flavorful and worth up to $500? Your family's favorite beef recipe, if it wins the next Minnesota Beef Cook-off®.

A biennial tradition for 25 years, the cook-off is held in coordination with the National Beef Cook-Off®. Contestants can also enter their Minnesota recipe in the National Beef Cook-Off® contest to have a chance at winning $50,000 in grand prizes. For more information, you can visit www.mnbeef.org to view the details and rules.

"Beef is the winning answer for time-starved families who crave great tasting meals that are quick, nutritious and easy to prepare," said Michelle Tomo, Director of Nutrition and Consumer Information. "We're looking forward to a virtual stampede of contest recipes in this year's Minnesota Beef Cook-Off® because of the new beef categories and cash prizes totaling more than $1,250."

This year, contestants can enter their original beef recipes in the Minnesota Beef Cook-Off®, via e-mail at mtomo@mnbeef.orbis.net or through U.S. mail to: Minnesota Beef Cook-Off®, 2850 Metro Drive, Suite 426, Minneapolis, MN 55425. Entries must either be e-mailed or postmarked no later than January 31, 2003.

For the National Beef Cook-Off®, log on to www.beefcookoff.org and submit your recipe using the online entry form. All online entries must be received by 11:59 p.m. (CT) on Mar. 31, 2003.

All recipes entered must contain no more than eight ingredients, excluding salt, regular ground black pepper and water. Only main dishes are eligible with preparation and cooking time completed in 45 minutes or less.

In addition, recipes must fall under one of the following categories: one dish meal (stove-top skillet cooking or a stove-top under-cover cooking method), handheld kid pleasers or quick and easy beef.

For a complete listing of the cook-off rules, please visit www.mnbeef.org. Finalists will be notified by March 15, 2003 to compete in the Minnesota Beef Cook-Off to be held at the St. Paul Women's Expo, March 15, 2003 at the River Center in St. Paul.

The Minnesota Beef Cook-Off® is a beef industry-funded contest sponsored by the Minnesota CattleWomen in cooperation with the Minnesota Beef Council. This project is funded in part by Minnesota beef producers through their $1 per head checkoff program. The National Beef Cook-Off® is designed to promote innovative, convenient and delicious beef recipes.

U of M offers beef cattle reproductive management home study course

Beef cattle reproductive management for large and small producers is the subject of a home study course offered by the University of Minnesota Extension Service this winter. The course is entitled "Reproductive Management," includes six lessons covering the basics of reproduction for beef cattle producers.

The course is designed to provide producers with the information necessary to make decisions that will improve profitability. Lesson topics include health management for reproduction, nutrition effects on reproduction, EPDs and genetics for improved reproduction, heifer development, synchronization and raising versus buying replacements. An added bonus will be an appendix containing advanced reproductive technology.

The course provides an educational opportunity for those who find it difficult to attend meetings due to work schedule, family commitments or geographic location. This is the fifth course offered by the extension service.

Registrations received by the January 15 deadline will guarantee course enrollment. Class lessons will be mailed to participants every 6-10 days beginning in February from the Pipestone County Extension Office.

The course registration fee is $40 and covers the six lessons, a three-ring binder, supporting reference materials and postage costs. Materials from the first four course offerings (Breeding Herd Nutrition, Health Management, Pasture Management and Preparing for Value Based Marketing) are also available. Additional information and registration forms are available from the Pipestone County Extension Office, 119 2nd Ave. SW, Suite # 2, Pipestone, MN, phone 1-800-967-2705 or registration forms can be found at www.extension.umn.edu/county/pipestone. The registration forms can be found under the "Home Study Course" heading.

TRF boys JV is a winner vs. Bagley, Park Rapids

Thief River Falls boys junior varsity high school basketball team registered a pair of road wins last week by beating Bagley 46-37 Tuesday and Park Rapids 44-34 Friday.

Paul Sjoberg scored 15 points and Kyle Dobias had 10 against the Flyers. The Prowlers fell behind 12-7 in the first quarter, led 25-21 at halftime and had a 41-26 third quarter advantage.

Nicholi Knutson netted 15 points and Sjoberg 10 vs. Park Rapids. The Prowlers led at the quarters 9-8, 20-18 and 32-23.

Slattery graduates from UW-Eau Claire

Sara Slattery of Roseau was one of 647 students who graduated from the University of Wisconsin-Eau Claire on Dec. 21. Slattery graduated with a bachelor's degree in art.

Altru to provide outreach service to Thief River Falls

Dr. Kenneth Pinna, allergy/immunology specialist at Altru Health System, Grand Forks, N.D., will begin seeing patients at Altru Clinic in Thief River Falls in January 2003.

Dr. Pinna is board certified by the American Board of Allergy and Immunology, and is board certified in internal medicine. He is also a member of the American College of Physicians. Dr. Pinna practices at Altru Clinic - Main in Grand Forks, and treats pediatric and adult patients with allergy, asthma or immunologic conditions.

For more information contact Altru Clinic - Thief River Falls at 218-681-0600, or Altru's Allergy and Immunology Department at 701-780-6402.

Senior meal changes due to closing of Viking Cafe

With the Dec. 20 closing of the Viking Cafe, Tri-Community Living at Home/Block Nurse Program (LAH/BNP) and LSS Sr. Nutrition have adjusted Senior Meal arrangements in order to continue to provide meal service to the seniors of the Viking and Holt communities.

As of Jan. 6, 2003, hot noon meals will be prepared by the Newfolden Senior meal site Monday through Thursday for Viking and Holt customers. Viking meals will be transported to the Viking Community Center and to Viking home delivery customers.

Meals will be transported separately to Holt seniors, with home-delivery-only service Monday through Wednesday, and congregate dining at Nazareth Church (in addition to home deliveries) on Thursdays.

To reserve a noon meal, seniors must phone the Newfolden Senior Meal site at 874-6900 no later than 9 a.m. Viking seniors must specify when calling whether they will be eating at the Viking Community Center or requesting home delivery.

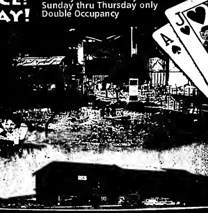
For more information or to request a January menu, call Tri-Community Living at Home/Block Nurse Program at 874-2256.

Group offers classes on parenting teens

Community Partners In Parenting will be offering a six session series on "Parenting Teens and Preteens (11-18 years old) beginning Jan. 9.

This six session series will identify the joys and challenges of parenting teens. Learn why teens are unique. Learn how to survive and enjoy your child's teen years. Topics will include family rules, family time, effective discipline, resolving conflicts, communication, decision-making, peer influence, and becoming and adult.

Some scholarships are available but the session costs $30. Pre-registration is required, and may be completed by calling 681-8711, extension 241. The session facilitator is Sue Dupree.



The sessions will be held Thursdays for six weeks, beginning Jan. 9. Specific dates are Jan. 9, 16, 23, 30, Feb. 6, 13; and again, May 1, 8, 15, 22, June 5, and 12. The sessions will be offered from 12:30 to 2:30 p.m. or from 7 to 9 p.m. Classes will be held in the family advocacy room in the District Service Center.

Parenting classes are supported by a Community Partners in Parenting grant from the Pennington County Family Services Collaborative.

The Long Term Nursing Assistant Class will be offered in Karlstad. The class length is 84 hours and includes classroom and 24 hours hands-on skills training. If interested contact Shanda Kraulik, DON or Penny Black, Instructor by January 10, 2003. The tentative start date for class will be in February. For more information contact Karlstad Healthcare Center or phone 218-436-2141.

Congratulations to the USA World Junior championship – hosts

Congratulations to Grand Forks and Thief River Falls for securing the 2005 International Ice Hockey Federation (IIHF) World Junior Championship. I add that this will "presumably" happen, not to dampen spirits, but because the USA Hockey announcement has to be approved by the IIHF General Congress in June. Nevertheless, it is an announcement of terrific importance.

The 10-nation tournament will feature the world's best players under 20 years of age. "No other event brings together the best young players from the entire international hockey community like the World Junior Championship," said Art Berglund (Colorado Springs, Colo.), USA Hockey Senior Director of International Administration.

Through this event, Grand Forks and Thief River Falls are truly honored for their support of hockey. Since the inception of the IIHF in 1977, the United States has hosted the event only three times.

The event will attract thousands of people to the area. It's so big that Grand Forks won't be the only community to benefit from the event. It's so big that Grand Forks and Thief River Falls won't be the only communities to benefit. The entire region will benefit from this international event.

It is an event that will largely shape the world's image of Grand Forks and Thief River Falls. What image do we want to project?

Because this event is so important, we need to begin to focus on what will make this event successful. As Todd Berning, general manager of the Ralph Engelstad Arena in Grand Forks said, our approach needs to focus on providing accommodations, ticket sales, and corporate sponsorship and marketing consistent with a world-class event.

Hockey enthusiasts are very excited by this announcement. Let's hope they don't get their sticks crossed and end up in the penalty box. How well Thief River Falls and Grand Forks officials work together will set the tone for future endeavors. These future endeavors, whatever they may include, could provide an important economic boost to the entire region.

We may have the best hockey facilities in the nation, but any future benefit depends upon how well people work together.

Make this holiday season a season of service to others

On Dec. 19, President Bush joined others volunteering at a food bank. In a CNN report, Bush was quoted as saying "more Americans need to volunteer." I liked what he had to say and decided to share it here with you. It's an appropriate holiday message.

President Bush urged Americans to make this holiday season, "a season of service" to those who hurt and go hungry.

"Those who are poor, those who suffer, those who have less hope, are not strangers in our midst, they're our fellow citizens. And in this time of joy and time of blessing, we got to remember that," he said.

"Repeating a favorite refrain, Bush said government has a role in addressing social ills. But, he said: 'Government can spend money but government cannot put hope in people's hearts or a sense of purpose in people's lives. Government can help, but government should never crowd out the great compassion defined in programs such as this right here.'

"The Agriculture Department reports that last year about 11.5 million U.S. households did not have enough food to meet basic needs."

According to Gloria Reierson, director of our local food bank, business was extremely heavy last week. At the time, Reierson said she was unsure whether this was an indication of greater need, or because some people thought the center might not be open Christmas week.

Time will tell; and time is exactly what worries Reierson and others more this time of year. She and others are concerned about what will happen after the holidays. Will the holiday spirit of giving and concern for those in need evaporate?

POLICIES

Letters To The Editor: The staff of the *Northern Watch* encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in *Northern Watch* exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. **Signatures must appear on letters published.** The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Winter Reading Program available at Thief River Falls Public Library

The NRL is sponsoring its 4th Annual Winter Reading Program, beginning January 7, 2003. The theme is "Hot Reads for Cold Nights" and is open to residents of all ages who would like to participate. People who sign up for the program will receive a packet of hot cocoa and will be placed in a drawing for a cocoa mug.

To register, simply ask for a reading chart. Then record the books you read from Jan. 7-Mar. 31. The charts will be kept in a reading record box at the library in alphabetical order. Those individuals who complete their goals will be placed in a drawing for a $25 gift certificate towards purchase of books of their choice through the library. Please stop by the Thief River Falls Public Library for more information or call (218) 681-4325.

NRL Director Barbara Jauquet-Kalinoski noted that the program encourages adults to enjoy the simple pleasures of reading something you want to rather than you have to; encourages elementary children to practice the reading skills they are learning in school; encourages parents and care-givers to share leisure time by reading to children; or encourages volunteers to read to the elderly in nursing homes. Reading brings people together.

The Thief River Falls Public Library encourages residents to spend the same amount of time reading that they currently use viewing television or using the computer. The library also encourages residents with children in the Thief River Falls preschool programs or in the elementary school to use this program in conjunction with the reading programs offered there.

The Thief River Falls Public Library staff are available to help anyone find some interesting reads. If you have a favorite author, you might also try some of the helpful reference books at the library that guide you to other authors who write similarly.

In addition, there are bookmarks of "readalikes" at the front desk of the library for those who want suggestions of other authors to read. The library is open Mondays – Thursdays from 9 a.m.-8:30 p.m.; Fridays 9 a.m.-5 p.m.; and Saturdays 10 a.m.-5 p.m.

Book suggestions may also be found on the library's Web site at http://www.nwrlib.org/trf.htm. Books may be borrowed from any library in the NRL system or from other libraries throughout Minnesota. Contact your local library for more information.

Special events are also planned during the Winter Reading Program. They include Preschool Storytimes, Family Time Fairytales (a family time with books and activities centered on folk and fairytales), Senior Surf Days, Mom/Dad and Me Computer Nights, computerized catalog training, SCAT (Searching Catalogs to Access Titles training sessions), and Popcorn Thursdays.

For more information, stop by the Thief River Falls Public Library, call the library at (218) 681-4325 or email the library at trfcire@northernlights.lib.mn.us.

What's New in Flooring? lessons to be held

When building a new home or remodeling an existing house, consumers need to make decisions about flooring materials to use in the project. Flooring materials are more varied than ever before and when you walk into a home decorating center the possibilities can be overwhelming. Doing your homework before you go shopping will make selecting the floor best suited for your needs much easier. Pennington County Extension Home Study Groups invite everyone to join them for a lesson on "What's New in Flooring? Topics covered will include information on the newest trends in flooring materials, suitability for residential applications, care and maintenance required and aesthetic factors to consider when choosing a flooring material.

The lesson will be presented by Linda Gomowicz, Marshall County Program Coordinator, in the following locations:

- Thursday, January 2, 9:30 a.m., Hallock, Courthouse Meeting Room.
- Thursday, January 2, 1:30 p.m., Warren, Courthouse Meeting Room.
- Friday, January 3, 10.00 a.m., Thief River Falls, Courthouse Meeting Room.

This session is offered as a leader training for extension home study groups, but is also open to the public. Everyone is invited to attend.

For more information or questions, call the Pennington County Extension Office at (218) 683-7030 or 1-800 681-2116.

Girls high school hockey...

Prowlers shutting down foes

Play strong defense and you can stay out of the loss column. The Thief River Falls girls high school hockey team can attest to that. The Prowlers took a 7-3-1 record and a four-game unbeaten streak into the Friday/Saturday Roseau Invitational and the reason is pretty simple: they haven't allow the opposition to score goals.

A shorthanded squad playing four times in a one-week span, Thief River Falls got through the demanding schedule with a scoreless overtime tie against East Grand Forks, a 7-0 shutout of Greenway, a 3-1 victory over Long Prairie/Grey Eagle/Browerville and a 3-0 victory over International Falls.

"We played a good game," said Thief River Falls coach Tim Magnusson after returning from the Dec. 20 contest against the Broncos.

Only goal scored in the first two periods at International Falls came off the stick of Steph Hoard 1:42 into the game.

Kendra Mooney doubled the difference to 2-0 just 27 seconds into the third period, then Hoard iced it with her second goal of the night at 11:52.

Trudy Erickson finished with a 21-save shutout, making 11 of those saves in the third period. The Broncos' Lacey Mark stopped 34 shots.

Erickson and the Prowlers have given up just the one goal the past four games, a tribute to the goalie and her teammates – defensemen and forwards, alike, according to Magnusson. "Everybody is doing their job," he said. "We're only giving up about 15 shots per game."

In the seven wins, along with the tie, the Prowlers have allowed just five goals.

Scoring

First period - TRF, Steph Hoard (un), 1:42

Second period - no scoring.

Third period - TRF, Kendra Mooney (un), :27; TRF, Hoard (un), 11:

TRF girls will have home stand

A four-game home stand awaits the Thief River Falls girls high school basketball team when the 2002-03 schedule resumes following a holiday break.

The Prowlers will be back in action Friday, Jan. 3, vs. Detroit Lakes. Roseau will be in town the night night, followed by games Thursday, Jan. 9, vs. Bagley and Saturday, Jan. 11, vs. Bemidji.

Thief River Falls is 6-3 for the year following a win and a loss in the girls portion of the Dec. 19-20 Fosston Invitational, where the Prowlers found 36 points was good enough to beat Roseau, but not Dilworth-Glyndon-Felton.

The Prowlers lost a 66-36 Thursday semifinal game to the Rebels, then posted a 36-33 Friday third place game win over the Rams.

Thief River Falls struggled with a 27 percent 14-for-51 shooting performance and 24 turnovers against Dilworth-Glyndon-Felton. As a result, the Prowlers found themselves trailing at the quarter stops 14-4, 29-20 and 53-16.

"The bottom line – they are very good," said Thief River Falls coach Jeff Loe. "They're big; they have good guards; and they start five seniors."

The Rebels shot 34 percent from the floor (20/59) and had a productive 23-for-36 night at the free throw line, where the Prowlers were 5-for-12. The winners finished with a 35-29 rebound advantage and turned the ball over just 10 times.

"I thought we let their pressure bother us too much, and we got a little shell-shocked," explained Loe. "Because of our poor shooting lately, we are not taking shots we should."

Thief River Falls' shooting percentage dropped a couple of more points on Day 2, but a 23 percent 12-for-53 outing didn't stop the Prowlers from leading at the quarter breaks 9-8, 17-15, and 27-24.

"It wasn't the prettiest game, but lately the way we've been shooting, we haven't been pretty to watch," admitted Loe. "We're getting good looks and taking good shots – they're just not going in."

Roseau had a tough shooting night, too, but still bettered Thief River Falls with a 28 percent 12-for-43 performance from the field. The Rams were 9-for-17 at the free throw line, where the Prowlers went 7-for-13.

The boards belonged to the Rams, 40-24.

One statistical category where the Prowlers did come out ahead was in the turnover department, where they had 12 and the Rams ended with 22.

"The only area we beat Roseau, other than the score, was turnovers," noted Loe. Roseau killed us on the boards. Our inside game has to improve. We're not getting much action in the paint, either shots or rebounds."

Fosston Invitational - Girls

■ Semifinals - Fosston 54, Roseau 26, Dilworth-Glyndon-Felton 66, Thief River Falls 36

■ Championship - Dilworth-Glyndon-Felton 40, Fosston 39

Panthers end Prowlers' win streak

Four-game season-opening Thief River Falls boys high school basketball winning streak ended Friday (Dec. 21) with a 64-52 loss on the road against Park Rapids Area.

Departure from the unbeaten ranks can be traced to a pair of problem areas, according to Thief River Falls coach Chris McLean. "I was pleased with the way we defended," he said, "but turnovers (20) and foul shooting (11/20) really hurt."

The nine misses at the free throw line included the front end of three bonus opportunities, pointed out McLean.

It was a 12-12 draw at the end of the first quarter. Park Rapids went ahead 27-22 at halftime and had a 46-37 third quarter advantage.

"They (Panthers) go 6-6, 6-5, 6-5, and they're very good," noted McLean. "It was a pretty well-played game, but they did a good job taking us out of our offense."

Jason Koch scored 17 points and Matt Stuckey had 13 for the Prowlers. The Panthers were led by guard Jason Schmidt, who scored 12 of his game-high 21 points in the final quarter to keep Thief River Falls at bay. Brody Zubke, Zac Wolff and Eric Pilgrim added 14, 11 and 10 points, respectively to the Park Rapids total.

Thief River Falls was 19-for-43 from the field (44 percent). Park Rapids enjoyed a 60 percent 29-for-46 shooting performance from the floor and went 4-for-5 at the free throw line. The Panthers won the rebound battle 27-23 while turning the ball over 18 times.

Scoring

	1	2	3	4	T
Thief River Falls	12	10	15	15	52
Park Rapids	12	15	18	19	64

TRF - Jason Koch 17, Nick Ricks 7, Joe Flaid 3, Eric Orembowski 7, Matt Stuckey 13, Kyle Garardy 3, Tanner Harlow 2.

PR - Eric Pilgrim 10, Jack Juberian 4, Brady Zubke 14, Jason Schmidt 21, Zac Wolff 11, Brad Bloom 4.

Thief River Falls boys double win figure at DL, RLF

Thief River Falls doubled its victory total for the season with back-to-back Dec. 20-21 weekend boys high school hockey wins at Detroit Lakes and Red Lake Falls that hiked the Prowlers' record to 4-5-1 prior to the start of holiday tournament action at Grand Forks, N.D.

A 5-1 Friday conquest of the Lakers and a 3-2 Saturday decision over the Eagles helped continue the Prowlers turnaround from an 0-5-1 start to the 2002-03 season.

Thief River Falls out-shot Detroit Lakes 37-10 and finished with a 49-14 shots-on-goal difference against Red Lake Falls.

The Prowlers built a 5-0 lead at Detroit Lakes on a first period goal by Jason Tuthill; second period goals by Eric Leister, Cory Melby and Tuthill; along with a third period goal by Alex Holen.

A shutout bid by Thief River Falls goalie Ben Worker was spoiled by Max Ganderson with just 62 seconds left in the game.

"We played as well as we have all year," said Thief River Falls coach Scott Berglund in describing the Prowlers' play against the Lakers. "We did a lot of good things."

Tuthill again started the next-night scoring with a first period goal that was followed by two second period goals by Aaron Bendickson.

Red Lake Falls made it interesting when Mac Knott and Steve Zutz scored at 5:29 and 10:26, respectively, of the third period.

Regular season opponents for the eighth straight year, the smaller Red Lake Falls program continues to play Thief River Falls on even terms. The Eagles are winless in those match-ups, but the eight meetings have produced three ties and five overtime games. The largest margin of victory for the Prowlers has been two goals.

Red Lake Falls goalie Charlie Schmitz kept this one close. Travis Klinkhammer got the start in the Prowlers' nets. While he wasn't overly busy, the Eagles were kept off the board for nearly 35 minutes.

"We didn't play a particularly poor game," offered Bergland. "Mr. Schmitz had a good game, and Red Lake Falls did a good job from keeping us to the outside."

TRF vs. Detroit Lakes

First period - TRF, Jason Tuthill (Michael Forney), 8:57.

Second period - TRF, Eric Leister (Jared Allepeter), :25; TRF, Cory Melby (Preston Johnson), 9:22; TRF, Tuthill (Aaron Bendickson-Alec Holen), 14:50.

Third period - TRF, Holen (Bendickson), 0:59; DL, Max Ganderson (Jamie Lessard), 13:58.

Goalie saves - TRF, Ben Worker 3-4-2-9, DL, Mike Haggart 11-9-12-32.

TRF vs. Red Lake Falls

First period - TRF, Jason Tuthill (Jared Barron-Eric Leister), 12:07.

Second period - TRF, Aaron Bendickson (Alec Holen-Jeff Schnaidal), 7:34; TRF, Bendickson (Holen-Tuthill), 14:35

Third period - RLF, Mac Knott (Steve Zutz-Keith Kleven), 5:29; RLF, Zutz (Knott-Kleven), 10:26.

Goalie saves - TRF, Justin Klinkhammer 5-2-5-12, RLF, Charlie Schmitz 15-18-13-46

Hewitt sisters move up the musical ladder

(Continued from Page 1)
in Wisconsin since the film was made. Thompson was impressed with Katrice and Ashlee's performances on camera and off, and has since invited them to play the main characters in his next feature film. Although Kelli says the girls will only be able to do it if it is not too time consuming, Ashlee says, "I definitely want to."

To coordinate with the premier of "The Intersection," the Hewitt Sisters will be performing in concert at the Independence City Hall Opera House in Wisconsin on March 1.

Preceding their appearance in Wisconsin, the Hewitt Sisters will be auditioning at the TwinsFest in the Twin Cities. There they will try out for one of the most coveted performances by any Minnesota musician - singing the National Anthem prior to the start of a Twins baseball game.

Earlier this year, the band decided to take their music to a higher level. Katrice took it upon herself to contact Ken Barken and Lee Robbins, record producers in Nashville, Tenn. The band was asked to send in a demo of their music and soon after, Barkin and Robbins asked the Hewitt Sisters to come to Nashville to record.

In August, the band began their journey to the "Country Music Capitol" and went to work on their first professional recording. "We had been in a studio before, so it wasn't too different," Katrice said, "but these guys are pickier!"

While in Nashville, the band was given the opportunity to observe some well-known instrumentalists who have recorded with the likes of She Daisy, Faith Hill and Leann Rimes.

In November, the Hewitt Sisters returned to Nashville to continue work on their recording. Some of the music they are working on include original songs such as "Bittersweet" and "Wait a Minute," while others include remakes of old classics by the Everly Brothers and Simon and Garfunkel.

They haven't gotten into writing their own music yet, but Katrice says, "I've written a lot of lyrics, but haven't put them to music yet." During their performances, the Hewitt Sisters repertoire consists of a mixture of everything country and bluegrass to country-rock and even some classic and oldies rock and roll. With superstars such as George Strait, the Dixie Chicks, The Judds and Patsy Cline as their role models, its quite obvious how the Hewitt Sisters band gets their enthusiasm for such a wide spectrum of musical genres. And while all of their performances include songs originally sung or recorded by others, the Hewitt Sisters have a flavor that is distinctly their own.

As Barken and Robbins work on the production of the Hewitt Sisters' recordings, the band is planning yet another trip to Nashville to complete their work. In the meantime, Katrice and Ashlee, along with Ray, Jesse and Duane, will continue to play their local gigs. Their next performance will be a Christmas/New Year's party this Saturday at the Evergreen Eating Emporium in Thief River Falls from 8 p.m. to midnight. This concert, which has a $5 cover charge, will benefit the band and the proceeds will go toward new equipment and expenses.

Whether or not the Hewitt Sisters become a national recording act, Katrice and Ashlee say they are not aggressively seeking out fame and riches. "We just really enjoy playing together, no matter where we are," Katrice says, although they wouldn't mind if a major record deal came their way. Roy says no matter what the circumstances, "I'll always play."

The girls, being only teenagers, also have their entire future to look toward. Katrice will graduate from high school this coming spring and Ashlee will still have two more years to go. Katrice hasn't decided about college and says she'll wait to see how far the Hewitt Sisters can go. Ashlee says, "I just want to sing."

For now, that's what they'll do. The Hewitt Sisters and their band will enjoy the success they've experienced and with such talents at their fingertips, will certainly have many more to come.

For more information about the Hewitt Sisters and their upcoming performances, log on to their website at www.wiktel.net/hewittsisters You can also link to Ray Husker's website from the Hewitt Sisters' website.

G.F./TRF Score

(Continued from Page 1)
is booked in the arena at the time of the event. Wennberg said Tom Goddard, who has been appointed as the events coordinator, will be working with the staff of the Ralph Engelstad Arena in Grand Forks.

According to a USA Hockey news release posted on www.usahockey.com, USA Hockey Executive Director Doug Palazzari, said the decision to select Grand Forks/Thief River Falls, "...came down to three primary factors in Favor of Grand Forks: First, the uniquely superior quality and design of the Ralph Engelstad Arena is tailor-made to suit this tournament. Second, there will be a high level of community excitement and commitment supplied by an area so rich in hockey tradition. And, finally, there is strong leadership in place with the host committee to ensure the execution of crucial business and marketing plans."

According to the news release, "Since its inception in 1977, the IIHF World Junior Championship has been held in the United States three times: 1982 in Minnesota's Twin Cities, 1989 in Anchorage, Alaska, and 1996 in Boston. On Thursday, Canada will begin hosting the 2003 IIHF World Junior Championship in Halifax, Nova Scotia, and the event travels to Finland in 2004. The United States has earned three medals in tournament history, claiming the bronze in both 1986 and 1992, and the silver in 1997."

Telehomecare project debuts in NW Minn.

(Continued from Page 1)
will be provided, and Altru Clinic and Dakota Clinic physicians will use the equipment at the First Care offices. By the end of March 2003, the clinics will have their own machines.

The equipment placed in the patient's home is easy to use - no computer skills are necessary to operate the system. A simple push of a button transmits patient information. The hand-held video camera sits on top of the unit providing a face-to-face visit with the patient's nurse or doctor. The camera can be moved to provide a close-up view of a wound, IV site, swelling, skin color or anything the healthcare provider needs to see.

Lori Sundbom, director of First Care's Home Care and Hospice division, said, "The patients do very little." She noted the nurse or physician will be able to manipulate the machine to complete the desired task, for instance, inflating a blood pressure cuff.

About the project, First Care CEO Patricia Wangler said, "It's a tremendous opportunity for patients to get better service." She added that the project would make health care more accessible for rural patients. It would also address rising costs, lowered reimbursement rates, care in unserved areas, elderly population increases and forecasted healthcare worker shortages. At the same time, the project supports the patient's preference to live independently with healthcare provided in the comfort of their own home.

Moreover, the project will lessen the time it takes for Hospice and Home Care visits. Currently, those visits can take up to three hours. That time includes travel, an in-home visit and appropriate documentation and paperwork. First Care anticipates a Telehomecare visit to take approximately 18-25 minutes with no travel costs or additional direct time incurred.

Other benefits include:

• enabling patients who may be experiencing pain or other symptoms that may make travel difficult access to healthcare providers.

• reducing transportation problems faced in northern climates in the winter.

• allowing hospice patients and caregivers an opportunity to participate in care conferences with the Hospice Interdisciplinary Team. (The Hospice Interdisciplinary Team, including physicians, nurses, social workers, spiritual care providers and volunteers, meets each week to ensure that the patient's and family's physical, emotional and spiritual needs are being met. Physicians from Dakota Clinic Thief River Falls, Altru Clinic Thief River Falls, and Dakota Clinic Fosston serve as volunteer Medical Directors on the Hospice Interdisciplinary Team to provide their expertise in the care of Hospice patients.)

• enabling physicians to participate in *Hospice Interdisciplinary* Team meetings and Home Health Care Patient Care Conferences to provide their expertise to better manage patient care.

• allowing more people to remain living at home with services rather than being transferred to long-term care facilities or hospitals. This will reduce the overall related health care costs; thereby supporting the older persons' preference to remain independent as long as possible.

If you are interested in learning more about First Care's TeleHomecare project, please contact First Care at (218) 681-6189.

Job gains did not increase incomes

(Continued from Page 1)
region.

"Unfortunately, the most daunting facts aren't even included in the report, because the economy nose-dived into a recession immediately after the Census data were gathered in 2000," said Karl Sauber, president of the Northwest Area Foundation. "People already struggling during the 1990s are in even more dire circumstances today," he said.

According to the report, the dominant factor in determining prosperity was urbanization, as cities and towns within 100 miles of urban centers experienced the best economic fortunes. Unlike urban growth in past decades, however, people chose to live in smaller, as well as larger, cities near urban centers. Both large metropolitan centers, such as Minneapolis and Des Moines, and smaller "micropolitan" centers, such as Sioux Falls and Fargo, saw income improvements during the 1990s.

Rural Areas and Indian Reservations have Higher Poverty Rates.

Meanwhile, rural areas experienced a much different fate. Out-migration dominated rural areas, with more people leaving than arriving. With working-age people leaving less-populated areas, the percentage of dependents – or people under age 19 and over age 64 – increased significantly.

The only rural areas experiencing population and employment growth were areas with great physical beauty, such as the mountains of Montana and Idaho and the lakes of northern Minnesota. However, even in these "high amenity" areas, most jobs were in construction and service industries and therefore not high paying.

Almost without exception, counties within or near Native American Indian reservations had the highest poverty rates. On reservations where per capita income did rise at faster rates, it rose from income levels so far below national and regional averages that poverty rates remained high. Poverty rates were also higher than average in rural counties with high proportions of Hispanic residents.

The Northwest Area Foundation is headquartered in St. Paul, and serves the states that hosted the Great Northern Railway, founded by James J. Hill. In 1934, James J. Hill's son Louis W. Hill established the Foundation, which reported approximately $425 million in total assets at the end of their last fiscal year.

MCC boys can't stop Tri-County shooters, 77-53

Pre-holiday portion of the 2002-03 Marshall County Central boys high school basketball schedule concluded with a 77-53 loss at the hands of Tri-County in a Friday (Dec. 20) game played at Karlstad.

The Wildcats won it with 50 percent shooting – both from 2-point and 3-point range. They were 26-for-52 overall from the field for the night and 11-for-22 from behind the arch.

Tri-County had a 15-12 edge at the end of the first quarter, took a 39-26 lead into halftime, then went 6-for-6 on third quarter 3-pointers to open up a 62-37 spread.

"They (Wildcats) shot the lights out," said Marshall County Central coach Jake Rantanen. "We need to pressure the ball a little better, but there were times where we were in their face, and they still hit the shot."

Marshall County Central was 16-for-46 from the field (35 percent) and 15-for-22 at the free throw line, where the Wildcats went 14-for-21.

The loss dropped the Nordics to 2-4 heading into the Thief River Falls Northwest Russ Smith Holiday Classic.
